Time: Drop-in 6:30 p.m. – 8:30 p.m.
Presentation at 7 p.m.

Background

The north/south rail corridor in the vicinity of St. Clair Avenue West between Keele Street and Old Weston Road limits east/west movement for cyclists, pedestrians and vehicles. This results in issues of congestion and connectivity. The Transportation Master Plan will evaluate alternatives to improve movement using existing and potential new road connections for the benefit of all modes of travel.

Solutions being considered

1. Widen St. Clair Avenue West
2. Extend Gunns Road east
3. Connect Davenport Road to Lloyd Avenue
4. Extend Keele Street south to meet the Gunns Road extension between Weston Road and Union Street
5. Extend Davenport Road northwest to Union Street, in addition to Option 4
