

# Notice of Public Consultation Meeting

The **Scarborough Centre on the Move** study is underway and we want your input!

We invite you to learn more about the *Scarborough Centre on the Move Transportation Master Plan* study and play a key role in shaping this area's transportation network moving forward at our first public consultation meeting.

Date: **Tuesday November 29th, 2016**  
 Time: 6:00pm to 9:00pm (Presentation at 7:00pm)  
 Place: Scarborough Civic Centre  
 150 Borough Drive, M1P 4N7

This venue is wheelchair accessible  
 Please contact us to arrange for additional accommodations

This is an excellent opportunity to provide your input on what is important from a transportation perspective in Scarborough Centre. Beyond welcoming public input, this consultation meeting will provide an overview of existing conditions and opportunities for change.

## Creation of a Local Advisory Committee

This meeting is also a great opportunity to hear from those interested in participating in the Study's Local Advisory Committee (LAC). This committee will represent the community and act as a sounding board for the Project Team prior to future public consultation meetings. The LAC will include residents from the community, representatives from resident and landowner groups, local employers, and other stakeholders.

If you cannot attend the public meeting and wish to be a part of the Local Advisory Committee, please email us at [sconthemove@toronto.ca](mailto:sconthemove@toronto.ca).

## Study Purpose

Over the next 20-30 years, Scarborough Centre is expected to change significantly through development and public sector investments. The *Scarborough Centre on the Move Transportation Master Plan* study will guide these changes and establish a transportation network supportive of all users, focusing on building connections within the Centre as well as to the surrounding area and the rest of the city. The study will support the vision and evolution of Scarborough Centre into a walkable and connected urban centre, with an efficient, safe, and balanced transportation network.

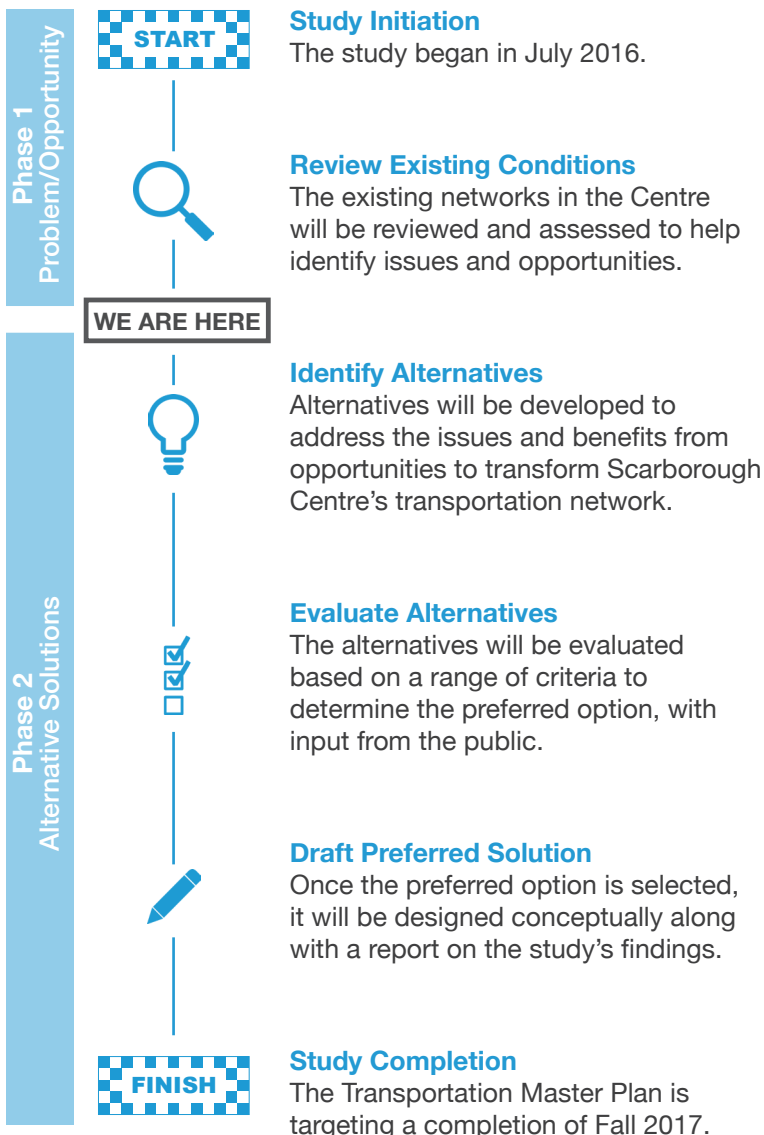

## Study Area

## Study Process

This Transportation Master Plan study will follow Phases 1 and 2 of the Municipal Class Environmental Assessment (MCEA) process, providing opportunities for public consultation at key stages. The process also involves the identification of problems/opportunities, developing and evaluating a reasonable range of alternative solutions, and selecting a preferred alternative solution.

This study's findings may result in amendments to the City of Toronto Official Plan.

## We would like to hear from you:

Public consultation is an important part of this study. We are asking for your input on:

- Your transportation priorities;
- Preliminary transportation solutions; and
- Key challenges, opportunities, and other concerns.

We welcome your insights and comments throughout the study.
