

TORONTO Transportation Services

Infrastructure Services

Transportation Services maintains the transportation infrastructure including roads, bridges, sidewalks, and boulevards within the city. The division is responsible for all aspects of traffic operations, roadway regulation, street maintenance and cleaning, transportation infrastructure management, road, sidewalk and boulevard occupation and snow removal. The division is committed to serving the mobility needs of the population in a safe and efficient manner.

Operations & Maintenance

This section manages the public right-of-way for structural integrity, cleanliness, signs and pavement markings, contract preparation and delivery and the investigation of claims and complaints associated to road maintenance for the Division. This Section is responsible for operations to roads, sidewalks, and bicycle lanes including winter services (e.g., snow plowing, salting, and anti-icing), street sweeping, pothole and crack repairs and road resurfacing. This section is also responsible for oversight and management of claims and investigations.

Traffic Management

This section manages traffic and disruption on the streets of Toronto for all modes of transportation. This section is also responsible for making changes to the existing road network to maintain and improve operations of the traffic system with traffic control devices and systems. This section provides oversight of the School Crossing Guards and Traffic Agent Programs, delivery and, installation and maintenance of traffic control devices, work zone construction coordination, traffic event management planning, and leads traffic operations investigations (e.g., speeding complaints, parking complaints, and traffic calming).

Permits and Enforcement

This section manages right-of-way permitting (e.g., special events, road occupancy, and curb cuts), on-street and off-street parking permits, enforcement activities, and automated enforcement on a citywide basis. This section is responsible for bylaw enforcement for the road right-of-way (e.g., construction activity, illegal encroachments, and snow and leaf dumping) publication box licensing enforcement, and inspections related to the street furniture. This section also manages automated enforcement including the red-light camera program and automated speed enforcement.
