OUR KEY ISSUES & PRIORITY ACTIONS

- **Adequacy of the Council Transition Reserves and the Council Furniture and Equipment Reserves:**
 - ✓ Continue to monitor the adequacy of the Council Transition Reserves and the Council Furniture and Equipment Reserve.
- **Ward Boundary Review:**
 - ✓ Pending the outcome of an appeal to the OMB, City Council has approved the addition of 3 wards effective December 1, 2018.
 - ✓ Budget provides funding for 3 new Councillors and 9 additional Councillor staff position equivalent.

2018 OPERATING BUDGET HIGHLIGHTS

- The 2018 Preliminary Operating Budget of \$23.076 million in gross expenditures and \$20.471 million net provides funding for City Councillors to fulfill their statutory obligations.
- This represents an increase of \$0.112 million or 0.6% to the 2017 Approved Net Budget through measures taken based on the following:
 - ✓ Base expenditure reductions (\$1.374 million), pending Council approval of changes to the Constituency Services and Office Budget Policy to effect the reductions;
 - ✓ Revenue changes (\$0.040 million net).

Actions for Consideration

Approval of the 2018 Preliminary Budget as presented in these notes requires that:

1. City Council approve the 2018 Preliminary Operating Budget for City Council of \$23.076 million gross, \$20.471 million net for the following services:

<u>Service:</u>	<u>Gross (\$000s)</u>	<u>Net (\$000s)</u>
City Council:	<u>23,076.4</u>	<u>20,471.4</u>
Total Program Budget	<u><u>23,076.4</u></u>	<u><u>20,471.4</u></u>

2. City Council approve the 2018 staff complement of 188.0 operating positions.
3. In order to effect the reductions, included in the Preliminary Operating Budget, City Council approve the following changes to the Constituency Services and Office Budget Policy as follows:
 - 3.1 For telecommunications expenses:
 - a) Delete the following bullets in Section 5, Eligible Expenses, category Wireless Products and Services, sub-section provided from the City's centralized resources:

- Expenses related to electronic equipment, including roaming charges will be charged to the Council General Expense Budget provided the Councillor has notified Council and Support Services and roaming plans have been set up for the Councillor, prior to leaving the City.
- A basic voice and data plan will be included for BlackBerry smart phones and a data plan will be included for mobile tablets.
- Exception usage, e.g. long distance costs exceeding the roaming plan, will be charged to the Constituency Services and Office Budget.

so that the sub-section now reads:

Provided from the City's centralized resources:

- One Blackberry or other smart phone supported by the City's wireless infrastructure for each Councillor Office for use by the Councillor
 - One mobile tablet for each Councillor for use by the Councillor
 - The Councillor has a choice of the City's wireless vendors
- b) Amend section 2(f), Wireless, in Appendix 1, Resources Available/Allocated to Councillors by deleting the reference "Basic monthly voice and data plan will be included" in bullets 1 and 2, and deleting bullet 3 "Expenses related to electronic equipment, including roaming charges will be charged to the Council General Expense Budget provided the Councillor has notified Council and Support Services and roaming plans have been set up for the Councillor, prior to the City." so that section 2(f) now reads:
 - Each Councillor will be provided with a BlackBerry or other smart phone supported by the City's wireless infrastructure as office equipment.
 - Each Councillor will be provided with a mobile tablet as office equipment.

3.2 For Newsletter Entitlement

Delete the following section 3(e), titled "Entitlement equivalent to distribution of a newsletter to all households" in Appendix 1, Resources Available/Allocated to Councillors:

- Each Councillor is entitled to an amount equivalent to the cost of postage or delivery by other means of one newsletter to all households within the ward, based on the 2011 census information, and at a rate not to exceed the current Canada Post standard Admail rate, paid for from the Council General Expense Budget.
4. City Council direct the City Clerk to process all such expenses retroactive to January 1, 2018 under the amended Constituency Services and Office Budget Policy.

City Council's 2018 Preliminary Operating Budget is \$23.076 million gross and \$20.471 million net and represents a \$0.112 million or 0.6% increase to the 2017 Approved Net Operating.

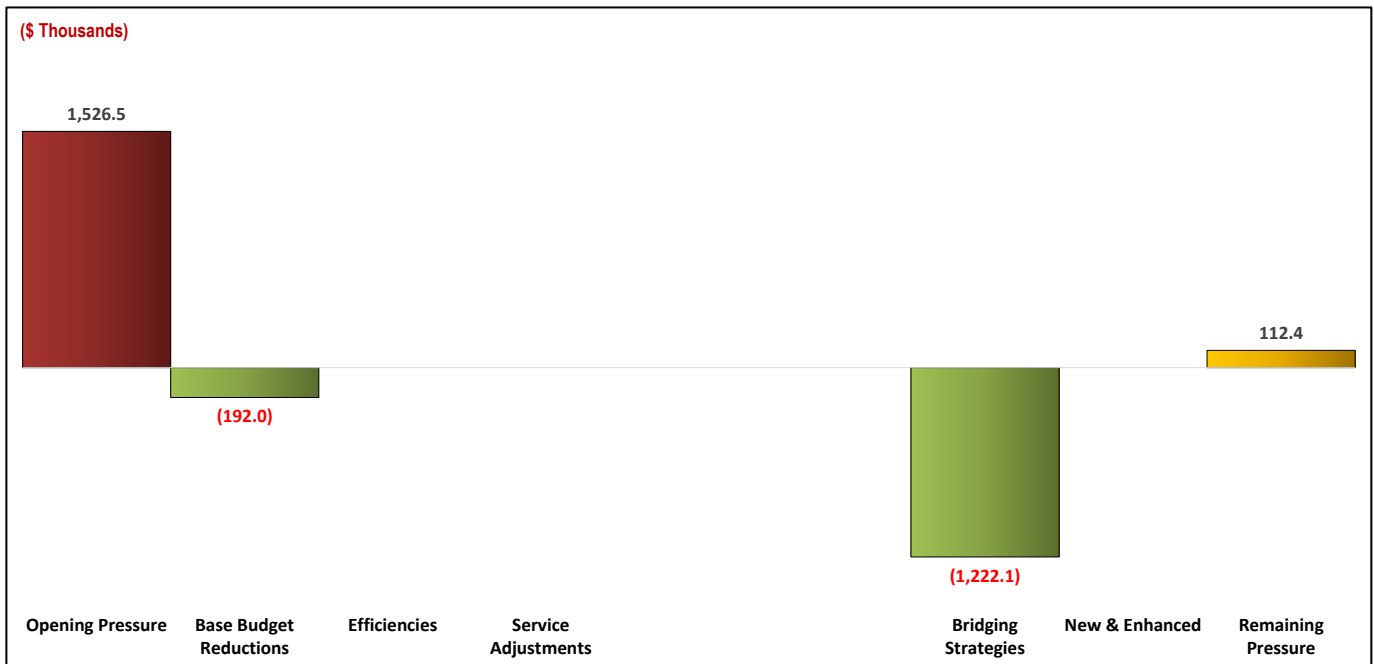

- Base pressures are mainly attributable to a 2% CPI adjustment for Councillors' salaries and Constituency Services and Office Budget, COLA increases for Councillors' staff, and a benefit adjustment for Councillors and staff, plus one-month funding for potential 3 new wards (3 Councillors and 9 staff position equivalent). These are offset by base expenditure adjustments of \$1.324 million net and revenue adjustments of \$0.040 million net.
- The 2019 and 2020 Plan increases reflect the annualized costs of implementing City Council structure of 47 wards if approved by the Ontario Municipal Board (OMB), CPI adjustments for Councillors' salaries and Constituency Services and Office budget, reversal of 2017 one-time reductions and a one-time budget provision for transition expense after the 2018 Municipal Election.
- Approval of the 2018 Preliminary Operating Budget results in a net increase of the total complement by 8.0 as a result of the Ward Boundary Review.

The following graphs summarize the operating budget pressures for this Program and the actions taken to offset/reduce these pressures to meet the budget reduction target.

Part 3

Issues for Discussion

Issues Impacting the 2018 Budget

Budget Target

- At its meeting on May 24, 2017, the "2018 Budget Process - Budget Directions and Schedule" staff report (EX25.18) was submitted for consideration and adopted by City Council regarding the establishment of the 2018 Budget Process and the scheduling of the review and approval of the Tax and Rate Supported 2018 Operating Budget and 2018-2027 Capital Budget and Plan for the City of Toronto.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2017.EX25.18>
- City Council directed all City Programs and Agencies to provide their 2018 Net Operating Budget equal to the 2017 Approved Net Operating Budget through cost containment, service efficiency, modernization, service level and revenue strategies.
- City Council's Office 2018 Preliminary Operating Budget is \$23.076 million gross and \$20.471 million net, representing a 0.6% increase to the 2017 Approved Operating Budget and is in line with the reduction target of 0% as set out in the 2018 Operating Budget Directions approved by Council.
- City Council's preliminary budget includes base expenditure savings of \$1.374 million and revenue adjustments of \$0.040 million for a total savings of \$1.414 million net. Bridging strategies totaling \$1.182 million have been employed. These one-time reductions will be reversed in 2019.
- In order to achieve the 0% reduction target, Council approval of changes to the Constituency Services and Office Budget Policy will be required, including the changes with regard to Councillors' telecommunications expenses and Councillor newsletter distribution expenses.

Adequacy of the Council Transition Reserve and Council Furniture and Equipment Reserve

- At its meeting on July 11-13, 2012, City Council adopted a staff report EX21.9 entitled "*Policy Changes to Facilitate Councillor Office Operations.*"
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2012.EX21.9>, which included the renaming of the following two reserves:
 - Council Transition Reserve (formerly Severance Reserves) which funds end of Council term severance payments, se-up of transition offices and payment of transition staff, and other requirements related to Council transition.
 - Council Furniture and Equipment Reserve (formerly from Government Relations Reserve) which provides funds for the state of good repair and replacement of furniture and offices of Members of Council at City Hall, or constituency offices at Civic Centres and other properties.
- Contributions to the Council Transition and the Council Furniture and Equipment Reserves come from the annual surplus of the City Council Operating Budget at a level to be determined by the Chief Financial Officer at year-end, according to the surplus management policy.
 - Below is the continuity schedule of the Reserves over the last 8 years:

XQ0010 Council Transition Reserve	2010	2011	2012	2013	2014	2015	2016	2017
Opening Balance	525,000	-	175,000	1,370,000	2,219,000	531,060	627,060	1,368,060
Contributions	175,000	175,000	1,195,000	849,000	512,000	196,000	741,000	905,000
Withdrawals	700,000				(2,199,940)	(100,000)		
Ending Balance	-	175,000	1,370,000	2,219,000	531,060	627,060	1,368,060	2,273,060

XQ0009 Council Furniture & Equipment Reserve	2010	2011	2012	2013	2014	2015	2016	2017
Opening Balance	37,000	74,000	111,000	111,000	111,000	77,270	132,270	317,270
Contributions	37,000	37,000				85,000	185,000	
Withdrawals					(33,730)	(30,000)		(80,000)
Ending Balance	74,000	111,000	111,000	111,000	77,270	132,270	317,270	237,270

- As shown in the above continuity schedule, the ending balance for the Council Transition Reserve in 2014 was reduced significantly due to Council transition requirements, including severance payments, after the municipal election.
- The replenishment of these Reserves is dependent upon the annual operating surplus of the City Council's operating budget in any given year. As City Council's Operating Budget surplus over the years fluctuates significantly, the sustainability and adequacy of the Council Transition Reserve and the Council Furniture and Equipment Reserve must be closely monitored to ensure sufficiency of funds for future transition requirements.
- A summary of City Council's Operating Budget Variance over the last 8 years is outlined below:

City Council Approved Operating Budget

Year	Approved Net Operating Budget (\$)	Actuals (\$)	Surplus (\$)
2010	19,637,823	22,121,474	(2,483,651)

2012	19,385,085	18,535,822	849,263
2013	19,957,418	19,445,425	511,993

2017*	20,359,037	20,359,037	0

* as per 2017 9 month Operating Variance Report

- For the year ended December 31, 2010, an unfavourable net variance of \$2.484 million or 12.6% of its 2010 Net Operating Budget was realized.
- This was prior to the creation of the Council Transition Reserve and the withdrawal of funds during an election year for transition purposes.
- If the Council Transition Reserve is insufficient, corporate operating surplus will need to be used to fund the shortfall for transition-related expenses.
