2017 Property Tax Charity Rebate

Eligibility Conditions

The City of Toronto's property tax rebate program for qualifying registered charities, as provided by By-Law No. 429-2001, is authorized by the City of Toronto Act, 2006, s. 329.

This legislation requires the City to rebate 40% of the property taxes paid by registered charities on certain properties which they either own or rent.

To be eligible for such a rebate, the following conditions must be met:

- The applicant must be a "registered" charity under subsection 248(1) of the Income Tax Act (Canada), and as such possess a valid Canada Revenue Agency BN/Registration Number;
- A copy of the applicant's current registration status document referencing the BN/Registration Number and
 Effective Date of Registration from Canada Revenue Agency (CRA). A registration status document may be
 downloaded from the CRA. Visit the CRA website for more details.
- The applicant must own and occupy the commercial or industrial property for which the rebate is being sought, or be a tenant in a commercial or industrial property for which a rebate is being sought;
- The applicant must agree to supply any additional information requested by the City to substantiate the application; and,
- There must be no taxes for previous years remaining in arrears on the eligible property for which the rebate is sought.

In order to process a property tax rebate request, all relevant parts of the attached application form must be completed in full and duly signed. Incomplete forms will be returned.

Rebate Information

- In order to be eligible for the charity rebate program a new and complete application must be filed every year. Only one application can be submitted per assessment roll number. A previous year's application (and supporting documentation) does not constitute any right entitlement for the current or subsequent year.
- In the event that either the charity, or the property owner, retains an agent to act on their behalf, the Agent Authorization Declaration section of the application must be completed, permitting the City of Toronto to deal with the agent as if he/she were the charity, or the property owner. Failure to supply such a document will result in the application being returned as incomplete.
- In the event of a clerical error, or a decision by the Assessment Review Board that changes the assessment
 for the taxation year for which this application is made, the rebate amount will be recalculated and the City of
 Toronto retains the right to demand repayment of any overpayment of a rebate.
- Any changes made on an application are to be crossed out and initialled by the applicant and if applicable, by the property owner.
- You must retain a copy of your application form. The City does not provide copies. Also, if you are personally
 delivering your application form to an Inquiry and Payment counter, please bring two copies if you require
 proof that your application was received.
- It is your responsibility to retain proof of submission of your application. Proof of submission can be in the form of a second copy of your application stamped "received" by the City if delivered in person to an Inquiry or Payment Counter; a copy of your registered or certified mail receipt showing delivery; a copy of your courier delivery slip; a copy of your fax confirmation report along with the full document or a copy of your email and confirmation of delivery along with copies of your application form.
