

Toronto 2015 BUDGET

CAPITAL PROGRAM SUMMARY

Economic Development and Culture

2015 – 2024 CAPITAL BUDGET AND PLAN OVERVIEW

Economic Development and Culture's (EDC) 10-Year Capital Plan supports the Program's mission to advance the City's prosperity, opportunity and liveability by fostering employment and investment, cultural expressions and experiences and engaging partners in the planning and development of the City's cultural and economic resources. The Program is responsible for 40 heritage properties comprising of 100 buildings and over 200 public art installations with a total value of \$271 million.

The 2015-2024 Capital Budget and Plan focuses on maintaining these heritage buildings in a state of good repair (SOGR), revitalizing neighborhoods and the generation of economic growth through capital works such as BIA Streetscape Improvement and the maintenance of public art.

The Economic Development and Culture 10-Year Capital Plan also includes service improvement and growth initiatives such as the Main Stage Reconfiguration at Toronto Centre for the Arts and the Prince Edward Viaduct Illumination.

Capital Spending and Financing

2015-2024 Capital Budget and Plan by Expenditures Category

\$142.0 Million

2015-2024 Capital Budget and Plan by Funding Source

\$142.0 Million

Where does the money go?

The 2015–2024 Capital Budget and Plan, excluding carry forward funding, totals \$142.024 million and provides funding for projects in 4 major areas:

- ✓ Museum and heritage sites
- ✓ BIA Streetscape and commercial district improvements
- ✓ Public art maintenance
- ✓ Information technology initiatives

Where does the money come from?

The 10-Year Capital Plan is funded by 4 sources:

- New debt funding of \$100.004 million comprises 70.4% of 10 year funding and meets the debt guideline in all years except 2015, when \$1 million of debt funding, reflecting under spending in the Pan Am Capital Budget, has been transferred to EDC for the Viaduct Illumination project.
- Other revenue of \$34.483 million or 24.3% of 10 year funding primarily funds BIA Streetscape projects.
- Reserve funds of \$7.269 million or 5.1%.
- The final portion of federal support for the Fort York Visitor Centre is \$0.268 million or 0.2%.

State of Good Repair Backlog

The 10-Year Capital Plan's spending on State of Good Repair is \$93.017 million which will reduce the backlog from 14% as a percentage of asset value in 2015 to 12.4 % in 2024.

Key Challenges & Priority Actions

- ✓ **Large and growing scope of Casa Loma restoration** – The need to move from smaller annual restoration projects to more efficient larger multi-year projects.
 - The City's new agreement with the Liberty Group to operate Casa Loma is expected to deliver sufficient future revenue to support the capital work.
- ✓ **Universal Accessibility** – With the deadline for accessibility approaching, although some heritage buildings are exempted, completion of all locations by the deadline is a significant challenge.
 - Although some work such as lifts and washrooms are done, there is significantly more to be completed.
 - The pilot project at the Alumnae Theatre with funding of \$0.523 million in this Capital Plan will help to budget and plan similar accessibility projects at other sites.
- ✓ **State of Good Repair Backlog Challenge**
 - The 10 year Capital Plan only reduces the backlog from 14% to 12.4% within debt target funding.

2015 Capital Budget Highlights

The 2015 Capital Budget for Economic Development and Culture of \$34.838 million, including carry forward funding, will provide:

- ✓ \$6.762 million for BIA Streetscape, Commercial Facade Improvement and Mural projects to invest in BIAs and commercial districts.
- ✓ \$6.736 million for Cultural Infrastructure Development, including \$3.3 million for the Prince Edward Viaduct Illumination and \$1.974 million for Guild Inn Revitalization.
- ✓ \$9.282 million for Service Enhancement projects, including \$6.750 million for the Toronto Centre for the Arts Main Stage Reconfiguration.
- ✓ \$7.324 million for Restoration / Preservation of Heritage elements, including \$4.115 million for Casa Loma Restoration.
- ✓ Refurbishment and Major Maintenance projects totalling \$2.304 million, including \$0.544 million for the John Street Roundhouse and \$0.550 million for the Berkeley Theatre.

Council Approved Budget

City Council approved the following recommendations:

1. City Council approve the 2015 Capital Budget for Economic Development and Culture with a total project cost of \$15.077 million, and 2015 cash flow of \$34.838 million and future year commitments of \$2.643 million comprised of the following:
 - a) New Cash Flow Funds for:
 - i. 30 new / change in scope sub-projects with a 2015 total project cost of \$15.077 million that requires cash flow of \$12.434 million in 2015 and future year cash flow commitments of \$2.643 million in 2016;
 - ii. 17 previously approved sub-projects with a 2015 cash flow of \$11.529 million; and
 - iii. 3 previously approved sub-projects with carry forward funding from 2013 and prior years requiring 2015 cash flow of \$0.924 million that requires Council to reaffirm its commitment; and
 - b) 2014 approved cash flow for 33 previously approved sub-projects with carry forward funding from 2014 into 2015 totalling \$9.951 million.
2. City Council approve the new debt service costs of \$0.134 million in 2015 and incremental debt costs of \$0.982 million in 2016; and \$1.013 million in 2017; resulting from the approval of the 2015 Capital Budget, to be included in the 2015 and future year operating budgets.
3. City Council approve the 2016-2024 Capital Plan for Economic Development and Culture totalling \$117.137 million in project estimates, comprised of \$13.670 million in 2016; \$13.520 million for 2017; \$12.835 million for 2018; \$12.862 million for 2019; \$12.520 million for 2020; \$12.770 million for 2021; \$12.770 million for 2022; \$13.120 million for 2023; and \$13.070 million in 2024.
4. City Council consider the operating costs of \$0.010 million net in 2016 resulting from the approval of the 2015 Capital Budget for inclusion in the 2015 and future year operating budgets.
5. All sub-projects with third party financing be approved conditionally, subject to the receipt of such financing in 2015 and if such funding is not forthcoming, their priority and funding be reassessed by City Council relative to other City-financed priorities and needs.

Table 1b
2020 - 2024 Capital Plan

Key Changes to the 2014 - 2023 Approved Capital Plan

The 2015 Capital Budget and 2016 - 2024 Capital Plan reflects a decrease of \$17.953 million in capital funding from the 2014 to 2023 Approved Capital Plan.

The table and chart below provide a breakdown of the \$17.953 million or 11.2% decrease in the Capital Program on an annual basis from 2014 to 2024.

Chart 1
Changes to the 2014 - 2023 Approved Capital Plan (In \$000s)

(\$000s)	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024	10-Year Total
2014 - 2023 Capital Budget & Plan	41,065	19,205	12,135	12,445	12,535	12,562	12,270	12,470	12,470	12,820		159,977
2015 - 2024 Capital Budget & Plan		24,887	13,670	13,520	12,835	12,862	12,520	12,770	12,770	13,120	13,070	142,024
Change %		29.6%	12.6%	8.6%	2.4%	2.4%	2.0%	2.4%	2.4%	2.3%		-11.2%
Change \$		5,682	1,535	1,075	300	300	250	300	300	300		-17,953

As made evident in the chart above, the \$17.953 million decrease in the Capital Program reflects a return closer to average levels of funding for Economic Development and Culture capital projects.

- The 2014 Capital Budget included The Fort York Visitors Centre project, and Casa Loma Restoration which drove the 2014 Capital Budget higher.

As reflected in Table 2 on the following page, changes to the 2014 – 2023 Approved Capital Plan, specifically \$10.042 million in increased capital funding in the nine common years of the Capital Plans (2015 – 2023) arise from the reprioritization of Economic Development and Culture's capital projects, based on the following factors:

- Adjustment to the timing of project as a result of the availability of sites for work to proceed – as for the John Street Roundhouse project.
- A change in estimates for the Prince Edward Viaduct Illumination, a project proceeding as part of the Pan Am Showcase project.

A summary of project changes for the years 2015 to 2023 totalling \$10.042 million is provided in Table 2 following:

Table 2

Significant Capital Project Changes in Economic Development and Culture:

The following previously approved Economic Development and Culture capital projects have been allocated increased funding to address key priorities outlined below:

- In Cultural Infrastructure Development, \$1.000 million of additional project cost funded by debt was transferred from Pan Am Capital Program under-spending to the Prince Edward Viaduct Illumination project and the Guild Revitalized project was increased by \$0.824 million.
- In Major Maintenance, \$0.544 million is included for the John Street Roundhouse Museum sub-project funded by reserve funds as the project has been delayed by Toronto Hydro's previously unknown requirements on the site.
- In Restoration / Presentation of Heritage Elements, \$2.013 million was added for Casa Loma Restoration, as the future of the site has become more certain with the new operator in place.

Chart 2
2015 – 2024 Capital Plan by Project Category (In \$000s)

As illustrated in the chart above, the 10-Year Capital Plan for Economic Development and Culture of \$142.024 million predominately provides funding for State of Good Repair projects, which represent 65.5% of total funding over the 10-year period.

- Service Improvement projects represent 22.3%, focussed in the early years of Capital Plan, driven by projects at the heritage and public use sites including the Toronto Centre for the Arts Main Stage Reconfiguration.

*Life to Date approved cash flows are provided for multi-year capital projects with cash flow approvals prior to 2015, excluding ongoing capital projects (i.e. Civic Improvement projects)

2015 – 2024 Capital Plan

The 10-Year Capital Plan supports Economic Development and Culture's objectives of creating an environment in which business and culture can thrive, with Capital Budget priorities focussed on maintaining and supporting the heritage and cultural sites and partnering with the BIAs on Streetscape projects.

Health and Safety

Restoration/ Preservation of Heritage Elements

- The Casa Loma Restoration project is focussed on ensuring that this public use site is restored such that the buildings are in a safe and stable condition. This is a long-term ongoing project with funding of \$11.854 in the 10-Year Plan.

Legislated

Major Maintenance

- Life safety security upgrades, mechanical and electrical upgrades are required at public use sites to meet current standards.

State of Good Repair (SOGR)

Restoration / Preservation of Heritage Elements

- This project, totaling \$18.288 million, includes small restoration and preservation projects, spread through the 10 years, at the museum and historical sites, as well as the outdoor public art maintenance.

Refurbishment and Rehabilitation

- Refurbishment and rehabilitation of the heritage museum site interiors are supported through this project.

Collections Care

- The Collections Care project maintains the historical collection facilities, as well as of large artifacts, which can be outdoor items.

Major Maintenance

- This program addresses major maintenance at cultural sites which are not used for the program's service delivery, but which are owned by the City with responsibility for maintenance. \$10.816 million is included for the following:
 - Alumnae Theatre
 - Berkley Theatre
 - Theatre Passe Muraille
 - St. Lawrence Centre for the Arts

- Young People's Theatre
- John Street Roundhouse
- Franklin Carmichael Gallery
- Neilson Park Creative Centre

BIA Streetscape Programs

- The BIA Cost-Share Program supports streetscape improvements initiated by BIAs by providing 50% debt funding with the balance of the funding coming from the BIAs with total funding of \$49.530 million.
- The BIA Financing Program support larger streetscape improvements by providing 35% debt funding and a loan to the participating BIA, with repayment over 10 years, for the remaining 65% of the cost of the project, totaling \$9.300 million.

Service Improvements and Enhancements

Cultural Infrastructure Development

- The Guild Revitalization Project has resumed with a new third party development partner for the hospitality component of the plan. EDC is responsible for the Cultural precinct development work, totaling \$4.781 million, on the Guild site, which includes a large collection of sculpture and architectural remnants.

Service Enhancement

- Changes to improve service and use at heritage sites are included in this project.
- Fort York Visitor Centres completion and other Fort York sub-projects total \$4.820 million.
- The Toronto Centre for the Arts Main Stage Reconfiguration Phase 2 will enable more theatre spaces to be provided to community based arts groups at this facility in North York.

Restoration / Preservation of Heritage Elements

- The design and documentation for an expansion and renovation of the Montgomery's Inn Tea Room with the objectives of providing more seating, a commercial kitchen and improved washrooms.

Refurbishment and Rehabilitation

- The planning and development of changes to museum interior design is included as a service improvement project.

Collections Care

- A future year project will deliver needed improvements to the Cultural Assets carpentry workshop, located at the former Chaplin Crescent Parks garage, which is also used for large artifact storage.

IT Projects

- An IT Strategic Plan for EDC will be developed in 2015 to provide direction to the program for its future year technology needs.

- Funds are also being carried forward to complete the cross divisional Event & Film Permitting Online service delivery project.

Commercial Façade Improvement Program

- Incentives to property owners are provided through this project by providing grants of up to 50% (maximum \$1.012 million) toward the costs of restored and improved facades, assisting in the revitalization of commercial areas, increased assessment values, preservation and enhancement of older building stock and other benefits.

Mural Program

- The Mural Program provides grants of up to \$5 thousand to community groups to undertake murals in commercial or employment districts with preference given to the City's under-served neighbourhoods to help promote local themes and facilitate commercial neighbourhood identity.

Growth Related

Cultural Infrastructure Development

- The Prince Edward Viaduct Illumination project, with a project cost of \$3.8 million, part of the Pan Am Showcase Program, will implement the lighting of the Luminous Veil which is part of the original plan for that addition to this historic bridge.
- Various Public Art projects support the development of public art in public spaces, often by providing support to the design phase, resulting in the inclusion of art in parks and public spaces.

Chart 3
2015 – 2024 Capital Plan by Funding Source (In \$000s)

The 10-Year Capital Plan of \$142.024 million will be financed by the following sources:

- Debt/CFC, which accounts for \$100.004 million or 70.4% of the financing over the 10-year period.
- Debt financing exceeds the 10 year debt affordability target of \$99.004 million by \$1.000 million in 2015. This is a result of transferring \$1.000 of City debt which is not required to deliver the projects in the Pan Am Capital Plan to the Prince Edward Viaduct Illumination capital project.

- Other Revenue, which accounts for \$34.483 million over the 10-year period, mostly consists of funding from BIAs participating in cost shared Streetscape projects with a lesser amount arising from donations for such projects as the Fort York Visitor Centre Façade Extension.
- Reserves and Reserve Funds, which account for \$7.269 million or 5.1% of the 10-Year Plan financing, support Casa Loma Restoration, Toronto Centre for the Arts Main Stage Reconfiguration, the Prince Edward Viaduct Illumination, Public Art projects and a number of smaller projects involving heritage structures where funds have been contributed for maintenance.
- A Federal Grant for the Fort York Visitors Centre, which accounts for \$0.268 million or 0.2% of the 10-year financing, will be received for the finalization of the project in 2015.

State of Good Repair (SOGR) Backlog

**Chart 4
SOGR Funding & Backlog (In \$000s)**

The 10-Year Capital Plan dedicates \$93.017 million to SOGR spending over the 10-Year Capital Plan period, which on average is 66.2% million annually.

- The replacement value of Economic Development and Culture's assets is estimated at \$270.608 million for all assets.
 - Economic Development and Culture is responsible for 98 heritage buildings and over 200 public art installations, many of which are over 100 years old, with no simple replacement value and life span.
- At the end of 2014, Economic Development and Culture will have a backlog of state of good repair work for infrastructure renewal estimated at \$39.430 million, representing 14.6% of the asset replacement value.
- Although investments in infrastructure renewal are included in the 10-Year Capital Plan at heritage sites and Casa Loma, the SOGR backlog at 2024 remains high, representing 12.4% of current asset replacement value.

10-Year Capital Plan: Net Operating Budget Impact

Table 5

Net Operating Impact Summary (in \$000s)

Projects	2015 Budget		2016 Plan		2017 Plan		2018 Plan		2019 Plan		2015 - 2019		2015 - 2024	
	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions
Previously Approved														
Prince Edward Viaduct Illumination			0.01								0.01			
Total (Net)	-	-	0.01	-	-	-	-	-	-	-	0.01	-	-	-

The 10-Year Capital Plan has only one impact on future year Operating Budgets of the Economic Development and Culture, and no new permanent positions arising from capital projects are required over the 2015 – 2024 period.

- The Prince Edward Viaduct Illumination project will be completed in 2015 with \$0.010 million of operating budget impacts for utility costs projected for the 2016 EDC Operating Budget. Part year costs in 2015 will be absorbed.

Part II: 2015 Capital Budget

2015 Capital Budget

2015 Capital Budget by Project Category and Funding Source

2015 Capital Budget by Project Category
(in \$000s)

The 2015 Capital Budget, excluding funding carried forward from 2014 to 2015, requires cash flow funding of \$24.887 million.

The 2015 Capital Budget expenditures are allocated into the following categories:

- **Health & Safety (\$3.935 million, 16%)**
 - Casa Loma Restoration is the only project in this category.
- **Legislated (\$0.201 million, 1%)**
 - Life Safety Security and Legislated Mechanical and Electrical improvements make up this category.
- **State of Good Repair (\$8.516 million, 34%)**
 - State of Good Repair projects in 2015 include Restoration and Rehabilitation projects at museum sites and City maintained Theatres, Artifact Care and the BIA Streetscape projects.
- **Service Improvements (\$10.338 million, 41%)**

2015 Capital Budget by Funding Source
(in \$000s)

The 2015 Capital Budget is financed primarily by:

- **Debt/CFC (\$13.304 million, 54%)**
 - Debt financing is \$1.000 million above the target of \$12.304 million as a result of debt transferred to EDC from Pan Am Capital Program's under spending.
- **Reserve and Reserve Funds (\$5.732 million, 23%)**
 - Reserve and Reserve Funds provide support for projects where funds have been set aside for specific program purposes.
- **Federal Grant (\$0.268 million, 1%)**
 - The Federal Grant of \$0.268 million is the remaining portion of federal support for the Fort Your visitor Centre.
- **Other Revenues (\$5.583 million, 22%)**
 - BIA cost sharing support for Streetscape project totals \$2.360 and for Casa Loma Restoration with

- Service Improvement projects in 2015 include Guild Inn Revitalization, Service Enhancements at museum sites, IT Projects, the Mural program and Commercial Façade Improvements.
 - *Growth (\$1.897 million, 8%)*
 - In 2015, Growth projects were driven by the Prince Edward Viaduct Illumination for \$1.080 million with the balance for Public Art Development.
- funding from the operation, for \$2.013 million.
- Other sources include donations for Fort York Landscaping.

Table 4
2015 Cash Flow & Future Year Commitments (In \$000s)

	2013 and Prior Year Carry Forwards	2014 Carry Forwards	2015 Cash Flow	Total 2015 Cash Flow (Incl 2014 C/Fwd)	2016	2017	2018	2019	2020	2021	2022	2023	2024	Total 2015 Cash Flow & FY Commits

Total Financing (including carry forward funding)	924	9,951	23,963	34,838	2,643	-	-	-	-	-	-	-	-	37,481

Approval of the 2015 Capital Budget of \$34.838 million will result in the following:

- \$9.951 million of 2014 funding will be carried forward into 2015 to complete the Prince Edward Viaduct Illumination, remaining aspect of the Fort York Visitor Centre, the Toronto Centre for the Arts Main Stage Reconfiguration first phase and a number of smaller projects.
- \$11.529 million for previously approved projects that require 2015 cash flow and include such projects as the Guild Revitalization project, Prince Edward Viaduct Illumination project and Toronto Centre for the Arts Main State Reconfiguration project.
- \$0.465 million of change of scope funding is required for Event & Film Online Permitting which will integrate permitting services for several divisions and the Fort York Landscaping project which is needed in response to changes on the site arising as a result of the work on the Gardiner highway and the new Visitor Centre.
- New project funding of \$9.520 million to support the 2015 cash flow requirements for the ongoing Restoration, Refurbishment and BIA cost-shared projects.
- Multi-year funding of \$2.449 million in 2015 will require future year cash flow commitments of \$2.643 million in 2016 to complete several projects which will extend past the year-end.

2015 Capital Project Highlights

Table 5
2015 Capital Project Highlights (in \$000s)

Project	Total Project Cost	2015	2016	2017	2018	2019	2015 - 2019	2020	2021	2022	2023	2024	2015 - 2024 Total

Mural Program 2015	50	50					50						50
Total (including carry forward funding)	13,577	34,838	2,643	-	-	-	37,481	-	-	-	-	-	37,481

The 2015 Capital Budget provides funding of \$34.838 million to:

- Complete the Prince Edward Viaduct Illumination for \$3.300 million prior to the Pan Am Games Torch Relay.
- Complete the \$6.750 million Toronto Centre for the Arts Main Stage Reconfiguration.
- Complete Casa Loma Restoration Phase 8, for \$4.115 million, including the Norman Tower and southwest corner of the castle.
- Continue work to complete the Fort York Visitors Centre and proceed with restoration and landscape projects at Fort York for a total of \$3.939 million.
- Continue to work with BIAs through the Streetscape Improvement Program and property owners in the Commercial Façade Improvement Program to benefit local commercial areas for a total of \$6.712 million.

Part III:

Issues for Discussion

Issues for Discussion

Issues Impacting the 2015 Capital Budget

Fort York

- The Fort York Visitor Centre opened in the fall of 2014. Challenges with the fund raising campaign have resulted in delaying the tender for the fabrication and installation of exhibits which are expected to be installed by mid 2016 completing this \$25.2 million project.
 - Fund raising efforts by the Fort York Foundation have been continuing and have seen some encouraging responses since opening of the Centre.
- Part of the National Historic Site overall improvements is the Fort York Landscape work to re-integrate Garrison Common into the site, providing a better location for large-scale events, providing pedestrian pathways, lighting and signage, which will also prepare for the Fort York Pedestrian Bridge connection to the north across the railway. A \$1 million private donation will assist in moving this project forward, which is currently budgeted for in 2015 and 2016.

Toronto Centre for the Arts

- The Toronto Centre for the Arts Main Stage Reconfiguration project will produce two smaller venues with an overall project cost of \$8.425 million. The stage tower will be configured into a black box theatre first and the auditorium will be configured into a smaller Lyric Theatre.
- This project will make better use of an underutilized space by configuring it into two smaller venues, providing more opportunities for community cultural organizations and increasing overall use of the facility. As one of the premier cultural facilities outside of the downtown core, increasing community cultural participation at the Toronto Centre for the Arts is a key City cultural objective.

Prince Edward Viaduct Illumination Project

- Council endorsed, by amendment, the inclusion of the Prince Edward Viaduct Illumination project as part of the Pan Am Showcase Program in July 2013.
 - The safety barrier on the Viaduct, the "Luminous Veil" was installed based on a design by Dereck Revington, but without its innovative lighting scheme, due to cost constraints.
 - Today, advances in LED programmable lighting technology, including decreased operating costs, renewed interest in completing this project.
 - Engineering studies were undertaken in 2013 - 2014, resulting in the total project cost estimates at \$4.648 million with the project scoped into 2 phases, first, lighting below the bridge deck with the control system and second, lighting the Veil structure above.
- A City tender for the project in 2 phases (lower phase first) was issued on October 23, 2014.
 - All four bids received by the November 20, 2014 closing significantly exceeded the Council approved budget for the first phase (\$2.8 million) and the estimate for the entire project (\$4.648 million).

- After analysis, it was clear that the challenge of working below the bridge deck in proximity to the TTC track resulted in higher costs, so it was decided to issue a revised scope tender on January 5, 2015, restructuring the project to combine the control mechanism with the above bridge deck portion, separating the below deck work for delivery at a later date, subject to funding.
- In order to support this changed strategy for the project, the 10-Year Capital Plan includes a transfer of \$1 million of City's share debt financing from under spending Pan Am Capital project *Cycling Road Race (Resurfacing)*, increasing the project cost for the *Viaduct Illumination* from \$2.8 million to \$3.8 million.

BIA Streetscape Improvement Cost Share and Investment Programs

- BIA Streetscape Improvement Program included in the 2015 Capital Budget provides \$4.954 million for streetscape beautification projects in 41 BIAs.
 - \$4.654 million in the *BIA Cost-Share Program* (cost shared 50% / 50% with BIAs).
 - \$0.300 million in the *BIA Financing Program* (35% city debt / 65% through City repayable financing).

2015 BIA Streetscape Improvement Program

BIA	2015 BIA Projects	
	2015 New Cash Flow (\$)	Description

Wilson-Keele	42,000	Banners - Phase 2 (\$10,000), Street Signs (\$8,000), Hanging Baskets (\$24,000)
Wychwood Heights	80,000	Gateway Feature (\$80,000)
Yonge Lawrence Village	9,000	Benches (\$9,000)
Project Management	324,000	
Total	\$ 4,954,000	

* Trinity Bellwoods Tree Uplighting project is funded in the BIA Financing Program (cost shared 23%/65%)

Issues Impacting the 10-Year Capital Plan

BIA Capital Cost-Share Program Guidelines

- An issue arose concerning a BIA Financing project with the Bloor-Yorkville BIA in late 2014 that resulted in a report to the December 11, 2014 Council meeting.
 - Although the Bloor Yorkville BIA had planned a project for streetscape improvements on Yorkville Avenue with a total cost of \$1.000, the maximum within the program guideline, the cost after tender closing was \$2.100 million.
 - To assist in addressing this funding shortfall, at its August 25, 2014 meeting, City Council allocated \$0.600 million of funds received pursuant to Section 37 of the Planning Act from the development at 21 Avenue Road to the project.
 - The Bloor Yorkville BIA proposed subsequently that it would pay the remaining \$0.401 million of the increased cost of the project through an increased loan from the City, bringing the requested total loan to finance this project to \$1.051 million.
 - After review with City Legal staff, it was determined that the BIA Capital Cost Share Guidelines do not provide the authority required to extend such loans beyond \$0.650 million, the 65% share of the maximum project cost allowed in the Guidelines.
- The Yorkville Avenue project was moved forward when Council approved the proposed funding for this project as an exception to the Guidelines at its meeting on December 11, 2014.
- At the same time, Council also directed that the Deputy City Manager & Chief Financial Officer and the General Manager of Economic Development and Culture review the Business Improvement Area Capital Cost-Share Program Guidelines and bring a report to the Executive Committee in 2015 with the results of that review.
 - The most recent update to the BIA Cost Share Guidelines was adopted by Council on October 30, 2012.
 - Two years of experience with the new financing program will provide a basis for such a review and benefit the program moving forward.
- Among the issues to be addressed in this review are the maximum size of financed projects and the proportion of loan financing that the City can extend to the BIAs for a project, and the application of Planning Act funds such as Section 27 proceeds to the projects.
- Changes to the Capital Cost-Share Program Guidelines are likely to result in changes to the future year Capital Plan for BIA Financing streetscape projects.

Appendices:

Appendix 1

2014 Performance

2014 Key Accomplishments

In 2014, Economic Development and Culture accomplished the following:

- ✓ In September 2014, the Fort York Visitor Centre opened with Great War temporary exhibits filling the space until the Magna Carta exhibit is installed in 2015 with permanent exhibits at a later date.
- ✓ Alumnae Theatre, Phase 2 of the accessibility upgrades project to meet AODA standards was completed, including alterations to the main entrance, lobby and theatre seating areas.
- ✓ Cedar Ridge Elevator Upgrades for accessibility were completed. This 2013 project was delayed last year, due to the elevator technicians' strike.
- ✓ Casa Loma Restoration, Phase 8, restoration of the -Norman Tower and west terrace started construction in January 2014, to complete the major conservation work to the castle.
- ✓ Structural restoration of the Spadina Museum barn and historic stables was completed.
- ✓ Complete a structural re-build and interior space planning of the Franklin Carmichael Art Centre was completed in the east-half of the house to meet code compliance for assembly occupancy and life safety, including asbestos removal, fire separation, new finishes and lighting, as well as landscaping improvements.
- ✓ The final phase of the Windfields Estates ISF project was completed -- the Northern Dancer Pavilion, the only new building on site - as a result of a partnership between all three levels of government and the tenant, the Canadian Film Centre.
- ✓ Building on the success of the first Heritage Contractors' Roster, staff entered into the 3-year program to engage qualified heritage contractors to work at EDC sites.
- ✓ BIA Streetscape Projects are completed or in process at over 80 BIA across the City ranging from smaller projects such as banner and hanging baskets to major sidewalk redesigns, where possible, carried out in conjunction with City roadwork.
 - Trinity Bellwoods - tree uplighting and gateway lighting;
 - Bloordale - 66 high quality street markers and 133 unique, community-designed stainless steel flowers within the sidewalk, additional bike parking, and eight parkettes with seating, tree planting, and landscaping;
 - Bloorcourt - outdoor public performance and gathering space, 17 urban squares, with a mixture of elements such as multiple bike parking, seating, artist-designed bronze identity marker, landscaping and tree planting;
 - Emery Village - Streetscape improvements at Sheppard and Rivalda including median plantings, gateway, and decorative furnishings;
 - Weston Village - Streetscape improvements near Lawrence and Weston including modified roadway, widened sidewalks, pedestrian-scale lighting, street trees, seating and decorative bike rings;
 - Riverside - Lighting of Queen Street bridge;

- St Lawrence Market - Heritage lighting on Sherbourne Street;
- Financial District - New sidewalks with decorative pavers and new trees on Richmond and King Street;
- Downtown Yonge - McGill/ Granby Parkettes – redesigned to improve the public space, seating, safety and lighting;
- Downtown Yonge - New tree grates and decorative paving bands along College/Carlton;
- Bloor Yorkville - New trees, extended sidewalks new paving along Yorkville Avenue;
- Toronto Entertainment District - New tree grates along King Street;
- Beaches – Improvements to Queen East and Kew Gardens including new planting, trees, benches, gathering space; and
- Pedestrian Lighting system in Danforth Village, Kensington Market, Lakeshore Village, Parkdale Village, Roncesvalles Village, College Promenade, Wychwood Heights.

2014 Financial Performance

Table 9
2014 Budget Variance Analysis (In \$000's)

2014 Approved	2014 Actuals		Unspent Balance	
\$	\$	% Spent	\$ Unspent	% Unspent
41,065	18,684	45.5%	22,381	54.5%

2014 Experience

Economic Development and Culture Division's capital expenditures for the period ended December 31, 2014 totalled \$18.684 million or 45.5% of its Approved Capital Budget of \$41.065 million.

Of the funds spent, \$4.946 million was incurred for the following projects that were completed in 2014:

- The *Alumnae Theatre Phase 2* accessibility upgrades project to meet AODA standards was completed which included alterations to the main entrance, lobby and theatre seating areas (\$0.408 million);
- The final phase of the *Windfields Estates* project was completed – the Northern Dancer Pavilion (\$0.620 million);
- The *Cedar Ridge Elevator Upgrades* for accessibility were completed (\$0.152 million).

The under-spending in 2014 is mainly driven by the delays in the following projects:

- The *Fort York Visitor Centre (FYVC)* project's capital expenditures totalled \$7.195 million representing 59% of the 2014 approved cash flow of \$12.193 million. The original schedule for the FYVC was set back by a full year in 2011 when an over-budget tender required revisions by the design team so that it could be successfully re-tendered. All FYVC budgets continue to be under-spent as a result of this delay. The Visitor Centre itself was completed and opened to the public in September. The remaining budget is for fabrication and installation of permanent exhibits. The

decision to install the Magna Carta at the Visitor Centre in November 2015 means that the exhibit work cannot be completed until June 2016. The exhibit work was issued for tender in Q3 2014.

- The *Fort York Landscape* project's capital expenditures totalled \$0.088 million or 17.6% of 2014 approved cash flow of \$0.500 million by year-end. Development of the Fort York Landscape improvements was originally delayed when the schedule for the removal of the Garrison Road Bridge changed as part of the Gardiner deck rehabilitation project. This project has been further delayed as construction of EDC's work must be coordinated with that of Transportation Services Division. The tender will be issued in Q2 2015 for construction to begin in the late Fall 2015.
- The *John St. Roundhouse Museum* project's capital expenditures totalled only \$0.015 million or 2.4% of the approved 2014 cash flow of \$0.615 million by year-end. The Copeland Transformer Station (formerly the Bremner Street Transformer Station) is under construction by Toronto Hydro Electric System (THES). The original completion date of December 2014 has been postponed. A revised schedule has not yet been presented to stakeholders. The location of the transformer station is the west end of the Roundhouse site, which has entailed dismantling the historic Machine Shop. The Machine Shop will be reconstructed as part of the final phase of the project; however, late in 2013, THES advised EDC that the Machine Shop would not be available for museum purposes as had been planned. EDC and the Toronto Railway Historical Association will work with THES on other interpretive opportunities, once their design team is in place.
- The *Prince Edward Viaduct – Illumination* project's capital expenditures totalled \$0.411 million or 15.1% of the approved 2014 cash flow of \$2.727 million by year-end. The designed project had to be re-tendered when the original tenders came back over budget. The construction of the Phase 1 (i.e. lighting of the five piers and subway undercarriage) had commenced by year-end and the project will be complete prior to the 2015 PanAm Games.
- The *Public Art – North York Arts* project's capital expenditures totalled \$0.041 million or 15.5% of the approved 2014 cash flow of \$0.265 million by year-end. The project is part of the development of the Lee Lifeson Art Park and as such, the schedule must be coordinated with the park construction which has been delayed. Parks, Forestry and Recreation Division will issue the tender early in 2015. The artwork fabrication will proceed later in 2015 once a general contractor has been named and the park construction is underway and substantially complete.
- The *Toronto Centre for the Arts (TCA) Main Stage Reconfiguration* project's capital expenditures totalled \$1.013 million or 45% of the approved 2014 cash flow of \$2.253 million by year-end. The original budget for 2014 planned to purchase the majority of theatrical equipment in early 2014. However, the TCA programming changed, eliminating the need to buy the equipment in 2014. A significant portion of the anticipated 2014 construction expenses occurred in the first quarter of 2015 instead of the last quarter of 2014 in part because of a slight delay in getting shop drawings approved. Phase 1, the Stage Tower Theatre, is now open. The completion of Phase 2, the opening of the Lyric Theatre, is on track for Fall 2015.
- The *BIA Streetscape Improvement Program's* capital expenditures totalled \$3.243 million representing 32.5% of the 2014 approved cash flow of \$9.976 million. Of the overall approved cash flow:
 - 25.6% or \$2.559 million is funded by Section 37 and/or 45 contributions to the City. \$1.732 million in new projects added to this category since 1st quarter 2014 Capital Variance report.

- 19.7% or \$1.965 million is cost shared with the BIAs, whereby the BIAs pay 65% over time and the City 35%; and
 - 54.7% or \$5.452 million is for the traditional stream with 50/50 cost sharing between the City and the BIAs.
- The financed component (65% / 35%) of the BIA capital program was under-spent by year-end due to the contract bids coming in higher than anticipated. In addition, the contract could not be awarded because the approved capital cost-sharing guidelines do not allow the City to increase the BIA loan component of the project. A report was sent to Council in December to obtain this authority and allow the contract to be awarded. The BIA loan component was increased in December 2014 by Council and the contract was awarded in February 2015.

Impact of the 2014 Capital Variance on the 2015 Capital Budget

- Funding of \$ 9.951 million was carried forward to the 2015 Capital Budget for the following:
 - Health and Safety – *Casa Loma Restoration* -- \$0.180 million
 - Legislated – *Life Safety Security Upgrades* -- \$0.050 million
 - State of Good Repair – 16 sub-projects -- \$2.937 million
 - Service Improvement – 9 sub-projects -- \$ 4.219 million
 - Growth Related – 5 sub-projects -- \$2.565 million
