

Toronto 2017 BUDGET

OPERATING PROGRAM SUMMARY

Parks, Forestry and Recreation

2017 OPERATING BUDGET OVERVIEW

Parks, Forestry and Recreation (PFR) provides a wide variety of leisure and recreation opportunities that are key contributors to the quality of life for all Torontonians while operating and maintaining parks, playgrounds, sports fields and facilities, along with trails, forests, and ravines to support diverse needs for active and healthy lifestyles.

2017 Operating Budget Highlights

The total cost to deliver these services to Toronto residents is \$457.328 million gross and \$318.654 million net as shown below:

(in \$000's)	2016 Budget	2017 Budget	Change	
			\$	%
Gross Expenditures	451,957.5	457,328.4	5,370.9	1.2%
Gross Revenues	135,872.3	138,674.0	2,801.6	2.1%
Net Expenditures	316,085.1	318,654.4	2,569.3	0.8%

Through base reductions, operational efficiencies and increased revenues, the Program is able to fully offset \$17.005 million in operating budget pressures arising from the opening of new parks and recreation facilities, salary and benefit increases, and inflationary pressures. Service changes to reach 2.6% below the 2016 Approved Operating Budget are not included as these would significantly impact service levels.

Fast Facts

- 1.1 million hours of Instructional and Leisure Drop-in Recreation programs with 10.2 million participant visits.
- 4,419 hectares of maintained parkland with 1.4 million booked permit hours.
- 8 Blue Flag beaches.
- 16,000 Toronto Island ferry trips carrying 1.4 million passengers.
- 475,546 Urban Forestry work orders including 113,600 trees planted in 2016.
- 800,000 permit bookings and program registrations

Trends

- Total Recreation Service Hours increased by 6% from 2014 to 2015 as a result of new major recreation facilities openings. Future year service hours are projected to increase by 1% per year due to the opening of new recreation facilities such as the York Recreation Centre, Parkway Forest Outdoor Pool and Wellesly Indoor Pool.

Recreation Service Hours

Key Service Deliverables for 2017

Parks, Forestry and Recreation offers a diverse range of leisure and recreation programming while operating and maintaining its physical and natural assets.

The 2017 Operating Budget enables the Program to:

- Deliver instructional and drop-in recreation programs for all ages that teach a new skill or improve the competency level in a variety of activities including swimming, skating, summer and holiday camps, fitness, sports and arts.
- Provide self-directed recreational opportunities through permits for recreational facilities such as ice rinks, facilities, parks and sports fields to individuals and community groups.
- Provide clean, safe and well-maintained green space, park amenities and beaches including the management of natural areas through restoration and preservation activities.
- Operate two animal attractions.
- Provide transportation services to the Toronto Island Park through Ferry Operations.
- Enhance the urban forest asset through investment in new trees, protection and maintenance of the existing asset, and planning for the future.
- Participate in the development of key policies to guide parks and recreation system enhancement, including the TOcore study with City Planning, Parkland Strategy, and Parks and Recreation Facilities Master Plan.
- Modernize and transform business processes by leveraging technology solutions including the replacement of the Recreation Registration and Permitting system, a new work order management system and an effective on-line self-serve channel for customers.

Where the money goes:

2017 Budget by Service

2017 Budget by Expenditure Category

Where the money comes from:

Our Key Issues & Priority Actions

- The **2013-2017 Recreation Service Plan** is focused on increasing participation, reducing financial barriers, ensuring equitable access, and improving program and service quality.
 - ✓ The 2017 Operating Budget includes the full year cost of \$0.913 million net for the opening of new recreation facilities including the York Recreation Centre.
- The **2013-2017 Parks Service Plan** aims to maintain quality parks and improve parks spaces.
 - ✓ The 2017 Operating budget includes \$2.465 million to operate and maintain new park developments completed in 2016 & 2017.
- **Urban Forestry** continues to address the Emerald Ash Borer (EAB) infestation (until 2019) while maintaining core service levels.
 - ✓ \$7.1 million for Year 7 of the EAB Plan is fully funded by Environmental Protection Reserve and the Sustainable Energy Reserve.
 - ✓ \$2.1 million will be invested to advance tree maintenance in priority areas.

2017 Operating Budget Highlights

- The 2017 Operating Budget of \$457.328 million gross and \$318.654 million net provides funding for:
 - Community Recreation to deliver programming to 10.4 million participant visits.
 - Parks to maintain 4,419 hectares of parkland and plant 6,100 horticultural beds.
 - Urban Forestry to complete 482,065 work orders including 103,300 tree plantings.
- This represents an increase of 0.8% to the 2016 Approved Net Budget through measures taken based on the following:
 - Base expenditure reductions (\$10.481 million)
 - Efficiency Savings (\$3.206 million)
 - Service Adjustments (\$0.050 million)
 - Revenue Changes (\$2.333 million)
- New and enhanced funding of \$5.002 million gross and \$1.993 million net.
- Staff complement decrease of 176.2 from 2016 to 2017.
- The Program could not meet the -2.6% budget reduction target because of the operating budget pressures of \$17.005 million net.

Council Approved Budget

City Council approved the following recommendations:

1. City Council approve the 2017 Operating Budget for Parks, Forestry and Recreation of \$457.328 million gross, \$318.654 million net for the following services:

<u>Service</u>	<u>Gross (\$000s)</u>	<u>Net (\$000s)</u>
Community Recreation	229,382.4	153,872.0
Parks	154,643.4	121,142.6
Urban Forestry	73,302.6	43,639.8
Total Program Budget	457,328.4	318,654.4

2. City Council approve the 2017 service levels for Parks, Forestry and Recreation as outlined on pages 30-33, 39-41, and 46,47 of this report, and associated staff complement of 4,433.0 positions.
3. City Council approve the 2017 new user fees, technical adjustments to user fees, market rate user fee changes, rationalized user fees, and other fee changes for Parks, Forestry and Recreation identified in Appendix 7 for inclusion in the Municipal Code Chapter 441 "Fees and Charges".
4. City Council direct Parks, Forestry and Recreation to continue with the full cost recovery analysis of all user fees over the next 2 years to include both the direct and indirect operating costs, including capital replacement costs as follows: Urban Forestry user fee analysis to be completed prior to the 2018 Budget process; Parks and Recreation permits and Community Recreation registered program user fees prior to the 2019 Budget process.
5. City Council approve the final Year 3 phase-in fee increases for the newly designated premium sport fields, inclusive of inflationary adjustments, along with the \$25 discounted rate for children and youth effective January 1, 2018, as described on page 14.
6. City Council direct the General Manager, Parks, Forestry and Recreation, together with the Chief Information Officer to review and identify the operating costs and associated benefits of two major Information Technology projects, the Permitting, Licensing and Registration System and the Enterprise Work Management System (eWMS) in time for the 2018 Budget process.
7. City Council direct that the tree canopy be expanded by increasing tree plantings by 17,000 from 103,000 to 120,000 in 2017 and that the General Manager, Parks, Forestry and Recreation report to the Parks and Environment Committee on a strategy and plan on how the City can expand its tree canopy on private lands prior to spending the \$1.060 million included in the 2017 Budget Committee Recommended Operating Budget for the development of private partnerships for new tree planting and tree care on private lands.
8. City Council direct the General Manager, Parks, Forestry, and Recreation to establish a working committee with representatives of Toronto District School Board, school community, and city staff to review and develop a

plan that increases the utilization of the pool's capacity and report to Community Development and Recreation Committee on the pool's performance by the fourth quarter of 2017.

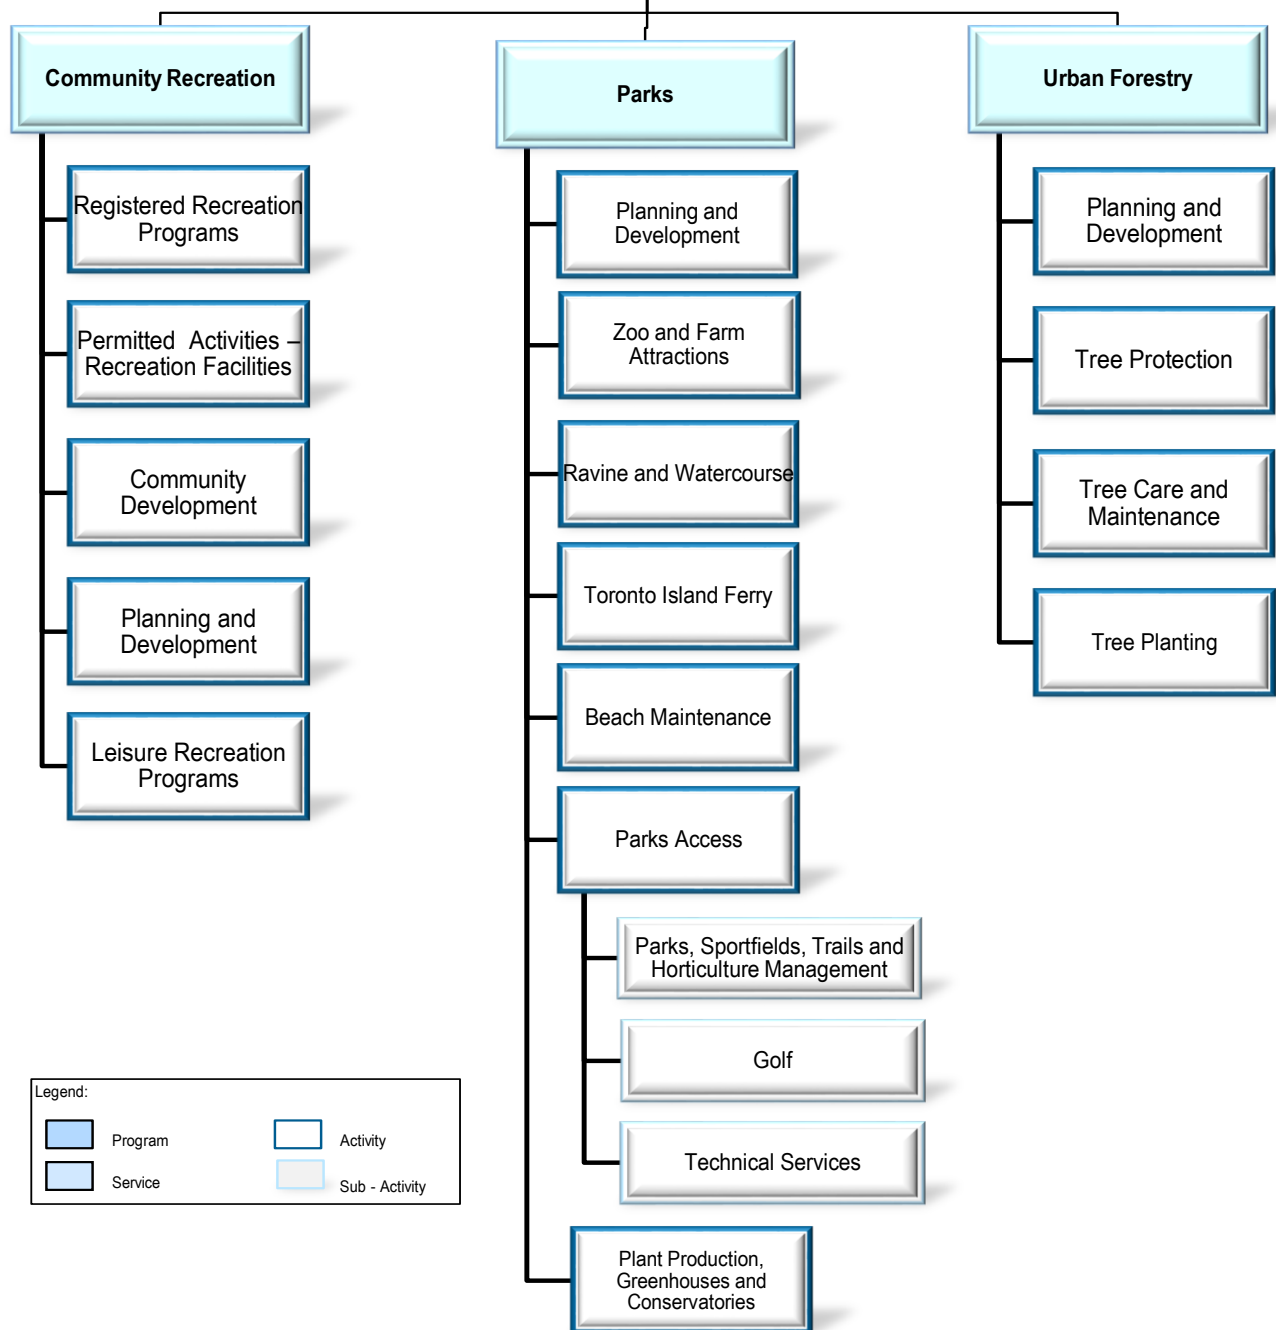

Part 1:

2017-2019 Service Overview and Plan

Program Map

Parks, Forestry and Recreation

Parks, Forestry and Recreation brings together all of Toronto's diverse communities on a common ground. We provide a wide variety of leisure and recreational opportunities that include all Toronto residents. In our centres, parks and playing fields, we encourage communities to help themselves, and aid Torontonians to become the best they can be. We measure our success by quality, satisfaction and community development outcomes. Our parks, playing fields and recreation centres and amenities along with our trails, forests, meadows, marshes, and ravines, will be beautiful, clean, safe, and accessible, meeting all our communities' needs.

Purpose Statements

Purpose Statements

Community Recreation:

- To deliver recreation programs and services in a customer-driven, high quality, accessible, equitable and innovative manner.
- Programs and services are responsive to the needs and interests of our communities while meeting city-wide standards.
- Develop a multi-year recreation service plan to address service gaps, unmet demand, cultural and demographic changes. Development of the plan will be guided by four principles: equity, quality, inclusion and capacity building.
- Design and development of new recreational facilities, and repair of existing recreational facilities.
- Operate and maintain the City's recreational facilities.
- Deliver instructional recreation programs that teach a new skill or improve the competency level in various activities such as sport, fitness and health, art and crafts, outdoor pursuits, hobbies and continuing education.
- Deliver recreation programs that offer various drop-in activities such as sport, fitness and health, art and crafts, outdoor pursuits, hobbies and continuing education.
- Provide self directed recreational opportunities through permits for recreational facilities such as ice rinks, facilities, parks and sports fields to individuals and community groups.

Urban Forestry:

- Maintain in a state of good repair and enhance the urban forest asset through investment in new trees, protection and maintenance of the existing asset, and planning for the future.
- Maintain a multi-year Urban Forestry Service Plan, including annual review and adjustment to maximize operational efficiency towards preserving and optimizing the urban forest asset, including street trees, commercial trees, park trees, and natural areas.
- Protect the existing tree and natural area assets to maximize public benefit by ensuring healthier trees and natural areas and avoiding unnecessary damage or removal ; working with other City Divisions and key stakeholders on policies to improve tree planting and protection, natural area preservation and growing conditions in the City. Includes:
 1. Review of development and construction plans
 2. Processing of permit applications
 3. Bylaw compliance/enforcement
- Plant more trees on City-owned land and promote and support tree planting on public (quasi- City) and private land to increase long term canopy potential. This includes street trees, park trees, commercial trees, and trees and related plants in natural areas and partnership ventures with other agencies and private groups such as the Trees across Toronto Program, and community engagement with volunteer planting.
- Proactively manage and maintain trees: Maximize the public benefit of the urban forest by ensuring healthier and longer lived trees through systematic processes that encourage tree health and natural form, maintaining structural integrity to help them to achieve full life expectancy.

Parks:

- Provide clean, safe and well-maintained green space and park amenities for passive and active permit use.
- Develop a multi-year Parks Plan to guide the design, development and service standards of new parks, and repair of existing parks. Service plan development will be guided by seven key principles of:
 - parks and trails as City infrastructure,
 - equitable access for all residents,
 - nature in the City,
 - place making,
 - supporting a diversity of uses,
 - environmental stewardship and
 - community engagement and partnerships,
- Provide clean, safe and well-maintained green space, park amenities and beaches.
- Design and development of new parks, and redevelopment of existing parks.
- Produce and provide high quality plants for garden, park and conservatory displays which can enhance urban aesthetics.
- Provide transportation services to Toronto Island Park in keeping with legislative requirements for ferry operations.
- Manage and maintain natural areas through restoration and preservation activities.
- Operate the two animal farms and one zoo in the City of Toronto.
- Provide Opportunities to promote Urban Agriculture and Food Production in the City.

Approved Positions	4,609.2	4,512.4	4,425.4	7.6	4,433.0	(176.2)	(3.8%)	32.1	0.7%	(5.7)	(0.1%)

Parks, Forestry and Recreation's 2017 Operating Budget is \$457.328 million gross and \$318.654 million net, representing a 0.8% increase from the 2016 Approved Net Operating Budget. This increase is 3.4% or \$10.788 million higher than the budget reduction target of -2.6% as set out in the 2017 Operating Budget Directions approved by Council.

- Base pressures are mainly attributable to full year impacts for new and enhanced service priorities approved in 2016, operating impacts of capital investments for parks and recreation facilities, inflationary increases to non-salary expenses, as well as increases to salaries and benefits common across all services.
- To offset the above pressures, the Program was able to identify base expenditure savings of \$17.005 million through a line-by-line expenditure review, deferring the operating impacts of capital, and providing service and revenue adjustments while maintaining its core services and service levels.
- Parks, Forestry and Recreation will also achieve efficiency savings by consolidating support functions and reviewing existing service delivery models. The phasing out of the Emerald Ash Borer (EAB) Plan resulted in a reduction of \$1.600 million net.
- The 2017 Operating Budget includes Year 1 of a 2-year effort to advance tree maintenance in priority areas, the introduction of cost recovery fees for the enforcement and compliance efforts for dangerous trees on private property; new fees for vehicle crossings on the ferry; and a permitting pilot for public tennis courts.
- Approval of the 2017 Operating Budget will result in Parks, Forestry and Recreation reducing its total staff complement by 176.2 positions from 4,609.2 to 4,433.0 mainly due to prior year reversals of one-time projects (53.7 full-time positions equivalents) and a technical adjustment relating to position-based budgeting for recreation workers (111.3 full-time position equivalents).
- The 2018 and 2019 Plans reflects cost pressures arising from the addition of full year costs for prior year decisions, anticipated operating impacts for new parks and facilities to be completed; as well as phased-in adjustments for revenue target shortfalls for permitted activities expected to continue.

The following graphs summarize the operating budget pressures for this Program and the actions taken to offset these pressures and towards the budget reduction target.

Key Cost Drivers

Actions to Achieve Budget Reduction Target

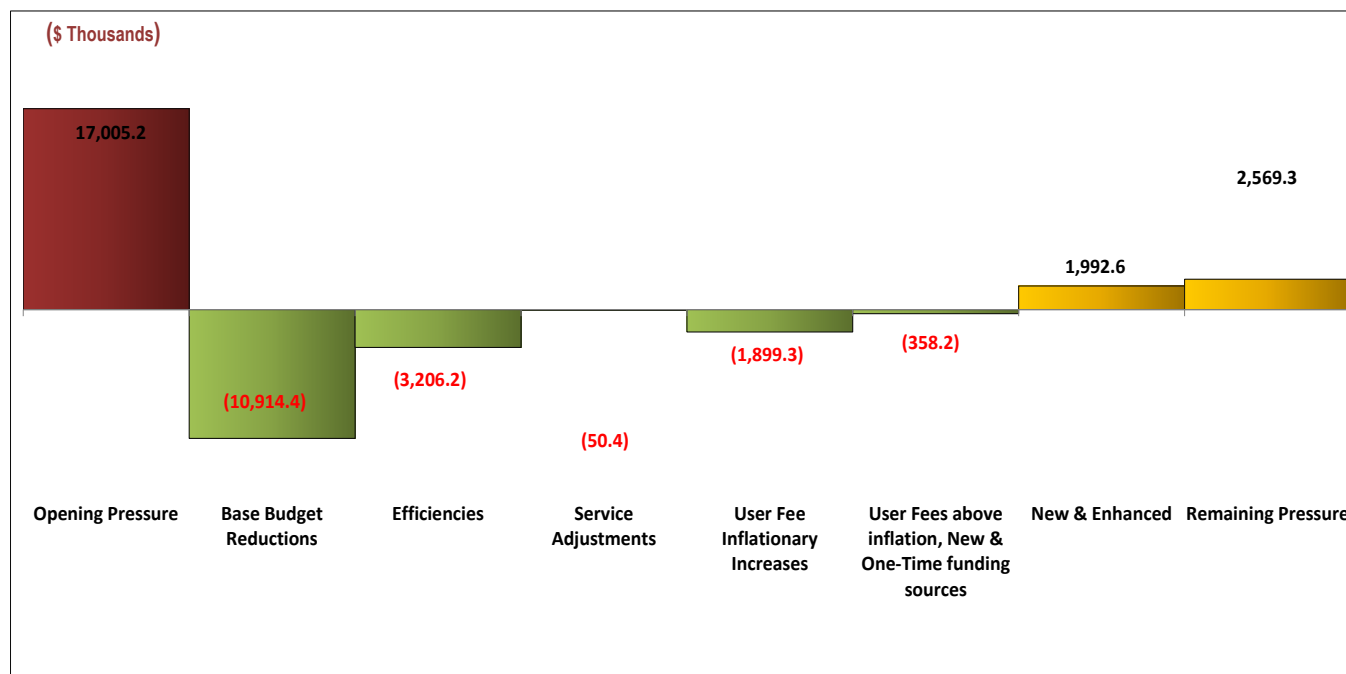

Table 2
Key Cost Drivers

(In \$000s)	2017 Base Operating Budget						Total	
	Community Recreation		Parks		Urban Forestry

Key cost drivers for Parks, Forestry and Recreation are discussed below:

- Prior year impacts created a \$3.235 million net pressure based on the following:
 - In the 2016 Operating Budget City Council approved the Youth Space Expansion – Phase 3 for \$0.297 million and the Grenadier Pond Ice Monitoring Program for \$0.025 million with one-time funding sources from the City's Tax Stabilization Reserve. In 2017, this funding is not available.
 - The 2016 Operating Budget provided funding of \$0.446 million gross and \$0.149 million net to implement the final phase of Enhanced Youth Spaces – Phase 3 (3 additional sites) with one-time funding of \$0.297 million from the City's Tax Stabilization Reserve. Youth Spaces include full-time recreation staff at each location to provide dedicated space, enhanced youth programming including leadership and mentorship to youth participants. In 2017, the incremental funding required is \$0.008 million net for the full year cost. The 2016 one-time tax stabilization reserve funding of \$0.297 million is not available in 2017.

- The 2016 Operating Budget provided funding of \$0.025 million to implement an ice monitoring program that tests the thickness and quality of the ice within a designated area on Grenadier Pond, necessary signage and a flagging system to inform the public of the risks associated with activities on frozen bodies of water. In 2017, the estimated cost to provide this service is \$0.080 million as the ice testing requires specialized skillset not commonly available. An additional \$0.055 million is required.
- In 2016, funding of \$0.291 million was approved for a regular rejuvenation cycle for gardens; to deliver enhanced maintenance to 75 additional gardens annually; to implement a Gardner apprenticeship program; and funding to establish four new community gardens per year. In 2017, the incremental funding required is \$0.092 million net for the full year cost.
- The 2016 Operating Budget provided funding of \$1.000 million to fund the operating requirements of parks and recreation facilities planned for completion in 2016, including the York Recreation Centre. The opening of these new facilities will occur throughout the year, thereby requiring the operating costs to be provided over a two-year period. In 2017, the incremental funding required is \$1.332 million net for the full year cost.
- The plan to expand the Tree Canopy proposes the transfer of \$1.900 million of Environment Protection Reserve Fund funding to the property tax base in 2017 along with the reinvestment of \$1.600 million in net savings from the phase out of the Emerald Ash Borer (EAB) Management Plan to increase the sustainability of funding for the Revised Urban Forestry Service Plan.

While these amounts have been included in the base budget, the Program will defer this planned phase-in as a measure to achieve the Council directed 2.6% budget reduction target.

- The 2016 Operating Budget efficiencies adopted by Council included the relocation of aquatic programs from three Toronto District School Board (TDSB) pools. In 2017, this results in additional savings of \$0.397 million.
- Operating Impacts of Capital:
 - New park developments and park enhancements to be delivered in 2017 require \$2.506 million net in additional funding to operate and maintain service levels.
- Salaries and Benefits
 - In 2017, an additional \$5.998 million in cost of living allowances, progression and step increases is required. This amount also includes \$0.197 million for a wage adjustment to reclassify the Small Engine Mechanic position to a higher wage grade. This level of increase is consistent with the size of the workforce.
- Economic Factors:
 - Non-labour inflationary increases on expenditures adds a pressure of \$3.023 million net to the Program for:
 - inflationary cost increases for energy and utilities of \$1.611 million;
 - an additional \$0.857 million is required for waste collection and disposal fees, parts and building maintenance to support aging infrastructure; price increases to Urban Forestry service contracts; and
 - a further \$0.556 million to recognize the additional subsidy required for user fee increases eligible to be waived under the Welcome Policy Program.
- Other Base Changes:
 - In 2017, \$0.100 million is required for an external consultant to complete the Council directed user fee review. The complexity of the user fees requires dedicated resources and this could not be completed within the existing timeline. A third-party review is consistent with the process followed by other complex City Programs.

- The Program requires a technical reduction to remove \$0.092 million in revenue offset by a salary reduction of \$0.054 million in expenditures and 1.0 FTEs, for a net pressure of \$0.038 million to divest from the bar operations in the East York Curling Club as recommended by the Auditor General. The associated expenditures and revenues for this budget were not reduced at the time of the decision.
 - Parks, Forestry and Recreation delivered indoor swimming programs at Nelson Boylen Collegiate Institute. The Toronto District School Board (TDSB) deemed the building surplus and notified the City of Toronto to discontinue offering programming services by September 2016. This results in savings of \$0.089 million and a reduction of 4.9 full position equivalents.
 - The Toronto Pan Am Sports Centre (TPASC) operating budget requires a \$1.600 million gross and \$0.000 million net expenditure reduction, and a reduction of 43.0 FTEs to adjust the programming volume to the actual service levels being delivered.
 - The initial budget for recreational programs and services was based on 56,000 hours of programming and approximately 600,000 visits annually. The actual annual direct service level to be delivered by the City for 2017 and beyond is estimated at 20,000 service hours and 150,000 visits annually.
 - The TPASC's program budget was developed as a net-zero (neutral) budget, given the program mix and volume of planned programming in this facility. Specifically, the contribution margin for instructional aquatics programs is higher which offsets the lower contribution margin of other programs.
 - An increase in ongoing annual interdivisional charges of \$1.915 million net is required in 2017 for:
 - Facilities Maintenance Services to address routine building repairs and minor non-capital rehabilitations (\$0.884 million);
 - Additional fleet costs for fuel, short-term rentals as well as the monthly flat rate maintenance charges (\$1.029 million); and
 - Solid Waste Management Services disposal fees for waste collected in parks (\$0.267 million).
 - Additional Human Resources support positions to address the current backlog of vacancies to be filled and implement the Program's hiring strategy (\$0.142 million)
 - In 2017, a contribution of \$0.891 million is required to the vehicle reserve. Regular planned vehicle and equipment replacements requires a contribution \$0.291 million. A further \$0.600 million is required for the immediate replacement of showmobiles that have reached the end of their useful life. Showmobiles are a mobile stage available to rent for special events held in parks.
- Revenue Changes:
- As part of the 2016 Budget process, a \$2.000 million revenue target correction for permitted activities was proposed to be phased in over a 3 year period. The historical revenue trend in permit revenue shortfalls is not expected to improve. The 2017 Budget includes \$0.600 million revenue adjustment for permit fees, representing Year 2 of the 3-year phase-in. An additional \$0.800 million in revenue will be reduced in 2018 to achieve the total reduction of \$2.000 million.
 - In addition, based on the 2015 actuals and the 2016 year to date revenue trends, a further correction of \$0.750 million is required for location permits. Similar to permitted activities, this correction will be phased in over two years. In 2017, the estimate for location permits will decrease by \$0.350 million and a further revenue reduction of \$0.400 million is planned for 2018.
 - The TPASC License Fee adjustment is to reflect an increase in the licensing fees paid by TPASC Inc. to the City of Toronto in the amount of \$0.375 million in accordance with the operating agreement between TPASC and the shareholders approved by City Council with EX39.1 on April 1, 2014.

- A user fee realignment of \$0.500 million from Community Recreation to the Parks Service is required to match the revenue generated to the expenditure incurred.

Ferry Crossing Revenue

- This increase adjusts the revenue target by \$0.675 million net to be closer to the average annual revenue realized over the past several years. The number of passenger crossings has been steadily increasing from 1,144,410 in the 2011 to 1,390,069 in 2015. This trend is expected to continue in 2017.

Construction and Staging Agreements

- This increase sets the revenue target to be closer to the actual revenue realized. Based on past experience, there has been an increase in the number of agreements signed on an annual basis and this trend is expected to continue.

Increase Permit Fees at Newly Classified Premium Sports Field Fees

- At its meeting on March 10, 2015, City Council adopted the recommendation requesting that the General Manager, Parks, Forestry and Recreation to consider as part of the 2016 Budget process:
 - a) implementing permit fee increases equally over a three year period for existing resident seasonal permit holder organizations at sport fields reclassified or developed from "A" to "Premier"; and
 - b) Including a new not-for-profit Children and Youth Resident Fee of \$25 per hour for existing resident seasonal permit holder organizations at sport fields reclassified or developed from "A" to "Premier".
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.EX3.4>
- Parks, Forestry & Recreation completed a review of its sport field classifications and changed the classifications of some sport fields based on maintenance frequency and amenities; and where there are increased fees as a result of the re-classification from 'A' to "Premier" category, the increased fee will be phased-in over 3 years for existing seasonal permit holders.
- In 2016, 2 sport field locations were converted from the lower "A" classification to premier status and the resulting increase in permit fees will be phased in over three years.
- As part of the 2016 Budget process, the following fees were created with proposed phased increases in 2017 and 2018.

Rate Description	Service	Fee Category	Fee Basis	2016	2017			2018	2019
				Approved Rate	Inflationary Adjusted Rate	Other Adjustment	Budget Rate	Plan Rate	Plan Rate
Sport Field P-NP, Res, C&Y-Prime-existing seasonal groups	Parks	City Policy	Per Hour	12.03	\$0.28	\$6.31	\$18.62	\$25.58	\$18.62
Sport Field P-NP, Res, Adult-Prime-existing seasonal groups	Parks	City Policy	Per Hour	36.35	\$0.84	\$5.91	\$43.10	\$51.41	\$51.41
Sport Field P-NP, Res, OA-Prime-existing seasonal groups	Parks	City Policy	Per Hour	26.39	\$0.61	\$11.33	\$38.33	\$51.41	\$51.41
Sport Field P - TCDSB - Prime - existing seasonal groups	Parks	City Policy	Per Hour	12.03	\$0.28	\$6.31	\$18.62	\$25.58	\$25.58
Sport Field P - TDSB - Prime - existing seasonal groups	Parks	City Policy	Per Hour	17.45	\$0.40	\$6.20	\$24.05	\$25.58	\$25.58

- This fee increase generates \$0.001 million in additional revenue in 2017 and a similar amount in 2018.
- Parks, Forestry and Recreation will implement the \$25 discounted Children & Youth rate at the end of the 3-year phase-in period beginning in 2018 for existing seasonal permit holders at the two locations re-classified as premier status as planned. The \$25 fee is approximately 50% of the regular adult/commercial rate for existing seasonal permit holders.

Actions to Achieve Budget Reduction Target

In order to achieve the budget reduction target of 2.6%, the 2017 service changes for Parks, Forestry and Recreation consists of base expenditure savings of \$10.481 million net, base revenue changes of \$2.333 million net, service efficiency savings of \$3.206 million net, above inflation revenue adjustments of \$0.358 million and service level changes within the Program's baseline standards of \$0.050 million net, for a total of \$16.429 million net as detailed in the following page:

Table 3
Actions to Achieve Budget Reduction Target

Base Expenditure Changes (Savings of \$10.781 million gross & \$10.481 million net)*Line by Line Review – Historical Spending*

- The 2017 Operating Budget includes expenditure savings of \$0.871 million associated with the review of historical spending. Savings were generated predominately in materials and supplies across all services.

Reduce Family Day Programming Requirements

- As part of the 2016 Budget process, \$0.250 million gross and net was provided to open and offer family oriented recreation programs on Family Day at select community centres and aquatic locations across the City.

In 2016, the enhanced service level was offered at 78 locations City Wide: 22 locations in Etobicoke District, 13 locations in Toronto East York District, 18 locations in Scarborough District and 25 locations in North York District. Programs and services were offered at multiple community centres and included family oriented programs, leisure swim, leisure skate and ski along with hosting a signature skating party at Nathan Phillips Square.

- Based on the 2016 experience, the 2017 budget has been reduced by \$0.155 million net and a similar level of Family Day programming at community and aquatic centres can be provided.

2.6% Reduction in Discretionary Spending

- Consistent with City Council direction to achieve a reduction target of 2.6%, the Program has made an across the board reduction to all discretionary expenditure budgets of 2.6% totaling \$0.127 million net.

Review of Operations & Existing Business Processes

- The Program reviewed operational support functions and repurposed vacant positions to address needs within the facilities operations section of Community Recreation in order to develop a consistent approach for training, operating standards, and a preventive maintenance program resulting in savings of \$0.182 million.

Aged Vacancies

- The Program has deleted 10.9 vacant FTEs with savings of \$0.617 million. These positions were previously held vacant to meet the gapping targets and/or offset spending in other areas. A review of these positions along with other realignments determined that they can be deleted without impacting service levels.

Detail Salaries and Benefits Review

- The salary and benefit budget was reduced by \$4.140 million net. These savings were identified through an analysis based on moving to position-based budgeting that aligned the salary and benefit budget for recreation workers to the average actual salary and benefit costs that have been incurred historically. As this is an alignment of actual staff hours used and service delivery requirements, this adjustment does not result in any decrease in recreation worker hours or Service levels.

Defer Impacts of Revised Urban Forestry Plan

- The \$3.800 million gross and \$3.500 million net expenditure for the 2017 Year of the Revised Urban Forestry Service Plan to expand the Tree Canopy has been deferred to 2018 in order to meet the Council directed 2.6% budget reduction target. It should be noted that Parks, Forestry and Recreation will invest \$4.339 million over at 2-year period to advance tree maintenance in priority areas. See discussion on page 55.

Reduce Estimate for Economic Factors

- Inflationary increases for parts and service contracts totalling \$0.889 million will be accommodated within the existing Operating Budget without impacting service levels. The Program has achieved historical favourable

year-end variances as a result of timing delays. As the completion of capital projects is subject to a number of conditions, it is expected that these savings can be achieved and these increases will be revisited as part of the 2018 Budget cycle.

Base Revenue Changes (Savings of \$0.055 million gross and Savings of \$2.333 million net)

User Fee Inflationary Increase of 2.3%

- Additional revenue of \$1.899 million net will be generated from an inflationary increase of 2.3% applied to most user fees within the Program. Parks, Forestry and Recreation calculated an across the board increase of 2.3% based on the projected rate of inflation applied to their ratio of labour, materials and services needed to deliver various services for 2017.

The incremental increase to the ferry service fees will fund the \$0.074 million contribution to the Ferry Replacement Reserve. This contribution increase aligns with the Ferry Replacement Reserve Continuity Schedule, and will continue to increase in the coming years to meet the capital requirements for the replacement of 4 ferry boats over a 16 year period (Year 2017 – Year 2032).

In accordance with the City's User Fee Policy, inflationary increases automatically apply to most user fees and are effective January 1st of each year. Please see Appendix 7a for a detailed listing of User Fee increases as a result of inflation.

Development Application Review

- In accordance with the City's User Fee Policy, a four year comprehensive review of City development application fees was conducted. The review re-evaluated the assumptions upon which the user fee is based and considered the degree to which the User Fee Policy is complied with.
- The Planning application fee changes recommended following completion of this review, reflect cost recovery for development review services based on the number of business units and staff effort involved (direct costs), indirect and capital costs across multiple City Programs, as well as process changes that have taken place since the cost recovery model was developed in 2006. Based on this review, revenues will increase by \$0.415 million.

The applications received continues to grow and to meet the required response times, five positions are being re-purposed resulting in savings of \$0.019 million. These savings will be reduced in future years as newly hired staff receive step and progression pay increases. Together with these savings, the net impact of this adjustment is \$0.434 million.

Service Efficiencies (Savings of \$3.396 million gross & Savings of \$3.206 million net)

Adjust the York Recreation Centre Budget

- The estimate for the operating impacts of capital has been reduced by \$0.450 million net as the Program expects to accommodate this impact through a realignment of resources in Community Recreation. The facility opened in January of 2017.

Absorb 10% of Operating Impacts of Capital

- The Program will accommodate \$0.300 million net within the existing budget through a realignment of resources in the Parks Service.

Harmonize the Waterfowl Program with the Toronto and Region Conservation Authority

- This reduction eliminates the City's staff participation in the control program and transfers the responsibility entirely to the Toronto and Region Conservation Authority (TRCA) achieving savings of \$0.076 million net.
 - The Waterfowl (geese) Management Program includes patrols along the 161 kilometers of waterfront by using an on-staff sheepdog handler and 4 trained border collies to herd the geese and chase the birds into the air and out of the area. This program will be discontinued in 2017. It is not effective as the birds return once the dogs leave the area.
 - TRCA will continue to monitor and patrol the waterfront and relocate the geese through their Goose Management Program.

Ski/Snowboard Season Service Alignment

- By reducing the ski/snow board program by 4 weeks (December), savings of \$0.119 million can be achieved. Historically, the season does not commence as planned due to lack of sufficient snow. This reduction adjusts the start date to January based on actual experience and eliminates the need for standby staff.

Service Delivery Rationalization / Program Support

- The reduction of 11 non-union positions in the Support units for savings of \$1.396 million as a result of restructuring the policy and management services support functions.

Relocate Programs from 3 Selected Toronto District School Board Pools

- The City and the Toronto District School Board (TDSB) have an agreement where the City delivers aquatic programs and services in 30 TDSB schools on evenings and weekends from September 1st through to June 30th and all weekday/weekends in July and August.
- Savings of \$0.261 million net in 2017 and \$0.269 million in 2018 will be achieved by transferring the delivery of aquatic programs and services currently offered from 3 selected Toronto District School Board (TDSB) pools where the agreements are set to expire, to new facilities within close proximity of the selected TDSB pools.
 - Approximately 27,000 leisure and instructional participant visits can be relocated to near-by city-owned or operated pools into both existing and expanded program offerings.
 - Permit holders who wish to continue to use the pools at the three locations will be redirected to the TDSB permit office or may wish to relocate their permits to other City / TDSB locations through the City of Toronto. In 2015, a total of 725 permits and 1,639 permitted hours were booked at two of the facilities.
 - The relocation of programming has minimal impact to services; maximizes capacity usage of other TDSB and City-operated pools; and improves the overall efficiency and fiscal sustainability of the aquatics program delivered by the City.
 - This programming relocation is effective July 2017 (to align with the expiry of the agreement).

- Programming at the following locations will be re-located:

TDSB Pool	Ward	District	Closest Location for Program Location
S.H. Armstrong Community Centre	32	Toronto/ East York	<ul style="list-style-type: none"> • Jimmie Simpson CC (0.95 km) • Fairmount Park CC (1.35 km) • Matty Eckler CC (1.36 km) • Beaches CC (2.13 km) • Earl Beatty CC (2.25 km)
Centennial Recreation Centre - Etobicoke	12	East York	<ul style="list-style-type: none"> • proximity to new York RC Aquatic Facility at Black Creek Drive and Eglinton Ave (Proximity – 0.30km) • Annette CRC (Proximity – 3.21km) • Vaughan Road Academy (Proximity – 3.25km)
Don Mills Collegiate Institute	34	North York	<ul style="list-style-type: none"> • Dennis R. Timbrell RC (2.09 km) • Victoria Park SS (2.65 km) • York Mills CI (3.26 km) • Leaside Gardens Memorial Pool (4.07 km)

- The majority of savings are derived from the rental payment covering annual operating costs.
- Don Mills Collegiate Institute is primarily a permitting facility with no programs offered.

Rationalize Fleet - Eliminate Showmobiles

- The showmobile is a mobile stage available to rent for special events held in parks. The 3 vehicles currently owned by the City have reached the end of their useful life and require replacement. Discontinuing this rental service results in an immediate cost avoidance of \$0.604 million net and annual savings relating to any vehicle reserve contribution for their subsequent future replacement of \$0.060 million per year.

This rental service is available from other service providers with more advanced options and automation at a cost which is more economical than what the City can provide. Providing this service does not align with Parks core service delivery levels. It should be noted that the rental activity has averaged approximately \$0.020 million per year over the last five years. Reservations have been steadily decreasing.

Revenue Adjustments beyond Inflation (Savings of \$0.358 million net)

Increase Extended Care Fees to Camps by \$1.00/hr

- The Camp Extended Care program fee increases by an additional \$1.00 per hour. In 2016, the City of Toronto Extended Camp Care program rate is \$2.92 per hour, and the increase of \$1.00 per hour is anticipated to have minimal impact on users. Together with the 2.3% inflationary increase, the extended camp care fee increases to \$4.00 per hour and generates an additional revenue of \$0.109 million net.
- The camp extended care program is offered to participants who are registered at a City camp program. The extended camp care program is supervised and is generally available between 8am to 9am and for after camp between 4pm to 5pm.
- Based on 2015 data, there are approximately 20,000 paid registrations for camp extended care.

Increase Silverbirch Boathouse Permit

- The Silver Birch boathouse operates 14 weeks per year and has storage capacity for up to 140 paddleboards, canoes and kayaks. The current annual storage fee of \$106.61 increases by 38% in addition to the 2.3% annual inflationary increase to bring the annual storage fee in 2017 to \$150.00 resulting in additional revenue of \$0.006 million net.

- This additional increase has minimal impact on revenue generation. There is currently an extensive waiting list for the slip. With the additional 38% increase beyond inflation, Silverbirch boathouse rates will be in line with a comparable private facility.

Introductory Instructional & Subscriber Program Fee Increase

- The fee adjustment increases the introductory instructional and subscriber programs by an additional 10% beyond the inflationary increase of 2.3%. This increase will bring fees for introductory instructional and Subscriber programs more in-line with similar programs also offered by PFR. Refer to Appendix 7a for a listing of new user fee rates.
- Introductory instructional and Subscriber programs are categorized as follows:
 - Introductory instructional programs are classes where participants learn basic skills and gain exposure to a recreational skill or receive instruction for a general type of programs. Examples are introductory gymnastics, sports, dance and arts and craft programs.
 - Subscriber programs are leisure and wellness opportunities and experiences in a supervised, supported and structured program with group members who share a leisure interest. Examples are homework clubs, chess and craft clubs, supervised play and family gym time.
 - Programs within these categories are generally 9 or 12 weeks in length.
- Based on 2015 data, there were approximately 85,000 paid registrations for introductory instructional and subscriber programs.

Service Adjustments (Savings of \$0.057 million gross & \$0.050 million net)

Close the Toronto Island Ropes Course

- This service adjustment eliminates operations of the Toronto Island Ropes course. The Toronto Island ropes course is operating seasonally; is weather dependant; and has low usage. It is categorized as a secondary program / service in Community Recreation. If kept open, the course would require a capital investment to modernize and improve the equipment and operating standards. Given the investment required, it is more cost effective to close the course. This will generate savings of \$0.050 million net.

Table 4
2017 New & Enhanced Service Priorities

Description (\$000s)	New/Enhanced						Total			Incremental Change

Enhanced Service Priorities (\$4.802 million gross and \$2.258 million net)

Tennis Pilot Permit Project

- At its meeting on November 8th, 2016, City Council adopted *CD14.1 Tennis Permit Pilot Project*, authorizing the General Manager, Parks, Forestry and Recreation to include the implementation of the Tennis Pilot Permit Project for City Council consideration during the 2017 Budget process an expenditure of \$0.008 million gross and 0 net, and issue permits to individuals or organizations at the following four City of Toronto public tennis court locations where there are no Community Tennis Clubs:
 - a. Jonathan Ashbridge Park (Toronto / East York) - Ward 32;
 - b. Birchmount Park (Scarborough) - Ward 36;
 - c. Park Lawn Park (Etobicoke / York) - Ward 5; and
 - d. Champlain Parkette (North York) - Ward 10

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.CD14.1>

City Council also adopted the following new fees for the pilot.

Rate Description	Service	Fee Category	Fee Basis	2017 Budget Rate	2018 Plan Rate	2019 Plan Rate
Tennis Permit - Not for Profit - Child/Youth/Older Adults	Parks	City Policy	Per hour	\$7.00	\$7.14	\$7.28

Growing Toronto's Tree Canopy (Tree Planting Strategy)

- At its meeting on November 8th, 2016, City Council adopted PE14.2 *Growing Toronto's Tree Canopy (Tree Planting Strategy)* and also adopted Attachment 1 of the report titled "Actions to Grow Toronto's Tree Canopy". Council also directed the General Manager, Parks, Forestry and Recreation to develop a Tree Planting Strategy based on the recommendations of the attached report and form an Urban Forestry Working Group with key stakeholders to develop a Tree Planting Strategy and raise necessary funds to implement the recommendations in the report "Actions to Grow Toronto's Tree Canopy".

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.PE14.2>

- To implement this decision Urban Forestry requires an additional 2 temporary positions until the end of 2018 to support the Tree Canopy Strategy. These positions will be funded from ongoing revenues arising from Street Tree and Private Tree By-laws. In 2017, tree replacement funds collected under this bylaw will be contributed to the Tree Canopy Reserve and used for the same purpose.

Urban Forestry Service Plan - Tree Planting Strategy

- Toronto has adopted the goal of increasing tree canopy coverage from 26.6 - 28% to 40% across the City. One of the primary ways of achieving this goal is through planting of new trees, with a focus on planting large canopy species. In 2017, ongoing funding of \$1.200 million is directed at the tree canopy expansion by increasing tree plantings by 17,000 from 103,000 to 120,000 annually.

Tree Planting on Private Lands

- As more than half of the City's land base is private property, private landowners have an important role in the maintenance and expansion of the urban forest. The *Strategic Forest Management Plan* identifies that achieving the canopy cover target will require the establishment of approximately 314,000 trees on private land annually.
- In 2017, ongoing funding of \$1.060 million gross and net is directed to deliver tree planting and tree care through partnership programs on private properties.
- Prior to spending this funding, the General Manager, Parks, Forestry and Recreation is to report to the Parks and Environment Committee on a strategy and plan on how the City can expand its tree canopy on private lands.

Development Application Review Process (DARP) – Additional Resources

- At its meeting on January 31st, 2017, City Council adopted PG17.4 *Additional Staffing Resources for Development Application Review* approving an increase of \$1.806 million gross and 0 net, and an increase of 17 temporary positions, fully funded by the City Planning Development Application Review Reserve Fund (XR1307) to fund additional staff ing resources required to meet each Program's Key Performance Indicators, Planning Act timelines and current and anticipated application volumes.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2017.PG17.4>
- The related Parks, Forestry and Recreation component of the above-mentioned increase is \$0.260 million gross and 0 net to provide part-year funding for 2 Park Planner positions and 1 temporary Senior Landscape Architect position, all on a temporary 2 year basis.

Advancement of Tree Maintenance

- In 2017, Urban Forestry will commence a 2-year focused effort on advancing tree maintenance in the City of Toronto with \$2.100 million in 2017 and \$2.239 million in 2018 including staffing costs. Of the \$2.1 million allocated in 2017, \$1.8 million will be used to support pro-active tree maintenance work, resulting in an additional 32,300 work orders and a reduction to the tree pruning cycle by 2 years, from 10 years to 8 years.

- See discussion in Issues Section – Urban Forestry Service Plan.

Community Recreation Programming Development

- As part of the the planning for the PanAm Games, PFR hired additional programming development positions for the new Toronto PanAm Sports Centre (TPASC). During the 2016 Budget process, this one-time funding was reversed.
- In 2017, two existing temporary positions will be converted to permanent full-time status to address the normalization of operations within the areas of sport development including the Pan Am legacy projects such as Let's Get Coaching, Sport Hall of Honour annual awards, Ready Set Play and various Council directed service plans including Basketball, Tennis Development, Skateboard Strategy and the forthcoming Sport Plan. These positions will also address implementation of the quality assurance standards associated with new legislation including the Child Care and Early Years Act.
- The Program has repurposed vacant positions to accommodate this request. While minor savings of \$0.002 million are achieved in Year 1, these savings will be reversed as staff receive progress and step increases.

New Service Priorities (\$0.200 million gross & Savings of \$0.265 million net)

New Fee Structure for Vehicle Crossing on the Ferry

- Additional revenues of \$0.240 million will be achieved by restructuring the fees for vehicles crossing over to the Toronto Island. The current rate structure has only two fees – a small and a large vehicle fee and is based on weight. The new structure has three fees and is based on the length of the vehicle. This above inflation adjustment aligns fees to other comparable service providers. The new fees are effective March 1, 2017.

In 2017, the fees for vehicles crossing by ferry to the Toronto Island are as follows:

Service	2016		2017		Comments
	Rate Description	Approved Rate	Rate Description	New Rate	
Parks	Ferry Service Small Vehicles	\$106.34	Small to mid-size Vehicle or Trailer (< less than 4.5 M)	\$150.00	Rationalized small vehicle rate includes medium sized and trailers
Parks	Ferry Service Large Vehicles	\$132.86	Mid to large size Vehicle or Trailer (< less than 9.0 M)	\$300.00	Rationalized large vehicle rate includes large/medium sized category and trailers
			Large size Vehicle or Trailer (> greater than 9.0 M length)	\$450.00	Rationalized large vehicle rate includes very large sized category and trailers

Cost Recovery - Enforcement & Compliance for Dangerous Trees on Private Property

- Page 11 of In the Auditor General's report dated November 30, 2012, titled "Municipal Licensing and Standards, Investigation Services Unit – Efficiencies Through Enhanced Oversight", noted that the "Municipal Standards Officer are the first responders to complaints about trees. Although the officers respond to these complaints, they know very little about trees and invariably refer the complaint to Forestry staff".

<http://www.toronto.ca/legdocs/mmis/2013/au/bgrd/backgroundfile-55734.pdf>

- At its meeting on April 3, 2013, City Council adopted *AU10.4 Municipal Licensing and Standards, Investigation Services Unit - Efficiencies Through Enhanced Oversight* requesting the Executive Director, Municipal Licensing and Standards, in consultation with the General Manager, Parks, Forestry and Recreation to determine if tree complaints can be addressed more efficiently.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2013.AU10.6>

- As a result of this direction, Urban Forestry now administers all aspects of By-law enforcement, relating to Chapter 632 Property, Vacant or Hazardous including the recovery of costs as authorized by the By-law. Municipal Licensing and Standards had previously used a sliding scale to calculate administrative costs that are recoverable through the property tax bill. In 2017, Urban Forestry will impose a full cost recovery user fee for this enforcement which will include a fee for non-compliance for work executed by City staff on the homeowner's behalf.
- Where the inspection of a complaint results in an order to comply that is not complied with, the City will hire a contractor to complete the work and recover costs from the homeowner based on an hourly fee. The cost to administer the by-law will continue to be recoverable from the property owner as a charge included on the property tax bill. Urban Forestry requires \$0.200 million for contracted services and estimates that this will generate \$0.225 million in recovery revenue, resulting in an estimate of \$0.025 million net revenue.
- Where the inspection of a complaint results in no further work, or the homeowners complies with an order, there will be no fee charged to the homeowner.
- Urban Forestry requires the creation of new fees to support enforcement of Chapter 632 and the budget to support costs associated with homeowners failing to comply with an order which results in the City having to perform the work at the homeowner's expense.

Rate Description	Service	Fee Category	Fee Basis	2017 Budget Rate	2018 Plan Rate	2019 Plan Rate
Remedial Work for Private Dangerous Trees	Urban Forestry	City Policy	Per remedial work	\$217.49	\$222.50	\$227.61
Additional Cost Per Hour Fee for Remedial Work for Private Dangerous Trees	Urban Forestry	City Policy	Per hour	\$143.16	\$146.46	\$149.82

Approval of the 2017 Operating Budget for Parks, Forestry and Recreation budget will result in a 2018 incremental net cost of \$12.135 million and a 2019 incremental net cost of \$7.679 million to maintain the 2017 service levels, as discussed in the following section:

Table 5
2018 and 2019 Plan by Program

Description (\$000s)	2018 - Incremental Increase				2019 - Incremental Increase			
	Gross Expense	Revenue	Net Expense	Position	Gross Expense	Revenue	Net Expense	Position

Sub-Total	6,849.9	(6,457.0)	13,306.9	32.1	5,837.6	(3,657.6)	9,495.2	(8.7)
Anticipated Impacts:								
Other								
User Fees - Inflationary Increase (estimated at 2.3%)	-	1,765.7	(1,765.7)			1,806.3	(1,806.3)	
Sub-Total	-	1,765.7	(1,765.7)		-	1,806.3	(1,806.3)	
Total Incremental Impact	6,849.9	(4,691.2)	11,541.1	32.1	5,837.6	(1,851.3)	7,688.8	(8.7)

Future year incremental costs are primarily attributable to the following:

Known Impacts:

- The 2018 and 2019 Plan increases are largely attributed to known salary and benefit increases as a result of the cost of living allowance, step increase for union staff and progression pay for non-union staff.
- On an annual basis, Parks, Forestry and Recreation withdraws from the Tree Removal and Cash in Lieu account (now known as the Tree Canopy Reserve) to enhance funds for tree maintenance and planting with no impact to the property tax. In 2018, the \$0.500 million withdrawal for the 2017 expenditure is reversed. Beginning in 2017, these receipts will be contributed to the Tree Canopy Reserve and will be used for the same purpose.
- The EAB Management Plan will decrease by \$4.900 million in 2018 and \$1.300 million in 2019.
- The historical revenue trend in permit revenue shortfalls is not expected to improve. A revenue target correction of \$2.000 million is to be phased over three years with a final reduction of \$0.800 million in 2018. An adjustment of \$0.400 million in location permits is also planned. (see page 13 for full discussion)
- An additional \$3.281 million gross and \$3.178 million net and 28.3 positions is needed for the full year costs of operating and maintaining new park enhancements and recreation facilities.

Anticipated Impacts:

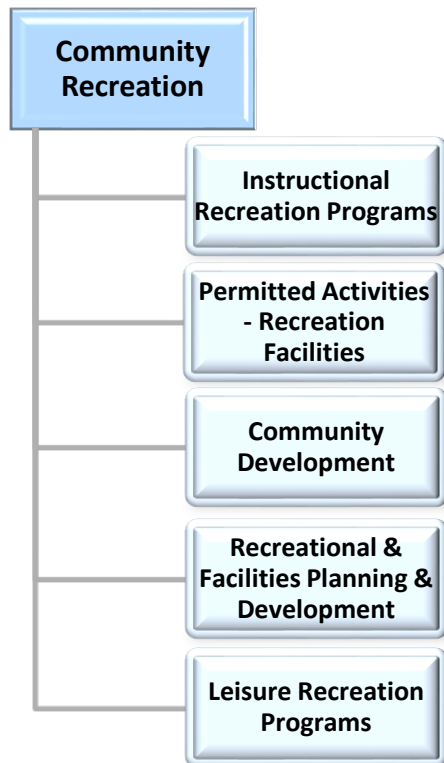

- Consistent with the User Fee Policy, an inflationary increase to user fees of 2.3% is projected for both 2018 and 2019.

Part 2:

2017 Operating Budget by Service

Community Recreation

What We Do

- Deliver recreation programs and services that are innovative, high quality, accessible, equitable, create a sense of belonging and are locally responsive while enhancing the consistency of the programs throughout the City.
- Provide community development and outreach services to increase awareness and participation in recreation among under-served residents.
- Implement a multi-year recreation service plan to address service gaps, unmet demand, cultural and demographic changes. The plan is guided by four principles: equity, quality, inclusion and capacity building.
- Design and develop new recreational facilities, and repair existing recreational facilities.
- Operate and maintain the City's recreational facilities in a state of good repair.
- Deliver drop-in and instructional recreation programs for all ages that teach a new skill or improve the competency level in a variety of activities, including swimming skating, summer and holiday camps, fitness, sports and arts.
- Operate Afterschool Recreation Care sites, Youth Spaces, as well as outreach to youth and families to engage in recreation opportunities.
- Provide self-directed recreational opportunities through permits for recreational facilities such as ice rinks and community centres to residents and community groups.

2017 Service Budget by Activity (\$Ms) Service by Funding Source (\$Ms)

Output Measure: Number of Participant Visits for Recreation Programs

- 2015 actual participation growth was 15% consisting of 9% growth in registered/instructional programs and 20% growth in leisure/drop-in programs.
- Growth is attributed to opening of new facilities, full implementation of centres where programs are free and 10 Enhanced Youth Spaces.

2017 Service Levels

	Outdoor Pools	Approved	58 pools	58 pools	59 outdoor pools

Overall, the 2017 Service Levels are consistent with the approved 2016 Service Levels for Community Recreation. In 2017, Community Recreation will measure service delivery based on programming hours delivered.

Service Performance Measures

Efficiency Measure – Cost per Participant Visits for Recreation Programs

- The cost per visit has decreased in 2015 for both instructional and leisure programs.
- The 2% reduction and 13% reduction, respectively, are due to program rationalization and improved utilization of programming resources.
- Toronto ranks as the lowest cost per participant visit in the Municipal Benchmarking Network.

% of Capacity (Instructional Programs)

- % capacity utilization has been growing in recent years due to program rationalization and an increase in the number of Centres Where Programs Are Free.
- Toronto ranks at the top of Municipal Benchmarking Network in program utilization.

The **Community Recreation** Service delivers recreation programs and services in a customer-driven, high quality, accessible, equitable and innovative manner. It aims to increase overall participation in recreation, decrease financial barriers to recreation and improve local and geographic access.

The 2017 Operating Budget for *Community Recreation* of \$229.382 million gross and \$153.872 million net is \$0.755 million or 0.5% lower than the 2016 Approved Net Budget.

- In addition to the base budget pressures common to all services, this service is experiencing additional budget pressures as a result of the following:
 - An inflationary increase of \$0.194 million gross and net associated with the Toronto District School Board (TDSB) agreement to operate pools in their facilities.
 - A correction to revenue targets relating to location permits of \$0.350 million in 2017 and a further \$0.400 million revenue target reduction in 2018.
 - A technical correction that aligns user fee revenue from Community Recreation to the Parks Service in the amount of \$0.500 million.
 - A reduction in the operating budget for the Toronto Pan Am Sports Centre (TPASC) as a result of lower participation levels in the amount of \$1.600 million gross and 0 net to align the budget to the actual Service levels.
 - A technical reduction is required to remove salary costs of \$0.054 million and \$0.092 million in revenue relating to the divestment of bar operations at the East York Curling Club Inc.
- For additional detail see discussion in the Key Cost Drivers section on page 11

- In order to offset these pressures, the 2017 Operating Budget includes base reductions common to all services and are discussed in detail in the Actions to Achieve Budget Target section found on page 16. Other offsets specific to this Community Recreation Service include:
 - A salary and benefit review of the recreation worker budget resulted in savings of \$4.140 million and a reduction of 111.3 FTEs identified through moving to position-based budgeting that aligned the salary and benefit budget with the historical average for actual salary and benefit costs. The total 2017 Operating Budget for recreation workers is 1,733.5 FTEs and \$64.648 million.
 - As part of the annual budget process, the actual salaries and benefits cost for recreation workers will be reviewed to ensure that the budget aligns with the requirements to deliver the Council approved service levels. This reduction does not impact service delivery and has no impact on the Program's capacity to hire recreation staff.
 - Additional revenue of \$0.375 million generated from additional TPASC licensing fees.
 - Additional revenue of \$0.358 million arising from above inflation user fee increases for the Silverbirch Boathouse, Extended Care Fees for Camps and Introductory and Subscriber fees.
 - Savings of \$0.261 million net in 2017 and \$0.267 million in 2018 to be achieved by transferring the delivery of aquatic programs and services currently offered at 3 selected Toronto District School Board (TDSB) pools to other facilities.
 - \$0.450 million in operating impacts of capital for the opening of the York Recreation Centre and \$0.019 million for recreation facilities completed in 2017 to be accommodated within existing capacity through a realignment of resources in Community Recreation.
 - An additional \$0.056 million gross and \$0.050 million net in savings will be achieved from the closing of the Toronto Island Ropes Course.
- The 2017 Operating Budget includes savings of \$0.002 million gross and \$0.002 million for the addition of 2 permanent positions for Community Recreation Programming Development. In 2017, the full cost of this addition is offset by the repurposing of unutilized positions resulting in net staff complement reduction of 2.4 position equivalents.
- In 2017, PFR will conduct a Tennis Permit Pilot project to allow the issuing of permits to individuals or organizations at four City of Toronto public tennis court locations where there are no Community Tennis Clubs and requires \$0.008 million gross and \$0.000 million net.

See discussion in the New & Enhanced Service Priorities section on page 22.

Parks

What We Do

- Design and develop new parks, and re-develop existing parks including technical services to maintain quality parks, and repair amenities.
- Maintain many types of turf including sports fields, lawn bowling greens, stadiums, civic centres as well as general parkland.
- Maintain 11 swimming beaches, 8 of which are blue flag; and operate and maintain five golf courses.
- Operate 52 outdoor artificial ice rink locations; two animal attractions; and two ski hills.
- Conduct 1,000 parks and playgrounds inspections during peak season annually.
- Manage and maintain natural areas including ravine and watercourse inspection and natural trail maintenance.
- Manage 44 hectares of horticulture, three conservatories, four greenhouses, and grow 950,000 specialized plants every year for use in city parks and displays.
- Provide transportation services to Toronto Island Park in keeping with federal legislative requirements for ferry operations.
- Manage and maintain 75 community gardens and administer over 1,500 allotment plots.
- Provide winter snow clearing and maintenance of parks pathways.

2017 Service Budget by Activity (\$Ms)

Service by Funding Source (\$Ms)

Efficiency Measure – Cost per Hectare Maintained

- The operating cost per maintained hectare has been increasing at a rate lower than inflation.
- The low rate of increase comes in a period when new park assets are being added with increasing complexity and urban density as well as higher park usage, type of park usage (increased community/commercial events), environmental changes (storm events causing damage, extended seasons).

Output Measure Number of Sports Fields Permit Hours Booked

- Parks sport field permit hours have been growing in recent years as sport field maintenance standards have been rationalized and classifications harmonized across the city.

Zoo & Farm Attractions	Zoo & Farm Attractions	Approved	Animal care provided based on standards.	Animal care provided based on standards.	Animal care provided based on standards.

Overall, the 2017 Service Levels are consistent with the approved 2016 Service Levels for the Parks.

Service Performance Measures

Efficiency Measure – Cost per Ferry Rider

- Cost per Ferry Rider has been growing at a rate lower than inflation due to growth in usage in recent years.
- The new ferry planned for 2019 will have increased capacity, with fewer breakdowns than the current fleet and are expected to further increase ridership and reduce costs.

The **Parks Service** connects people and communities with parks, advances greening and environmental sustainability, improves the quality of parks, and builds a legacy park system for Toronto. Parks are essential to making Toronto an attractive place to live, work, and visit. Toronto's parks offer a broad range of outdoor leisure and recreation opportunities, transportation routes, and places for residents to interact with nature, and with one another. Parks also provide important economic benefits: they attract tourists and businesses, and help to build a healthy workforce. They provide shade, produce oxygen, and store stormwater. Parks are necessary elements for healthy individuals, communities, and natural habitat.

The Parks' 2017 Operating Budget of \$154.643 million gross and \$121.143 million net is \$2.378 million or 2.0% over the 2016 Approved Net Budget.

- In addition to the base budget pressures common to all services, this service has the following pressures:
 - Of the \$2.506 million net increase in operating impacts of capital, \$2.465 million or 98.3% relates to new park developments and park enhancements to be delivered in 2017.
 - \$0.891 million net increase in the contribution to the Vehicle Replacement Reserve
- In order to offset these pressures, the 2017 Operating Budget includes :
 - A technical correction that aligns user fee revenue from Community Recreation to the Parks Service – Ferry Operations by \$0.500 million net.

- Addition revenue of \$0.675 million in ferry crossing revenue from increased ridership.
 - Additional revenue of \$0.215 million net for Development Application Review (DARF) fees
 - Additional revenue of \$0.088 million net from additional Construction and Staging agreement volume.
 - A reduction of 10% of the operating impacts in the amount of \$0.249 million net to be accommodated within the existing capacity to operate and maintain new parks and new recreational facilities.
 - Savings of \$0.076 million net related to the harmonizing of the Waterfowl Management Program with the Toronto and Region Conservation Authority.
 - Savings of \$0.620 million gross and \$0.604 million net from discontinuing the rental of showmobiles.
- The 2017 Operating Budget includes funding of \$0.260 million gross and \$0.240 million net for new user fees from the restructuring of ferry crossing fees; the Council Approved Tennis Pilot Permit Project; and for the addition of resources for the Development Application Review Process.

See discussion in the New & Enhanced Service Priorities on page 22.

Urban Forestry

What We Do

- Maintain in a state of good repair and enhance the urban forest asset through investment in new trees, protection and maintenance of the existing asset, and planning for the future.
 - Maintain a multi-year Urban Forestry Service Plan.
 - Protect the existing tree and natural area assets to maximize public benefit by ensuring healthier trees and natural areas and avoiding unnecessary damage or removal including:
 - Review of development and construction plans
 - Processing of permit applications
 - Bylaw compliance/enforcement
 - Plant more trees on City-owned land and promote and support tree planting on public (quasi- City) and private land to increase long term canopy potential.
- Proactively manage and maintain trees.
- Maximize the public benefit of the urban forest by ensuring healthier and longer lived trees through systematic processes that encourage tree health and natural form, maintaining structural integrity to help them to achieve full life expectancy.

Overall, the 2017 Service Levels are consistent with the approved 2016 Service Levels for Urban Forestry.

Service Performance Measures

Tree Care & Maintenance Service Wait Time in Months

- Continued investment in the Service Plan and proactive tree maintenance has allowed Urban Forestry to reduce the backlog from 24 months in 2007 to 4.5 months in 2016 with the aim to reduce the backlog to 3 months in 2017.

Output Measure – Number of Work Orders (Urban Forestry)

- Urban Forestry is incrementally advancing towards the 7 year pruning cycle by 2023 with a current cycle of 15 years
- Future year increases are in line with the Forestry Management Plan.

The **Urban Forestry Service** maintains and enhances the urban forest through planting new trees, protection and care of existing resources, and planning tree policy for the future.

Urban Forestry's 2017 Operating Budget of \$73.303 million gross and \$43.640 million net is \$0.947 million or 2.2% over the 2016 Approved Net Budget.

- In addition to the base budget pressures common to all services, this service is experiencing pressures from the Revised Forestry Service Plan of \$3.500 million net which phases in property tax funding from the Environment Protection Reserve Fund as outlined in the Revised Forestry Service Plan. See Issues Discussion on page 55.
- In order to offset these pressures, the 2017 Operating Budget includes:
 - Additional revenue of \$0.219 million net from Development Application Review (DARP) fees.
 - Savings in Year 1 of \$0.027 million net resulting from the repurposing of under-utilized positions to address the gradual transition from in-house to contracting out of tree planting and tree maintenance services.
- The 2017 Operating Budget includes funding of \$4.736 million gross and \$2.235 million net for new initiatives and adds 7 staff for the following:
 - Funding in the amount of \$2.260 million gross and net to expand the City's Tree Canopy by increasing tree planting on both public and private lands.

See discussion in the New & Enhanced Service Priorities on page 22.

- Advancement of tree maintenance in the amount of \$2.100 million gross and \$0.000 million net.

See discussion in the Issues section on page 56

- Funding of \$0.176 million gross and \$0 net, to establish a working group to implement the recommendations as outlined in a consultant's report titled '*Actions to Grow Toronto's Tree Canopy*' to help achieve the 40 % canopy target through partnerships and engagement of private landowners

See discussion of these initiatives in the New & Enhanced Service Priorities on page 22.

- In 2017 Urban Forestry is proposing full cost recovery for the enforcement and compliance requirements for dangerous trees on private property and requires \$0.200 million in contract services, offset by an estimated \$0.225 million in recoveries for a net savings of \$0.025 million net.

See discussion of these initiatives in the New & Enhanced Service Priorities on page 22.

Part 3:

Issues for Discussion

Issues Impacting the 2017 Budget

Budget Reduction Target

- The Parks, Forestry and Recreation 2017 Operating Budget is \$457.328 million gross and \$318.654 million net, representing a 0.8% increase from the 2016 Approved Net Operating Budget. This increase is \$0.958 million net or 2.3% less than the budget reduction target of 2.6%, as set out in the 2017 Operating Budget Directions approved by Council for all City Programs, Agencies and Accountability Offices.
- Total Base Budget pressures of \$17.005 million net or 5.38% over the 2.6% target were partially offset with the following actions:

Actions to Meet the Budget Reduction Target (\$000's)	Net	Positions	% over/(under) 2016 Approved
Included:			
Base Expenditures Reductions	\$ (10.481)	(146.8)	-3.32%
User Fee Inflationary Increase of 2.3%	\$ (1.899)	-	-3.92%
Development Application Review Process (DARP) Fees	\$ (0.434)	-	-4.05%
Efficiencies	\$ (3.206)	(30.3)	-5.07%
Additional Increases to Below Market User Fees	\$ (0.358)	-	-5.18%
Base Budget Pressure before Service Changes	\$ (16.378)	(177.1)	-5.18%
Service Adjustments	\$ (0.050)	(1.4)	-0.02%
Target Reduction Achieved	\$ (16.429)	(178.5)	-5.20%

- After the target reductions of \$16.429 million, the 2017 Operating Budget is \$0.577 million or 0.18% over the 2016 Approved Budget prior to funding for New & Enhanced Priorities.
- In order to meet City Council's budget reduction target of -2.6%, the Program submitted further service adjustments, as noted in the table below, which could have resulted in savings of \$8.995 million gross and \$7.338 million.
- While these Service Adjustments would have achieved the Council directed 2.6% reduction for 2017, they were not adopted.
- As part of the final approval of the 2017 Operating Budget, City Council added an additional \$3.793 million gross and \$3.527 million net relating to the reversal some minor service changes; the reversal of bridging strategies; and additional funding for the expansion of the City's Tree Canopy.

Service Adjustments Not Included in 2017 Operating Budget

Service Adjustment Description (\$000s)	2017 Impact				Net Incremental Impact			
	Gross	Revenue	Net	Positions	2018 Plan		2019 Plan	
					Net	Positions	Net	Positions
Not Included								
Close Selected Wading Pools (36)	(470.8)	-	(470.8)	(11.8)	(55.8)		(10.7)	
Close Selected Stand-Alone Outdoor Pools (12)	(790.1)	(67.6)	(722.4)	(20.2)	(63.0)		(12.8)	
Reduce Turf Maintenance Flying Crews	(4,276.9)	-	(4,276.9)	(45.8)	(64.3)		(74.8)	
Discontinue Service at 10 TDSB Indoor Pools	(1,476.8)	(544.2)	(932.6)	(11.3)	(945.2)	(9.3)	(14.1)	
Close 16 TDSB Exclusive Use & Stand Alone Facilities	(1,979.9)	(1,045.1)	(934.9)	(36.2)	(964.7)	(20.8)	(51.1)	
Total Service Adjustments (Not Included)	(8,994.5)	(1,656.9)	(7,337.6)	(125.2)	(2,093.0)	(30.1)	(163.5)	

Urban Forestry Service Plan - Achieving the City's Tree Canopy Goals

Emerald Ash Borer Management Plan

- The Tree Canopy Goals are currently managed using a consolidated funding plan that addresses both the financial pressures resulting from the management of Emerald Ash Borer (EAB) infestation, as well as the tree canopy goals.
- To achieve the target of 40% tree canopy cover over the next 40 years, City Council, in 2008, authorized the use of \$48.000 million from the Environment Protection Reserve Fund to allow the phasing in of \$22.000 million of annual property tax funding over 8 years, with a target of full property base tax funding by 2016.
- In 2011, Urban Forestry developed and initiated the EAB Management Plan in response to the expanding infestation and the City's requirement to remove trees that have died as well as to mitigate the impact on the urban forest canopy targets. The overall objectives of the EAB Management Plan are to mitigate the impact of dangerous hazardous ash trees through replacement street tree planting.
- To implement the first year of the EAB Management Plan in 2011, Parks, Forestry and Recreation diverted approximately \$1.600 million in property tax funding from the Urban Forestry 2011 Operating Budget to the EAB Management Plan
- During the 2013 Operating Budget process the Urban Forestry Service Plan was revised to give consideration to the EAB Management Plan and adopted through the "Core Service Review – Revising the Timeframe to Achieve the City's Tree Canopy Goals" (PE17.1) report dated September 28, 2012.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2012.PE17.1>

The following was adopted:

- The time frame to achieve the 8 year financing plan to sustain and expand the urban forest and in particular, increase the tree canopy to between 30-40% by the year 2050 be extended by 7 Years from 2016 to 2023
- From 2013 – 2019, Urban Forestry resources be diverted to manage EAB infestation.
- A revised Urban Forestry Service Plan targeted \$22.000 million of annual property tax funding by 2023
- The revised consolidated funding plan detailed below identifies a total of \$48.000 million from the Environment Protection Reserve Fund (XR1718), \$64.900 million of re-purposed Sustainable Energy Fund to address EAB, \$7.000 million from the Tree Canopy Reserve and cumulative investment of \$145.100 million in base budget property tax funding.
- By the Year 2024, the plan projects that \$22.000 million will be fully funded by property taxes.

CONSOLIDATED FUNDING PLAN (Revised Service Plan & EAB)	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024	Total (2017- 2024)	Total (2009- 2024)
Annual Total	18.40	26.60	23.71	20.41	20.41	21.71	21.00	21.00	21.50	22.00	22.00	170.03	292.67
Environmental Protection	3.23	2.68	0.68	0.98	3.98	2.08	5.36	2.18	0.38	0.45	-	15.41	48.00
Sustainable Energy Reserve	9.00	16.90	12.60	7.10	2.20	3.50	-	-	-	-	-	12.80	64.90
Tree Canopy Reserve	-	-	0.75	0.75	0.75	0.75	-	1.30	1.70	1.00	-	6.25	7.00
Property Tax Funding	6.17	7.02	9.68	11.58	13.48	15.38	15.64	17.52	19.42	20.55	22.00	135.57	172.77
<i>Total Incremental amount</i>	(1.30)	8.20	(2.89)	(3.30)	-	1.30	(0.71)	-	0.50	0.50	-		
<i>Incremental property tax amount</i>	1.90	0.85	2.66	1.90	1.90	1.90	0.26	1.88	1.90	1.13	1.45		

- On January 16, 2013, City Council directed Parks, Forestry and Recreation to re-instate the original timelines in the 2008 Urban Forestry Plan to achieve the 40% tree canopy target by the year 2050, and Parks, Forestry and Recreation was directed to include the required funding for consideration through the 2014 Budget process. However, the funding request of \$2.000 million was not approved.
- Since 2013, the EAB Management Plan and Urban Forestry Service Plan have been combined with the original objective of phasing in of \$22.000 million of annual property tax funding. As EAB is phased out, the intent was to re-invest the funding for the purposes of expanding the Tree Canopy.

- In 2017, Year 6 of the EAB Management Plan phased out \$1.600 million net with a planned re-investment of the this funding to expanding the Tree Canopy,
- While Parks, Forestry and Recreation did include the Year 2017 planned \$1.900 million net expansion including the re-investment of the Emerald Ash Borer reduction of \$1.600 million net, for a total planned expansion of \$3.500 million net, this same amount was deferred in order to achieve the Council 2.6% budget reduction target.
- Alternatively, the 2017 Operating Budget includes a two year plan that invests \$4.329 million from the Tree Canopy Reserve for the advancement of tree maintenance and is discussed below.
- In addition to the advancement of tree maintenance, as part of the 2017 Budget process, City Council added an additional \$2.260 million gross and net to expand the City's Tree Canopy by increasing tree planting on both public and private lands. See discussion in the New & Enhanced Service Priorities on page 22

Advancement of Tree Maintenance

- In 2017, Urban Forestry will commence a 2-year focused effort on advancing tree maintenance in the City of Toronto with \$2.100 million in 2017 and \$2.239 million in 2018 inclusive of staffing costs.
- Urban Forestry receives payments for replacement tree planting under the Street Tree and Private Tree By-laws as a condition of permits issued for tree injury and/or removal. The payments, which averaged \$2.800 million annually between 2011 and 2015, are used to fund tree planting and maintenance activities on public land that contribute to achieving the City's tree canopy target. At the end of the 2016 fiscal year, these funds, currently held in balance sheet accounts, will be transferred to the Tree Canopy Reserve and used for the same purpose.
- At its meeting on November 8th, 2016, City Council adopted PE14.2 Growing Toronto's Tree Canopy (Tree Planting Strategy) and adopted policy with respect to the receipt of replacement tree planting funds collected under the Street Tree and Private Tree By-laws (City of Toronto Municipal Code, Chapter 813, Articles II and III), which requires that all replacement tree planting funds collected be contributed to the Tree Canopy Reserve (XR1220) at the end of every fiscal year to ensure actual revenues collected are available to expand the tree canopy and facilitate long term planning.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.PE14.2>

- Tree permit applications have increased by approximately 185% over the past 5 years which has resulted in an accumulation of funds beyond levels that can be spent within the prescribed time period. Urban Forestry will use \$4.329 million of these funds for a two year focused effort to advance tree maintenance in areas of most need. This investment will allow Urban Forestry to complete an additional 33,000 maintenance work orders to support the health and growth of the tree canopy.
- Of the \$2.100 million allocated in 2017, \$1.800 million will be used to support pro-active tree maintenance work, resulting in an additional 32,300 work orders completed and a reduction to the tree pruning cycle by 2 years, from 10 years to 8 years.
- The \$1.800 million for contracted services tree maintenance will be allocated as follows:
 - Street Trees - 39% north, 36% west, 18% south and 7% east
 - These allocations by district will ensure that the # of trees maintained since the implementation of the Service Plan are equally distributed
 - Parks Trees – 25% in each district
 - Focus on high priority parks

- Since 2011, Urban Forestry has managed the Tree Canopy goals together with the Emerald Ash Borer (EAB) Management Plan. The recent extreme weather events (ice storm & flooding) resulting in numerous work orders and a deferral of proactive tree maintenance. In 2017, no current backlog of work orders exists allowing Urban Forestry to focus on tree maintenance and focus on work that would have been done as part of enhancements to the Service Plan.
- Also, at its meeting on December 13, 2016, City Council will consider report BU26.11 titled "Urban Forestry - Increase in Complaints under the Municipal Tree Protection Bylaws" requiring an additional temporary six positions for a duration of six months from January 2017 to June 2017 for a temporary initiative to address the increase in complaints and permit applications under the Municipal Tree Protection By-Laws with an associated gross expenditure of \$0.284 million gross and \$0.00 million net, to fully recovered by permit and contravention fees generated under the bylaws for this purpose.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.BU26.11>

- The completion of these two initiatives will provide Urban Forestry with the resources needed to advance the Tree Canopy goals in 2017 and 2018 with a focus of maintaining the City's tree canopy in good condition.
- After the two-year period, Urban Forestry will re-evaluate and determine if any adjustments are required against the Service Plan and its associated funding sources based on the results of this focused effort.

Tree Planting Strategy

- During the 2015 Budget process, funding of \$0.050 million was provided to complete a critical assessment of the tree canopy after the December 2013 ice storm to provide information on the current canopy condition and help direct future investments in the Forestry Service Plan.
- In response to this direction, Parks, Forestry and Recreation, in consultation with Toronto Water, Transportation Services, City Planning and Economic Development and Culture, are developing a Tree Planting Strategy to reach the City's target of 40% tree canopy cover over the next 40 years.
- Toronto currently has 26.6% to 28.0% tree canopy cover, representing 10.200 million trees. About 40% of these trees are on City lands, with the remaining 60% on private lands.
- The Tree Planting Strategy has been initiated to refine the identification of tree planting opportunities and inform partnerships and mechanisms required to target future investments in tree planting to achieve the City's tree canopy goals as well as associated costs.
 - In order to achieve the target, the City must work with community stakeholders to develop programs that increase tree planting and stewardship on private lands.
 - Since the City land available for planting is limited, tree planting on private land is key to achieving the City's target. As part of the 2017 Budget process, City Council ongoing funding of \$1.060 million gross and net to deliver tree planting and tree care through partnership programs on private properties.
 - Prior to spending this funding, the General Manager, Parks, Forestry and Recreation is to report to the Parks and Environment Committee on a strategy and plan on how the City can expand its tree canopy on private lands.
- As part of the 2016 Budget process, City Council approved two annual grants: one of up to \$0.200 million to Toronto Parks and Tree Foundation (TPTF), and one of up to \$0.050 million to LEAF, with continuation subject to raising \$2.00 in donations from private and public sector for every \$1.00 of City grant, from the \$1.664 million of new funding towards meeting the City's tree canopy goal included in the 2016 Operating Budget for the Urban Forestry Service; and direct the General Manager, Parks, Forestry and Recreation to enter into an agreement with Toronto Parks and Tree Foundation and an agreement with LEAF, with terms and conditions satisfactory to the City Solicitor, with such agreement conditional on the submission of annual activity reports by Toronto Parks and Tree Foundation and LEAF.

- As directed, PFR entered into formal agreements with TPTF and LEAF.
- In 2016, LEAF will received the full \$0.050 million grant and TPTF will receive approximately \$0.115 million of the \$0.250 million.
- As part of the annual budget process, these grants will be reviewed
- At its meeting on November 8th, 2016, City Council adopted report PE14.2 titled “Growing Toronto's Tree Canopy (Tree Planting Strategy)” directing the General Manager, Parks, Forestry and Recreation to develop a Tree Planting Strategy based on the recommendations included in the report "Actions to Grow Toronto's Tree Canopy" and report back in the third quarter of 2017.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.PE14.2>

- In 2017, Parks, Forestry and Recreation included \$0.176 million gross and \$0.000 million net. This initiative is included in the 2017 Operating Budget. See discussion in the New & Enhanced Priorities section on page 22.

Issues Impacting Future Years

Parks Service Plan

- At its meeting on May 7, 8, 9, and 10, 2013, City Council adopted the Parks Plan 2013-2017 and directed the General Manager of Parks, Forestry and Recreation to report back through the 2014 Budget process with a detailed implementation plan based on the direction from Council provided through the adoption of this item.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2013.PE20.1>
- An investment of \$21.625 million to fund city-wide upgrades and improvements to park amenities such as benches, picnic tables, shade areas, to create new social gathering spaces, and for washroom improvements was made in the Capital Plan but funding for Operating has been a challenge.
- Activities that require additional funding for the Parks Plan implementation include the Urban Park Ranger program, improvements of natural environment trails, enhancements to horticulture and urban agriculture, and enhanced maintenance and quality management of the City's parks.
- As part of the 2016 Budget process, City Council funded enhanced park maintenance and enhancements to horticulture and urban agriculture. To meet the budget reduction target of 2.6%, these 2016 Enhancements were reversed.

See discussion as part of Actions to Achieve Budget Reductions Target on page 21.

Recreation Service Plan

- At its meeting of November 27, 28, and 29 2012, City Council adopted the 2013-2017 Recreation Service Plan. The plan aims to increase overall participation in recreation, decrease financial barriers, and improve local and geographic access, with a focus on improving access to recreation for children, youth, seniors, and reduce barriers faced by low-income families, newcomers, and people with disability.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2012.CD17.2>

At its meeting of July 16, 2013, City Council adopted 2013-2017 Recreation Service Plan Implementation Plan and referred the financial impacts to Budget Committee for consideration.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2013.CD22.1>

- Remaining Actions to be implemented from Recreation Service Plan have been grouped under the following categories (1) Service Standards, (2) Service Excellence and (3) Service Planning for the following initiatives has not yet been identified:

Recreation - Unfunded Service Plan Initiatives (000's)					
	2016	2017	2018	2019	2020
Service Standards - Quality Standards to All Age Groups	-	-	-	1,000.0	1,000.0
Service Excellence - Communications and Marketing Strategy	-	550.0	1,100.0	1,100.0	1,100.0
Service Excellence - Consistent Maintenance Standards	-	3,000.0	3,500.0	4,000.0	4,500.0
Service Planning - Enhanced Reporting	-	125.0	250.0	250.0	250.0
Service Planning - Community Development (Equity, Youth, Seniors, Partnerships)	-	165.0	330.0	330.0	330.0
Service Planning - Compliance with Disability Legislation	-	437.5	575.0	575.0	575.0
Service Levels - Youth Leadership Programming		800.0	1,700.0	1,700.0	1,700.0
Recreation Service Plan Unfunded Total Required Each Year	-	5,077.5	7,455.0	8,955.0	9,455.0

- Future Operating Budget increases to implement the remaining actions from the Recreation Service Plan are currently estimated at \$9.455 million net, originally projected to be phased in from 2017 to 2020. Funding sources for the remaining actions have not yet been identified.

Issues Referred to the 2017 Operating Budget Process

New & Enhanced Not Included in the 2017 Operating Budget

- The following initiatives were referred to the 2017 Operating Budget process for consideration. However, they were not approved and are not included in the 2017 Budget.

New / Enhanced Service Description (\$000s)	2017 Impact				Net Incremental Impact			
	Gross	Revenue	Net	Positions	2018 Plan		2019 Plan	
					Net	Positions	Net	Positions
Not Included								
Staff Initiated								
Ravines & Watercourse Service Enhancement	31.6	-	31.6	0.3	1.6		3.3	
Additional Purchasing Support (PMMD) for Capital Delivery	133.8		133.8		52.8		9.0	
Total New/Enhanced Services (Not Included)	165.4	-	165.4	0.3	54.4		12.3	

- Ravines and Watercourse Management (\$0.031 million gross and net)*
 - This initiative supports the Council adopted Parks Service Plan. This proposal would convert seasonal staff from April to October to year round permanent staff.
 - In 2006, Toronto Water agreed to partially fund removal of debris in watercourses, through an interdepartmental charge to PFR for \$0.232 million per year.
 - PFR has increased funding for this service but budget reductions, and a difficulty acquiring, training and retaining skilled seasonal staff had resulted in numerous unfilled positions and an inability to complete this work.
 - Additional funding would be used to expand debris clean-up, including:
 - Inspection of all City of Toronto watercourses on an annual basis and create work orders for areas requiring work;
 - Removal of debris/dams between the storm sewer outfalls and inlets along watercourses in ravines and parks city-wide estimated at approximately 560 tons per year; and
 - Increase on demand/emergency response for the removal of debris in water removal from 311 generated work orders.
- Additional Purchasing Support (PMMD) for Capital Delivery (\$0.133 million gross and net)*
 - Since 2007, PFR has funded dedicated Buyers (1.5 FTEs) in Purchasing and Materials Management Division (PMMD) for the procurement of professional services and construction tenders to improve annual capital spending.
 - Since that time, there has been substantial growth in the PFR capital budget and the number of new projects added annually requiring the Program to hire an additional 15 project management, with a further 16 new positions planned with varying start dates in 2017.
 - The current 1.5 FTEs in PMMD cannot keep pace with this volume of RFQ/RFP generated by the project management staff and the response time provided by PMMD is no longer acceptable, as it impacts the ability to deliver projects.
 - An additional 2.0 dedicated full time positions could meet this work flow demand, increasing the number to 3.5 FTEs to manage the procurement of services for at an additional cost of \$0.134 million.

User Fee Review

- At its meeting on February 17th, 2016, City Council adopted a recommendation during its deliberations of the 2016 Budget City Council directing Parks, Forestry and Recreation to complete the full cost recovery analysis of all user fees over the next 2 years to include both the direct and indirect operating costs, including capital replacement costs as follows: Urban Forestry user fee analysis to be completed in time for the 2017 Budget process; Parks and Recreation permits and Community Recreation registered program user fees in time for the 2018 Budget process.
- The User Fee Policy as adopted by Council states that user fees should be utilized to finance those City services and products that provide a direct benefit to specific users and that user fees should be set to recover the full cost of those products and/or services, unless there is a City policy objective that would change the recovery level to a different amount.
- The Comprehensive User Fee Review process determined that the majority of Parks, Forestry and Recreation user fees do meet a number of City policy objectives and would recover less than the full cost of providing the service.
 - The central principle is to promote equity by recovering the cost of services from those who receive a direct benefit, while taking into account the most vulnerable and achievement of Council strategic outcomes.
- The extent to which the fees should be subsidized to meet the City's objectives is part of Parks, Forestry and Recreation's ongoing review and has not been explicitly considered by City Council.
- The 2017 Operating Budget includes \$0.100 million to engage a third party consultant to complete the full cost recovery analysis of all user fees over the next 2 years to include both the direct and indirect operating costs, including capital replacement costs. A Request for Proposal will be issued in early 2017 with the expectation that the full cost recovery and user review of Urban Forestry will be completed in advance of the 2018 Budget process and Community Recreation and Parks and Recreation permits analysis to be completed in advance of the 2019 Budget process.

Operating Impacts of Capital

- At its meeting on February 17th, 2016, City Council adopted a recommendation during its deliberations of the 2016 Budget City Council directing the General Manager, Parks, Forestry and Recreation to continue with the review all future impacts of capital projects on operating budgets and consider strategies to mitigate future operating budget impacts and provide revised estimates for the 2017 cycle.
- The 2017-2026 Capital Plan results in the addition of \$23.797 million in additional operating costs and a total of 218.7 approved position equivalents to the Parks, Forestry and Recreation Operating Budget over the 10 Year Capital planning period, as follows:

2017-2026 Operating Impacts of Capital Projects

Projects	2017 Budget		2018 Budget		2019 Budget		2020 Budget		2021 Budget		2017 - 2021		2022 - 2026		2017 - 2085	
	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions

- For 2018-2026, the planned Operating impacts are projected to be \$22.533 million excluding any changes that may arise through Section 37 and Section 45 funded projects or from various Plans underway such as the Parks and Recreation Facilities Master Plan.
- PFR confirmed estimates on a per project basis are based on the best available information at the time and the information is to be used for City-wide planning.
- A common industry standard for operating impacts of new parkland are approximately 10% of capital construction costs including the contribution to capital for replacement. Parks, Forestry and Recreation uses an estimate of 7.5% as a benchmark. The operating impact estimates are then reduced to 5% where appropriate based on capital project scope. Operating impacts of new recreation facilities are estimated based on similar existing facilities.
- While historically the amounts added to the budget in the year of delivery have been lower than estimates included in the 10 year plan, PFR is requested to continue exploring options to reduce the operating impacts as part of future budget cycles.

Operating Impacts of Capital – Information Technology Projects

- The 2017-2026 Capital Plan includes two major IT Projects: Permitting, Licensing and Registration System and the Enterprise Work Management System (eWMS). These are major business transformational systems that will impact the way Parks, Forestry and Recreation operates in the future.
- The operating impacts of these two projects has not been identified. Consistent with recommendations by the Auditor General that prior to the development of large scale information technology projects, a detailed review of all Auditor General's recommendations be conducted and a cost benefit analysis be completed and their associated operating impacts, these estimates are to be developed prior to the 2018 Budget cycle.
- In 2016, Parks, Forestry and Recreation completed the IT capital project, CAT/TASS for automated time and attendance processing. The associated IT sustainment costs are \$1.007 million. These estimates are currently being reviewed and have not been included in the 2017 Operating Budget or the 2018 and 2019 Plan Estimates. Savings of \$0.239 million in 2018 and a reduction of 3.0 positions will be achieved once this project is fully implemented and are included in the future year outlooks.

The City's Tree By-Laws

- During the 2016 Budget deliberations, City Council directed the General Manager, Parks, Forestry and Recreation to report to the Parks and Environment Committee on how funds collected for replacement tree planting under the City's Private Tree By-law can be used to increase tree planting on private lands.
- Consistent with the Council recommendation, in 2017, the replacement tree planting funds collected under the Street Tree and Private Tree By-laws will be used to make annual budgeted contributions of \$2.800 million to the Tree Canopy Reserve Fund (XR1220).
- Tree Canopy Reserve Fund will be used to continue planting activities and/or other appropriate initiatives such as development and implementation of the Tree Planting Strategy which includes tree planting on private lands.
- At its meeting on November 8th, 2016, City Council adopted report PE14.2 titled "*Growing Toronto's Tree Canopy (Tree Planting Strategy)*" directing the General Manager, Parks, Forestry and Recreation to develop a Tree Planting Strategy based on the recommendations included in the report "Actions to Grow Toronto's Tree Canopy" and report back in the third quarter of 2017.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.PE14.2>

City Council also adopted the following policy with respect to the receipt of replacement tree planting funds collected under the Street Tree and Private Tree By-laws (City of Toronto Municipal Code, Chapter 813, Articles II and III):

- a) that all replacement tree planting funds collected be contributed to the Tree Canopy Reserve (XR1220) at the end of every fiscal year to ensure actual revenues collected are available to expand the tree canopy and facilitate long term planning;
 - b) as part of the annual operating budget cycle, Parks, Forestry and Recreation estimate the replacement funds collected as current revenue to be received, and an equivalent expenditure in the form of a contribution to the Tree Canopy Reserve (XR1220) be included as part of the Operating Budget; and
 - c) that the future expenditures for the Tree Planting Strategy be included as part of future Operating Budgets and funded by withdrawals from the Tree Canopy Reserve (XR1220).
- In 2017, the planned withdrawal from the Tree Canopy Reserve is \$2.276 million and will be used for tree maintenance and tree planting,

Horticulture Displays

- At its meeting on January 16th, 2016, the Economic Development Committee requested the General Manager, Parks, Forestry and Recreation, in consultation with the General Manager, Economic Development and Culture, to report to Council through the Economic Development Committee regarding the feasibility of hosting a horticultural exposition for Canada's sesquicentennial.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.ED9.7>
- At its meeting on September 19th, 2016, the Economic Development Committee received for information report titled ED14.3, *Toronto Horticulture Exposition*, where staff determined that a garden exposition could be executed in time for the sesquicentennial. The report outlines steps to be taken to align horticultural efforts to the City's Canada 150 program, and to support the development of a garden tourism strategy for the City of Toronto, including the feasibility of including future horticultural expositions.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.ED14.3>
- In the absence of new funding to celebrate the sesquicentennial, staff in Parks, Forestry and Recreation have aimed to adapt existing planned projects, programs and resources to the celebration, where possible. The very successful 'Pan Am Pots' will be repurposed with a new design reflecting the colours of the Canada 150 logo and an additional 100 pots will be distributed to key public locations across the City. The floral displays on University Avenue and all other parks will have a Canada 150 theme made apparent through colour and design choices.

Heat Alert Days

- At its meeting on May 18th, 2016 the Community Development and Recreation Committee adopted *CD12.1 Extension of Four Outdoor Pools' Operation for the Month of September*, an information report from the General Manager, Parks, Forestry and Recreation on the cost and operating model required to maintain a minimum of one outdoor pool per district during the month of September when the Medical Officer of Health or his designate declares a Heat Alert or Extreme Heat Alert.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.CD12.1>
- Extending the operation of four outdoor pools through the month of September (28 days) will require additional funding of \$0.280 million, based on the average per diem cost of an outdoor pool of \$2,500 and cannot be accommodated within the 2016 Approved Budget.

- In light of the City's financial constraints, Parks, Forestry and Recreation, the 2017 Operating Budget does not include any additional funding request for Heat Alerts pool operation.

Primary Program Model

- At its meeting on May 3, 4 and 5, 2016, City Council adopted report, CD 11.2 *2013-2017 Recreation Service Plan Implementation Update* and requested the General Manager, Parks, Forestry and Recreation to:
 - a) expedite the development and implementation of the Primary Program Model, set out in the 2013-2017 Recreation Service Plan; and
 - b) include any necessary resources to implement the changes for consideration during the 2017 Budget process.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.CD11.2>

- In light of the City's financial constraints, Parks, Forestry and Recreation did not include any additional Recreation Service Plan enhancements as part of the 2017 Budget Submission and will accommodate the development of the program with existing resources. Resources for the implementation of the program will be submitted as part of the 2018 Budget process.

Tennis Pilot Project

- At its meeting on October 5th, 2016, City Council adopted report CD14.1 titled "*Tennis Permit Pilot Project Locations*" and authorized the General Manager, Parks, Forestry and Recreation to:
 1. include the implementation of the Tennis Pilot Permit Project as part of the New and Enhanced Services for City Council consideration in the 2017 Budget Submission, and to allow the issuing of permits to individuals or organizations at the following four City of Toronto public tennis court locations where there are no Community Tennis Clubs:
 - a. Jonathan Ashbridge Park (Toronto / East York) - Ward 32;
 - b. Birchmount Park (Scarborough) - Ward 36;
 - c. Park Lawn Park (Etobicoke / York) - Ward 5; and
 - d. Champlain Parkette (North York) - Ward 10.
 2. include the new permit fees for consideration in the 2017 annual Operating Budget process, which will include public notification of all user fee changes.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.CD14.1>

- Parks, Forestry and Recreation's 2017 Operating Budget includes \$0.008 million gross and 0 net for this initiative.

Growing Toronto's Tree Canopy (Tree Planting Strategy)

- At its meeting on November 8th, 2016, City Council adopted report PE14.2 titled "*Growing Toronto's Tree Canopy (Tree Planting Strategy)*" directing the General Manager, Parks, Forestry and Recreation to develop a Tree Planting Strategy based on the recommendations included in the report "Actions to Grow Toronto's Tree Canopy" and report back in the third quarter of 2017.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.PE14.2>

- Parks, Forestry and Recreation included \$0.176 million gross and \$0.000 million net as part of the New & Enhanced Priorities. This initiative is included in the 2017 Operating Budget. See discussion on page 23.

Appendices

Appendix 1

2016 Service Performance

Key Service Accomplishments

In 2016, Parks, Forestry and Recreation accomplished the following:

Community Recreation

Implemented recreation programming and services at a number of recent state of the art facilities, including Regent Park Community Centre, Centennial West Recreation Centre as a youth-focused facility, Toronto Pan Am Sports Centre (TPASC), Centennial Park BMX facility first full year of operation and pPlanned programming for the opening of the York Recreation Centre in early 2017.

- ✓ Implemented key customer service initiatives targeting program registration and permitting. The recreation management business transformation project initiatives, including the replacement of the CLASS system, will result in customer experience improvements throughout 2016, with a new vendor in place to start implementation in 2017
- ✓ Contributed to major corporate/city-wide planning initiatives including Rail Deck Park, TO Core (Parks and Public Realm Study) and Project Under Gardiner / The Bentway and completed a needs assessment and gap analysis for the Parks and Recreation Facilities Master Plan, Phase 1 public consultation including online survey, focus groups, and town halls meetings across the City of Toronto, and Phase 2 public consultation focussing on key issues
- ✓ Implemented 3 new enhanced youth spaces including Masaryk-Cowan CC, Centennial CC West, LAMP Community Health Centre / Rathburn Area Youth and established 10 additional Youth Advisory Councils to support youth in the planning and delivery of recreation programs and services

Parks

- ✓ Invested in new and existing parks to encourage social gatherings, improved maintenance on all Premier and Class A sports fields to provide better service for high level competition, and increased accessibility in parks
- ✓ Transported highest number of passengers to Toronto Island to date.
- ✓ Opened new parks, increased accessibility in multiple parks through new projects and amenity upgrades and invested in parks by constructing new social gathering spaces in park and continued improving the maintenance on all Premier and Class A sports fields through enhanced turf management practices
- ✓ Implemented modernization initiatives such as a parks inspection tool, park and amenity maps.

Urban Forestry

- ✓ Delivered the Urban Forestry Management Plan while addressing the Emerald Ash Borer (EAB) infestation
- ✓ Enhanced the forestry policy framework through the species diversity policy, the tree planting strategy (based on the consultant report entitled "Actions to grow Toronto's Tree Canopy"), and by implementing the Compliance and Enforcement unit to improve administration of the tree by-law
- ✓ Continued the implementation of the Enterprise Work Management System in Forestry, which will modernize the work management process and create efficiencies.

* Based on the 2016 9-month Operating Variance Report

Comment on the Variance

By year-end a positive variance of \$0.827 million is expected at year-end. The savings in salaries and benefits due to the delayed filling of positions relating to the new parks and recreation facilities are expected to be realized.

For additional information regarding the 2016 Q3 operating variances and year-end projections, please refer to the attached link for the report entitled "Operating Variance Report for the Nine-Month Period Ended September 30, 2016" considered by City Council at its meeting on December 13, 2016.

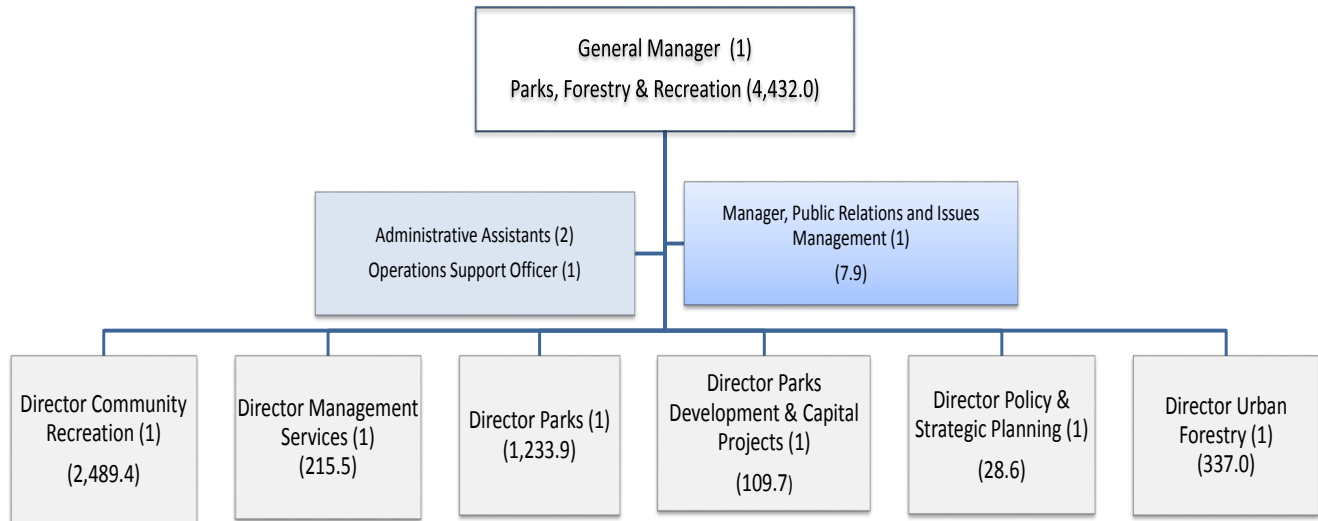

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2016.BU26.4>

Impact of 2016 Operating Variance on the 2017 Operating Budget

- Parks, Forestry and Recreation has reviewed historical spending together with the 2016 year end forecast, and where possible has reduced the 2017 Budget to align with actual experience without impacting on Council approved service levels. These reductions can be found on Table 3 – Service Changes as part of the Base Budget Changes category.
- Parks, Forestry and Recreation continues to experience lower permit and fitness membership revenue than planned. The revenue estimates for permitted fees in Community Recreation have been reduced. This has been offset by additional fees in Urban Forestry and the 2.3% across the board inflationary increase.

10698	Adjust the York Recreation Centre Budget
-------	--

51	2	Description:
----	---	---------------------

The estimate for the operating impacts of capital has been reduced as the Program expects to accommodate this impact through a realignment of resources in Community Recreation. The facility is scheduled to open in January of 2017.

Service Level Impact:

These reductions are not related to existing programming levels and will have no impacts on current programs and services.

Service: PR-Community Recreation

10699	Close Toronto Island Ropes Course
-------	-----------------------------------

59	0	Description:
----	---	---------------------

This service adjustment eliminates operations of the Toronto Island Ropes course. The Toronto Island ropes course is operating seasonally; is weather dependant; and has low usage. It is categorized as a secondary program / service in Community Recreation. If kept open, the course would require a capital investment to modernize and improve the equipment and operating standards. Given the investment required, it is more cost effective to close the course.

10814		Ski / Snowboard Season Service Alignment	
51	4	Description:	
By reducing the ski/snow board program by 4 weeks (December), savings of \$0.119 million can be achieved. Historically, the season does not commence as planned due to lack of sufficient snow. This reduction adjusts the start date to January based on actual experience and eliminates the need for standby staff.			

2017 Operating Budget - Council Approved Service Changes Summary by Service (\$000's)

Form ID		Citizen Focused Services A	Adjustments				2018 Plan Net Change	2019 Plan Net Change
Category	Priority		Gross Expenditure	Revenue	Net	Approved Positions		
		Program - Parks, Forestry & Recreation						

Service Level Impact:

Parks, Forestry and Recreation (PFR) has two Ski and Snowboard Centres: Centennial Ski and Snowboard Centre located in Etobicoke/York district and Earl Bales Ski and Snowboard Centre located in North York district. In 2017, the season for Ski and Snowboard Centres will open after December 26th consistent with historical openings. This change has no impacts to service levels as historically there has been insufficient snow.

10829	Rationalize Fleet - Eliminate Showmobiles
-------	---

51	0	Description:
----	---	--------------

The showmobile is a mobile stage available to rent for special events held in parks. The 3 vehicles currently owned by the City have reached the end of their useful life and require replacement. Discontinuing this rental service would result in an immediate cost avoidance of \$0.604 million net and annual savings relating to any vehicle reserve contribution for their subsequent future replacement of \$0.060 million per year.

Service Level Impact:

This rental service is available from other service providers with more advanced options and automation at a cost, which is more economical than what the City can provide. Providing this service does not align with Parks core service delivery levels. It should be noted that the rental activity has averaged approximately \$0.020 million per year over the last five years. Reservations have been steadily decreasing.

Service: PR-Parks

10899	Relocate Programs from 3 TDSB Pools
-------	-------------------------------------

51	1	Description:
----	---	---------------------

The City and the Toronto District School Board (TDSB) have an agreement where the City delivers aquatic programs and services in 30 TDSB schools on evenings and weekends from September 1st through to June 30th and all weekday/weekends in July and August. Savings will be achieved by transferring the delivery of aquatic programs and services currently offered from 3 selected Toronto District School Board (TDSB) pools where the agreements are set to expire, to new facilities within close proximity of the selected TDSB Pools.

Service Level Impact:

Approximately 27,000 leisure and instructional participant visits can be relocated to near-by city-owned or operated pools into both existing and expanded program offerings. Permit holders who wish to continue to use the pools at the three locations will be redirected to the TDSB permit office or may wish to relocate their permits to other City / TDSB locations through the City of Toronto. In 2015, a total of 725 permits and 1,639 permitted hours were booked at two of the facilities. The proposal will have a minimal impact to services and will maximize capacity usage of other TDSB and City-operated pools improving the overall efficiency and fiscal sustainability of the aquatics program. This will be effective July 2017 (to align with the expiry of the agreement).

10905		Harmonize Waterfowl Program with TRCA						
51	0	Description:						
This reduction will eliminate the City’s staff participation in the control program and transfer the responsibility entirely to the Toronto Region and Conservation Authority (TRCA) .The Waterfowl (geese) Management Program includes patrols along the 161 kilometers of waterfront by using an on-staff sheepdog handler and 4 trained border collies to herd the geese and chase the birds into the air and out of the area. This program will be discontinued in 2017. It is not effective as the birds return once the dogs leave the area.								
Service Level Impact:								
TRCA will continue to monitor and patrol the waterfront and relocate the geese through their Goose Management Program.

10993		Increase Silverbirch Boathouse Permit Fees					
52	0	Description:					
The Silver Birch boathouse operates 14 weeks per year and has storage capacity for up to 140 paddleboards, canoes and kayaks. The current annual storage fee of \$106.61 will increase by 38% in addition to the 2.3% annual inflationary increase to bring the annual storage fee in 2017 to \$150.00.							
Service Level Impact:							
This additional increase will have minimal impact on revenue generation. There is currently an extensive waiting list for the slip. With the additional 38% increase beyond inflation, Silverbirch boathouse rates will be in-line with a comparable private facility.

11139	Introductory Instructional & Subscriber Program Fee Increase
-------	--

52	5	Description:
----	---	---------------------

Introductory instructional and Subscriber programs are categorized as follows: Introductory instructional programs are classes where participants learn basic skills and gain exposure to a recreational skill or receive instruction for a general type of programs. Examples are introductory gymnastics, sports, dance and arts and craft programs. Subscriber programs are leisure and wellness opportunities and experiences in a supervised, supported and structured program with group members who share a leisure interest. Examples are homework clubs, chess and craft clubs, supervised play and family gym time. Programs within these categories are generally 9 or 12 weeks in length.

Service Level Impact:

The fee adjustment will increase introductory instructional and subscriber programs by an additional 10% beyond the inflationary increase of 2.3%. This increase will bring fees for introductory instructional and Subscriber programs more in-line with similar programs also offered by PFR

11140		Increase Extended Care Fees for Camps by \$1.00 per hour						
52	0	Description:						

The camp extended care program fee will increase by \$1.00 per hour. This will be in addition to the 2.3% annual inflationary increase.

Service Level Impact:

Parks Forestry and Recreation (PFR) offers the camp extended care program for participants who are registered at a City camp program. The extended camp care program is supervised and is generally available between 8am-9am and for after camp between 4pm-5pm. The current fee for a extended camp care is \$2.92 per hour and increases based on the number of hours required (1-2 hours) and the length of the camp (1 week or 2 weeks). With this proposal, the extended camp care fee will increase to \$4.00 per hour inclusive of the 2.3% annual inflationary increase.

10699	Close Toronto Island Ropes Course
-------	-----------------------------------

59	0	Description:
----	---	---------------------

This service adjustment eliminates operations of the Toronto Island Ropes course. The Toronto Island ropes course is operating seasonally; is weather dependant; and has low usage. It is categorized as a secondary program / service in Community Recreation. If kept open, the course would require a capital investment to modernize and improve the equipment and operating standards. Given the investment required, it is more cost effective to close the course.

10814	Ski / Snowboard Season Service Alignment
-------	--

51	4	Description:
----	---	---------------------

By reducing the ski/snow board program by 4 weeks (December), savings of \$0.119 million can be achieved. Historically, the season does not commence as planned due to lack of sufficient snow. This reduction adjusts the start date to January based on actual experience and eliminates the need for standby staff.

Service Level Impact:

Parks, Forestry and Recreation (PFR) has two Ski and Snowboard Centres: Centennial Ski and Snowboard Centre located in Etobicoke/York district and Earl Bales Ski and Snowboard Centre located in North York district. In 2017, the season for Ski and Snowboard Centres will open after December 26th consistent with historical openings. This change has no impacts to service levels as historically there has been insufficient snow.

10829	Rationalize Fleet - Eliminate Showmobiles
-------	---

51	0	Description:
----	---	--------------

The showmobile is a mobile stage available to rent for special events held in parks. The 3 vehicles currently owned by the City have reached the end of their useful life and require replacement. Discontinuing this rental service would result in an immediate cost avoidance of \$0.604 million net and annual savings relating to any vehicle reserve contribution for their subsequent future replacement of \$0.060 million per year.

Service Level Impact:

This rental service is available from other service providers with more advanced options and automation at a cost, which is more economical than what the City can provide. Providing this service does not align with Parks core service delivery levels. It should be noted that the rental activity has averaged approximately \$0.020 million per year over the last five years. Reservations have been steadily decreasing.

10899 Relocate Programs from 3 TDSB Pools

51 1 **Description:**

The City and the Toronto District School Board (TDSB) have an agreement where the City delivers aquatic programs and services in 30 TDSB schools on evenings and weekends from September 1st through to June 30th and all weekday/weekends in July and August. Savings will be achieved by transferring the delivery of aquatic programs and services currently offered from 3 selected Toronto District School Board (TDSB) pools where the agreements are set to expire, to new facilities within close proximity of the selected TDSB Pools.

Service Level Impact:

Approximately 27,000 leisure and instructional participant visits can be relocated to near-by city-owned or operated pools into both existing and expanded program offerings. Permit holders who wish to continue to use the pools at the three locations will be redirected to the TDSB permit office or may wish to relocate their permits to other City / TDSB locations through the City of Toronto. In 2015, a total of 725 permits and 1,639 permitted hours were booked at two of the facilities. The proposal will have a minimal impact to services and will maximize capacity usage of other TDSB and City-operated pools improving the overall efficiency and fiscal sustainability of the aquatics program. This will be effective July 2017 (to align with the expiry of the agreement).

10905	Harmonize Waterfowl Program with TRCA	
51	0	Description: <p>This reduction will eliminate the City's staff participation in the control program and transfer the responsibility entirely to the Toronto Region and Conservation Authority (TRCA). The Waterfowl (geese) Management Program includes patrols along the 161 kilometers of waterfront by using an on-staff sheepdog handler and 4 trained border collies to herd the geese and chase the birds into the air and out of the area. This program will be discontinued in 2017. It is not effective as the birds return once the dogs leave the area.</p> <p>Service Level Impact:</p> <p>TRCA will continue to monitor and patrol the waterfront and relocate the geese through their Goose Management Program.</p>

10993	Increase Silverbirch Boathouse Permit Fees	
52	0	Description: <p>The Silver Birch boathouse operates 14 weeks per year and has storage capacity for up to 140 paddleboards, canoes and kayaks. The current annual storage fee of \$106.61 will increase by 38% in addition to the 2.3% annual inflationary increase to bring the annual storage fee in 2017 to \$150.00.</p> Service Level Impact: <p>This additional increase will have minimal impact on revenue generation. There is currently an extensive waiting list for the slip. With the additional 38% increase beyond inflation, Silverbirch boathouse rates will be in-line with a comparable private facility.</p>

11139	Introductory Instructional & Subscriber Program Fee Increase	
52	5	Description:

Category:

51 - Efficiency Change 52 - Revenue Change 59 - Service Change

2017 Operating Budget - Council Approved Service Changes Summary by Activity (\$000's)

Form ID		Citizen Focused Services A	Adjustments				2018 Plan Net Change	2019 Plan Net Change
Category	Priority		Gross Expenditure	Revenue	Net	Approved Positions		
		Program - Parks, Forestry & Recreation						

Introductory instructional and Subscriber programs are categorized as follows: Introductory instructional programs are classes where participants learn basic skills and gain exposure to a recreational skill or receive instruction for a general type of programs. Examples are introductory gymnastics, sports, dance and arts and craft programs. Subscriber programs are leisure and wellness opportunities and experiences in a supervised, supported and structured program with group members who share a leisure interest. Examples are homework clubs, chess and craft clubs, supervised play and family gym time. Programs within these categories are generally 9 or 12 weeks in length.

Service Level Impact:

The fee adjustment will increase introductory instructional and subscriber programs by an additional 10% beyond the inflationary increase of 2.3%. This increase will bring fees for introductory instructional and Subscriber programs more in-line with similar programs also offered by PFR

11140	Increase Extended Care Fees for Camps by \$1.00 per hour
-------	--

52	0	Description:
----	---	---------------------

The camp extended care program fee will increase by \$1.00 per hour. This is in addition to the 2.3% annual inflationary increase.

2017 Operating Budget - Council Approved Service Changes

Summary by Activity (\$000's)

Form ID		Citizen Focused Services A	Adjustments				2018 Plan Net Change	2019 Plan Net Change
Category	Priority		Gross Expenditure	Revenue	Net	Approved Positions		
		Program - Parks, Forestry & Recreation						

Service Level Impact:

Parks Forestry and Recreation (PFR) offers the camp extended care program for participants who are registered at a City camp program. The extended camp care program is supervised and is generally available between 8am-9am and for after camp between 4pm-5pm. The current fee for a extended camp care is \$2.92 per hour and increases based on the number of hours required (1-2 hours) and the length of the camp (1 week or 2 weeks). With this proposal, the extended camp care fee will increase to \$4.00 per hour inclusive of the 2.3% annual inflationary increase.

		Program - Parks, Forestry & Recreation						

In 2017, Urban Forestry will commence a 2-year focused effort on advancing tree maintenance in the City of Toronto. Of the \$2.100 million allocated in 2017, \$1.800 million will be used to support pro-active tree maintenance work, resulting in an additional 32,300 work orders completed and a reduction to the tree pruning cycle by 2 years, from 10 years to 8 years.

Service Level Impact:

The \$1.800 million for contracted services tree maintenance will be allocated as follows: Street Trees - 39% north, 36% west, 18% south and 7% east. These allocations by district will ensure that the # of trees maintained since the implementation of the Service Plan are equally distributed. Parks Trees – 25% in each district with a focus on high priority parks

11033	Cost Recovery - Enforcement & Compliance for Dangerous Private Trees
-------	--

75	0	Description:
----	---	---------------------

Where the inspection of a complaint results in an order to comply that is not complied with, the City will hire a contractor to complete the work and recover costs from the homeowner based on an hourly fee. The cost to administer the by-law will continue to be recoverable from the property owner as a charge included on the property tax bill. Where the inspection of a complaint results in no further work, or the homeowners complies with an order, there will be no fee charged to the homeowner.

Service Level Impact:

In 2017, new cost recovery fees will be created as follows: \$217.49 per hour for remedial work on dangerous trees and \$143.16 additional cost per hour on private dangerous trees.

11098		Increase Rates for Vehicles Crossing on Ferry					
75	0	Description:					
Rates for vehicles using the ferry to access the Toronto Islands will increase. The current rate structure has only two fees – a small and a large vehicle fee and is based on weight. The new structure will have three fees and will be based on the length of the vehicle. This above inflation adjustment will align fees to other comparable service providers. The new fees will be effective March 1, 2017.							
Service Level Impact:							
Service level standard remains unchanged.

11518		Growing Toronto's Tree Canopy - Private Lands					
72	0	Description:					
At its meeting on November 8th, 2016, City Council adopted PE14.2 Growing Toronto's Tree Canopy (Tree Planting Strategy) and also adopted Attachment 1 of the report titled "Actions to Grow Toronto's Tree Canopy". Council also directed the General Manager, Parks, Forestry and Recreation to develop a Tree Planting Strategy based on the recommendations of the attached report and form an Urban Forestry Working Group with key stakeholders to develop a Tree Planting Strategy and raise necessary funds to implement the recommendations in the report "Actions to Grow Toronto's Tree Canopy".							
Service Level Impact:							
To implement this decision Urban Forestry requires an additional 2 temporary positions until the end of 2018 to support the Tree Canopy Strategy. These positions will be funded from ongoing revenues arising from Street Tree and Private Tree By-laws. In 2017, tree replacement funds collected under this bylaw will be contributed to the Tree Canopy Reserve and used for the same purpose.

11953 Tree Planting - Council Priority to Maintain 2016 Level

72 0 **Description:**

In 2016 Urban Forestry had one-time funding of \$1.6 million for Emerald Ash infestation tree planting recovery. This \$1.2 million will partially replace these funds and expand the tree plantings in 2017. 2017.

Service Level Impact:

Tree plantings will be increased by 17,000 in 2017 from 103,000 to 120,000.

11954 Tree Planting & Care on Private Lands-Private Partnerships

72 **Description:**

As more than half of the City's land base is private property, private landowners have an important role in the maintenance and expansion of the urban forest. The Strategic Forest Management Plan (2012-2022) identifies the target of establishing approximately 314,000 trees on private land annually. Before spending, the General Manager, Parks, Forestry and Recreation will report to the Parks and Environment Committee on a strategy and plan on how the City can expand its tree canopy on private lands.

11962	Development Application Review Process (DARP) – Additional Resources
-------	--

72	0	Description:
----	---	---------------------

At its meeting on January 31st, 2017, City Council adopted PG17.4 Additional Staffing Resources for Development Application Review approving an increase of \$1.806 million gross and 0 net, and an increase of 17 temporary positions, fully funded by the City Planning Development Application Review Reserve Fund (XR1307). The Parks, Forestry and Recreation component of this increase is \$0.260 million gross and 0 net for part-year funding for 2 Parks Planner positions and 1 temporary Senior Landscape Architect position, on a temporary 2 year basis.

Service Level Impact:

This temporary staffing is needed to meet the Key Performance Indicators, Planning Act timelines and current and anticipated application volumes.

10148 Advancement of Tree Maintenance

72 0 **Description:**

In 2017, Urban Forestry will commence a 2-year focused effort on advancing tree maintenance in the City of Toronto. Of the \$2.100 million allocated in 2017, \$1.800 million will be used to support pro-active tree maintenance work, resulting in an additional 32,300 work orders completed and a reduction to the tree pruning cycle by 2 years, from 10 years to 8 years.

2017 Operating Budget - Council Approved New and Enhanced Services Summary by Activity (\$000's)

Form ID		Citizen Focused Services A	Adjustments				2018 Plan Net Change	2019 Plan Net Change
Category	Priority		Gross Expenditure	Revenue	Net	Approved Positions		
		Program - Parks, Forestry & Recreation						

Service Level Impact:

The \$1.800 million for contracted services tree maintenance will be allocated as follows: Street Trees - 39% north, 36% west, 18% south and 7% east . These allocations by district will ensure that the # of trees maintained since the implementation of the Service Plan are equally distributed. Parks Trees – 25% in each district with a focus on high priority parks

Form ID		Citizen Focused Services A	Adjustments				2018 Plan Net Change	2019 Plan Net Change
Category	Priority		Gross Expenditure	Revenue	Net	Approved Positions		
		Program - Parks, Forestry & Recreation						

Parks, Forestry and Recreation will implement a pilot permit project to allow for one time online bookings at up to ten (10) locations. One public tennis court per location will be available from April 1, 2017 to October 31, 2017 for online or call in bookings. Sites that are proposed will be lower use locations.

Service Level Impact:

All public tennis courts will have asphalt surface, lines painted, nets installed and rules posted. In 2017, new users fees for the pilot will be created as follows: \$7 per hour for Not for Profit/Child/Youth/Older Adults; \$10 per hour for Not for Profit Adults; \$15 per hour for Community Groups; \$20 for Private/Commercial.

11033	Cost Recovery- Enf. & Compliance for Dangerous Private Trees
-------	--

75	0	Description:
----	---	---------------------

Where the inspection of a complaint results in an order to comply that is not complied with, the City will hire a contractor to complete the work and recover costs from the homeowner based on an hourly fee. The cost to administer the by-law will continue to be recoverable from the property owner as a charge included on the property tax bill. Where the inspection of a complaint results in no further work, or the homeowners complies with an order, there will be no fee charged to the homeowner.

11098	Increase Rates for Vehicles Crossing on Ferry
-------	---

75	0	Description:
----	---	---------------------

Rates for vehicles using the ferry to access the Toronto Islands will increase. The current rate structure has only two fees – a small and a large vehicle fee and is based on weight. The new structure will have three fees and will be based on the length of the vehicle. This above inflation adjustment will align fees to other comparable service providers. The new fees will be effective March 1, 2017.

Service Level Impact:

Service level standard remains unchanged.

11518	Growing Toronto's Tree Canopy - Private Lands
-------	---

72	0	Description:
----	---	---------------------

At its meeting on November 8th, 2016, City Council adopted PE14.2 Growing Toronto's Tree Canopy (Tree Planting Strategy) and also adopted Attachment 1 of the report titled "Actions to Grow Toronto's Tree Canopy". Council also directed the General Manager, Parks, Forestry and Recreation to develop a Tree Planting Strategy based on the recommendations of the attached report and form an Urban Forestry Working Group with key stakeholders to develop a Tree Planting Strategy and raise necessary funds to implement the recommendations in the report "Actions to Grow Toronto's Tree Canopy".

Service Level Impact:

To implement this decision Urban Forestry requires an additional 2 temporary positions until the end of 2018 to support the Tree Canopy Strategy. These positions will be funded from ongoing revenues arising from Street Tree and Private Tree By-laws. In 2017, tree replacement funds collected under this bylaw will be contributed to the Tree Canopy Reserve and used for the same purpose.

11954	Tree Planting & Care on Private Lands-Private Partnerships									
72		<p>Description: As more than half of the City's land base is private property, private landowners have an important role in the maintenance and expansion of the urban forest. The Strategic Forest Management Plan (2012-2022) identifies that achieving the canopy cover target will require the establishment of approximately 314,000 trees on private land annually. The report approved by Council (PE14.2, Nov. 2916) Growing Toronto’s Tree Canopy (Tree Planting Strategy) included the expansion of the tree canopy on private lands as part of the strategic approach.</p> <p>Service Level Impact: Prior to spending this funding, the General Manager, Parks, Forestry and Recreation is to report to the Parks and Environment Committee on a strategy and plan on how the City can expand its tree canopy on private lands.</p> <p>Service/Activity: PR-Urban Forestry / Tree Planting</p>

11962	Development Application Review Process (DARP) – Additional Resources							
72	0	Description:						
		At its meeting on January 31st, 2017, City Council adopted PG17.4 Additional Staffing Resources for Development Application Review approving an increase of \$1.806 million gross and 0 net, and an increase of 17 temporary positions, fully funded by the City Planning Development Application Review Reserve Fund (XR1307). The Parks, Forestry and Recreation component of this increase is \$0.260 million gross and 0 net for part-year funding for 2 Parks Planner positions and 1 temporary Senior Landscape Architect position, on a temporary 2 year basis.						

Service Level Impact:

This temporary staffing is needed to meet the Key Performance Indicators, Planning Act timelines and current and anticipated application volumes.
