

Toronto 2015 BUDGET

CAPITAL PROGRAM SUMMARY

Toronto Zoo

2015 - 2024 CAPITAL BUDGET AND PLAN OVERVIEW

The Toronto Zoo is one of the largest zoos in the world, housing and caring for 5,000 animals over 710 acres with an asset value of \$330 million. The Zoo offers full year access to seven bioregion displays with over 10 km of walking trails as well as gift shops, exhibits, rides and guest services.

The Toronto Zoo's 10-Year Capital Plan focuses on improvements which will enhance visitor experiences and ensure continued compliance with zoological accreditation standards. To achieve this, the Zoo's 2015-2024 Capital Budget and Plan includes both state of good repair (SOGR) and service improvement projects.

In 2015, a new Capital Master Plan will be completed for the Zoo, which will guide future Capital Plan updates and support ongoing animal care and visitor service enhancements.

Highlights

Overview

I: 10-Year Capital Plan	6
II: 2015 Capital Budget	14
III: Issues for Discussion	18

3. 2015 Capital Budget; 2016- 2024 Capital Plan	26
4. 2015 Cash Flow & Future Year Commitments	30
5. 2015 Capital Projects with Financing Detail	33
6. 2015 Reserve / Reserve Fund Review	N/A

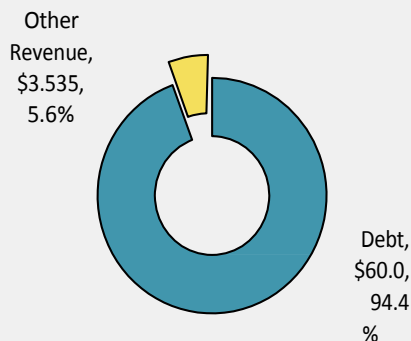

Capital Spending and Financing

2015-2024 Capital Budget and Plan by Expenditures Category

\$63.535 Million

2015-2024 Capital Budget and Plan by Funding Source

\$63.535 Million

Where does the money go?

The 2015–2024 Capital Budget and Plan totals \$63.535 million, focuses on:

- ✓ Construction of the new Wildlife Health Centre over 2015-2017
- ✓ Major upgrades to the Orangutan Indoor and Outdoor Exhibits
- ✓ Hippo House and Exhibit Refurbishment
- ✓ Improvement to the Gorilla Outdoor Display
- ✓ A new Breeding and Holding Facility
- ✓ Ongoing state of good repair improvements to Exhibits, Grounds, Visitor Amenities, Information Technology, Buildings and Services

Where does the money come from?

The Toronto Zoo's 10-Year Capital Plan is funded primarily by debt with a small proportion of donated funds.

- New debt funding of \$60.000 million comprises 94.4% of the Toronto Zoo's 10 year capital funding, equal to the debt guideline.
- Other Revenue financing of \$3.353 million or 5.6% will be provided from donations.

State of Good Repair Backlog

The 10-Year Capital Plan's spending on State of Good Repair is \$57.321 million which will reduce the backlog from 27.9 % as a percentage of asset value in 2015 to 18.8 % in 2024.

Key Challenges & Priority Actions

- ✓ **CAZA Accreditation and Current Animal Care Standards Upgrades** – update and renovate facilities to meet animal care standards and as well as visitor expectations.
 - Construction of the new Wildlife Health Centre - 2015 - 2017
 - Orangutan Outdoor and Indoor Exhibits – plan & design in 2016, construction to follow
 - Hippo House and Exhibit Refurbishment on one of the original 1973 structures
- ✓ **SOGR Repairs** – maintain zoo facilities and visitor services.
 - Continue the Building & Services Refurbishment project to maintain roofs & skylights on pavilions, animal holding buildings, & service buildings
 - Continue work to address the Zoo's accessibility plan.
 - Complete the upgrade to the animal records database system
- ✓ **Fundraising Efforts** – increase public donations to enable additional facilities to be a leading zoo.
 - Supported by the Zoo's anticipated Capital Master Plan, fundraising efforts will be supported to increase revenue available to supplement the City debt supported plan and support improved visitor experiences

2015 Capital Budget Highlights

The 2015 Capital Budget for the Toronto Zoo of \$12.440 million, including carry forward funding, will:

- ✓ Dedicate \$10.390 million to begin the phase construction of the Wildlife Health Centre project.
- ✓ Complete the conversion and refurbishment of the old Giraffe location into an improved African Hoofstock (Watusi) exhibit for \$0.500 million
- ✓ Continue state of good repair work with Grounds and Visitor Improvements, minor Exhibit Refurbishments, Building and Services Refurbishments and Information Technology upgrades for \$1.550 million

Council Approved Budget

City Council approved the following recommendations:

1. City Council approve the 2015 Capital Budget for the Toronto Zoo with a total project cost of \$1.250 million, and 2015 cash flow of \$12.440 million and future year commitments of \$7.445 million comprised of the following:
 - a) New Cash Flow Funds for:
 - i. 4 new sub-projects with a 2015 total project cost of \$1.250 million that require cash flow of \$1.250 million in 2015.
 - ii. 2 previously approved sub-projects with a 2015 cash flow of \$6.440 million; and future years cash flow commitments of \$4.945 million in 2016; and \$2.500 million in 2017; and
 - b) 2014 approved cash flow for 3 previously approved sub-projects with carry forward funding from 2014 into 2015 totalling \$4.750 million.
2. City Council approve the new debt service costs of \$0.021 million in 2015 and incremental debt costs of \$0.170 million in 2016, \$0.290 million for 2017, and \$0.530 million for 2018, resulting from the 2015 Capital Budget, to be included in the 2015 and future year operating budgets.
3. City Council approve the 2016-2024 Capital Plan for the Toronto Zoo totalling \$55.845 million in project estimates, comprised of \$6.845 million in 2016; \$6.500 million for 2017; \$6.500 million for 2018; \$6.000 million for 2019; \$6.000 million for 2020; \$6.000 million for 2021; \$6.000 million for 2022; \$6.000 million for 2023; and \$6.000 million in 2024.
4. The Chief Executive Officer of the Toronto Zoo report back to the City Manager and Deputy City Manager & Chief Financial Officer on the Toronto Zoo's new Capital Master Plan prior to the 2016 Capital Budget process.

Key Changes to the 2014 - 2023 Approved Capital Plan

The 2015 Capital Budget and the 2016 - 2024 Capital Plan reflects an increase of \$3.535 million in capital funding from the 2014 to 2023 Approved Capital Plan.

The table and chart below provide a breakdown of the \$3.535 million or 5.9% increase in the Capital Program on an annual basis from 2014 to 2024.

Chart 1
Changes to the 2014 -2023 Approved Capital Plan (In \$000s)

(\$000s)	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024	10-Year Total
2014 - 2023 Capital Budget & Plan	6,000	6,000	6,000	6,000	6,000	6,000	6,000	6,000	6,000	6,000		60,000
2015 - 2024 Capital Budget & Plan		7,690	6,845	6,500	6,500	6,000	6,000	6,000	6,000	6,000	6,000	63,535
Change %		28.2%	14.1%	8.3%	8.3%	0.0%	0.0%	0.0%	0.0%	0.0%		5.9%
Change \$		1,690	845	500	500	0	0	0	0	0		3,535

As made evident in the chart above, the \$3.535 million funding increase was made available by donated funds and will be used to upgrade 2 projects.

- An additional \$2.535 million from fundraising will support the completion of the Wildlife Health Centre with no adjustments impacting animal care, an increase driven by higher than estimated tender process results. (approved by City Council on December 11, 2014)
- The Orangutan Indoor & Outdoor Exhibits have been accelerated, with design work to start in 2016, to upgrade living conditions to new standards, with \$1 million of external donated funds, to supplement City debt funding.
- As reflected in Table 2 on the following page, changes to the 2014 -2023 Approved Capital Plan, specifically the \$3.535 million of increased capital funding in the nine common years of the Capital Plans (2015 -2023) arises from the reprioritization of the Toronto Zoo's capital projects based on the following factors:
 - \$2.535 million from a third party donation applied to the Wildlife Health Centre
 - Timing adjustments between projects, to accelerating the Orangutan Exhibit projects (Indoor and Outdoor) to earlier years, incorporating a \$1.000 million third party donation, while maintaining the overall plan within the \$6.000 million annual debt target.

A summary of project changes for the years 2015 to 2023 totalling \$3.535 million are provided in Table 2 below:

**Table 2
Summary of Project Changes (In \$000s)**

Significant Capital Project Changes in the Toronto Zoo:

The *Wildlife Health Centre* construction phase, the Zoo's only previously approved capital project required additional funding after tenders were received in the Fall of 2014.

- The \$15.5 million previously approved project cost was increased by the addition of \$2.535 million, which was made available through donated funds. This increase enabled delivery of the project while meeting all the planned aspects of animal care, bringing the total project cost to \$18.053 million.

Significant reallocations have been made between projects in the early years of the 10-year plan to increase funding for the *Orangutan Indoor and Outdoor Exhibit* refurbishment from \$5.400 million to \$9.630 million.

- Funding for *Building and Services Refurbishment* has been reduced by \$2.175 million.
- The *Breeding / Holding Facility* has been reduced by \$2.214 million in this 10-year plan through deferral of its starting year to 2023.

Chart 2
2015 – 2024 Capital Plan by Project Category (In \$000s)

As illustrated in the chart above, the Toronto Zoo 10-Year Capital Plan of \$63.535 million is dedicated to the maintenance and renewal of the facilities on site.

- The new Wildlife Health Centre, a SOGR project, will deliver the same health service to the live collection, but in a new facility, meeting current animal care standards and providing adequate space for larger species.
- The Orangutan project and other ongoing SOGR projects will rehabilitate current facilities. In the latter years of the Plan, the Gorilla and Breeding / Holding projects will upgrade facilities to a better standard, and therefore are classified as Service Improvement project.

2015 – 2024 Capital Plan

The 10-Year Capital Plan consisting of *State of Good Repair (SOGR)*, and *Service Improvement* projects supports the Toronto Zoo's objectives by maintaining and updating old facilities and providing new visitor attractions with better facilities for the animal collection.

State of Good Repair

- *Exhibit refurbishment*
 - This ongoing multi-year project supports smaller exhibit renovations throughout the Zoo, such as the Main Gate Aviary holding and exhibit in 2015.
- *Orangutan Indoor and Outdoor*
 - The Orangutan Indoor project will upgrade the indoor living conditions, animal enrichment and living space for the orangutans, attached to the Indo Malayan Pavilion, and ensure state of good repair for these intelligent primates.
 - The Orangutan Outdoor project will provide new much needed outdoor access, critical for behavior enrichment. Because of the availability of external funds, this project has been moved up to be earlier in the 10-Year Capital Plan, from 2018-2019 to 2016-2020.
- *The Wildlife Health Centre*
 - The Wildlife Health Centre project will upgrade animal health facilities to meet current standards, increase functionality and support the Zoo's compliance with zoological accreditation standards.
 - The Centre, with cash flow of \$10.390 million in 2015 to start construction, is designed to meet the medical and surgical needs of zoo species and will provide specialized housing for hospitalized animals, while providing maximum efficiency, comfort, and safety in a professional and hygienic setting.
- *Information Systems*
 - This ongoing multi-year project supports the replacement of various systems, such as point of sale, data warehousing, biology and conservation records, document management & imaging, telecommunications and financial systems.
 - In 2015 work will continue to implement the Zoo Information Management System (for biological records) and general zoo hardware lifecycle replacement.
- *Grounds and Visitor Improvements*
 - This ongoing multi-year project addresses visitor amenity needs, the appearance of indoor and outdoor areas and improvements to site circulation and visitor orientation. For 2015, work will continue to address requirements of AODA and improve signage for visitor circulation & orientation.

- *Building and Services Refurbishment*
 - This ongoing multi-year project supports the repair & replacement of aging building components throughout the 25+ building site, including mechanical and electrical equipment, site services, and the Zoo's 7 bridges.
 - For 2015 replacement of roofs and skylights at Pavilions and animal holding areas are planned as well as minor work on various building to meet zoological accreditation standards.
- *Hippo House & Exhibit Refurbishment*
 - One of the Zoo's original concrete structures from 1973, the hippo house needs to be replaced to meet standards and provide an adequate exercise area with outdoor yards and indoor stalls, as well as space for underwater viewing, keeper talks and winter viewing.

Service Improvement

- *Gorilla II – Outdoor Display*
 - This project will provide an extended outdoor display, with improved viewing and behavioural enrichment components will better withstand seasonal use by the gorillas.
- *Breeding / Holding Facility*
 - Increased breeding and holding space is required at the Zoo to meet commitments to various collaborative breeding programs to endangered species.
 - With decreased wild animal populations and poor breed results on regular exhibit, a dedicated space is needed.
 - Holding space is needed for winter hoofstock housing and temporary housing during cleaning and maintenance of exhibits.

Chart 3
2015 – 2024 Capital Plan by Funding Source (In \$000s)

The 10-Year Capital Plan of \$63.535 million will be financed by the following sources:

- Debt, which accounts for \$60.000 million or 94.4% of the financing over the 10-year period.
 - The \$60.000 million debt funding meets the 10 year debt target

- Other Revenue of \$3.535 million is funded by donations which are known at this time.
 - Donated funds will be included in the Toronto Zoo's Capital Plan as a funding source as it is received in future years to support the Toronto Zoo Capital Plan.
 - In the first 4 years \$3.535 million of donations have been secured for the Wildlife Health Centre and the Orangutan Outdoor project.

State of Good Repair (SOGR) Backlog

Chart 4
SOGR Funding & Backlog (In \$000s)

The 10-Year Capital Plan dedicates \$57.321 million to SOGR spending over 10-year capital planning period, which on average provides \$5.732 million in SOGR funding annually.

- The replacement value of the Toronto Zoo's assets is estimated at \$330.000 million.
- At the end of 2014, the Toronto Zoo's backlog of state of good repair work for infrastructure renewal is estimated at \$98.105 million, representing 29.7% of the asset replacement value.
- Work will commence on a new Master Plan for the Zoo during 2015, which will steer the overall direction of maintaining and enhancing the Zoo's infrastructure, guest experience, and potential fund raising efforts. This report is expected to drive a significant update to the Toronto's Zoo's Capital Plan for 2016 – 2015.
- Completion of the Wildlife Health Centre in 2017 will reduce the current backlog significantly,

10-Year Capital Plan: Net Operating Budget Impact

- The 10-Year Capital Plan has no impact on future year Operating Budgets of the Toronto Zoo, and no new permanent positions arising from completed capital projects are required over the 2015 – 2024 period.
- There are no capital project delivery positions at the Toronto Zoo.

Part II:
2015 Capital Budget

2015 Capital Budget

2015 Capital Budget by Project Category and Funding Source

2015 Capital Budget by Project Category
(in \$000s)

The 2015 Capital Budget, excluding funding carried forward from 2014 to 2015, requires cash flow funding of \$7.690 million.

The 2015 Capital Budget expenditures are entirely allocated to the following categories:

- State of Good Repair (SOGR) (\$7.690 million, 100%)
 - Wildlife Health Centre 2015 cash flow is \$6.440 million or 84%
 - Other SOGR projects – Exhibit Refurbishment, Building & Services Refurbishment, Grounds & Visitor Improvements and Information Technology -- total \$1.250 million or 16%

2015 Capital Budget by Funding Source
(in \$000s)

The 2015 Capital Budget is financed by:

- Debt (\$6.000 million, 78%)
 - Wildlife Health Centre 2015 funding is \$4.750 million
 - Other SOGR projects use \$1.250 million
- Other Revenues (\$1.690 million, 22%)
 - Donated funds support 26% of cash flow for the Wildlife Health Centre for 2015.

Table 7

The 2015 Capital Budget of \$12.440 million results in the following:

- \$4.150 million for the Wildlife Health Centre carried forward from 2014.
- Change of Scope funding of \$1.690 million to meet the tendered cost for the Wildlife Health Centre while maintaining all required animal treatment facilities.
- New project funding of \$4.750 million for the 2015 cash flow for the Wildlife Health Centre as well as a total of \$1.250 million for small SOGR projects.
- Future year commitments of \$4.945 million in 2016 and \$2.500 in 2017 million to complete the Wildlife Health Centre that were previously approved in 2014.

2015 Capital Project Highlights

Table 8
2015 Capital Project Highlights (in \$000s)

Project	Total Project Cost	2015	2016	2017	2018	2019	2015 - 2019	2020	2021	2022	2023	2024	2015 - 2024 Total

Wildlife Health Centre	18,035	10,390	4,945	2,500			17,835						17,835
Information Systems	N/A	150					150						150
Grounds and Visitor Improvements	N/A	260					260						260
Building & Services Refurbishment	N/A	540					540						540
Afrocan Hoofstock House (Old Giraffe)	1,000	500					500						500
Total (including carry forward funding)	19,035	12,440	4,945	2,500	-	-	19,885	-	-	-	-	-	19,885

The 2015 Capital Budget provides funding of \$12.440 million, including funding carried forward from 2014 to 2015 to:

- Proceed with construction of the Wildlife Health Centre, a multi-year project with a total project cost of \$18.035 million, with \$15.500 million approved in 2014, plus a Change of Scope addition of \$3.535 million approved by Council in December of 2014.

- Complete SOGR projects -- Exhibit Refurbishment, Building & Services Refurbishment, Grounds & Visitor Improvements and Information Technology – totalling \$1.550 million.
- Complete conversion of the old Giraffe site into the new African Hoofstock (Watusi) paddock with \$0.500 million carried forward from 2014.

Part III:

Issues for Discussion

Issues for Discussion

Issues Impacting the 2015 Capital Budget

Zoological Accreditation Issues

- Addressing zoological accreditation issues identified in the 2007 accreditation report are priorities in the 2015 Capital Budget including the *Wildlife Health Centre* and the completion of the renovation of the Old Giraffe site to provide a new *African Hoofstock House*.
 - Zoological accreditation issues create ongoing pressures for capital improvements at the Zoo but often are aligned with state of good repair issues.
 - Other projects reflecting accreditation priorities include the *Orangutan Indoor and Outdoor* projects, and beyond the current 10-year plan is the *Canadian Wilderness* project as well as the *North Zoo Tropical Americas* project.

Issues Impacting the 10-Year Capital Plan

New Capital Master Plan and Fundraising Objectives

- As part of its consideration of the "Response to Zoo Board Governance Report" (EX34.7) at its meeting of October 8 - 11, 2013, City Council determined that the Zoo will continue as a City agency, and requested that the Zoo Board of Management bring forward a new Strategic Plan, including a new Facility Master Plan.
 - Confirmation of the Zoo governance structure will support planning for the future and set the stage for renewed fund-raising efforts to support capital improvement priorities. Uncertainty arising from the governance structure review process caused uncertainty, therefore hampering fund raising efforts.
- At its meeting on November 27, 2014, the Board of Management of the Toronto Zoo approved the *Draft 2015 -2010 Strategic Plan*, including Mission, Vision and Core Values statements, and Goals and Objectives, which will guide the preparation of a full strategic plan document.
- Based on The Strategic Plan, work will begin in 2015 to be completed mid-yeer, on a new Capital Master Plan for the Zoo, providing direction for maintaining and enhancing the Zoo's infrastructure, the guest experience, and potential fundraising efforts.
 - With the exception of ongoing state of good repair projects, the Wildlife Health Centre, and the Orangutan Outdoor project, all other projects within the Toronto Zoo's 10-Year Capital Plan will be reviewed to ensure consistency with the new Master Plan for the 2016 Capital Budget submission.
 - This update to the Zoo's 10 year Capital Plan is necessary to maintain state of good repair of all facilities, satisfy accreditation requirements and meet heightened public viewing expectations.
- Projects requiring funding not available within the City's \$6 million per year debt target, are not included in the 10-Year Capital Plan until third party funding is secured.
 - The following are unfunded "below the line" projects:
 - Front Entrance and Food Services

- Canadian Wilderness
 - North Zoo – Tropical Americas
 - Educational Development
 - Ride and Revenue Development
- It is anticipated that the new Capital Master Plan will determine specific project priorities and provide support for fund raising efforts to expand the Zoo's overall Capital Plan.

Appendices:

Appendix 1 2014 Performance

2014 Key Accomplishments

In 2014, the Toronto Zoo accomplished the following:

- ✓ Completed the *Giraffe House Transition*, converting old elephant holding onto a new indoor exhibit and outdoor paddock for the giraffes.
- ✓ Completed the design and tendering for the new *Wildlife Health Centre*, with construction planned to start in early 2015.
- ✓ Completed the construction of the *North Zoo Site - Eurasia Wilds*.
- ✓ Continue the *Information Systems* project to replace outdated computer hardware, replace Zoo network extensions and implement digital signage.
- ✓ Continue the *Building and Services* project to address deteriorated skylights and roofs on pavilions.
- ✓ Continue the *Grounds and Visitor Improvements* project to implement recommendations to meet AODA requirements as well as signage and visitor circulation improvements.
- ✓ Began work to convert the old giraffe holding to a new site for *African Hoofstock (Watusi)*.

2014 Financial Performance

Table 9
2014 Budget Variance Analysis (In \$000's)

2014 Approved	Actuals at Year End		Unspent Balance	
\$	\$	% Spent	\$ Unspent	% Unspent
8,700	3,708	42.6%	4,992	57.4%

2014 Experience

Capital expenditures for the period ended December 31, 2014 totalled \$3.708 million or 42.6% of its 2014 Approved Capital Budget of \$8.700 million. \$4.750 million of the unspent cash flow funding is carried forward into 2015.

Of the funds spent, \$2.166 million was incurred for the following projects that were completed in 2014:

- Completed the construction of the *North Zoo Site – Eurasia Wilds* (\$0.821 million);
- Completed the *Grounds and Visitors Improvements* project to implement recommendations to meet AODA requirements as well as signage and visitor circulation improvements (\$0.725 million);

- Completed the *Giraffe House Transition*, retrofitting the holding and paddocks used previously by elephants for use by giraffes. Holding area was also modified to facilitate indoor / winter viewing of the giraffes (\$1.045 million).

The under-spending in 2014 is mainly driven by the delays in the following projects:

- The Wildlife Health Centre project's capital expenditures totalled \$0.297 million representing 7.2% of the 2014 approved cash flow of \$4.150 million by year-end. Modifications have been made to the plan to ensure compliance with the Revised Toronto Green Standard. The tender for the construction of the Wildlife Health Centre was awarded in November 2014 with construction starting in January 2015. The project is expected to be completed by December 2017. The unspent funding of \$3.853 million is carried forward into 2015.
- The *Exhibit Refurbishment* capital project did not incur any capital expenditures against the 2014 approved cash flow of \$0.300 million by year-end. The Exhibit Refurbishment project will be completed in conjunction with the Wildlife Health Centre and did not proceed due to delays in the start of construction of the Wildlife Health Centre. The funding is carried forward into 2015 to complete the project.
- The *African Hoofstock House* (Old Giraffe House Site) capital project's expenditures totalled \$0.013 million or 2.5% of the 2014 approved cash flow of \$0.500 million by year-end. The project was delayed until the transition of giraffes to their new holding and exhibit area was completed in 2014. The design of this exhibit for Watusi is completed and construction is scheduled to begin in Q2 2015. The unspent funding is carried forward into 2015.

Impact of the 2014 Capital Variance on the 2015 Budget

- Funding of \$4.750 million is carried forward to the 2015 Capital Budget.
 - Two *state of good repair* projects requiring \$4.250 million are *Exhibit Refurbishment* for \$0.300 million and \$3.950 million for the *Wildlife Health Centre*.
 - \$0.500 million is carried forward for the *service improvement African Hoofstock House* project completion.
