

TORONTO Parks, Forestry & Recreation

Community and Social Services

Parks, Forestry & Recreation contributes to Toronto's quality of life through stewardship of the environment; by promoting and enhancing the social and physical development of children and youth; and by leading the way to lifelong active living for residents of Toronto through a wide variety of leisure and recreational opportunities that welcome everyone. The division is also responsible for community development, parks, horticulture and forestry programs, park and open space planning and environmental initiatives. The division manages and maintains facilities and operates specialized services, including the ferries, golf courses, waterfront and regional parks systems.

Parks Development & Capital Projects

The Parks Development & Capital Projects Branch is responsible for the planning, design and development of the Division's green spaces, facilities and amenities. These assets, worth several billion dollars, include parks and open spaces, pathways and trails, pools and water play areas, arenas, community centres, and streetscapes. This Branch is comprised of sections dedicated to capital projects, construction management, park design, planning development review, and transit and community engagement.

Urban Forestry

The Urban Forestry Branch provides the essential services needed to protect, maintain and enhance Toronto's urban forest. This Branch is responsible for the planting and maintenance of trees in parks and on City streets, administration and enforcement of tree bylaws, community education and engagement,

monitoring and addressing pests and diseases that impact forest health, management of ravines and natural areas, and policy and strategic planning.
