

TORONTO Children's Services

Community and Social Services

The Children's Services Division is committed to children, supportive of families and building community capacity. Children's Services is designated as the City's "child care service system manager" under provincial legislation and as such has responsibility for planning and managing a broad range of child care services. These child care services include fee subsidy, wage subsidy, family resource centres, and special needs resourcing and summer day camps. In addition to its service management responsibilities for child care, the Children's Services Division also directly operates 58 child care sites.

The Children's Services Division also has lead responsibility for supporting the City's broader children's strategy by managing special projects, initiatives and events such as the Toronto Report Card on Children.
