

Parks, Forestry and Recreation

2016 OPERATING BUDGET OVERVIEW

Parks, Forestry and Recreation provides a wide variety of leisure and recreation opportunities that include all Toronto residents while operating and maintaining parks, playing fields, playgrounds, recreation centres and amenities, along with trails, forests, meadows, marshes, and ravines.

2016 Budget Highlights

The total cost to deliver these services to Toronto residents is \$448.599 million gross and \$314.395 million net as shown below:

(in \$000's)	2015 Approved		Change	
	Budget	2016 Budget	\$	%
Gross Expenditures	438,176.5	448,599.2	10,422.8	2.4%
Gross Revenues	129,966.8	134,204.3	4,237.5	3.3%
Net Expenditures	308,209.7	314,394.9	6,185.3	2.0%

For 2016, Parks, Forestry and Recreation faced pressures mainly due to impacts from 2015 approved new service investments, prior year impacts from the opening of new recreation facilities, operating impacts of capital, progression pay and economic factors. Through base reductions and revenue adjustments of \$7.150 million, Parks, Forestry and Recreation was able to partially offset pressures to \$6.185 million net, reflecting a 2.0% increase over the 2015 Net Operating Budget.

Fast Facts

- 1.1 million hours of Instructional and Leisure Drop-in Recreation programs with 9.3 million participant visits.
- 4,400 Ha of maintained parkland with 1.4 million booked permit hours.
- 8 Blue Flag beaches.
- 16,000 Toronto Island ferry trips carrying 1.2 million passengers.
- 450,000 Urban Forestry work orders and 105,000 trees to be planted in 2016.
- 800,000 permit bookings and program registrations.

Trends

- Recreation service hours are increasing by 23,050 hours or 3.9% from 2013 to 2015 as a result of new major recreation facilities in 2014 and 2015. Future year hours are projected to increase to 1.7 million due to growth from new facilities.

Our Service Deliverables for 2016

Parks, Forestry and Recreation offers a diverse range of leisure and recreation programming while operating and maintaining its physical and natural assets. The 2016 Operating Budget will enable the Program to:

- Deliver instructional and drop-in recreation programs for all ages that teach a new skill or improve the competency level in a variety of activities including swimming, skating, summer and holiday camps, fitness, sports and arts.
- Provide self-directed recreational opportunities through permits for recreational facilities such as ice rinks, facilities, parks and sports fields to individuals and community groups.
- Provide clean, safe and well-maintained green space, park amenities and beaches.
- Manage and maintain natural areas through restoration and preservation activities.
- Operate two animal attractions in the City of Toronto.
- Provide transportation services to Toronto Island Park through Ferry Operations.
- Maintain in a state of good repair and enhance the urban forest asset through investment in new trees, protection and maintenance of the existing asset, and planning for the future.
- Undertake a Business Transformation project in recreation and permit management to review existing business processes and organizational structure for permitting as well as a technology solution.
- Over the next two years Parks, Forestry and Recreation will be participating in the development of key policies to guide parks system enhancement, including the TOcore study with City Planning, Parkland Acquisition Strategy and Parks and Recreation Facilities Master Plan.

Recreation Service Hours

2016 Operating Budget Expenses & Funding

Our Key Issues & Priority Actions

Where the money goes:

2016 Budget by Service

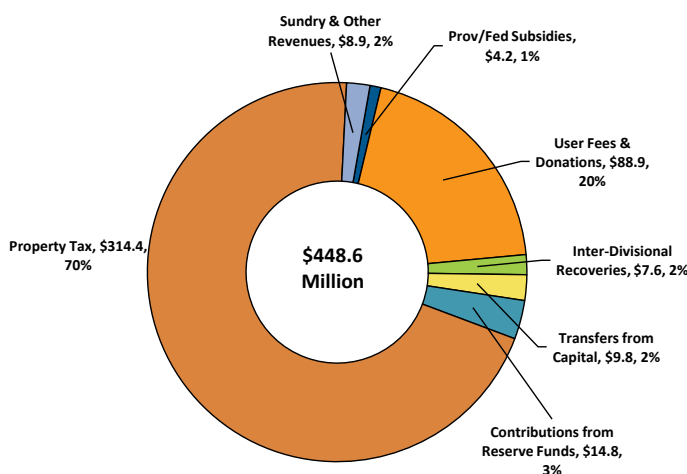

2016 Budget by Expenditure Category

Where the money comes from:

2016 Budget by Funding Source

- The **2013-2017 Recreation Service Plan** is focused on increasing participation, reducing financial barriers, ensuring equitable access and improving program and service quality.
 - ✓ The 2016 Operating Budget includes the annualized cost of \$0.778 million net to continue implementing the recreation service plan initiative of Community Centres Where Programs are Free.
 - ✓ The budget also includes \$0.211 million new and enhanced funding to continue implementing the Swim to Survive Program Expansion.
- Urban Forestry continues to address the Emerald Ash Borer (EAB) infestation until 2019 while maintaining core service levels.
 - ✓ \$14.2 million for Year 6 of the EAB Plan and \$8.1 million of funding for the Urban Forestry Service Plan will be available in 2016

2016 Operating Budget Highlights

- The 2016 Operating Budget for Parks, Forestry and Recreation of \$445.638 million in gross expenditures provides funding for three services, Community Recreation, Parks and Urban Forestry.
- The Program has reduced significant pressures from the annualized impacts for new and enhanced service priorities approved in 2015 and the operating impacts of new parks and recreation facilities by:
 - ✓ The identification of sustainable, on-going savings including line by line reductions (\$2.452 million)
 - ✓ Continuous improvement initiatives that result in efficiency savings (\$0.398 million).
 - ✓ The Program has achieved a below inflation increase without impacting on Council approved Service Levels.

Council Approved Budget

City Council approved the following recommendations:

1. City Council approve the 2016 Operating Budget for Parks, Forestry and Recreation of \$448.599 million gross, \$314.395 million net for the following services:

	Gross	Net
<u>Service:</u>	<u>(\$000s)</u>	<u>(\$000s)</u>
Community Recreation:	227,913.9	153,918.5
Parks :	147,184.7	117,978.0
Urban Forestry:	73,500.6	42,498.5
Total Program Budget	<u>448,599.2</u>	<u>314,394.9</u>

2. City Council approve the 2016 service levels for Parks, Forestry and Recreation as outlined on pages 21, 22, 31, 32 and 39 of this report, and associated staff complement of 4,613.2 FTEs;
3. City Council approve the 2016 new user fees, technical adjustments to user fees, market rate user fee changes, rationalized user fees, and other fee changes for Parks, Forestry and Recreation identified in Appendix 7 for inclusion in the Municipal Code Chapter 441 "Fees and Charges".
4. City Council direct Parks, Forestry and Recreation to complete the full cost recovery analysis of all user fees over the next 2 years to include both the direct and indirect operating costs, including capital replacement costs as follows: Urban Forestry user fee analysis to be completed in time for the 2017 Budget process; Parks and Recreation permits and Community Recreation registered program user fees in time for the 2018 Budget process.
5. City Council direct the General Manager, Parks, Forestry and Recreation to continue with the review all future impacts of capital projects on operating budgets and consider strategies to mitigate future operating budget impacts and provide revised estimates for the 2017 cycle.
6. City Council direct the General Manager, Parks, Forestry and Recreation to report to the Parks and Environment Committee on how funds collected for replacement tree planting under the City's Private Tree By-law can be used to increase tree planting on private lands.

Part I:

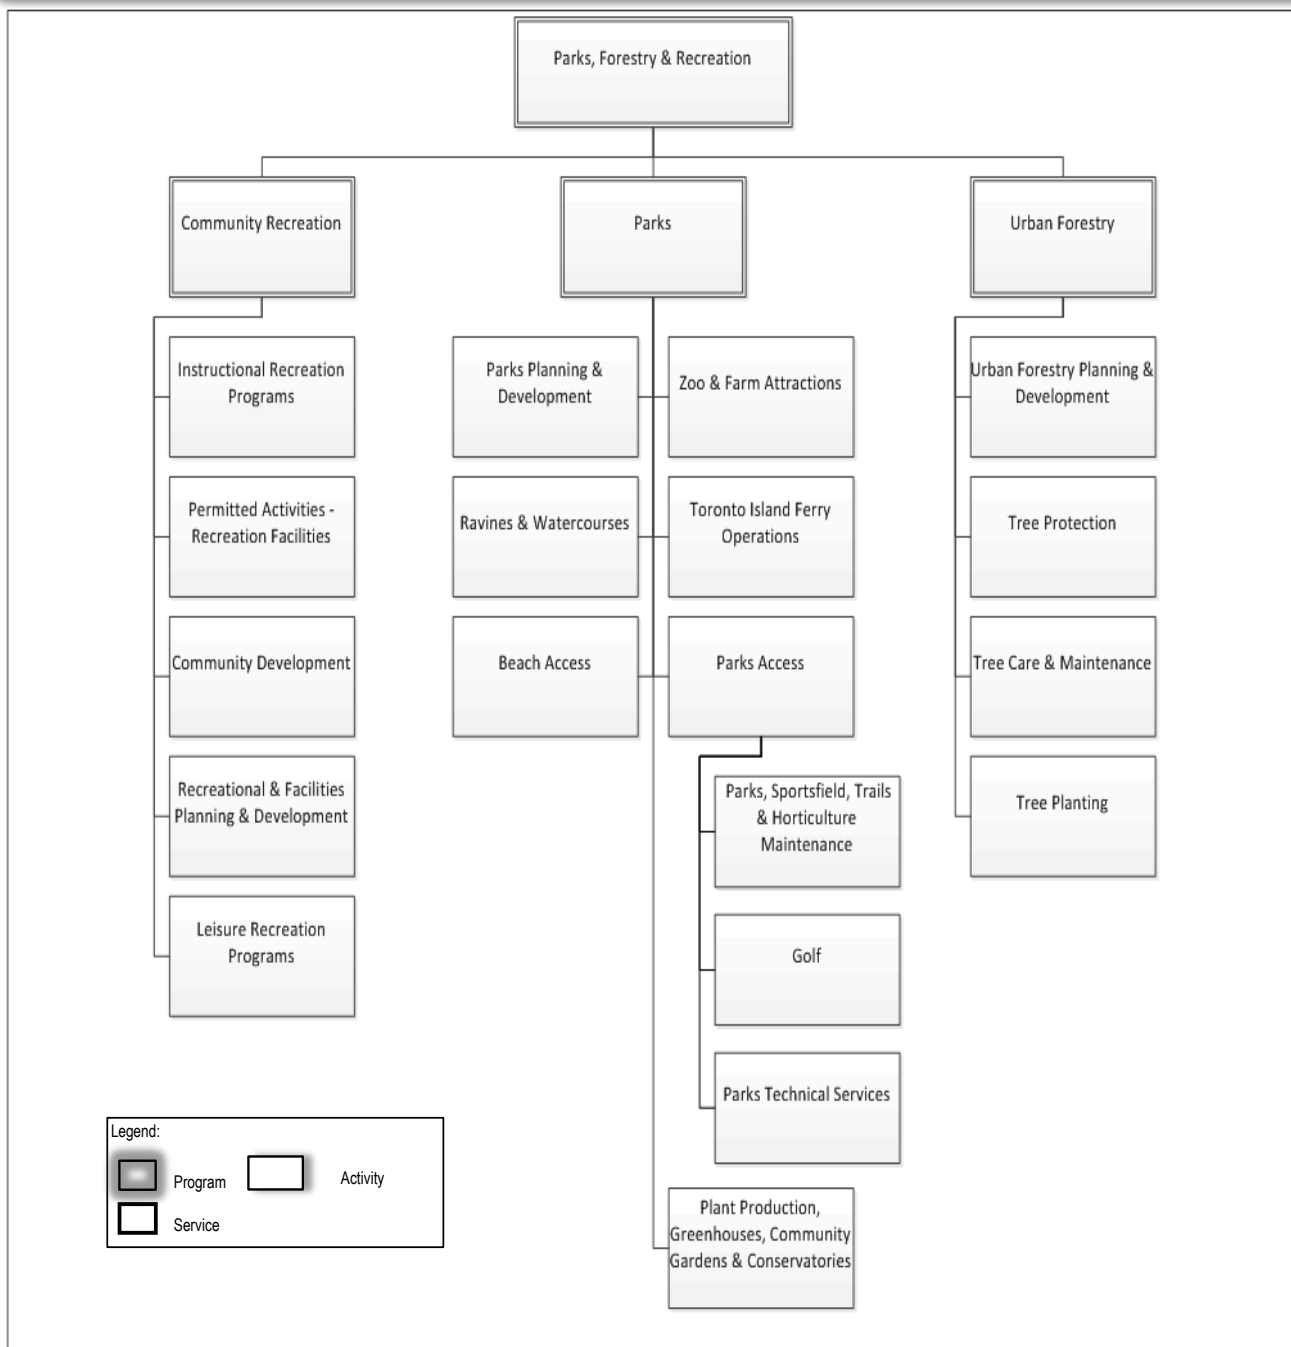

2016 – 2018

Service Overview and
Plan

Program Map

Parks, Forestry & Recreation

To improve the quality of life of Toronto's diverse communities by providing safe, beautiful parks, a healthy, expanding urban forest, and high quality, community focused recreational experiences.

Purpose Statements

Purpose Statements

Community Recreation:

- Deliver recreation programs and services that are innovative, high quality, accessible, equitable and create a sense of belonging.
- Provide programs and services that are locally responsive while enhancing the consistency of the programs throughout the City.
- Provide community development and outreach services to increase awareness and participation in recreation among under-served residents.
- Implement a multi-year recreation service plan to address service gaps, unmet demand, cultural and demographic changes. The plan is guided by four principles: equity, quality, inclusion and capacity building.
- Design and develop new recreational facilities, and repair existing recreational facilities.
- Operate and maintain the City's recreational facilities in a state of good repair.
- Deliver drop-in and instructional recreation programs for all ages that teach a new skill or improve the competency level in a variety of activities including swimming skating, summer and holiday camps, fitness, sports and arts.
- Provide self-directed recreational opportunities through permits for recreational facilities such as ice rinks and community centres to residents and community groups.

Parks:

- Provide clean, safe and well-maintained green space, sport fields and park amenities for passive and active permitted use.
- Design and develop new parks, and redevelop existing parks.
- Maintain many types of turf including sports fields, lawn bowling greens, stadiums, civic centres as well as general parkland.
- Maintain swimming beaches, operate Outdoor Artificial Ice Rinks, inspect parks playgrounds during peak season annually.
- Provide technical services to maintain quality parks, and repair amenities.
- Manage and maintain natural areas including ravine and watercourse inspection and natural trail maintenance.
- Manage 44 hectares of horticulture, three conservatories, four greenhouses, and grow 950,000 plants every year for use in city parks and displays.
- Provide transportation services to Toronto Island Park in keeping with federal legislative requirements for ferry operations.
- Operate two animal attractions.
- Manage and maintain community gardens and administer allotment plots.
- Operate and maintain Golf Courses.
- Operate ski hills.
- Provide winter snow clearing and maintenance of parks pathways.

Urban Forestry:

- Maintain in a state of good repair and enhance the urban forest asset through investment in new trees, protection and maintenance of the existing asset, and planning for the future.
- Maintain a multi-year Urban Forestry Service Plan, including annual review and adjustment to maximize operational efficiency towards preserving and optimizing the urban forest asset, including street trees, commercial trees, park trees, and natural areas.
- Protect the existing tree and natural area assets to maximize public benefit by ensuring healthier trees and natural areas and avoiding unnecessary damage or removal ; working with other City Divisions and key stakeholders on policies to improve tree planting and protection, natural area preservation and growing conditions in the City. Includes:
 1. Review of development and construction plans
 2. Processing of permit applications
 3. Bylaw compliance/enforcement
- Plant more trees on City-owned land and promote and support tree planting on public (quasi- City) and private land to increase long term canopy potential. This includes street trees, park trees, commercial trees, and trees and related plants in natural areas and partnership ventures with other agencies and private groups such as the Trees across Toronto Program, and community engagement with volunteer planting.
- Proactively manage and maintain trees: Maximize the public benefit of the urban forest by ensuring healthier and longer lived trees through systematic processes that encourage tree health and natural form, maintaining structural integrity to help them to achieve full life expectancy.

The 2016 Operating Budget for Parks, Forestry and Recreation is \$448.599 million gross and \$314.395 million net, representing a 2.0% or \$6.185 million increase over the 2015 Approved Net Operating Budget and 3.0% over the reduction target set out in the 2016 Operating Budget Direction and Guidelines.

- Parks, Forestry and Recreation's base budget pressures are mainly due to annualized impacts for new and enhanced service priorities approved in 2015 for the *Recreation Service Plan*, *Urban Forestry Forest Management Plan*, operating impacts of capital investments for parks and recreation facilities, and inflationary increases to non-salary expenses.
- To help mitigate these base pressures, the *Recreation*, *Forestry* and *Parks Services* were able to achieve base expenditure reductions, base revenue changes and revenue adjustments comprised of a 2% inflation increase and a 2% market rate adjustment in recreation and parks user fee increases.
- Parks, Forestry and Recreation will also realize service efficiency savings to be achieved through investment in Information Technology (IT) systems and programming initiatives.
- The 2016 Operating Budget includes funding for 2 new and enhanced services approved by City Council "4 Weeks Outdoor Ice Rink Extension" and the next phase of the "Swim to Survive" Program for grade 4 students.
- The 2017 and 2018 Plan reflects cost pressures arising from prior year annualized costs, anticipated operating impacts of completed capital projects for new parks and facilities; as well as the phased-in funding to achieve the Tree Canopy Goals. As 2016 is a collective bargaining year, no cost of living allowance has been included in the current year or future year outlooks.

Key cost drivers for Parks, Forestry and Recreation are as follows:

- Prior year impacts create a \$4.182 million net pressure on the budget based on the following:
 - New parks and park enhancements delivered in 2015 require \$1.285 million in additional funding to annualize funding to maintain service levels.
 - Additional funding of \$0.778 million is needed to provide annualized funding to maintain and operate facilities that were delivered in 2014 and 2015, including the Toronto Pan Am Sports Centre (TPASC), York Community Centre and the Regent Park Community Centre.
 - The 2016 Operating Budget transfers \$2.000 million of Environment Protection Reserve Fund funding to the property tax base in 2016 to increase the sustainability of funding for the Forestry Service tree planting program as outlined in the Revised Forestry Service Plan.
 - The 2015 Operating Budget provided funding to staff and operate an additional 10 site expansion of the After-School & Recreation Care (ARC) program. This enhanced service level require an annualized cost of \$0.376 million gross and net 0 in 2016.
 - The 2015 Operating Budget provided funding of \$0.403 million net to add 3 Enhanced Youth Spaces. The Enhanced Youth Spaces (Lounges) are designed to include full-time recreation staff at each location to provide information and referrals, facilitate community based partnerships to oversee the youth space and programming. In 2016, the incremental funding required is \$0.063 million net for the annualized cost.

- Economic Factors creates a \$1.133 million net pressure on the budget as detailed below:
 - Non-labour economic factors on expenditures adds a pressure of \$1.006 million net to the Program due to hydro.
 - Parks, Forestry and Recreation requires funding of \$0.127 million to accommodate inflation in service contracts that were renewed for 2016.
- Progression, step and benefit increase adds a base budget pressure of \$0.819 million net:
- Other Base Budget Changes \$1.656 million net are needed to fund current services levels:
 - An additional \$0.487 million is required to fund services provided by Facilities Management to align to historical spending experience.
 - Parks, Forestry and Recreation will be contributing a total of \$0.719 million to the vehicle and ferry reserve. The \$0.119 million contribution to the ferry replacement reserve aligns to the Ferry Replacement schedule, a contribution which will continue to increase in the coming years.
 - An additional \$0.250 million is needed to meet legislative requirements to complete health and safety training for part-time supervisory staff.
 - An additional \$0.300 million is required to fund the 2016 increase in Solid Waste Management Services fees for pick-up, recycling and tipping fees.
 - The reversal of one-time furniture expenditures reduced these pressures by \$0.100 million net.
- A revenue change of \$0.600 million is required to adjust the 2016 Permit Fee budget to better align with historical revenues achieved.

In order to offset the above pressures, the 2016 service cost changes for Parks, Forestry and Recreation consists of base expenditures savings of \$2.452 million, base revenue changes of \$1.6 million, service efficiencies of \$0.398 and revenue adjustments of \$2.205 million as detailed below:

Base Expenditure Changes (Savings of \$2.947 million net)

Line by Line Review – Historical Spending (\$0.700 million gross and net)

- The 2016 Budget includes expenditure savings of \$0.700 million associated with the review of historical spending in hydro, mileage reimbursement and cellular phone costs.

Salary and Benefits – Non-Union Gapping (\$0.350 million gross & net)

- Parks, Forestry and Recreation has a budgeted gapping rate of 3.5% for all permanent positions. To align with hiring timelines, an additional 1% gapping has been applied to non-union positions.

Salary and Benefits – PEP Savings (Savings of \$1.897 million gross and net)

- The salary and benefit budget was reduced by PEP savings of \$1.897 million identified through moving to position-based budgeting that aligned the salary and benefit budget with actual PEP calculated salary and benefit costs.

Base Revenue Changes (Savings of \$1.600 million net)*Permit & Program User Fee Inflationary Increase (2%)*

- As part of the City Council adopted User Fee Policy, the Program completed their annual review of User Fees and applied an inflationary increase of 2% based on service specific costs to Permit and Program User Fees in order to maintain estimated 2015 cost recovery levels, resulting in increased revenues of \$1.600 million in 2016. The \$1.600 million includes \$0.300 million of annualized ice permit revenues approved in 2015.

*Efficiencies (Savings of \$0.398 million gross & net)**Relocate Programming from Toronto District School Board*

- Savings of \$0.094 million in 2016 and \$0.383 million in 2017 will be achieved by transferring the delivery of aquatic programs and services currently offered from 3 selected Toronto District School Board (TDSB) pools to new facilities within close proximity of the selected TDSB Pools.
 - A total of 4,000 program hours and an estimated 28,000 visits will be relocated to new facilities and approximately 400 permit hours will be reduced.
 - The effective date is September 2016 as the City will be required to pay rent until September 2016 providing the TDSB is given notice by January of 2016.
 - Programming at the following locations will be re-located:

Toronto District School Board (TDSB) Pool	Ward	District	Closest Location for Program Relocation	2nd Closest Location
Bendale BTI pool	37	SC	Wexford Collegiate (4km)	Cedarbrae Collegiate (4km)
Brown Community Centre	22	TEY	Hillcrest Community Centre (2km)	North Toronto Memorial Community Centre (3 km)
Sir Wilfrid Laurier Pool	43	SC	West Hill Collegiate (4km) and Toronto Pan Am Sports Centre	Sir Oliver Mowatt (7km)

- The majority of savings are derived from the rental payment covering annual operating costs.

Electronic Receipting

- Electronic receipting will achieve savings and productivity gains of \$0.200 million.
 - Savings will be achieved from a reduction in postage and printing as a result of not issuing paper-based receipts.
 - Based on approximately 175,000 registration receipts, Community Recreation will save approximately \$1.00 per receipt issued in 2016.

Talent Flow Recruitment System

- With the implementation of Talent Flow, an online application system that allows candidates to submit applications to multiple opportunities rather than manual mail-in or drop off paper application forms,

Community Recreation will achieve efficiency savings / productivity gains of \$0.103 million in reducing printing.

- Previously, Recruitment Coordinators received over 10,000 paper applications. The new online application system has eliminated all manual entry and allows for immediate distribution of applications.
- Recruitment Coordinators have more time to provide value-added support to the hiring managers, improve customer service; trouble-shoot, attend job fairs and recruitment drives.

Revenue Adjustments (Savings of \$2.205 million net)*Capital Recovery Adjustments (\$0.582 million)*

- The 2016 Budget includes an increase of \$0.582 million for the cost of temporary positions delivering capital projects for Parks, Forestry and Recreation. This adjustment was identified during the position review of approved positions to better reflect actual requirements.

2% Market Rate Increase for Permit and Program User Fees (\$0.873 million net in 2016; and \$0.384 million in 2017)

- The 2016 Operating Budget includes an additional 2.0% increase above the 2.0% inflationary increase and will be in effect for April, 2016. The additional 2.0% user fee increase beyond inflation was applied to all PFR user fees with the exception of Ice Permit fees as they were increased above inflation in 2015.
- This rate increase is in response to rising budgetary pressures with the intent of increasing cost recovery and aligning the City's user fees to other municipalities in the Greater Toronto Area. This revenue adjustment is expected to result in incremental revenues of \$0.873 million net in 2016 and \$0.343 million net in 2017.

Urban Forestry Service Plan – (\$0.750 million net)

- The 2016 Operating Budget includes a \$0.750 million withdrawal from the Tree Removal and Cash in Lieu account to fund the Urban Forestry Plan. These funds arise from permit conditions for the injury or removal of trees under the tree bylaws. The deposits and cash in lieu funds can be used for expansion of the tree canopy.

Table 4
2016 Total New & Enhanced Service Priorities

	New and Enhanced						Total Service Changes			Incremental Change

Enhanced Service Priorities

Extending Outdoor Rink Season by 4 Weeks

- At its meeting on March 10 and 11, 2015, City Council adopted *EX3.4 2015 Capital & Operating Budgets*, and requested the General Manager, Parks, Forestry and Recreation to report to the May 19, 2015 Parks and Environment Committee meeting on the viability of extending the 2015-2016 outdoor artificial ice rink season

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.EX3.4>)

- At its meeting on July 7, 2015, City Council adopted report *PE4.3 Extending the 2015-2016 Outdoor Artificial Ice Rink Season*, that recommend extending the 2015/16 and subsequent outdoor artificial ice rink seasons for an additional 4 weeks for a 16 week season that would March Break, at an additional 20 rinks, for a total of 37 extended rinks, contingent on weather conditions.

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.PE4.3>)

- The 2016 funding of \$0.556 million will enable 20 additional rinks to have extended seasons bring the total to 37 rinks with extended subject to weather conditions.
- Subject to City Council approval in January 2016, an Outdoor Ice Contingency Reserve Fund will be established for the purpose of accumulating funds to support the extension of the artificial ice season.
- Further, in any given year, that Parks, Forestry and Recreation has an overall surplus and the Outdoor Artificial Ice Rink budget also has a surplus, then the ice rink surplus will be contributed to this Reserve Fund.

Swim to Survive

At its meeting November 27, 28 and 29, 2012, City Council adopted 2013-2017 Recreation Service Plan (CD17.2) which included the following recommendation:

2c. expand the "Swim to Survive" program in partnership with Toronto's school boards beginning in the fall of 2014

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2012.CD17.2>

- During the 2014 Operating Budget, on January 29th, 2014, City Council adopted Item EX 37.1: 2014 Operating and Capital Budgets. City Council increased the 2014 Operating Budget for by \$250,000 to eliminate the Leisure Swim Fee in indoor pools across the City, and approved an additional \$125,000 to expand the Swim to Survive Program. The additional funding for Parks Forestry and Recreation, to be offset by an equivalent increase in 2014 Municipal Land Transfer Tax revenues.
- The goal of the Swim to Survive program is to ensure that every grade four student in the City of Toronto learns basic swim survival skills with the program expanding Swim to Survive to 22,000 students, 100% of Grade 4 students over five years.
- The 2016 Operating Budget includes funding of \$0.211 million gross and net and 1.9 FTEs or 5 positions to deliver Swim to Survive Program to approximately 9000 of the 22,000 grade four student in the Toronto District School Board (TDSB) and Toronto Catholic District School Board (TCDSB) students.
- This Program will be phased in over five years as follows:

Category	2014 Annual Impact	2015 Annual Impact	2016 Annual Impact	2017 Annual Impact	2018 Annual Impact	2019 Annual Impact	2020 Annual Impact
Funding (\$000's)	125.0	92.0	210.6	155.7	154.1	154.0	117.9
Grade 4 Participants	7,300	7,300	9,000	12,250	15,500	18,750	22,000
Program Hours	790	790	961	1,325	1,676	2,000	2,380

Family Day

- During the 2015 Budget process, City Council requested the General Manager, Parks, Forestry and Recreation, to include the necessary operational changes to operate community centre facilities on Family Day in 2016.
- This request allows Parks, Forestry and Recreation to open and offer family oriented recreation programs on Family Day at 88 community centres and aquatic locations across the City.

Parks Plan - Enhanced Maintenance & Quality Management

- This provides enhanced evening and weekend park monitoring and maintenance in summer months when park use levels are at their highest.

- This funds additional evening and weekend park maintenance and monitoring over a 12 week summer period to ensure that existing service standards can be met consistently in heavily used high demand parks as well as increase the frequency of turf services.
 - Roving crews do basic maintenance and monitor parks to identify issues and priorities and report and manage problems.
- Two crews provide 2,520 hours of summer park monitoring and maintenance in the evening and weekend hours in high demand parks across the City.

Hydro Corridor Agreements

- There are currently approximately 60 Hydro sites comprising approximately 760 acres on one Master Agreement between Hydro One and the City being utilized by PFR as recreational space, including garden plots, recreation areas, bike paths, pedestrian walkways, trails and dogs off leash areas.
- This funding is required to pay for the associated assessments and property taxes for five additional locations added to the Master Agreement with Hydro One.

Parks Plan - Horticulture & Urban Agriculture

- Horticulture: Most horticulture beds receive spring and fall clean ups and are weeded/pruned 2-3 times per season. Limited funding, bed condition and changing weather patterns make it challenging to achieve the standard of rejuvenating beds every seven years and consistently meet maintenance standards.
- The 2016 Operating Budget provides funding for a regular rejuvenation cycle for gardens, deliver enhanced maintenance to 75 additional gardens annually and implement a Gardener 3 apprenticeship program.
- Urban Agriculture: This funding is to establish four new community gardens per year and operates 64 gardens in 30 wards of the city.
- This program builds up to providing approximately two gardens per ward and increase public education workshops from 52 to 104 per year increasing the number of people reached through Community and Allotment Gardens from 6,223 people in 2015 to 6,423 in 2016, and 7,198 in 2017.
- Once this coverage is achieved the program would emphasize public education, maintenance and renewal of the garden inventory.

Re-established Service Plan to achieve Original Tree Canopy Goal

- In 2009, an eight year funding plan was implemented to sustain and expand the urban forest and in particular, increase the tree canopy to between 30-40% by the year 2050. The eight year

financial plan was designed to bring Urban Forestry's Gross Operating Budget to the necessary level by 2016; allowing Urban Forestry to maintain and protect current assets, as well as plant at sufficient levels in order to meet the desired canopy objectives.

- From 2013 – 2019, Urban Forestry resources were diverted to manage Emerald Ash Borer infestation deferring the targeted funding level by 2016.
- In order to return to the original tree canopy target established by City Council in 2008, additional funding totaling \$13.7 million in Years 2016 - 2023 would be required.
- The 2016 Approved Budget include \$1.664 million to provide funding for Year 2016 of the revised plan.

Re-establish Service Plan Time Frame (in millions)	2016	2017	2018	2019	2020	2021	2022	2023	Total (2016-2019)	Total (2016-2023)
Revised Service Plan (Council Approved 2012)	8.1	11.9	16.8	16.8	21.0	21.0	21.5	22.0	53.6	139.1
Re-established Service Plan	9.8	13.9	18.9	22.2	22.0	22.0	22.0	22.0	64.8	152.8
Additional Funding Required	1.7	2.0	2.1	5.4	1.0	1.0	0.5	-	11.2	13.7

Enhanced Youth Space Expansion – Phase 3

- During the 2014 Budget Process, City Council approved the implementation of 10 new enhanced youth spaces to be phased in over three years (4 locations in 2014, 3 location in 2015 and 3 locations in 2016), subject to the budget process.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2014.EX37.1>
- In the 2014 Operating Budget, funding for four (4) new enhanced youth spaces were approved.
- In the 2015 Operating Budget, Phase 2 of the expansion was approved with funding allocated through the Poverty Reduction Strategy which included three (3) new enhanced spaces that opened in May 2015.
- The 2016 Operating Budget includes \$0.063 million for the annualized cost of expanding 3 youth spaced approved by City Council during the 2015 Budget.
- The 2016 Approved Budget includes \$0.466 million gross and net to implement the final phase Enhanced Youth Spaces – Phase 3 (3 additional sites) .

Grenadier Pond

- At its meeting on December 9th and 10th, 2015, City Council adopted *PE8.7 Options for Winter Public Access to Grenadier Pond*, and directed the General Manager, Parks, Forestry and Recreation to implement an Ice Monitoring Program that would provide testing of ice thickness and quality by an ice engineer and surveyor, within a designated area on Grenadier Pond, and necessary signage and a flagging system to inform the public of the risks associated with activities on frozen bodies of water
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.PE8.7>
- The 2016 Operating Budget includes \$0.025 million for staff to do daily tests in a designated area. If the ice is unsafe, a red flag would go up warning people to stay off. If the ice is deemed safe, a yellow “skate at your own risk” flag would fly.

Table 5
2017 and 2018 Plan by Program

	2017 - Incremental Increase					2018 - Incremental Increase				
	Gross Expense	Revenue	Net Expense	% Change	# Positions	Gross Expense	Revenue	Net Expense	% Change	# Positions
Known Impacts:										
Prior Year Annualization	2,390.5	(9.6)	2,400.1		(5.3)	(2,327.8)	(1,777.8)	(550.0)		(18.0)

Other										
Contribution to Reserve - Vehicles & Ferry	291.8	-	291.8			306.4	-	306.4		
Total Incremental Impact	3,727.3	(7,757.7)	11,484.9		16.1	4,107.3	(4,748.7)	8,856.0		(12.8)

Future year incremental costs are primarily attributed to the following:

Known Impacts

- Prior year impacts are expected to increase by \$11.485 million net in 2017 and 16.1 FTEs and increase by an incremental \$8.856 million and 12.8 FTEs in 2018 due to the following key priorities:
 - An additional \$2.391 million gross and \$2.400 million net and 5.3 positions in needs to annualize the cost of operating and maintaining new park enhancements and recreation facilities, including the York Community Centre that will open in 2016.
 - The EAB Management Plan will phase in property tax funding of \$1.600 million in 2017 and \$4.900 million in 2018.
 - The Revised Forestry Service Plan will transfer \$3.500 million in 2017 and \$1.900 million in 2017 of funding from the Environment Protection Reserve Fund to the property tax base as per the phase-in plan.
 - Parks, Forestry and Recreation will continue to withdraw from the Tree Removal and Cash in Lieu account to enhance funds for tree maintenance. A \$2.000 million withdrawal is planned in 2017 and \$0.500 million withdrawal in 2018 with no impact to the property tax.
 - The 4 Outdoor Ice Rink Extension requires \$0.001 million in 2017 and \$0.002 million in 2018 to accommodate step and progression increases.
 - The Swim to Survive Program requires \$0.156 million in 2017 and 2.1 position in 2017; and \$0.154 million and 1.6 position in 2018 to expand the program to provide Swim to Survive to 22,000 Grade 4 Students by 2020.

- The Youth Space Expansion requires \$0.024 million in 2017 and \$0.008 million in 2018 for the full year impact of permanent positions and to accommodate step and progression pay. The one-time funding source of \$0.297 million will be reversed and an alternate funding source is required.
- The Parks Plan initiatives will require combined funding of \$0.165 million in 2017 and \$0.029 million in 2018 for the full year impact of permanent positions and to accommodate step and progression pay
- The one-time funding source of \$0.025 million for Grenadier Pond will be reversed and an alternate funding source is required.
- An additional \$0.091 million gross and net is needed in 2017; and \$2.1 million in 2018 for economic factors.
- The 2% additional user fee increase for recreational program fees is expected to generate additional revenues of \$0.343 million net in 2017.
- Consistent with the vehicle and ferry replacement schedules, an additional \$0.293 million in 2017 and \$0.306 million is needed.

Anticipated Impacts

- The historical revenue trend in permit revenue shortfalls is not expected to reverse. Parks, Forestry and Recreation will phase the revenue target correction over three years with a further reduction of \$0.600 million in 2017 and \$0.800 million in 2018 which will be reviewed and revised for the 2017 Budget based on 2015 and 2016 experience.

Part II:

2016 Budget by
Service

Community Recreation

What We Do

Community Recreation

Instructional Recreation
Programs

Permitted Activities -
Recreation Facilities

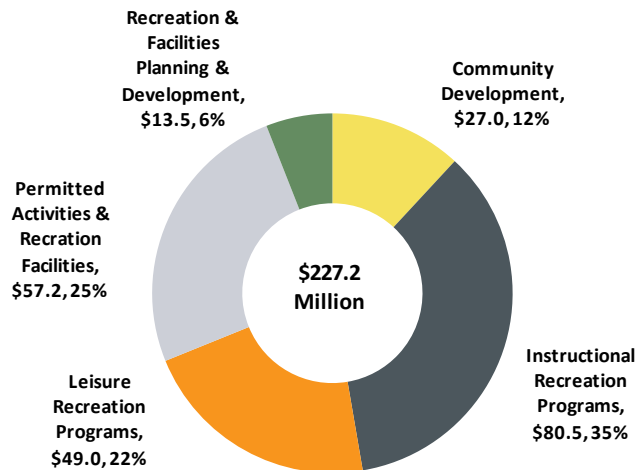

Community Development

Recreational & Facilities
Planning & Development

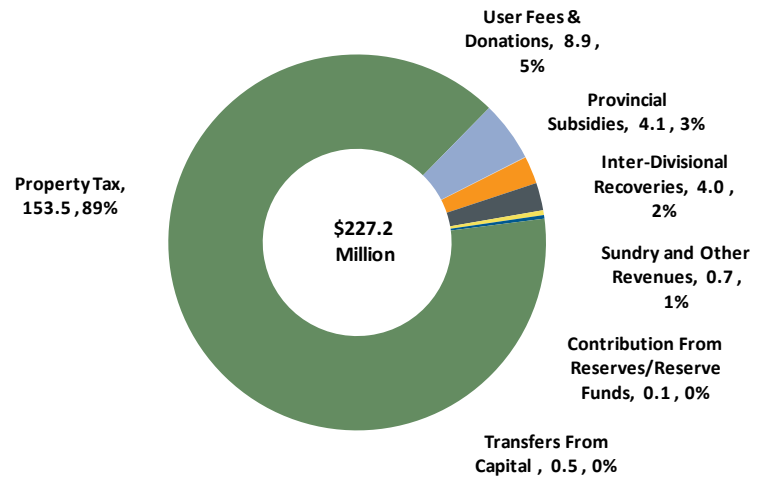

Leisure Recreation
Programs

- Deliver recreation programs and services that are innovative, high quality, accessible, equitable and create a sense of belonging.
- Provide programs and services that are locally responsive while enhancing the consistency of the programs throughout the City.
- Provide community development and outreach services to increase awareness and participation in recreation among under-served residents.
- Implement a multi-year recreation service plan to address service gaps, unmet demand, cultural and demographic changes. The plan is guided by four principles: equity, quality, inclusion and capacity building.
- Design and develop new recreational facilities, and repair existing recreational facilities.
- Operate and maintain the City's recreational facilities in a state of good repair.
- Deliver drop-in and instructional recreation programs for all ages that teach a new skill or improve the competency level in a variety of activities including swimming skating, summer and holiday camps, fitness, sports and arts.
- Provide self-directed recreational opportunities through permits for recreational facilities such as ice rinks and community centres to residents and community groups.

2016 Service Budget by Activity (\$000s)

Service by Funding Source (\$000s)

Community Recreation Participation Visits

- Participation in recreation programs is expected to increase by 310,000 or 3.4% due to the opening of new recreation facilities.

Overall, the 2016 Service Levels are consistent with the approved 2015 Service Levels.

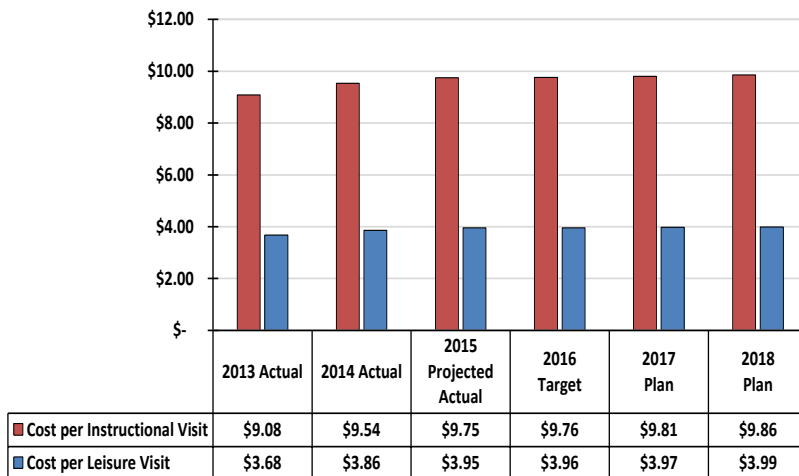

Service Performance

Output Measure – Recreation Service Hours

- Service Hours are increasing by 23,050 hours or 3.9% from 2013 to 2015 as a result of new major recreation facilities in 2014 and 2015. Future year hours are projected to increase to 1.7 million hours.

Efficiency Measure – Cost per Participant Visits for Recreation Programs

- The cost per participant visit of instructional and leisure programs has increased from 2013 to 2015 at the same rate of inflation.

Output Measure – Permit Bookings & Registrations

- Recreation has improved its program utilization through the Business Transformation project that has led to increased monitoring and quality assurance.
- Community Recreation will continue to strive to provide quality programming that is locally responsive.

The **Community Recreation** Service delivers recreation programs and services in a customer-driven, high quality, accessible, equitable and innovative manner.

The 2016 Operating Budget for *Community Recreation* of \$227.914 gross and \$153.919 million net is \$2.720 million or 1.8% over the 2015 Approved Net Budget.

- Base budget pressures in *Community Recreation Service* total \$4.320 million net and are mainly attributable to the operating costs associated with new facilities, economic factors and the annualization of initiatives that were approved in 2015 as detailed below :
 - Annualized funding for New and Enhanced Initiatives approved by City Council in the 2015 Budget include \$0.063 million gross and net for the Youth Spaces (Lounges) – Phase 2 expansion at three additional designated locations; \$0.376 million gross and \$0 net for the Afterschool and Recreational Care Expansion at 10 locations.
 - Non-Payroll economic factors of \$0.761 million gross and net are mainly attributable to inflation rates for hydro and escalation costs in the Toronto District School Board agreement (\$0.196 million)
 - As part of the 2016 salary calculations, Parks, Forestry and Recreation reviewed all budgeted positions and adjusted the cost allocation in 2016. There are no service level impacts resulting from the re-distribution of budget. Together with the progression, step and benefit increases this change adds a base budget pressure of \$0.371 million gross and net.

- An additional \$0.778 million net is required to operate new recreation facilities which opened in 2015 or are expected to open in 2016. These facilities include the Toronto Pan Am Sports Centre complex which opened to the public in September 2014, hosted Pan Am Games in 2015, and will have the first full year of regular activity in 2016; the Regent Park Community Centre which opened in 2015; and the York Community Centre which is expected to open in 2016.
- An additional \$0.970 million gross and net is needed to fund the increases of services provided by other City Programs including City Clerks (printing and communications) and Facilities Management Services for additional facility repairs and maintenance.
- The operating cost to maintain new assets delivered in 2016 is \$0.468 million which include redevelopment of the Riverdale Outdoor Park Rink, recreation space at West Acres / Kipling Acres Senior Centre and sustainment costs for the automated building system.
- Annualized costs of the Greenwood Artificial Ice rink requires an additional \$0.056 million
- Funding of \$0.250 million is needed to meet legislative requirements to complete health and safety training for part-time supervisory staff.
- An additional \$0.300 million is required to fund the 2016 inflation increase in Solid Waste Management Service fees for waste pick-up, recycling and tipping fees.
- Consistent with the vehicle replacement schedule, the 2016 Budget includes an increase in the contribution to the vehicle reserve of \$0.043 million gross and net
- The reversal of one-time furniture expenditures reduced these pressures by \$0.041 million net.

In order to offset the above pressures, the 2016 service cost changes for *Community Recreation* consists of base reductions of \$1.046 million, and efficiency savings of \$0.326 million, as detailed below:

Base Budget Changes (Savings of \$1.046 million gross & net)

- Community Recreation identified line by line reductions of \$0.192 million relating to discretionary expenditures and hydro.
- A salary and benefit reduction of \$0.693 million gross and net million for PEP savings due to position based budgeting.
- An additional 1% gapping has been applied to non-union positions of \$0.161 million gross and net to align to hiring timelines

Efficiencies (Savings of \$0.326 million gross & net)

Relocate Programming from Toronto District School Board

- Savings of \$0.094 million in 2016 and \$0.384 million in 2017 will be achieved by transferring the delivery of aquatic programs and services currently offered from 3 selected Toronto District School Board (TDSB) pools to new facilities within close proximity of the selected TDSB Pools.
- The efficiency savings are the result of a review of locations operating below capacity and locations where programs could be merged were identified without overall service impacts.

- A total of 4,000 program hours and an estimated 28,000 visits will be relocated to new facilities while approximately 400 permit hours may be reduced or permitted from the TDSB directly.
- The effective date is September 2016 as the City will be required to pay rent until September 2016 providing the TDSB is given notice by January of 2016.
- Programming at the following locations will be re-located:

Toronto District School Board (TDSB) Pool	Ward	District	Closest Location for Program Relocation
Bendale BTI pool	37	SC	Cedarbrae CI Indoor Pool (4km) Wexford Collegiate (4km)
Brown Community Centre	22	TEY	Hillcrest Community Centre (2km) North Toronto Community Centre Indoor Pool (3km)
Sir Wilfrid Laurier Pool	43	SC	Cedarbrae CI Indoor Pool (4km) Toronto Pan Am Sports Centre (6km) Sir Olver Mowat Indoor Pool (7km) West Hill Collegiate (4km)

- The majority of savings are derived from the rental payment covering annual operating costs.

Electronic Receipting

- Electronic receipting will achieve savings and productivity gains of \$0.180 million.
 - Savings will be achieved from a reduction in postage and printing as a result of not issuing paper-based receipts.
 - Based on approximately 175,000 registration receipts, Community Recreation will save approximately \$1.00 per receipt issued in 2016.

Talent Flow Recruitment System

- With the implementation of Talent Flow, an online application system that allows candidates to submit applications to multiple opportunities rather than manual mail-in or drop off paper application forms, Community Recreation will achieve efficiency savings / productivity gains of \$0.052 million in reducing printing.
 - Previously, Recruitment Coordinators received over 10,000 paper applications. The new online application system has eliminated all manual entry and allows for immediate distribution of applications.
 - Recruitment Coordinators have more time to provide value-added support to the hiring managers, improve customer service; trouble-shoot, attend job fairs and recruitment drives.

The following revenue adjustments are included in the 2016 Operating Budget:

Capital Recovery Adjustments

- The 2016 Budget includes an increase of \$0.291 million for the cost of temporary positions delivering capital projects for Community Recreation. This adjustment is necessary to reflect actual requirements and was identified during the review of approved positions.

Permit Volume Decrease

- A revenues change of \$0.300 million to the 2016 Permit Fee budget is required to better align with historical revenue achieved.

Program User Fee Inflationary Increase (2.00%)

- In line with the City Council adopted User Fee Policy, the Program has completed their annual review of User Fees and applied an inflationary increase of 2.00% based on service specific costs user fees in order that results in increased revenues of \$1.439 million in 2016.

2% Market Rate Increase for Permit and Program User Fees

- The 2016 Operating Budget includes \$0.570 million in additional revenue resulting from an additional 2.00% increase above the 2.00% inflationary increase and will become effective April, 2016. The user fee increase was applied to all user fees with the exception of ice permit fees which received an increase beyond inflation in 2015.
- This rate increase is in response to rising budgetary pressures with the intent of increasing cost recovery and aligning the City's user fees to other municipalities in the Greater Toronto Area. This revenue adjustment is expected to result in incremental revenues of \$0.343 million net in 2017.

New & Enhanced Services (\$1.463 million gross and \$1.166 million net)

This Service's Operating Budget also includes funds for 4 Council Approved New and Enhanced initiatives as follows:

- 4 Weeks Outdoor Ice Rink Extension to include March Break (\$0.556 million gross and net, 7.8 positions; 0.006 million net in 2017; and \$0.015 million net in 2018) See discussion on page 14.
- Swim to Survive Expansion – Phase 2 (\$0.210 million gross and net, 1.9 positions; \$0.156 million net, 2.1 positions in 2016; and \$0.154 million, 1.6 positions in 2018) See discussion on page 14.
- Family Day Recreation Operations (\$0.250 million gross and net, 5.0 positions) See discussion on page 15
- Youth Space Expansion Phase 3 (\$0.446 million gross and \$0.149 million net, 8.4 positions; 0.321 million net in 2017; and \$0.008 million net in 2018) See discussion on page 17.

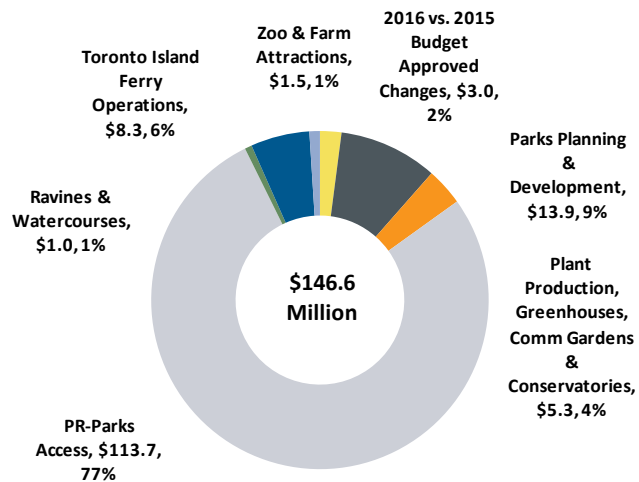

Parks

What We Do

- Provide clean, safe and well-maintained green space, sport fields and park amenities for passive and active permitted use.
- Design and develop new parks, and redevelop existing parks.
- Maintain many types of turf including sports fields, lawn bowling greens, stadiums, civic centres as well as general parkland.
- Maintain 11 swimming beaches, 8 of which are blue flag
- Operate 52 Outdoor Artificial Ice Rinks.
- Inspect nearly 1000 parks playgrounds during peak season annually.
- Provide technical services to maintain quality parks, and repair amenities.
- Manage and maintain natural areas including ravine and watercourse inspection and natural trail maintenance.
- Manage 44 hectares of horticulture, three conservatories, four greenhouses, and grow 950,000 plants every year for use in city parks and displays.
- Provide transportation services to Toronto Island Park in keeping with federal legislative requirements for ferry operations.
- Operate two animal attractions.
- Manage and maintain 64 community gardens and administer over 1,500 allotment plots.
- Operate and maintain five Golf Courses.
- Operate two ski hills.
- Provide winter snow clearing and maintenance of parks pathways.

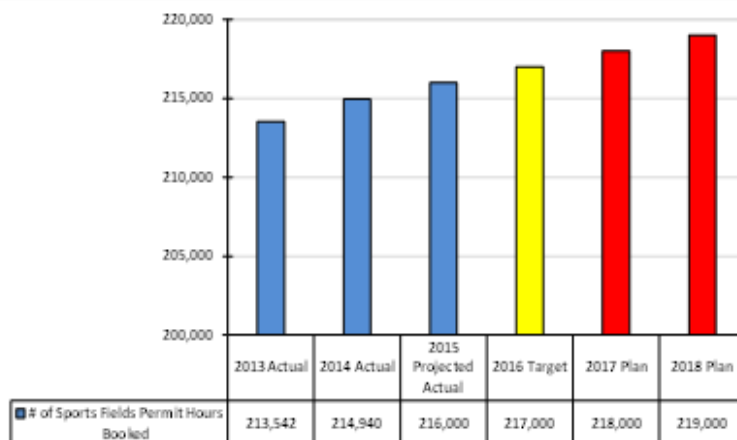

2016 Service Budget by Activity (\$000s)

Service by Funding Source (\$000s)

Number of Sports Fields Permit Hours Booked

- Sport Field permit hours have increased by 2,458 or 1.2% compared to the same time period in 2015.
- The majority of the increase was at C sport fields due to sport field reclassifications.

Overall, the 2016 Service Levels are consistent with the approved 2015 Service Levels.

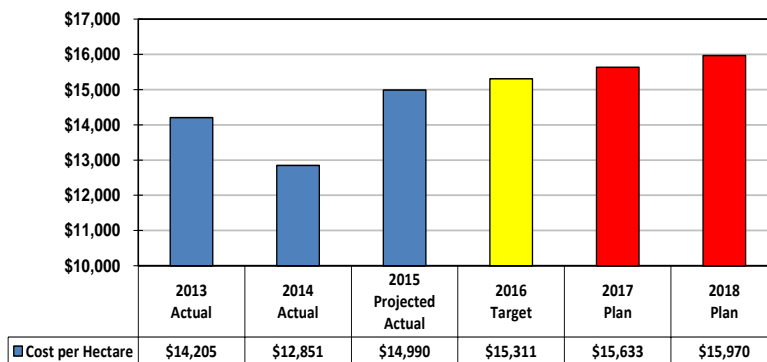

Service Performance

Efficiency Measure – Cost Per Ferry Rider

- Cost per Ferry Rider expected to increase due to inflation, legislated security requirements and costs of maintaining aging Ferries as well as diminished capacity of the Fleet
- Ferry replacement reserve created and funded by contributions from operating began in 2013
- New Ferries will have increased capacity, with less breakdowns than the current fleet and are expected to increase ridership and reduce costs.

Efficiency Measure – Cost per Hectare Maintained

- Cost per maintained HA maintenance increased by the rate of inflation
- Cost pressures for Parks maintenance are due to higher park usage, type of park usage (increased events), environmental changes (storm events causing damage, extended seasons), and inflation
- Approximately 12 hectares of new parkland added since 2013, with increasingly complex features
- Increased demand for involvement from park interest and community groups

The 2016 Operating Budget for Parks Services of \$146.582 million gross and \$117.400 million net is \$0.378 million or 0.3% below the 2015 Approved Net Budget.

- Base budget pressures in *the Parks Service* total \$1.510 million net and are mainly attributable to the operating costs associated with newly developed or acquired parkland, economic factors and the annualization of initiatives that were included in the 2015 Operating Budget detailed as follows :
 - Non-Payroll economic factors of \$0.318 million gross and net are mainly attributable to maintenance contracts and inflationary increase for parts for machinery and equipment
 - As part of the 2016 salary calculations, Parks, Forestry and Recreation reviewed all budgeted positions and adjusted the cost allocation in 2016. There are no service level impacts resulting from the re-distribution of budget. Together with the progression, step and benefit increases this change results in a budget reduction of \$0.700 million gross and net.
 - The annualized funding of new parks and park enhancements delivered in 2015 across the City requires additional maintenance funding of \$0.658 million net.
 - The operating cost to implement completed parks and park enhancement projects in 2016 is \$1.016 million gross and net.

- Consistent with the vehicle replacement schedule, the 2016 Budget includes an increase in the contribution to the vehicle reserve of \$0.548 million gross and net
- Interdepartmental charges were lower by \$0.690 million net due to savings achieved in Solid Waste Management charges from lower waste volumes.
- The reversal of one-time furniture expenditures reduced these pressures by \$0.058 million net.

Ferry Reserve Contribution (\$0.119 million net)

- The contribution to the ferry reserve for the purposes of replacing the Toronto Island ferry fleet will be increased from \$0.250 million to \$0.369 million. See Issues Discussion on page 56.

The following revenue adjustments are included in this Service's 2016 Operating Budget:

Capital Recovery Adjustments

- The 2016 Budget includes an increase of \$0.204 million for the recovery of temporary positions delivering capital projects. This adjustment is necessary to reflect actual requirements and was identified during the review of approved positions.

Permit Volume Decrease

- A revenue change of \$0.300 million to the 2016 Permit Fee budget is required to better align with historical revenue achieved.

Program User Fee Inflationary Increase (2%)

- In line with the City Council adopted User Fee Policy, the Program has completed their annual review of User Fees and applied an inflationary increase of 2% based on service specific user fees results in increased revenues of \$0.134 million in 2016.

Market Rate Increase of 2% for Park Permit, Golf and Ferry User Fees

- The 2016 Operating Budget includes \$0.277 million in additional revenue resulting from an additional 2.0% increase above the 2% inflationary increase and become effective for April, 2016.
- This rate increase is in response to rising budgetary pressures with the intent of increasing cost recovery and aligning the City's user fees to other municipalities in the Greater Toronto Area.

In order to offset the above pressures, the 2016 service changes for *Parks* consists of base reductions of \$1.216 million, and efficiency savings of \$0.056 million, as detailed below:

Base Budget Changes (Savings of \$2.241 million gross & net)

- Parks identified line by line reductions of \$0.486 million relating to expenditures and hydro.
- The salary and benefit budget was reduced by PEP savings of \$1.621 million identified through moving to position-based budgeting that aligned the salary and benefit budget with actual PEP calculated salary and benefit costs.

- An additional 1% gapping has been applied to non-union positions of \$0.134 million gross and net to align to hiring timelines.

Efficiencies (Savings of \$0.056 million gross and net)

- Parks, Forestry and Recreation will achieve efficiency savings / productivity gains as a result of implementing the electronic receipting system and the Talent Flow staffing system. The total savings allocated to Parks is \$0.056 million gross and net. See details of this initiative in the Community Recreation Service on page 12.

New & Enhanced Services (\$0.602 million gross and \$0.577 net, 5.6 positions)

This Service's Operating Budget also includes funds for 4 Council Approved New and Enhanced as follows:

- *Parks Plan - Enhanced Maintenance & Quality Management (\$0.177 million gross and net, 2.1 positions)* See discussion on page 15.
- Parks Plan – Horticulture & Urban Agriculture (\$0.291 million gross and net, 3.6 positions) See discussion on page 16.
- Hydro Corridor Agreements (\$0.110 million gross and net) See discussion on page 16.
- Grenadier Pond (\$0.025 million gross and 0 net) See discussion on page 17.

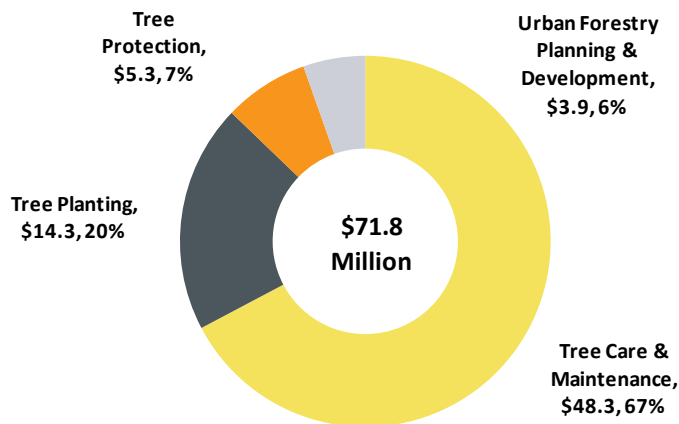

Urban Forestry

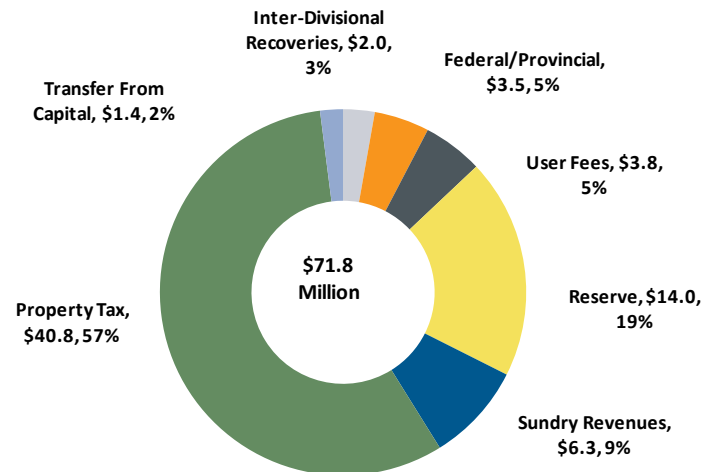

What We Do

- Maintain in a state of good repair and enhance the urban forest asset through investment in new trees, protection and maintenance of the existing asset, and planning for the future.
 - Maintain a multi-year Urban Forestry Service Plan, including annual review and adjustment to maximize operational efficiency towards preserving and optimizing the urban forest asset, including street trees, commercial trees, park trees, and natural areas.
 - Protect the existing tree and natural area assets to maximize public benefit by ensuring healthier trees and natural areas and avoiding unnecessary damage or removal; working with other City Divisions and key stakeholders on policies to improve tree planting and protection, natural area preservation and growing conditions in the City. Includes:
 - Review of development and construction plans
 - Processing of permit applications
 - Bylaw compliance/enforcement
 - Plant more trees on City-owned land and promote and support tree planting on public (quasi- City) and private land to increase long term canopy potential. This includes planting along streets, in parks, commercial areas and natural areas and partnership ventures with other agencies and private groups such as the Trees across Toronto Program, and community engagement with volunteer planting.
 - Proactively manage and maintain trees: Maximize the public benefit of the urban forest by ensuring healthier and longer lived trees through systematic processes that encourage tree health and natural form, maintaining structural integrity to help them to achieve full life expectancy.

Overall, the 2016 Service Levels are consistent with the approved 2015 Service Levels.

Service Performance

Tree Care and Maintenance

Forestry Service Wait Time (Months)

- Urban Forestry has worked proactively to reduce the backlog from 24 months in 2007 to 6 months in 2013. Due to prioritizing the 2013 ice storm in order to mitigate public liability, the backlog has increased to a 10 month wait time for servicing.

The **Urban Forestry Service** maintains and enhances the urban forest through planting new trees, protection and care of existing resources, and planning policy for the future.

The 2016 Operating Budget of \$71.837 million gross and \$40.835 million net is \$1.601 million or 4.1% over the 2015 Approved Net Budget.

The primary budget pressures faced by the **Urban Forestry Service** is the Revised Forestry Service Plan of \$1.25 million which phases in property tax funding from the Environment Protection Reserve Fund as outlined in the Revised Forestry Service Plan. See Issues Discussion on page 44.

The following revenue adjustments are included in the 2016 Budget:

Capital Recovery Adjustments

- The 2016 Budget includes an increase of \$0.087 for the cost of temporary positions delivering capital projects. This adjustment is necessary to reflect actual requirements and was identified during the review of approved positions.

User Fee Inflationary Increase – Private Tree Bylaw and Contravention Fees (2.00%)

- In line with the City Council adopted User Fee Policy, the Program has completed their annual review of User Fees and applied an inflationary increase of 2% based on service specific user fees that results in increased revenues of \$0.027 million in 2016.

Market Rate Increase of 2% for Private Tree Bylaw and Contravention Fees

- The 2016 Operating Budget includes \$0.027 million in additional revenue resulting from an additional 2.0% increase above the 2% inflationary increase, effective 2016.

- This rate increase is in response to rising budgetary pressures with the intent of increasing cost recovery and aligning the City's user fees to other municipalities in the Greater Toronto Area.

In order to offset the above pressures, the 2016 service cost changes for *Urban Forestry* consists of base reductions of \$1.216 million, and efficiency savings / productivity gains of \$0.056 million, as detailed below:

Base Budget Changes (Savings of \$0.190 million gross & net)

- Line by line reductions of \$0.022 million relating to expenditures and hydro.
- A salary and benefit reduction of \$0.168 million gross and net million for PEP savings due to position based budgeting.
- An additional 1% gapping has been applied to non-union positions of \$0.113 million gross and net to align to hiring timelines.

Efficiencies (Savings of \$0.016 million gross & net)

- Parks, Forestry and Recreation will realize efficiency savings as a result of the implementing the Talent Flow staffing system. The total savings allocated to Urban Forestry is \$0.015 million gross and net. See details of this initiative in the Community Recreation Service on page 12.

New & Enhanced Services (\$1.664 million gross and net)

This Service's Operating Budget also includes funds for the following Council Approved New and Enhanced:

- *Re-established Service Plan to achieve the Original Tree Canopy Goal (\$1.664 million gross and net)*
See discussion on page 16.

Part III:

Issues for Discussion

Issues for Discussion

Issues Impacting the 2016 Budget

Urban Forestry Service Plan - Achieving the City's Tree Canopy Goals

- The Tree Canopy Goals are currently managed using a consolidated funding plan that addresses both the financial pressures resulting from the management of Emerald Ash Borer (EAB), as well as the tree canopy goals.
- To achieve the target of 40% tree canopy cover over the next 40 years, City Council, in 2008, authorized the use of \$48 million from the Environment Protection Reserve Fund to allow the phasing in of \$22.0 million of annual property tax funding over 8 years, with a target of full property base tax funding by 2016.
- During the 2013 Operating Budget process the EAB Management Plan was revised and adopted through the "Core Service Review – Revising the Timeframe to Achieve the City's Tree Canopy Goals" (PE17.1) report dated September 28, 2012.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2012.PE17.1>

The following was adopted:

- The time frame to achieve the 8 year financing plan to sustain and expand the urban forest and in particular, increase the tree canopy to between 30-40% by the year 2050 be extended by 7 Years from 2016 to 2023
- From 2013 – 2019, Urban Forestry resources be diverted to manage EAB
- A revised Urban Forestry Service Plan targeted \$22.0 million of annual property tax funding by 2023
- On January 16, 2013, City Council directed Parks, Forestry and Recreation to re-instate the original timelines in the 2008 Urban Forestry Plan to achieve the 40% tree canopy target by the year 2050, and Parks, Forestry and Recreation was directed to include the required funding for consideration through the 2014 Budget process. The funding request of \$2.000 million was not approved as the City faced more pressing financial needs.
- The Consolidated Funding Plan put Service Plan funding on hold in 2011 until 2017 when funding is scheduled to start increasing again.
- The revised consolidated funding plan detailed below identifies a total of \$48 million from the Environment Protection Reserve Fund (XR1718), \$64.9 million of re-purposed Sustainable Energy Fund to address EAB, \$7.0 million from Cash in-lieu and tree deposits and cumulative investment of \$145.1 million in base budget property tax funding.

CONSOLIDATED FUNDING PLAN (Revised Service Plan & EAB)	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024	2025	Total (2013- 2023)	Total (2009- 2023)

Property Tax Funding	1.3	1.7	3.5	3.5	4.3	6.2	7.0	8.3	10.2	12.1	14.0	15.6	17.5	19.4	20.6	22.0	22.0	135.1	145.1
Incremental Increase/Decrease in Funding		3.4	2.4	3.6	6.4	(1.3)	8.2	(4.3)	(3.3)	-	1.3	0.7	-	0.5	0.5	-	-		
<i>Incremental property tax amount</i>		0.38	1.82	-	0.75	1.90	0.85	1.25	1.90	1.90	1.90	1.67	1.88	1.90	1.13	1.45	-		

- By the Year 2024, \$22.0 million will be fully funded by property taxes.
- The 2016 Operating Budget will provide funding of \$22.3 million funded by \$0.68 million from the Environment Protection Reserve Fund, \$12.6 million from the repurposed Sustainable Energy Reserve Fund and \$8.3 million of property tax funding, with the latter representing an increase of \$1.25 million in property tax funding included in the 2016 Base Budget..

Tree Planting Strategy

- During the 2015 Budget process, funding of \$0.050 million was provided to complete a critical assessment of the tree canopy after the December 2013 ice storm to provide information on the current canopy condition and help direct future investments in the Forestry Service Plan.
- In response, Parks, Forestry and Recreation, in consultation with Toronto Water, Transportation Services, City Planning and Economic Development and Culture, are developing a Tree Planting Strategy to reach the City's target of 40% tree canopy cover over the next 40 years.
- Toronto currently has 26.6% to 28% tree canopy cover, representing 10.2 million trees. About 40 per cent of these trees are on City lands, with the remaining 60 per cent on private lands.
- The Tree Planting Strategy has been initiated to refine the identification of tree planting opportunities and inform partnerships and mechanisms required to target future investments in tree planting to achieve the City's tree canopy goals as well as associated costs.
 - In order to achieve the target, the City must work with community stakeholders to develop programs that increase tree planting and stewardship on private lands.
 - Since the City land available for planting is limited, tree planting on private land is important to achieving the City's target.
 - A report on the results of the study is expected in Spring, 2016

Issues Impacting Future Years

Parks Service Plan

- At its meeting on May 7, 8, 9, and 10, 2013, City Council adopted the Parks Plan 2013-2017 and directed the General Manager of Parks, Forestry and Recreation to report back through the 2014 Budget process with a detailed implementation plan based on the direction from Council provided through the adoption of this item.

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2013.PE20.1>)

- An investment of \$21.625 million to fund city-wide upgrades and improvements to park amenities such as benches, picnic tables, shade areas, to create new social gathering spaces, and for washroom improvements was made in the Capital Plan but funding for Operating has been a challenge.
- Activities that require additional funding for the Parks Plan implementation include the Urban Park Ranger program, improvements of natural environment trails, enhancements to horticulture and urban agriculture, and enhanced maintenance and quality management of the City's parks.

Recreation Service Plan

- At its meeting of November 27, 28, 29 2012, City Council adopted the 2013-2017 Recreation Service Plan. The plan aims to increase overall participation in recreation, decrease financial barriers, and improve local and geographic access, with a focus on improving access to recreation for children, youth, seniors, and reduce barriers faced by low-income families, newcomers, and people with disability.

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2012.CD17.2>)

- At its meeting of July 16, 2013, City Council adopted 2013-2017 Recreation Service Plan Implementation Plan and referred the financial impacts to Budget Committee for consideration.

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2013.CD22.1>)

- Remaining Actions from Recreation Service Plan have been grouped under the following categories (1) Service Standards, (2) Service Excellence and (3) Service Planning. The funding source for the following initiatives has not yet been identified:

Recreation - Unfunded Service Plan Initiatives (000's)					
	2016	2017	2018	2019	2020
Service Standards - Quality Standards to All Age Groups	-	-	-	1,000.0	1,000.0
Service Excellence - Communications and Marketing Strategy	-	550.0	1,100.0	1,100.0	1,100.0
Service Excellence - Consistent Maintenance Standards	-	3,000.0	3,500.0	4,000.0	4,500.0
Service Planning - Enhanced Reporting	-	125.0	250.0	250.0	250.0
Service Planning - Community Development (Equity, Youth, Seniors, Partnerships)	-	165.0	330.0	330.0	330.0
Service Planning - Compliance with Disability Legislation	-	437.5	575.0	575.0	575.0
Service Levels - Youth Leadership Programming		800.0	1,700.0	1,700.0	1,700.0
Recreation Service Plan Unfunded Total Required Each Year	-	5,077.5	7,455.0	8,955.0	9,455.0

- Funding these initiatives given the current financial challenges would likely rely on finding further efficiencies, raising property taxes, finding new revenue sources and/or increasing user fees above inflation.
- These initiatives are part of the 26 strategic actions in the City's 2013-2018 Strategic Plan in the Long Term Fiscal Plan.

Issues Referred to the 2016 Operating Budget Process

New and Enhanced Service Requests Referred to the Budget Process

Service Level Review Change Request

- At its meeting on June 22nd, 2015, the Parks and Environment Committee requested that *the Deputy City Manager, Cluster A, to report to the September, 2015 Parks and Environment Committee meeting with business cases for meeting the service standards in 2016 shown in the table below.*

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.PE4.6>)

- In response to the Service Level Review request, PF&R submitted a staff report to The Parks and Environment Committee on September 18th, 2015, for proposed service changes totaling \$16.251 million to be phased over a five (5) years.

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.PE5.3>)

- At its meeting on September 30th, 2015, City Council referred the Item to the Budget Committee, the City Manager and the Deputy City Manager and Chief Financial Officer for consideration as part of the 2016 Budget Process.

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.PE5.3>)

Cost Estimates For Initiatives (000's)							
Motion	Parks	Annual Operating					Capital
	Urban Forestry	2016	2017	2018	2019	2020	2016
1 a.	Daily Grooming of 11 swimming beaches	736.1	736.1	736.1	736.1	736.1	390.0
1 b.	Horticulture Bed Rejuvenation on a Five Year Cycle	4,995.1	4,995.1	4,995.1	4,995.1	4,995.1	1,100.0
1 c.	Parks Plan - Enhanced Maintenance & Quality Management	176.6	240.2	544.2	604.5	604.5	-
1 c.	Parks Plan - Horticulture & Urban Agriculture	290.7	618.4	894.8	1,021.1	1,021.1	200.0
1 c.	Parks Plan - Improve Natural Environment Trails	160.5	439.6	575.1	1,043.6	1,431.7	-
1 c.	Parks Plan - Parks Ranger Program	556.5	1,507.1	1,544.0	1,544.0	1,544.0	180.0
1 d.	Increased Staffing for Invasive Species Protection	1,261.3	1,620.8	1,620.8	1,620.8	1,620.8	250.0
1 e.	Parks Sufficiency - 10 year capital plan						TBD
1 f.	Enhanced Winter Maintenance for Parks Path	422.6	931.8	931.8	931.8	931.8	460.0
1 g.	5 New Community Gardens (Included in 1 c.)	-	-	-	-	-	-
1 h.	Inspections and Debris Removal From Ravines and Watercourses	624.2	782.4	782.4	782.4	782.4	150.0
1 i.	Committee Adjustment Review Enhancement	291.7	359.9	370.6	370.6	370.6	-
2	Re-established Service Plan to achieve original tree canopy goal	1,663.7	2,044.4	2,093.6	5,400.0	1,000.0	-
4	Hydro Corridor Agreements	110.0	112.2	114.4	116.7	119.1	-
	Gross Expenditures	11,289.1	14,388.1	15,203.0	19,166.8	15,157.2	2,730.0
	Total Positions and FTE:	116.1	138.9	145.7	154.3	154.3	-

- The capital cost of these initiatives require \$2.730 million for the acquisition of additional 36 vehicles.

- The following initiatives were approved by City Council and are discussed on pages 14-16:
 - Parks Plan - Enhanced Maintenance & Quality Management
 - Parks Plan - Horticulture & Urban Agriculture
 - Re-establish Service Plan to achieve original tree canopy goals – Year 2016
 - Hydro Corridor Agreements
- The following initiatives have not been included in the 2016 Operating Budget. They were included for Council consideration as part of the list of items Referred to the Budget Process Initiatives that were distributed by the City Manager and Chief Financial Officer for consideration by the Budget Committee in the 2016 Budget process.

Daily Grooming of 11 swimming beaches (\$0.736 million gross and net, 4 positions)

- Beach grooming removes pollution such as seaweed, fish, glass, syringes, plastic, cans, wood and other unwanted debris from large areas of sand. The City's designated swimming beaches are currently groomed on average 5 times per week by tractors pulling a mechanical grooming attachment.

Horticulture Bed Rejuvenation on a Five Year Cycle (\$4.995 million gross and net, 44.3 positions)

- In order to achieve a five year rejuvenation cycle for all horticulture displays across the City as per Parks and Environment Committee's request 1(b), an additional increase in funds of approximately \$4.995 million annually would be required. Approximately 1,100 of the 5,600 horticultural beds in the parks system would be rejuvenated per year.

Parks Plan - Improve Natural Environment Trails

(\$0.161 million gross and net, 1.6 positions; in 2017 \$0.279 million net, 3.0 position; and in 2018 \$0.136 million net, 1.0 positions)

- This request is for increased resources for future planning, design and management of natural surface (dirt) trails in natural area parkland and ravine ecosystems to ensure the protection, restoration and enhancement of natural areas, while offering safe recreational opportunities and improved access to users.
- Parks, Forestry and Recreation currently manages 23 kilometers of 300 kilometers of inventoried natural environment trails in the City of Toronto. This funding program would increase the trails managed by approximately 50km per year, with all trails included over the 5 years.

Parks Plan – Park Ranger Program

(\$0.557 million gross and net, 4.7 positions; in 2017 \$0.951 million net, 9.3 position; and in 2018 \$0.037 million net)

- This funding establishes a Park Ranger Program (currently none) to support the Parks Service Plan priority of communicating and connecting with users.
- Urban Park Rangers would be the primary point of contact for people wanting to engage with the parks system. They would assist with system navigation, connect people to existing opportunities, facilitate community-led initiatives, build relationships with stakeholders and support park monitoring.
- In an effort to reduce the financial impact, PFR submitted an alternate pilot Park Ranger program with an impact of \$0.385 million and 4 Park Rangers for 2016.

Increased Staffing for Invasive Species Protection

(\$1.261 million gross and net, 18.3 positions; in 2017 \$0.359 million net; and in 2018 \$0.008 million net)

- There are 18 Environmentally Sensitive Areas (ESAs) in the City with 68 additional areas proposed through Official Plan amendments. Most are in natural parklands, which can overlap with general use parkland. Urban Forestry currently has three crews for natural area management/invasive species control, primarily in ravines and naturalized areas.
- This request would double the numbers of crews, and increase the service level, meaning that the Parks Branch could manage some invasive species in high visibility and high use areas not currently managed for invasive species.

Enhanced Winter Maintenance for Parks Path

(\$0.423 million gross and net, 3.6 positions; in 2017 \$0.509 million net, 5.23 position)

- The optimal standard for park path clearing is to clear snow 24 hours following a snowfall of 8 or more centimetres for main park pathways that are hard surface, lit at night and provide a linkages between schools, transit, winter park amenities and/or arterial roads.
- This standard has not yet been fully harmonized across the City and not all areas in the City receive the same standard of service.
- In order to harmonize and meet these service levels across the City, funding of \$0.932 million over two years is required. This would increase the number of seasonal staff focused on pathway clearance and safety by 21 positions or 8.85 FTEs over two years.

Inspections and Debris Removal from Ravines and Watercourses

(\$0.624 million gross and net, 9.0 positions; in 2017 \$0.186 net)

- Ravines are currently inspected once per year with debris and homeless encampment removal, infrastructure maintenance and other work done based on inspection findings. An annual bridge audit is now required, diverting resources available from other work.
- Pressures on ravines through recreational use, severe weather events, illegal dumping and other issues are increasing and an interdivisional Ravine Strategy is currently being developed
- Inspection and work is conducted by two crews with support from additional seasonal Parks staff, and largely done in summer months.

- This request would double the number of permanent ravine crews. Crews would inspect ravines twice per year, follow through on identified work, support bridge inspections and remove debris that can cause water to build up against, and damage bridges and other infrastructure.

Committee of Adjustment & Review of Application for Tree Removal/Injury

(\$0.292 million gross and net, 4.0 positions; in 2017 \$0.068 net; and in 2018 \$0.011 million net)

- At its meeting on June 22nd, 2015 The Parks and Environment Committee requested that *the Deputy City Manager, Cluster A, to report to the September, 2015 Parks and Environment Committee meeting with business cases for meeting the service standards in 2016 for Parks, Forestry and Recreation staff review of all development applications that require tree removal or injury prior to those applications being considered by Committee of Adjustment*
- This funding is for an additional 4 positions to perform the application review process.
- This would improve capacity to identify where trees require injury and removal; provide information on tree impacts to the Committee of Adjustment; provide specific conditions of approval; and recommend deferral or provide objections where appropriate.

User Fee Review

- At its meeting on March 10, 2015 as part of the 2015 Budget process, City Council adopted recommendation 185 directing the General Manager, Parks, Forestry and Recreation to complete the full cost recovery analysis of all user fees over the next three years to include both the direct and indirect operating costs, including capital replacement costs as follows: Urban Forestry user fee analysis to be completed in time for the 2016 budget process; Parks and Recreation permits in time for the 2017 budget process, and Community Recreation registered program user fees in time for the 2018 budget process.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.EX3.4>

- The User Fee Policy as adopted by Council states that user fees should be utilized to finance those City services and products that provide a direct benefit to specific users and that user fees should be set to recover the full cost of those products and/or services, unless there is a City policy reason to change the recovery level to a different amount.
- The Comprehensive User Fee Review process determined that the majority of Parks, Forestry and Recreation user fees do meet a number of City policy objectives and would recover less than the full cost of providing the service.
 - The central principle is to promote equity by recovering the cost of services from those who receive a direct benefit, while taking into account the most vulnerable and achievement of Council priorities such as increasing the tree canopy.
- The extent to which the fees should be subsidized to meet the City's objectives is part of Parks, Forestry and Recreation's ongoing review and has not been explicitly considered by City Council.
- In 2015, Council directed, Parks, Forestry and Recreation to begin a comprehensive review users fees and complete one Service per year.

- Parks, Forestry & Recreation will engage a third party consultant to complete the full cost recovery analysis of all user fees over the next 2 years to include both the direct and indirect operating costs, including capital replacement costs as follows: Parks and Recreation permits analysis to be completed in time for the 2017 Budget process, and Community Recreation program user fees in time for the 2018 Budget process.

Permit Fees at Newly Classified Premier Sport Fields

- At its meeting on March 10, 2015, City Council adopted the recommendation requesting that the General Manager, Parks, Forestry and Recreation to consider as part of the 2016 Budget process:
 - a) implementing permit fee increases equally over a three year period for existing resident seasonal permit holder organizations at sport fields reclassified or developed from "A" to "Premier"; and
 - b) Including a new not-for-profit Children and Youth Resident Fee of \$25 per hour for existing resident seasonal permit holder organizations at sport fields reclassified or developed from "A" to "Premier".

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.EX3.4>)
- Parks, Forestry & Recreation completed a review of its sport field classifications and will change the classifications of the sport fields based on maintenance frequency and amenities; and where there are increased fees as a result of the re-classification, the increased fee will be phased-in over 3 years for existing seasonal permit holders.
- In 2016, 2 sport field locations will be converted from the lower "A" classification to premier status and the resulting increase in permit fees will be phased in over three years.
- The 2016 Budget does not include a revenue loss from this conversion.
- In 2016 the following fees have been included in Appendix 7 for approval:
- The phased in fees of \$36 for Adults, \$12 for Children & Youth and \$26 for Older Adults for 2016 is shown in the table below and the new phased fees have been included in Appendix 7.

Rate ID	Rate Description	Service	Fee Category	Fee Basis	2016	2017	2018
					Budget Rate	Plan Rate	Plan Rate
PR1.3101	Sport Field P-NP, Res, C&Y-Prime-existing seasonal groups	Parks	City Policy	Per Hour	\$12.03	\$18.51	\$25.00
PR1.3102	Sport Field P-NP, Res, Adult-Prime-existing seasonal groups	Parks	City Policy	Per Hour	\$36.35	42.82	49.29
PR1.3103	Sport Field P-NP, Res, OA-Prime-existing seasonal groups	Parks	City Policy	Per Hour	\$26.39	37.84	49.29
PR1.3104	Sport Field P - TCDSB - Prime - existing seasonal groups	Parks	City Policy	Per Hour	\$12.03	18.51	25.00
PR1.3105	Sport Field P - TDSB - Prime - existing seasonal groups	Parks	City Policy	Per Hour	\$17.45	\$21.23	\$25.00

- PFR will implement the \$25 discounted Children & Youth rate at the end of the 3 year phase-in period in 2018 for existing seasonal permit holders at the two locations re-classified as premier status.
- The \$25 fee is approximately 50% of the regular adult/commercial rate for existing seasonal permit holders.

Operating Impacts of Capital

- At its meeting on March 10, 2015, City Council directed the General Manager, Parks, Forestry and Recreation to review all future impacts of capital projects on operating budgets and consider strategies to mitigate future operating budget impacts.

(<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.EX3.4>)

- The 2016-2025 Capital Plan results in the addition of \$31.145 million in additional operating costs and a total of 331.24 approved position equivalent to the Parks, Forestry and Recreation Operating Budget over the 10 Year Capital planning period:

Projects	2016 Budget		2017 Plan		2018 Plan		2019 Plan		2020 Plan		2016 - 2020		2016 - 2025	
	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions	\$000s	Positions

Community Centres	75.0	0.8	464.0	4.6	319.0	3.2	158.0	1.6	7,837.0	87.9	8,853.0	98.1	15,161.0	167.6
Information Technology	-	-	411.0	4.2	545.0	5.0	173.0	1.7	158.0	1.6	1,287.0	12.5	1,445.0	14.1
Total Recommended (Net)	485.0	5.5	5,461.0	53.3	4,660.0	46.0	3,003.0	30.2	8,900.0	103.0	22,509.0	238.0	31,145.0	331.2

- On an annual basis, Parks, Forestry and Recreation evaluates whether the assets scheduled for delivery can be maintained within existing resources. Historically, amounts added to the budget in the year of delivery have been lower than estimates included in the 10 year plan.
- The operating impact in Years 2-10 of the 2017-2025 Capital Plan will be reviewed and a revised plan will be presented as part of the 2017 Budget process.
 - The 2016 Operating Budget included \$0.485 million to sustain/operate completed capital projects.
 - For 2017-2025, the planned Operating impacts are projected to be \$30.660 million excluding any changes that may arise through Section 37 and Section 45 funded projects from various Plans underway such as the Parks and Recreation Facilities Master Plan.

Ferry Reserve

At its meeting on March 10 and 11, 2015, City Council adopted EX3.4 2015 Capital & Operating Budgets, and requested the General Manager, Parks, Forestry and Recreation to report back in time for the 2016 Operating Budget process funding consideration on the feasibility of increasing the Ferry

Reserve contribution by 25 percent as proposed in the Ferry Replacement Reserve Continuity Schedule.

- As part of the 2013 Council Approved Operating Budget for Parks, Forestry and Recreation, a ferry replacement reserve was established with an initial contribution of \$0.500 million to provide funding for the replacement of the aging Toronto Island ferry fleet which was subsequently reduced to \$0.250 in 2015.
- In 2014, Parks, Forestry and Recreation developed a Ferry Replacement Plan to address the aging ferry fleet and proposed a strategy to replace 4 ferries over the next 20 years which included financial details outlined in the Ferry Replacement Reserve Continuity Schedule.
- The 2016 Operating Budget includes a ferry replacement contribution of \$0.369 million representing a \$0.120 million or 48% increase over the 2015 amount of \$0.250 million. The increased contribution to the ferry reserve for 2016 is equal to a 2% user fee increase.
- The updated Ferry Replacement Schedule reflects the contribution reduction in 2015 and a gradual increase over the next 14 year period and is presented in the table below. Future year contributions are expected to increase as follows: 20% in 2017 -2018; 16% in 2019; 15% in 2020 - 2023; and 10% in 2024-2029.

Ferry Replacement Reserve and Plan (\$000s)											
	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023

Incremental Contributions/Revenues			(250.0)	120.0	74.0	88.8	85.2	92.7	106.6	122.6	141.0
Additional Contributions		500.0									
Debt Funding			375.0	3,000.0	5,100.0	2,525.0					
Reserve Funds							25.0	5,100.0	5,025.0		
Annual Funding	500.0	1,000.0	625.0	3,370.0	5,544.0	3,057.8	643.0	5,810.8	5,842.4	940.0	1,081.0
Ferry Purchase Cash Flows											
Design			(375.0)	(500.0)	(100.0)	(25.0)	(25.0)	(100.0)	(25.0)		
Construction				(2,500.0)	(5,000.0)	(2,500.0)		(5,000.0)	(5,000.0)		
Annual Costs	-	-	(375.0)	(3,000.0)	(5,100.0)	(2,525.0)	(25.0)	(5,100.0)	(5,025.0)	-	-
Fleet Replacement Reserve Balance	500.0	1,500.0	1,750.0	2,120.0	2,564.0	3,096.8	3,714.8	4,425.6	5,243.0	6,182.9	7,263.9
	2024	2025	2026	2027	2028	2029	2030	2031	2032	2033	2034
Annual Contributions	940.0	1,048.1	1,152.9	1,268.2	1,395.0	1,534.5	1,687.9	1,687.9	1,687.9		
Incremental Contributions/Revenues	108.1	104.8	115.3	126.8	139.5	153.4					
Debt Funding											
Reserve Funds											
Annual Funding	1,048.1	1,152.9	1,268.2	1,395.0	1,534.5	1,687.9	1,687.9	1,687.9	1,687.9	-	-
Ferry Purchase Cash Flows											
Design		(25.0)	(100.0)	(25.0)			(25.0)	(100.0)	(25.0)		
Construction			(5,000.0)	(5,000.0)				(5,000.0)	(5,000.0)		
Annual Costs	-	(25.0)	(5,100.0)	(5,025.0)	0.0	0.0	(25.0)	(5,100.0)	(5,025.0)	-	-
Fleet Replacement Reserve Balance	8,312.0	9,439.9	5,608.0	1,978.0	3,512.5	5,200.4	6,863.3	3,451.3	114.2	114.2	114.2

- Based on these changes, it is projected that sufficient funding will be available to replace a third ferry by 2027 and a fourth ferry by 2032, fully funded from the Ferry Replacement Reserve which is consistent with the original 2014 projected timelines
- The Ferry Replacement Plan should be reviewed and revised annually through the budget process to incorporate any changes to future reserve contributions, potentially arising from the outcome of analysis of ferry services that will be examining the possibility of fully recovering both direct and indirect costs of ferry operations and capital replacement costs, such that the portion of the user

fee attributed to capital replacement would be contributed to the Ferry Reserve on an annual contribution.

Tree Canopy Reserve

- On March 10 and 11, 2015, City Council adopted *2015 Rate Supported Budgets - Toronto Water and 2015 Water and Wastewater Rates and Service Fee (EX3.1)* with the following recommendation:
 - *City Council direct that funding for the Toronto Tree Canopy Reserve Fund be provided from the Toronto Water Stabilization Reserve in the amount of \$1 million and further, that any year end unallocated funds from the Toronto Water tree planting budget be allocated to the Toronto Tree Canopy Reserve Fund.*
- Subject to City Council approval in January 2016, a Tree Canopy Reserve Fund will be established for the purpose of which is to foster and maintain the City's tree canopy with the requirement that the reserve be reviewed every three years.
- Future contributions to the Tree Canopy Reserve Fund will be made from underspending in the Toronto Water tree planting budget.
 - The 2016 Operating Budget for Toronto Water includes a tree planting budget of \$1.95 million gross and \$1.755 million net to be used for service Improvement and growth projects. Tree planting for these projects are eligible for a 10% recovery from Development Charges.
 - In any given year, that Toronto Water has an overall surplus and the Toronto Water tree planting budget also has a surplus, then the unallocated funding net of development recoveries (i.e. 90%) will be contributed to the Tree Canopy Reserve.
- As the reserve was not available at the time of the 2016 Operating Budget was being prepared, the 2016 Operating Budget does not include any expenditures funded from this reserve.
- Staff will report back to the Budget Committee during 2016 with planned expenditures and withdrawals.

One-Time Funding Sources

- City Council approved the Youth Space Expansion – Phase 3 for \$0.297 million and the Grenadier Pond Ice Monitoring Program for \$0.025 million with one time funding sources.
- As part of the 2017 Budget process, Parks, Forestry and Recreation will be required to find a total of \$0.322 million in other funding sources or alternatively find offsetting reductions/efficiencies to accommodate the ongoing delivery of these initiatives.

Appendix 1

2015 Service Performance

2015 Key Service Accomplishments

In 2015, Parks, Forestry and Recreation accomplished the following:

Community Recreation

- ✓ Delivered over 1 million hours of recreation programming resulting in over 9 million annual visits to recreation programs.
- ✓ Supported the delivery of the 2015 Pan Am Games
- ✓ Continued to implement the Recreation Service Plan including the expansion of new community centres where programs are free and the expansion of Swim to Survive Program (Phase 1).
- ✓ Opened 3 additional enhanced youth spaces and expanded the After-School Recreation Care (ARC) Programs with 10 new program locations.
- ✓ Opened the new Regent Park Community Centre and Parkway Forest Community Centre
- ✓ Continued to expand the Community Development/Outreach initiatives with a focus on newcomer populations.

Parks

- ✓ Delivered horticulture displays and horticulture improvements at 30 Pan Am/Parapan Am Games venues and community event sites.
- ✓ Enhanced technological capacity and customer experience through Toronto Island ferry service online and automated ticketing.
- ✓ Improved Parks Maintenance standards for sports-fields with Integrated Plan Heath Care treatments up 18% from 2013
- ✓ Improved playground inspection, maintenance and staff productivity through implementation of automated FULCROM playground inspection program.

Urban Forestry

- ✓ Managed the Emerald Ash Borer (EAB) infestation by removing, protecting and replanting trees as per the EAB strategy.
- ✓ Consulted stakeholders and initiated development of a Planting Strategy to provide the framework to achieve the City's target of 40% canopy cover.
- ✓ Improved by-law compliance and enforcement through implementation of Council approved contravention fees.
- ✓ Completed over 365,000 tree maintenance activities & 105,000 tree plantings

For additional information regarding the 2015 Q3 operating variances and year-end projections, please refer to the attached link for the report entitled "Operating Variance Report for the Nine-Month Period Ended September 30, 2015" approved by City Council at its meeting on December 9, 2015.

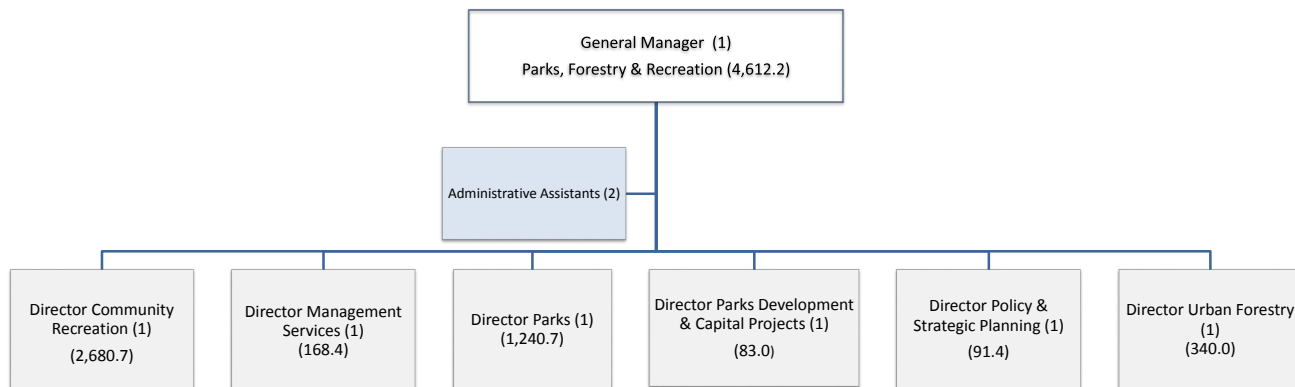

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2015.EX10.27>

Impact of 2015 Operating Variance on the 2016 Budget

Parks, Forestry and Recreation has reviewed historical spending together with the 2015 year end forecast, and where possible has reduced the 2016 Budget to align with actual experience without impacting on Council approved Service Levels. These reductions can be found on Table 3 – Service Changes as part of the Base Budget Changes category.

2016 Operating Budget - Preliminary New and Enhanced Services

Summary by Service (\$000's)

Form ID		Citizen Focused Services A Program - Parks, Forestry & Recreation	Adjustments				2017 Plan Net Change	2018 Plan Net Change
Category	Priority		Gross Expenditure	Revenue	Net	Approved Positions		
7749		4 Weeks Outdoor Ice Rink Extension to March Break						
72	0	Description: The 4 week extension of the outdoor ice rink to march break will require additional City investment to be allocated to staffing resources, transportation, equipment and program materials. Service Level Impact: Increased funding of \$0.556 million is needed for the extension of the outdoor artificial ice rink seasons at 20 rinks for an additional 4 weeks increasing the season length to 16 weeks that includes March Break, for a total of 37 extended rinks, contingent on weather conditions. Service: PR-Community Recreation Preliminary New / Enhanced Services						
			556.0	0.0	556.0	7.78	0.6	1.5
		Total Preliminary New/Enhanced Services:	556.0	0.0	556.0	7.78	0.6	1.5

7751		Swim to Survive Program Expansion - Phase 2						
72	0	Description:						
The expansion of the Swim to Survive program will require additional City investment to be allocated to staffing resources, transportation, equipment and program materials.								
Service Level Impact:								
Expanding this program to all grade 4 children in Toronto would help to ensure safe leisure swimming in public pools, as the standard swim admittance policy allows for children aged 10 years, who can pass the facility swim test, to access recreational swim opportunities without adult accompaniment. In 2016, approximately 50% grade 4 students will participate in the program and in 2017 all grade 4 students will have the opportunity to participate in the program, approximately 22,000 participants.								
Service: PR-Community Recreation
