Purpose	To acquire a new comprehensive blanket easement for a multiple drainage system, storm and sanitary sewers, water transmission main, water distribution main and overland drainage, and to acquire an easement for the maintenance/repair of a noise barrier wall and to release easements that are no longer required over Toronto Community Housing Corporation ("TCHC") lands in the Lawrence Heights/Allen Road area in conjunction with the Lawrence Allen Revitalization Project.								
Property	TCHC-owned lands in the Lawrence Heights / Allen Road area, bordered by Ranee Avenue to the North, Varna Drive to the East, Allen Road to the west and Flemington Road to the south, as described on Page 4 and shown on Schedules "A", "B" and "C"

	4. The appropriate City Officials be au	thorized and directed to tak	ke the necessary action to give effect thereto.						
Financial Impact	There are no financial implications resulting from this approval as TCHC will be paying any costs associated with these agreements.								
	The Acting Chief Financial Officer has re	viewed this DAF and agre	es with the financial impact information.						
Comments	TCHC is in the process of undertaking the Lawrence Allen Revitalization Project ("LARP"). The City has a multiple drainage system, storm and sanitary sewers, water transmission main, water distribution main and overland drainage (collectively, the "City Works") located on TCHC's lands, which are currently protected by a temporary blanket easement that TCHC granted to the City in May, 2017. To simplify its real estate conveyancing, TCHC has asked the City to release the existing temporary blanket easement and replace it with a new comprehensive temporary blanket easement that also includes other lands over which the City requires a temporary blanket easement for City Works. The replacement blanket easement will be on the same terms as the existing blanket easement and will eventually be released or replaced, in phases, with any necessary permanent easements being granted to the City in specific locations as part of the development approval process for each phase of the LARP redevelopment. Part of the City's existing sound barrier wall along the eastern edge of the Allen Expressway is also located on a small portion of TCHC's lands. TCHC has agreed to grant the City a nominal sum permanent easement for the ongoing maintenance, repair and replacement of the sound barrier wall.
