**Subject:** Bring Food Home 2017- Congrats!

Hello Councillor Fragedakis,

My name is Hayley Green. I am the new events and communication coordinator at Sustain Ontario. I am contacting you in regards to our upcoming [Bring Food Home Conference](#) in October 2017.

Congrats! You have been identified by the Municipal Regional Policy Network to be one of our key speakers for the topic of "Regional/Urban-Rural Governance Structures" at [Bring Food Home](#). You will receive a discounted ticket for the conference, the opportunity to add your voice to this discussion and the ability to network with a variety of food and farming organizations.

This session would run on **Day 1, October 27th from 2:00-3:30pm**. Specific room location will be given at a later date. Please note, this time slot may change.

Here's a little about [Bring Food Home](#)! The conference runs over three days and is hosted in collaboration with the [Eastern Ontario Local Food Conference](#) and [Just Food](#) at the University of Ottawa. The 2017 conference theme is ***Upstream Collaboration***, this theme will acknowledge the work and innovation being done in local food systems in Ontario. This theme recognizes our collective need to bring together diverse sectors to generate action on food and farm issues, as well as the need to ask and answer tough questions about these issues. We will collaborate as an Ontario community to work on issues and grow stronger together. From food policy and food access to business support and the environment, the 2017 program will cover a diverse range of topics and make space for new and ongoing conversations. Over the three days, we will break down barriers, forge new alliances and support each other in working together for a better future.

We would love to have you as part of this information session. Please let us know if you are interested in being a speaker and we will get back to you shortly with a discount code that you can use to purchase a ticket.

All the best,  
The Sustain Team

## About the Conference Sessions

### Collaboration sessions

A key difference of Bring Food Home 2017, is that a large number of workshops are scheduled and organized by the Networks of Sustain Ontario. Each network has been working on Policy Position Papers since April 2017. These collaboration sessions are open to anyone who is interested but are intended to serve a specific function, furthering the core of the work to be accomplished by each network. These sessions will take the form of small group discussions – world café or other breakout groups to discuss the issues that have been identified through the work of the networks leading up to Bring Food Home.

### Information sessions

Information sessions focus on information sharing and learning from each other. This is similar to a traditional conference. (<http://bringfoodhome.com/custom/uploads/2015/06/floortwelve-246970.jpg>)

### Open Spaces at Bring Food Home

These participant-driven spaces at Bring Food Home will allow you to collaborate and engage in productive conversations and discussions on topics of choice. These spaces will mostly rely on participation by people who are passionate to listen, learn and discuss additional topics. The spaces can also be used for networking purposes. In the majority of these rooms, there will be no pre planned list of topics, just time slots, and a space where interested participants can converse. Contribution in these spaces is not required, some may choose to contribute a lot or a little.

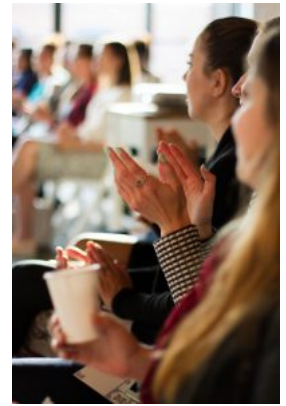

#### *Principles of Open Space:*

- Whoever comes are the right people
- Whatever happens, is the only thing that could have

- Whenever it starts is the right time
- Whenever it is over, it is over.

Additional open space rooms will be blocked off for topics that are of utmost importance by some of our partners. These designated rooms will have a sign-up sheet outside with the topic description, but conversations will still happen organically.

**\*\*\*Please note tours are additional costs from the conference, though now greatly reduced!!!!\*\*\***
