## Tree Inventory at Rosehill Reservoir

**Expected Project Start Date: November 2, 2015**

**Expected Completion Date: November 18, 2015**

*\*Timeline is subject to change.*

The City of Toronto will be performing a tree inventory of the Rosehill Reservoir property in preparation for the installation of a new waterproofing membrane and building rehabilitation. This work will take place at David A Balfour Park, where the Rosehill Reservoir is located. Construction work will not be taking place at this time. Notices will be provided in advance of any construction work.

Your co-operation and patience throughout the project is crucial and appreciated.

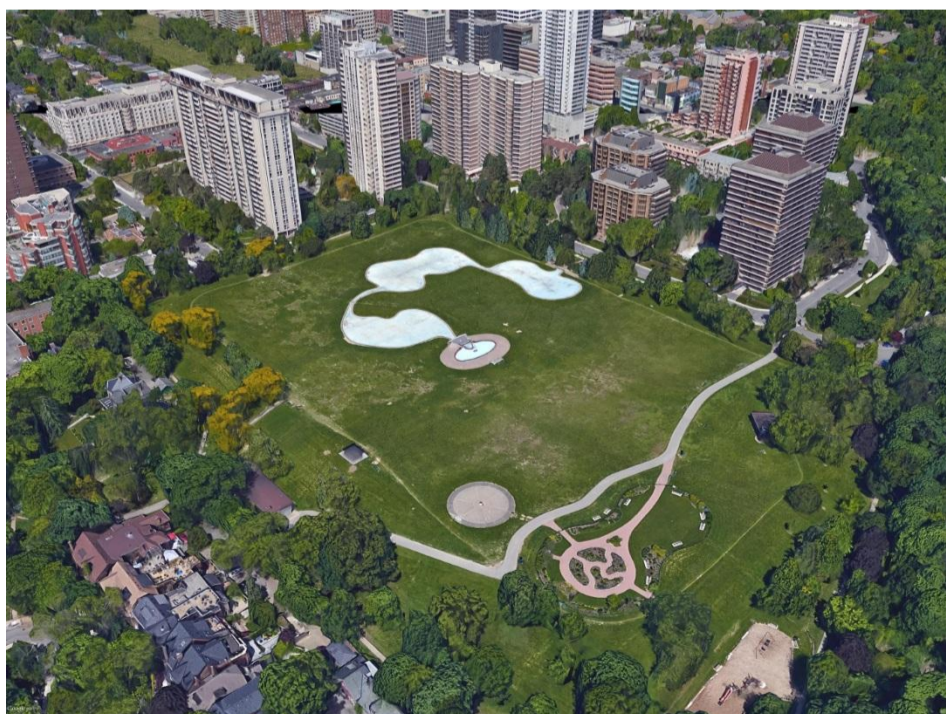

### MAP OF WORK AREA

### WORK DETAILS

The Rosehill Reservoir tree inventory is scheduled for early November 2015. Arborists will be on site assessing and measuring trees and will prepare a report. All memorial trees on the Rosehill Reservoir property will also be included in the arborist report.

The City will be hosting a public information event in the future to share information about this project, receive comments, and answer questions. Notices will be distributed to addresses in the area prior to the event. If you wish to receive project updates, you can join the project mailing list. Please email Kate Nelischer, Sr. Public Consultation Coordinator, with your request: [knelischer@toronto.ca](mailto:knelischer@toronto.ca)

## WHAT TO EXPECT DURING INVENTORY

Trees located within the Rosehill Reservoir property line and David A. Balfour Park will be the focus of the inventory. There may be a need to assess a limited number of trees on private property that overhang the property line. If there is a need to access properties, property owners will be notified ahead of time. There is minimal noise associated with this work and no pedestrian or vehicle traffic should be affected. Every effort will be made to reduce any inconvenience. The City appreciates your understanding and co-operation.

	<p><b>Work Hours:</b> Work will take place from 7:00 am to 7:00 pm., Monday to Friday, with work after hours and on weekends as required.</p>
