Application

Mandatory Downspout Disconnection Exemption

Before applying for an exemption, property owners must make every effort to disconnect their downspouts from the City's sewer system.

Please complete the Mandatory Downspout Disconnection Exemption Application only if your building has one or more downspouts that are currently connected to the City's sewer system and you are seeking an exemption because disconnection is not technically feasible or would create a hazardous condition.

If all your downspouts are disconnected or you will be disconnecting them in the near future, there is no need to complete this application.

Eligibility Criteria

To be eligible for consideration for an exemption under subsection 681-11 (6) of Chapter 681, sewers, of the City of Toronto Municipal Code ("Chapter 681"); the Applicant must meet the following requirements:

- The Applicant(s) must be the legally registered owner(s) of the subject property;
- 2. The Applicant must provide all of the documentation required in this application; and
- 3. Disconnection of the downspouts on the subject property from a City combined or storm sewer (as applicable) must, in the determination of the General Manager of Toronto Water (the "General Manager"), create a hazardous condition or not be technically feasible.

Terms

- 1. Where the documentation submitted by an Applicant is insufficient for the General Manager to make a determination as to the eligibility for an exemption, the General Manager reserves the right to require, but is not obligated to do so, such further and other documentation as the General Manager considers necessary to make such determination.
- 2. Provision of Access to the City
 - The Applicant shall provide the City with such reasonable access to the General Manager and his representatives to the subject property, as the General Manager may deem necessary, to verify the information contained in the Applicant's application and to determine eligibility for an exemption, if the General Manager so requests.
- 3. Neither the completion and submission to the City of this application by the Applicant nor the review by the City of this application shall constitute the granting of an exemption under subsection 681-11S(6) of Chapter 681. The granting of an exemption shall be in the General Manager's determination and, where granted, the exemption shall be issued in writing by the City to the owner(s) of the subject property indicated on this application.
- 4. The General Manager reserves the right to revoke an exemption previously issued where any information provided in this application or in support of this application by the property owner(s) or any person on his or her behalf is false, misleading or inaccurate in whole or part.
- 5. The General Manager reserves the right to revise the application form or the exemption process from time to time. The City reserves the right to amend, modify or revoke the exemption provided under subsection 11S(6) of Chapter 681 as it deems appropriate.

Declaration

In order for your application to be reviewed, all information must be completed. In addition, City staff may inspect your property to verify the provided information; by submission of this application you grant permission to City staff to enter onto your property for inspection/verification purposes.

I am the registered owner of the subject property and certify that the information contained in this

application, and all other attached/enclosed documentation is accurate and true in all respects*.
