**Purpose**  
To obtain authority for the City of Toronto (the "City") to enter into an easement agreement (the "Agreement") with High Park Bayview Inc. (the "Grantor") that will enable access to and egress from a public highway to an existing Toronto Transit Commission (the "TTC") noise wall and chain-linked fence located on the northern property boundary of High Park Subway Station. Access is required to properly repair, maintain and reconstruct the TTC noise wall and all applicable ancillary work, as required.

**Property**  
A portion of the lands municipally known as 51-77 Quebec Avenue and 40-66 High Park Avenue being part of PIN 21367-0039 (LT), located just north of High Park Subway Station, as shown on the map attached as Appendix "A", and displayed as Parts 1 and 2 on Reference Plan 66R-29707 attached hereto as Appendix "B" (the "Property").

**Actions**

1. Authority is granted to enter into the Agreement with the Grantor, on the terms and conditions outlined below, and any other or amended terms and conditions as determined by the Director of Real Estate Services, and in a form acceptable to the City Solicitor.
2. The Deputy City Manager, Internal Corporate Services or their designate shall administer and manage the agreement including the provision of any supplemental licence's, assumption agreements, consents, approvals, waivers, and notices provided that the Deputy City Manager, Internal Corporate Services may, at any time, refer consideration of such matters to City Council for its determination and direction.
3. The City Solicitor be authorized to complete the transaction on behalf of the City, including paying any necessary expenses, if any, and amending and waiving terms and conditions, on such terms as the City Solicitor considers reasonable.
4. The appropriate City Officials be authorized and directed to take the necessary action to give effect thereto.

**Financial Impact**  
There is no financial impact associated with the proposed easement and licence agreements. The City will acquire both agreements for nominal consideration.

The Acting Chief Financial Officer has reviewed this DAF and agrees with the financial impact information.

**Comments**  
High Park Subway Station currently contains a noise wall built on the northern boundary of the property to prevent sounds from buses that visit the station from disturbing the users of the property to the north. As the noise wall is built directly up against the TTC property boundary, it is currently not possible to perform any necessary repairs and maintenance work to the northern face of the noise wall as it would require access onto private property.

The Grantor is the owner of the property to the north of High Park Subway Station and has proposed to construct a new development at the Property and will enter into a Site Plan Agreement with the City. Pursuant to the Site Plan Agreement, the Grantor has agreed to grant the City a permanent easement that would permit TTC staff to access the lands to the north of the noise wall to perform inspections and complete all necessary repairs, maintenance, replacement and ancillary works to the noise wall and chain-linked fence.

**Terms**  
**Grantor** = High Park Bayview Inc.  
**Property Interest** = Non-exclusive permanent strata easement and access licence  
**Purpose** = Access to the TTC noise wall and chain-linked fence to repair, maintenance & replace as required  
**Load Restriction on Supplemental Access Licence Lands** = The City shall provide the Grantor with ten (10) Business Days' notice to undertake works pursuant to the Agreement, and on delivery of a work notice, the Grantor shall grant to the City a supplemental licence in the form set out in Schedule 2 of the Agreement over the access roads on the Grantor's adjacent property within which it stipulates that no machinery, vehicle, equipment and/or materials above a Design Live Load of 12.0 PKa (in aggregate) shall be allowed on the access road.  
**Consideration** = Nominal
