## Watermain Replacement & Road Resurfacing on Adelaide Street from Jarvis Street to Parliament Street

Contract: 18ECS-TI-12SP

Start Date: July 3, 2018

End Date: December 2018

*\*\* Timeline is weather dependent. Dates are subject to change.*

The City of Toronto will replace the watermain and the City-owned portion of substandard water services on Adelaide Street from Jarvis Street to Parliament Street starting in July 2018.

The water service is the underground pipe that brings water to your water meter and is owned by you and by the City. The part you own is from your house to the end of your property, the part the City owns is from the end of your property to the watermain.

This project is part of the Council-approved 2018 Capital Works Program to renew our aging infrastructure, improve water distribution and reduce the risk of watermain breaks.

### MAP OF WORK AREA

### IMPORTANT INFORMATION ABOUT LEAD WATER SERVICES

If you live in a house on Adelaide Street in the area described above that was built before the mid-1950s, your water service may be made of lead. Please read the attached fact sheet with important information about the risks of lead in drinking water, especially if someone in your house is pregnant, there are children under six years old, or there is an infant drinking formula made using tap water.
