Business Purpose:

A new Mobile Outreach App has been created for capturing Outreach Encounter information into SMIS. It includes Client Search, Health Assessment, Cold Assessment, Encounter Questionnaire, Emergency Encounter, Encampments and Pets information.

A new SMIS Client Management – Encounter screen has been created. The **Client Management – Encounter** page displays a tabular listing of the client's current and/or history of Encounter.

How to:

1. A new option named "[Encounter](#)" has been added to the Client Navigator:

The screenshot shows the SMIS interface for Client Management - Summary. The left-hand Navigator menu has 'Encounter' highlighted with a red circle. The main content area displays the following information:

Client Management - Summary
