- (B) The permitted maximum number of **dwelling units** is 11;
- (C) Despite regulation 10.60.30.10(2) the required minimum **lot area** for each **townhouse dwelling unit** is 85.0;
- (D) Despite regulation 10.60.30.20(1)(C) the required minimum **lot frontage** for each **townhouse dwelling unit** is 4.2 metres;
- (E) Despite clause 10.60.40.70 and regulation 10.5.40.70(1), the required minimum **building setbacks** are shown on Diagram 3, attached to By-law 1341-2018(LPAT);
- (F) Despite regulation 10.60.40.1(3), the minimum width of a **dwelling unit** in a **townhouse** is 4.2 metres;
- (G) Despite regulation 10.5.40.10(1), the height of the **building** is the distance between the Canadian Geodetic Datum elevation of 181.35 metres and the elevation of the highest point of the **building**;
- (H) Despite regulations 10.60.40.10(1) and 10.60.40.10(2), the permitted maximum height of a **building** or **structure** and number of stories is as shown on Diagram 3 attached to By-law 1341-2018(LPAT);
- (I) Despite regulation 10.5.40.10(3) and (4) the following may project above the permitted maximum height:
  - (i) architectural features, parapet walls, railings, cornices, sills, and ornamental features may project a maximum of 1.2 metres; and
  - (ii) elevator overruns, roof accesses, skylights, and associated mechanical elements may project a maximum of 1.2 metres;
- (J) Despite clause 10.5.40.60, the following may encroach into the required minimum **building setbacks** shown on Diagram 3, attached to By-law 1341-2018(LPAT) as follows:
  - (i) Bay windows, juliet balconies, railings, architectural features such as cornices, frames and bands may encroach a maximum of 0.61 metres;
  - (ii) Canopies and porches may encroach a maximum of 1.5 metres; and

- (iii) Stairs may encroach a maximum of 2.6 metres;
- (K) Despite clause 10.60.30.40, the permitted maximum **lot coverage** is 50 percent as shown on Diagram 4 attached to By-law 1341-2018(LPAT);
- (L) Despite regulation 10.60.30.10(1) the required minimum **lot area** is 1,760 square metres;
- (M) Despite regulation 10.60.40.40(1) the permitted maximum **gross floor area** is 2,715 square metres;
- (N) Despite clause 10.5.50.10, a minimum of 29.5 percent of the **lot area** must be maintained as **landscaping**, and the landscape buffer as shown on Diagram 3 to By-law 1341-2018(LPAT) shall be wholly comprised of **soft landscaping**;
- (O) In addition to the **parking space** requirements of table 200.5.10.1 and the dimensions required in regulation 200.5.1.10(2), a minimum of 2 **parking spaces** per **dwelling unit** must be provided inside the **building**, one of which must have the minimum dimensions in (i) and the other must have the minimum dimensions in (ii):
  - (i) length of 4.5 metres and width of 2.6 metres; and
  - (ii) length of 5.6 metres and width of 2.6 metres;
- (P) Despite regulations 200.5.1.10(5) and 200.5.1.10(6), required **parking spaces** noted in (O) above, may be **tandem parking spaces**;
- (Q) In addition to regulations 200.5.1.10(1) and 200.5.1.10(3), a minimum of 3 visitor **parking spaces** must be provided and one visitor **parking space** will have the following maximum dimensions:
  - (i) length of 5.6 metres; and
  - (ii) width of 4.2 metres;
- (R) Despite regulation 200.5.1.10(13) **parking spaces** must have access to a **street** by means of a private **driveway** from Blithfield Avenue;
- (S) Despite regulation 10.60.40.80(2), the required minimum separation distance between the **townhouse** blocks is 2.0 metres shown on Diagram 3 of By-law 1341-2018(LPAT); and
- (T) Despite regulation 5.10.30.20(1), the **front lot line** and **rear lot line** are shown on Diagram 3 of By-law 1341-2018(LPAT).

Site Specific Provisions:

- (A) The minimum **lot frontage** is 6.5 metres per **dwelling unit**;
- (B) The minimum **lot area** is 335 square metres per **dwelling unit**;
- (C) The minimum **building setback** from a **front lot line** is:
  - (i) 3.0 metres if it abuts St. Clair Ave.; and
  - (ii) 6.0 metres in all other cases;
- (D) The minimum **building setback** from a **side lot line** is 0.9 metres;
- (E) The minimum **building setback** from a **side lot line** that abuts a **street** is 3.0 metres;
- (F) The maximum **lot coverage** is 55%;

- (G) The maximum **building** height is the lesser of 9.0 metres and 2 **storeys**; and
- (H) The only permitted **building** type is a **townhouse**.

Prevailing By-laws and Prevailing Sections: (None Apply)

(174) Exception RT 174

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) the lands shown as Blocks 8, 10, and 13 on Diagram 5 of By-law 1214-2019(LPAT) may be used, and **buildings** and **structures** may be erected and used, in compliance with (B) through (FF), provided the following are met:
  - (i) The requirements of Schedule A of By-law 1214-2019(LPAT); and
  - (ii) Prior to the lifting of the H symbol on Blocks 10 and 13, as shown on Diagram 2 of By-law 1214-2019(LPAT), the only use and construction that may occur on those Blocks must be in accordance with Section 15 of By-law 1214-2019(LPAT);
- (B) despite any provision of Regulation 10.60.20.20 to the contrary, the following uses are permitted if they comply with the specific conditions associated with the reference numbers(s) for each use in Regulation 10.60.20.100:
  - (i) **Home Occupation** (6);
  - (ii) **Private Home Daycare** (9); and
  - (iii) **Secondary Suite** (12);
- (C) despite regulation 10.60.40.40(1), the permitted maximum **gross floor area** on Blocks 8, 10 and 13 as shown on Diagram 5 of By-law 1214-2019(LPAT) is:
  - (i) 15,900.0 square metres on Block 8;
  - (ii) 11,200.0 square metres on Block 10; and
  - (iii) 15,300.0 square metres on Block 13;
- (D) in addition to the areas identified in Regulation 10.5.40.40(3), the **gross floor area** of a **townhouse** is also reduced by the area in the **building** used for:
  - (i) A detached private garage having a maximum area of:
    - (a) 30.0 square metres, if the garage accommodates one **parking space**; and
    - (b) 45.0 square metres, if the garage accommodates two **parking spaces**;
  - (ii) Vestibules providing rooftop access, to a maximum **gross floor area** of 12.0 square metres; and
  - (iii) Mechanical penthouses;
- (E) the permitted maximum number of **dwelling units** on Blocks 8, 10 and 13 shown on Diagram 5 of By-law 1214-2019(LPAT) is:
  - (i) 80 **dwelling units** on Block 8;
  - (ii) 64 **dwelling units** on Block 10; and
  - (iii) 68 **dwelling units** on Block 13;
- (F) despite regulation 10.60.40.10 (1)(B), the permitted maximum height for a **building** or **structure** in metres is the numerical value in metres, following the HT symbol, as shown on Diagram 10 of By-law 1214-2019(LPAT);
- (G) for the purpose of calculating **established grade**:
  - (i) Each **dwelling unit** in a **townhouse** will be deemed to be on its own **lot**; and
  - (ii) The minimum **front yard setback** for each **dwelling unit** is as shown on Diagram 10 of By-law 1214-2019(LPAT);
- (H) despite regulation 10.5.40.10(2), the following **structures** may exceed the permitted maximum **building** height as follows:

- (i) 0.9 metres for skylights, roof access hatch;
  - (ii) 1.5 metres for architectural features and design elements, parapets, elements of a green roof, railings and guards;
  - (iii) 1.8 metres for balcony and roof top terrace dividers, safety screens, wind screens or privacy screens;
  - (iv) 3.2 metres for roof top canopies and associated structural elements, structures on the roof used for outside or open air recreation, vestibules for rooftop access, mechanical equipment and associated enclosures, elevator overrun, stairs and stair enclosures; and
  - (v) 1.5 metres for vents, stacks, flues and chimneys;
- (I) despite regulation 10.60.40.10(2), the permitted maximum number of **storeys** in a **building** is the numerical value following the ST symbol, as shown on Diagram 10 of By-law 1214-2019(LPAT);
- (J) despite (I) above, the following are not a **storey**:
- (i) Vestibules providing rooftop access and having a **gross floor area** of not more than 12.0 square metres;
  - (ii) Mechanical penthouses;
  - (iii) Stair enclosures; and
  - (iv) Elevator overruns;
- (K) the finished floor elevation of the front door sill for **dwelling units** on a Block shown on Diagram 10 of By-law 1214-2019(LPAT) must not be more than:
- (i) 1.2 metres above **established grade** for 80 percent of the **dwelling units** on a Block; and
  - (ii) 1.5 metres above **established grade** for all other **dwelling units** on the same Block;
- (L) despite regulation 10.5.40.70(1), and Clauses 10.5.60.20 and 10.60.40.70, the required minimum setbacks for **buildings** and detached private garages is shown on Diagram 10 of By-law 1214-2019(LPAT). A **building setback** is not required from a corner rounding at the intersection of two **streets**;
- (M) despite regulation 5.10.40.70(1) and Clause 10.5.40.60, the following may encroach into a required **building setback**:
- (i) 0.9 metres for architectural features such as cornices, eaves, piers, mouldings, sills, scuppers, rain water leaders, lighting fixtures and bay windows;
  - (ii) 2.4 metres for retaining walls and stairs;
  - (iii) 2.0 metres for stoops, decks, porches, canopies and associated **structures**, awnings and associated **structures**, utility meters and associated enclosures; and
  - (iv) 0.9 metres for air conditioners and generators;
- (N) despite regulation 10.60.40.80(1), if a **townhouse** has **main walls** where a line projecting outward at a right angle from one of the **main walls** intercepts another **main wall** of the same **building**, the required above-ground separation distance between those **main walls**, excluding architectural recesses in a **main wall** having a depth of 1.0 metres or less and **main walls** around inset balconies and entrances, is:
- (i) 5.5 metres if there are no windows and/or doors in one or more of those **main walls**; and
  - (ii) 11.0 metres if each **main wall** has windows and/or doors opening into a **dwelling unit**;
- (O) despite regulation 10.60.40.80(2), if two or more **townhouse buildings** are on the same Block, the required minimum above-ground separation distance between the **main walls** of the respective **townhouse buildings** is:
- (i) 2.0 metres between side **main walls**;
  - (ii) 15.0 metres between rear **main walls** if there is a window and/or door into a **dwelling unit**, excluding openings into a garage; and
  - (iii) Light fixtures, eaves, roof overhangs, rainwater leaders, gutters, scuppers and **structures** on the roof of a **building** used for outside or open air recreation, may encroach into a required separation distance;

- (P) despite Chapter 200, parking must be provided in accordance with Section 12 of By-law 1214-2019(LPAT);
- (Q) despite regulation 10.5.80.10(1), a **parking space** must be on the same Block as the **dwelling unit** for which the **parking space** is required;
- (R) despite regulation 10.5.80.10(3) a **parking space** may not be between the front or side **main walls** of a **building** with a **dwelling unit** and a **street**;
- (S) **parking spaces** must be provided in accordance with Section 12 of By-law 1214-2019(LPAT), except that visitor **parking spaces** are not required;
- (T) despite regulation 10.5.80.40(3)(C) access to **parking spaces** may be from any **street**, however, an individual private **driveway** leading to the front of a **dwelling unit** in a **townhouse** is not permitted;
- (U) despite regulation 10.5.100.1(6), a Block shown on Diagram 5 of By-law 1214-2019(LPAT) may have a **driveway** with two points of **vehicle** access to the same **street**;
- (V) despite regulations 10.5.50.10(1), (2), (3) **landscaping** for **townhouses** must be provided as follows:
  - (i) 100 percent of the area between the front **main wall** of a **dwelling unit** in a **townhouse** and the **street** must be used for no other purpose than **landscaping**, of which 75 percent must be **soft landscaping**;
  - (ii) A minimum of 60 percent of the area between the side **main wall** of a **dwelling unit** and the **street** must be used for no other purpose than **landscaping**, of which a minimum of 75 percent must be for **soft landscaping**;
  - (iii) Where a detached private garage is provided for a **dwelling unit**, a minimum of 25 percent of the area between the rear **main wall** of the **dwelling unit** and the detached private garage must be **soft landscaping**; and
  - (iv) For the purpose of (iii) above, each **dwelling unit** shall be deemed to be located on a **lot**;
- (W) despite regulation 10.5.50.10(6), the calculation of **landscaping** or **soft landscaping** excludes the area covered by any permitted encroachment listed in Regulation (M) above;
- (X) regulation 10.5.60.1(4) does not apply;
- (Y) despite regulation 10.60.30.10(1) the required minimum **lot area** is 67.0 square metres;
- (Z) despite regulation 10.60.30.20(1), the minimum **lot frontage** is 4.2 metres;
- (AA) despite regulation 10.60.40.1(3) the minimum width of a **dwelling unit** in a **townhouse** is 4.2 metres;
- (BB) Clauses 10.5.60.50 and 10.5.60.70 do not apply to a detached private garage;
- (CC) each **dwelling unit** in a **townhouse** must front on a **street**;
- (DD) despite any severance or division of the lands subject to this Exception, the regulations of this Exception shall continue to apply to the whole of the lands as if no severance or division had occurred;
- (EE) despite regulation 5.10.30.1(1), no **building** or **structure** may be erected or used on the lands unless:
  - (i) The lands abut an existing **street**, or are connected to an existing **street** by a **street** or **streets** constructed to a minimum base curb and base asphalt or concrete; and
  - (ii) All Municipal water mains and Municipal sewers, and their appurtenances, are installed to a **lot** line of the property and are operational; and
- (FF) for the purpose of regulation 5.10.30.1(2) a **street** may include a **street** or **streets** that have been dedicated to the Municipality but may not be assumed.

- (P) The permitted maximum number of **storeys** is 3;
- (Q) Despite clause 10.60.40.70, the **main wall** of a **building** may not be closer to a **lot line** than the distances shown on Diagram 3 of By-law 420-2020(LPAT);
- (R) Despite clause 10.60.40.80, the **main wall** of a **building** may not be closer to the **main wall** of another **building** than the distance shown on Diagram 3 of By-law 420-2020(LPAT);
- (S) Despite regulation 200.5.1.10(2)(A)(iv) the minimum **parking space** width must be increased by 0.225 metres for each side of the **parking space** that is obstructed according to regulation 200.5.1.10(2)(D);
- (T) A **driveway** that provides **vehicle** access to an individual **townhouse** unit must have a minimum length of 5.6 metres in front of a garage door except where an individual **townhouse** unit abuts a visitor **parking space**;
- (U) Despite any future severance, partition or division of the lands shown as Part 2 on Diagram 2 of By-law 420-2020(LPAT), the provisions of this By-law apply to the whole of the lands, as if no severance, partition or division occurred.

Prevailing By-laws and Prevailing Sections: (None Apply)

(186) Exception RT 186

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) For the purpose of calculating setbacks and establishing internal **lot** orientation, the **front lot line** is the shortest **lot line** which divides the **lot** from a **street**;
- (B) For the purposes of calculating height and **lot frontage**, the minimum **front yard setback** shall be the required setback to the **main wall** containing the entrance to the required **parking space**;
- (C) An in-ground swimming pool, **ancillary building** or **structure** partially or fully below ground is not permitted;

- (D) Despite regulations 10.5.40.70(1) and 10.60.40.70(1), the required minimum **front yard setback** is 3.0 metres, and for the **main wall** containing the entrance to a required **parking space** is 6.0 metres;
- (E) A required **parking space** must be located in an attached **parking garage**;
- (F) Despite regulations 10.60.40.10, the permitted maximum height is 3 **storeys** and 9.0 metres;
- (G) Despite regulation 10.60.40.80, the required minimum above-ground separation distance for between **main walls** does not apply;
- (H) Despite regulation 10.60.30.10, the required minimum **lot area** for each **lot** containing a **townhouse dwelling unit** is 150 square metres;
- (I) On Area A as identified on Diagram 6 of By-law 756-2021(OLT), the following applies:
  - (i) Despite regulation 10.60.30.40(1)(A) the permitted maximum **lot coverage** is 56 percent;
- (J) On Area B as identified on Diagram 6 of By-law 756-2021(OLT), the following applies:
  - (i) Despite regulations 10.60.30.40(1) and 10.5.60.70 (1) the permitted maximum **lot coverage** is 50 percent;
  - (ii) Despite regulation 10.60.40.70 (2) the required minimum **rear yard setback** is 6.0 metres; and
  - (iii) Despite regulation 10.5.80.40(3)(B) **vehicle** access to a **parking space** on a **lot** is required to be from the **street** on which the **lot** fronts;
- (K) Despite regulation 10.5.50.10(1) (B) and (D) a minimum of 30 percent of the **front yard** must be **landscaping**, and a minimum of 75 percent of the **front yard** must be **soft landscaping**;
- (L) Despite regulation 10.60.40.70(3) the required minimum **side yard setback** is 1.2 metres for a **townhouse**; and
- (M) Despite regulation 10.60.40.1(3) the required minimum width of a **dwelling unit** in a **townhouse** building type is 5.8 metres.

- (A) Section 64.16(76) of the former City of North York zoning by-law 7625.

(361) Exception RT 361

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On 448 to 454 Markham Road, if the requirements of By-law 968-2022 are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with Regulations (B) to (T) below;
- (B) Despite Regulation 10.5.40.10(1), the height of a **building** is the distance between the Canadian Geodetic Datum of 148.59 metres and the elevation of the highest point of the **building** or **structure**;
- (C) In addition to the items listed in Regulation 10.5.40.40, the **gross floor area** of a **residential building** is also reduced by:
  - (i) Areas used to store waste; and
  - (ii) The total area used for the purpose of parking (including drive aisles, columns, bicycle parking and tractor storage), mechanical, electrical and garbage rooms, exhausts and intakes and exit stairs.
- (D) Regulation 10.5.40.50 and 10.5.40.60 with respect to decks, balconies, porches, platforms and similar **structures** does not apply;
- (E) Despite Regulation 10.5.50.10, a minimum of 39 percent of the **lot** will consist of **landscaping**;
- (F) Regulation 10.5.80.40(2) with respect to elevation of a **vehicle** entrance does not apply;
- (G) Despite Regulation 10.60.20.40(1), only **dwelling units** located in a **townhouse** are permitted on the **lot**;
- (H) Despite Regulation 10.60.30.10, the minimum required **lot area** is 7,400 square metres;
- (I) Despite Regulation 10.60.30.20, the minimum required **lot frontage** is 110 metres;
- (J) Despite Clause 10.60.30.40, the maximum permitted **lot coverage**, as a percentage of the **lot area**, is 40 percent;
- (K) Regulation 10.60.40.1(3) with respect to minimum width of a **dwelling unit** in a **townhouse** does not apply;
- (L) Despite Regulations 10.5.60.40 and 10.60.40.10(1) and (2), the permitted maximum height of a **building** or **structure** is the number in metres following the letters "HT" as shown on Diagram 3 of By-law 968-2022;
- (M) Despite Regulation 10.60.40.10(2), the permitted maximum number of **storeys** in a **building** is the number following the letters "ST" as shown on Diagram 3 of By-law 968-2022. For the purposes of this

provision, floor levels which include parking spaces or roof access enclosures do not constitute a **storey**;

- (N) Despite Regulation 10.60.40.10(1), the following equipment and **structures** may project beyond the permitted maximum height shown on Diagram 3 of By-law 968-2022:
- (i) Equipment used for the functional operation of the **building** including electrical, utility, mechanical and ventilation equipment, enclosed stairwells, roof access, maintenance equipment storage, elevator shafts, chimneys, and vents, by a maximum of 3 metres;
  - (ii) **Structures** that enclose, screen or cover the equipment, structures and parts of a **building** listed in (i) above, inclusive of a mechanical penthouse, by a maximum of 3.5 metres; and
  - (iii) Architectural features, parapets, and elements and **structures** associated with a **green roof**, by a maximum of 3.5 metres.
- (O) Despite Regulation 10.60.40.40(1), the maximum permitted **gross floor area** is 9,600 square metres;
- (P) Despite Regulation 10.60.40.70(1)(2) or (3), the required minimum **building setbacks** are as shown in metres on Diagram 3 of By-law 968-2022;
- (Q) Despite Regulation 10.60.40.80(1) or (2), the required separation of **main walls** are as shown in metres on Diagram 3 of By-law 968-2022;
- (R) Despite Regulation 10.5.40.60 (1) to (8) and (P) and (Q) above, the following elements may encroach into the required minimum **building setbacks** and **main wall** separation distances as follows:
- (i) Architectural features, window wells, roofing, roof drainage including gutters and leaders, vents, awnings, canopies, porches, front entry stairs, pipes and utility equipment including equipment related to natural gas, hydro and water, air conditioning units, fire walls, and access stairs for a **parking garage** to a maximum of 3.5 metres;
  - (ii) A platform above the first **storey** to a maximum of 1.5 metres;
  - (iii) A deck including associated stairs to a maximum of 4.0 metres;
  - (iv) Retaining walls; and
  - (v) Bay window, box window or other window projection from a **main wall** which increases floor area or enclosed space to a maximum of 1.5 metres.
- (S) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided in accordance with the following:
- (i) A minimum of 1 residential occupant **parking space** for each **dwelling unit**; and
  - (ii) A minimum of 0.15 residential visitor **parking space** for each **dwelling unit**.
- (T) Despite Section 800.50(435), **lot coverage** excludes projections permitted by (R) above.

- (H) Rooftop structures used for the functional operation of the building including electrical, mechanical, utilities and enclosed stairwells, roof access or access to the rooftop **amenity space** shall not be considered a **storey** provided such elements and **structures** do not exceed the height shown on Diagram 6 of By-law 86-2023(OLT);
- (I) Despite Regulation 10.60.30.20(1), the minimum required **lot frontage** is 5.89 metres for each **dwelling unit** in a **townhouse** with every **dwelling unit** fronting directly on a **street** or a private **lane**;
- (J) Despite Regulation 10.60.30.40(1), the maximum permitted **lot coverage** is 30 per cent of the **lot area**;
- (K) Despite Regulation 10.60.40.1(3), the required minimum width of a **dwelling unit** in a **townhouse** is 5.89 metres;
- (L) Despite Regulations 10.5.40.70(1), (2) and 10.60.40.70(1), (2) and (3), the required minimum **building setbacks** for a **townhouse** on the lands are the **building setbacks** shown on Diagram 6 of By-law 86-2023(OLT);
- (M) Despite Clause 10.60.40.80, the required minimum above-ground separation between the **main walls** of the **buildings** on the same **lot** is shown on Diagram 6 of By-law 86-2023(OLT);
- (N) Despite Clauses 10.5.40.60 and 10.5.60.60, the following elements of a **building** may encroach into the required minimum **building setbacks** and separation distances between the **main walls** of **buildings** as shown on Diagram 6 of By-law 86-2023(OLT):
  - (i) Pilasters and projecting columns, roof overhang, cantilevered elements, canopies, eaves, porches (covered or uncovered), exterior steps, cantilevered bay, bow, box, or dormer windows; and ground mounted equipment used for the functional operation of the **buildings** including electrical, mechanical, service and utility equipment to a maximum of 2.6 metres.
- (O) Despite (N) above, no balcony projections are permitted to encroach within a required minimum **building setback**, as shown on Diagram 6 of By-law 86-2023(OLT), for:
  - (i) the east **main wall** of Block 1, Block 2 and Block 4; and
  - (ii) the west **main wall** of Block 3 and Block 5.
- (P) A rooftop terrace for each **dwelling unit** within a **townhouse** is permitted, provided that the rooftop terrace:
  - (i) occupies an area no greater than 40 percent of the total roof surface area of the **dwelling unit**, inclusive of the area of the roof top terrace; and
  - (ii) is no greater than 4 metres in depth measured from rear **main wall** at the roof top terrace level.
- (Q) A privacy screen on a rooftop terrace, having a minimum height of 1.8 metres, must be erected for the northernmost **dwelling unit** for Block 1, Block 3, Block 4, and Block 5;
- (R) Despite Clause 10.5.100.1, a **driveway** which leads directly to an individual **townhouse dwelling unit** may have a maximum width of 6.0 metres;
- (S) Despite Regulations 200.5.10.1(1), 200.15.10(1) and Table 200.5.10.1, **parking spaces** must be provided on the lands in accordance with the following:
  - (i) A minimum of 1 residential occupant **parking space** for each **dwelling unit**; and
  - (ii) A minimum of 6 **parking spaces** for residential visitors.
- (T) Despite Regulations 200.5.1.10(2)(C) and (D), a residential visitor **parking space** that is adjacent and parallel to a **drive aisle** from which **vehicle** access is provided must have the following minimum dimensions, and may be obstructed on one side as described in Regulation 200.5.1.10(2)(D) without being required to provide additional width for the obstructed sides of the **parking space**:
  - (i) Length - 6.7 metres;
  - (ii) Width - 2.0 metres; and
  - (iii) Vertical clearance - 2.0 metres.
- (U) Despite Regulation 200.15.1(1) to (4), a required accessible **parking space** may be provided within an attached garage of an individual **townhouse dwelling unit** and must have the following minimum dimensions:

- (i) Length of 5.6 metres;
- (ii) Width of 3.2 metres; and
- (iii) Vertical clearance of 2.1 metres.

- (A) Former City of Etobicoke by-law 1996-205.

(71) Exception RA 71

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions: (None Apply)

Prevailing By-laws and Prevailing Sections:

- (A) On 10 Humber Blvd., former City of Etobicoke by-law 1988-225.

(72) Exception RA 72

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions: (None Apply)

Prevailing By-laws and Prevailing Sections:

- (A) Former City of Etobicoke by-law 1987-181.

(73) Exception RA 73

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On a portion of the lands municipally known as 340 Mill Road in the year 2021, shown as Area B on Diagram 4 of By-law 465-2022, if the requirements of Section 7 and Schedule A of By-law 465-2022 are complied with, a **building or structure** may be erected and used on the **lot** in compliance with (B) to (BB) below;
- (B) For the purpose of this Exception, the **lot** comprises the lands outlined by heavy lines on Diagram 4, attached to By-law 465-2022 shown as "Area B";
- (C) The only **buildings** and **structures** permitted on the **lot** include "Building A" and "Building B" as shown on Diagram 3 of By-law 465-2022 as follows:
  - (i) for the purposes of this exception, "Building A" means the existing **apartment building** municipally known as 340 Mill Road as shown on Diagram 3, as well as **ancillary structures**, including a swimming pool, an underground **parking garage** and enclosed garage entry ramp,

- located on the **lot** as of February 1, 2022, and alterations and additions permitted in accordance with this exception;
- (ii) for the purposes of this exception, "Building B" means an addition to "Building A" on the **lot** as shown on Diagram 3, as well as **ancillary structures** and portions below ground; and
  - (iii) for the purpose of this exception, "Building A" and "Building B" are collectively one **building**;
- (D) For the purpose of this exception:
- (i) Despite any Regulation to the contrary, **buildings** and **structures** existing on the **lot** as of February 1, 2022, including "Building A", are permitted; and
  - (ii) In addition to the permitted uses in Clause 15.10.20.10, "car-share" is also a permitted use on the **lot**;
- (E) Despite Regulation 15.10.40.40(1)(A), the permitted maximum **gross floor area** on the **lot** is as follows:
- (i) The **gross floor area** of "Building A", must not exceed the **gross floor area** existing therein as of February 1, 2022, plus an additional 150.0 square metres; and
  - (ii) The **gross floor area** of "Building B" must not exceed 17,200.0 square metres
- (F) The permitted maximum number of **dwelling units** on the **lot** must not exceed the following:
- (i) 225 **dwelling units** in "Building A"; and
  - (ii) 200 **dwelling units** in "Building B";
- (G) **Dwelling units** provided in "Building B" must comply with the following:
- (i) A minimum of 40% of the total number of **dwelling units** must contain two or more bedrooms; and
  - (ii) A minimum of 10% of the total number of **dwelling units** must contain three or more bedrooms, and these **dwelling units** may also be used to determine compliance with (i) above;
- (H) Despite Regulations 5.10.40.70(6), 5.10.40.80(1), and Clauses 15.10.40.70 and 15.10.40.80, the required minimum **building setbacks** and the required minimum separation distances between **main walls of buildings or structures** above finished ground are shown in metres on Diagram 3 of By-law 465-2022;
- (I) Despite Regulations 15.5.40.50(2), 15.5.60.30(1), Clauses 15.5.40.60, 15.5.60.20 and (H) above, the following elements of a **building or structure** may encroach into a required minimum **building setback** and a required minimum **main wall** separation distance as follows:
- (i) Lighting fixtures, railings, retaining walls, privacy screens, stairs, enclosed stairs, ornamental or architectural features, landscape features, patios, terraces, **structures** used for safety, noise or wind mitigation purposes, chimneys, vents, stacks and their associated enclosures, parapets, elements of a **green roof** and window washing equipment and **structures** for outdoor **amenity space** or open air recreation;
  - (ii) Planters, ramps to underground parking areas and associated **structures**, bollards, guards, guardrails, wheelchair ramps, bicycle racks, gas and hydro metres and associated enclosures, subject to a maximum vertical projection of 1.5 metres above the level of the finished ground;
  - (iii) Cornices, sills, and eaves, to a maximum horizontal projection of 0.5 metres;
  - (iv) Canopies and awnings to a maximum horizontal projection of 2.5 metres; and
  - (v) Balconies to a maximum horizontal projection of 2.0 metres;
- (J) With respect to "Building B" and despite Regulation 15.5.60.40(2), Clauses 15.5.40.10 and 15.10.40.10, the permitted maximum **building and structure** height, measured between **established grade** and the highest point of the **building or structure** is the numerical value in metres following the HT symbol on Diagram 3 attached to By-law 465-2022, with the exception of the following projections:
- (i) **Structures** used for safety, noise or wind mitigation purposes, chimneys, vents, stacks and their associated enclosures, lighting fixtures, railings, retaining walls, privacy screens, stairs, enclosed stairs, ornamental or architectural features, landscape features, patios, terraces, cornices, sills, eaves, balconies;

- (ii) planters, ramps to underground parking areas and associated **structures**, bollards, guards, guardrails, wheelchair ramps, bicycle racks, gas and hydro metres and associated enclosures subject to the restrictions set out in (I)(ii) above;
  - (iii) Parapets, elements of a **green roof** and window washing equipment may exceed the permitted maximum **building** height by 1.5 metres;
  - (iv) **Structures** for outdoor **amenity space** or open air recreation may exceed the permitted maximum **building** height by a maximum of 3.0 metres; and
  - (v) Canopies and awnings to a maximum vertical projection of 4.5 metres above finished ground level;
- (K) For the purpose of this Exception, **established grade** is the Canadian Geodetic Datum elevation of 137.71;
- (L) The permitted maximum height of "Building A" is the height of the **building** as it existed on the **lot** on February 1, 2022, subject to permitted projections for the functional operation of a **building** as set out in Regulation 15.5.40.10(3) and **structures** for wind or noise mitigation;
- (M) Despite Regulation 15.10.40.10(2), the permitted maximum number of **storeys** in "Building B" is the numerical value following the letters "ST" on Diagram 3 of By-law 465-2022;
- (N) Despite Clause 15.10.40.50, **amenity space** must be provided on the **lot** in accordance with the following:
- (i) A minimum of 4.0 square metres of **amenity space** must be provided for each **dwelling unit** in "Building B", of which:
    - (a) A minimum of 2.0 square metres per **dwelling unit** must be provided as indoor **amenity space**; and
    - (b) A minimum of 40.0 square metres of outdoor **amenity space** must be provided in a location that adjoins or is directly accessible from indoor **amenity space**;
  - (ii) A minimum of 90.0 square metres of indoor **amenity space** must be provided in "Building A"; and
  - (iii) The **amenity space** required by (i) above may be used by both the occupants of "Building A" and "Building B", regardless of which **building** the occupants reside in;
- (O) Despite Regulation 15.5.50.10(1), **landscaping** and **soft landscaping** must be provided as follows:
- (i) A minimum of 42% of the area of the **lot** must be provided as **landscaping**; and
  - (ii) A minimum of 50% of the **landscaping** required in (i) above must be provided as **soft landscaping**;
- (P) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** for "Building A", as shown on Diagram 3 of By-law 465-2022, must be provided in accordance with the following:
- (i) A minimum of 264 **parking spaces** for residents; and
  - (ii) A minimum of 32 **parking spaces** for visitors;
- (Q) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** for "Building B", as shown on Diagram 3 of By-law 465-2022, must be provided in accordance with the following:
- (i) Minimum resident requirement:
    - (a) 0.8 **parking spaces** per bachelor **dwelling unit**;
    - (b) 0.9 **parking spaces** per one bedroom **dwelling unit**;
    - (c) 1.0 **parking spaces** per two bedroom **dwelling unit**; and
    - (d) 1.2 **parking spaces** per **dwelling unit** with three or more bedrooms;
  - (ii) Minimum visitor requirement: 0.14 **parking spaces** per **dwelling unit**; and
  - (iii) The **parking spaces** required by (Q)(i) above may be reduced by four **parking spaces** for each "car-share parking space" provided, up to a maximum of one "car-share parking space" for every 60 **dwelling units** on the **lot**;
- (R) For the purpose of this exception, "car-share" means the practice whereby a number of people share the use of one or more cars that are owned and operated by a car sharing organization, and "car-

share parking space" means a **parking space** exclusively reserved and signed for a car used only for "car-share" purposes;

- (S) Despite Regulation 200.15.1(1) an accessible **parking space** must have the following minimum dimensions:
- (i) Length of 5.6 metres;
  - (ii) Width of 3.4 metres;
  - (iii) Vertical clearance of 2.1 metres; and
  - (iv) A 1.5 metre wide accessible barrier-free aisle or path is required along the entire length of one side of an accessible **parking space**, and such aisle or path may be shared by 2 accessible **parking spaces**;
- (T) Despite Regulation 200.15.1(4):
- (i) An accessible **parking space** provided for "Building A" must be no more than 46.0 metres from a barrier free entrance into "Building A"; and
  - (ii) An accessible **parking space** provided for "Building B" must be no more than 28.0 metres from a barrier free entrance into "Building B";
- (U) Despite any provisions of this exception or this by-law, as amended, **parking spaces, drive aisles, driveways** and ramps existing on the **lot** as of February 1, 2022, may be maintained and are deemed to comply with the provisions of By-law 569-2013, as amended, and such existing **parking spaces** may be used for the purpose of determining compliance with (P) and (Q) above;
- (V) Despite Clause 220.5.10.1, one Type "G" **loading space** must be provided on the **lot**;
- (W) Regulation 230.5.10.1(5) with respect to the provision of **bicycle parking spaces** for **dwelling units**, does not apply to **dwelling units** in "Building A";
- (X) Despite any Regulation of this exception and of this by-law, as amended, "Building A" may be occupied by residents during construction of "Building B" without the provision of required **parking spaces, loading spaces and bicycle parking spaces**;
- (Y) Regulation 15.5.60.70(1) does not apply with respect to **lot coverage** requirements for **ancillary buildings and structures**;
- (Z) Regulations 15.5.100.1(1)(B) with regards to permitted maximum **driveway** width and 15.5.100.1(2) with regards to **driveway access to apartment buildings** does not apply;
- (AA) Clause 15.10.30.40 does not apply with respect to **lot coverage**; and
- (BB) If the requirements of Section 7 of By-law 465-2022 are complied with, By-laws 1993-84 and 1524 do not apply to the **lot** as Prevailing By-laws.

Prevailing By-laws and Prevailing Sections:

(121) Exception RA 121

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

(A) If the requirements of Section 7 and Schedule A of By-law 69-2021(OMB) are complied with, none of regulations 15.10.40.70, 15.5.50 and 15.5.60 apply to prevent the erection of **buildings** or **structures** permitted by the following regulations;

(B) The height of a **building** or **structure** is measured from the Canadian Geodetic Datum elevation of 147.5 metres;

(C) No portion of any **building** or **structure** is to have a height greater than the height in metres specified by the number following the HT symbol as shown on Diagram 3 of By-law 69-2021(OMB) except that:

(i) Parapets, guard rails, railings and dividers, trellises, eaves, stairs, chimneys, roof drainage, window washing equipment, lightning rods, elevator overruns, garbage chute overruns, architectural features and elements of a **green roof** may project above the height in metres specified by the number following the HT symbol as shown on said Diagram 3 by a maximum of 1.0 metre;

(ii) Retaining walls, fences and screens may exceed above the height in metres specified by the number following the HT symbol as shown on said Diagram 3 of By-law 69-2021(OMB).

- (D) Despite 15.10.40.70, all portions of a **building** or **structure** above ground, must be located within the areas as shown on Diagram 3 of By-law 69-2021(OMB), except that:
- (i) Cornices, light fixtures, ornamental elements, patios, decks, pillars, trellises, balconies, terraces, eaves, window sills, planters, ventilation and exhaust shafts, stairs, stair enclosures, wheelchair ramps, screens, retaining walls, awnings and canopies, and underground garage ramps and associated **structures** may extend beyond the heavy lines;
  - (ii) exhaust shaft may project outside the area as shown on Diagram 3 by 2.4 metres;
  - (iii) balconies on the west **building** elevation may project outside the area as shown on Diagram 3 by 4.0 metres; and
  - (iv) balconies on the east **building** elevation may project outside the area as shown on Diagram 3 by 1.3 metres;
- (E) The total number of **dwelling units** on the lands must not exceed 111.
- (F) The total **gross floor area** of all **buildings** and **structures** must not exceed 7,000 square metres.
- (G) **Parking spaces** must be provided and maintained in accordance with the following:
- (i) a minimum of 0.7 **parking spaces** for each bachelor and/or studio **dwelling unit**;
  - (ii) a minimum of 0.8 **parking spaces** for each one bedroom **dwelling unit**;
  - (iii) a minimum of 0.9 **parking spaces** for each two bedroom **dwelling unit**;
  - (iv) a minimum of 1.1 **parking spaces** for each **dwelling unit** containing three or more bedrooms;
  - (v) a minimum of 0.15 **parking spaces** for each **dwelling unit** for visitors to the **dwelling units**;
  - (vi) no **parking spaces** are required for non-residential uses; and
  - (vii) a minimum of 3 accessible **parking spaces** should be provided.
- (H) A minimum of 84 **bicycle parking spaces** must be provided and maintained on the lands, of which a minimum of:
- (i) 16 **bicycle parking spaces** must be short-term **bicycle parking spaces**; and
  - (ii) a minimum of 0.8 **parking spaces** for each one bedroom **dwelling unit**;
- (I) **Stacked bicycle parking spaces** are not subject to the dimensions outlined in Regulations 230.5.1.10(4)(C), 230.5.1.10(5)(A) and 230.5.1.10(10);
- (J) A short-term **bicycle parking space** may be located in a **stacked bicycle parking space**;
- (K) A minimum of one Type "G" **loading space** must be provided and maintained on the lands;

[ By-law: 69-2021(LPAT) ]

(122) Exception RA 122

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) On 70 Dixfield Drive, if the requirements of Section 5 and Schedule A of By-law 1210-2018 are complied with, regulations 15.5.40.10, 15.5.40.40, 15.10.40.70 and 15.10.40.80 do not apply to prevent the erection or use of an **apartment building** that complies with the following;
- (B) The **gross floor area** of all **buildings** on the **lot** must not exceed 27,200 square metres;
- (C) A maximum of 229 **dwelling units** are permitted;
- (D) **Building** height is measure from the Canadian Geodetic Datum of:
- (i) 146.195 metres for **Buildings** 1, 2 and 3, as identified on Diagram 2 for By-law 1210-2018; and [ By-law: 801-2020 ]
  - (ii) 145.993 metres **Building** 4, as identified on Diagram 2 for By-law 1210-2018;
- (E) The height of **Buildings** 1, 2, 3 and 4, must not exceed the height in metres specified by the numbers following the symbol "HT" on Diagram 2 of By-law 1210-2018;
- (F) The following elements of a **building** may encroach into a required **building setback** or **building separation distance** as follows:

- (i) 3.0 metres for canopies, awnings, screens landscape and ornamental features;
  - (ii) 2.0 metres for balconies or platforms;
  - (iii) 1.5 metres for stair enclosures, cornices, lighting features, trellises, eaves, window sills, guardrails, balustrades, railings, vents;
  - (iv) 0.6 metres for satellite dishes, eaves, screens, landscape and ornamental features, trellises, cabanas, lightning rods, window washing equipment, light fixtures, antennae, flag poles;
- (G) The following elements of a **building** may project above the maximum **building** height as follows:
- (i) 5.0 metres for a mechanical penthouse on **Building** 4, as shown on Diagram 2 of By-law 1210-2018;
  - (ii) 1.83 metres for a mechanical penthouse on **Building** 1, 2 and 3, as shown on Diagram 2 of By-law 1210-2018; and
  - (iii) 1.5 metres for guardrails, railings, retaining walls, wheelchair ramps, roofing assembly and drainage, elements of green roof, parapets, cornices, balustrades, bollards;
- (H) Despite regulation 200.5.10.1, **parking spaces** must be provided and maintained on the **lot** at a minimum rate of 1.02 **parking spaces** for each **dwelling unit** of which a minimum of 0.13 **parking spaces** for each **dwelling unit** must be visitor **parking spaces**;
- (I) A **building** or **structure** may not be closer to a **lot line** or another **building** than the **building** separation and **building setback** distances shown on Diagram 2 of By-law 1210-2018;
- (J) Despite any existing or future severance, partition, or division of the **lot**, the provisions of this by-law must apply to the whole of the **lot** as if no severance, partition or division occurred.

Prevailing By-laws and Prevailing Sections: (None Apply)  
[ By-law: 1210-2018 ]

(123) Exception RA 123

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) the lands shown as Blocks 6B, 6C, 9, 11, and 12 on Diagram 5 of By-law 1214-2019(LPAT), may be used, and **buildings** and **structures** may be erected and used, in compliance regulations (B) through (PP), provided the following are met:
- (i) The requirements of Schedule A of By-law 1214-2019(LPAT); and
  - (ii) Prior to the lifting of the H symbol on Block 6B, 6C, and 11, as shown on Diagram 2 of By-law 1214-2019(LPAT), the only use and construction that may occur on those Blocks must be in accordance with Section 15 of By-law 1214-2019(LPAT);
- (B) in addition to the uses permitted by Clause 15.10.20.10, car-sharing and bike-sharing are permitted;
- (C) for the purpose of this Exception:
- (i) Car-sharing means the practice whereby a number of people share the use of one or more motor **vehicles** and such car-share motor **vehicles** are made available for short term rental, including hourly rental;
  - (ii) Car-sharing **parking space** means a **parking space** exclusively reserved and signed for a car or cars used only for car-share purposes;
  - (iii) Bike-sharing means the practice whereby a number of people share the use of one or more bicycles, which are made available for short term rental, including hourly rental; and
  - (iv) Bike-sharing station means a bicycle sharing facility where bicycles are capable of being securely stored and from which the general public may rent and return bicycles which are owned by a private sector organization or **non-profit organization**;
- (D) despite any provision of Clause 15.10.20.20 to the contrary, the following uses are permitted if they comply with the specific conditions associated with the reference numbers(s) for each use in Clause 15.10.20.100:
- (i) **Day Nursery** (4);
  - (ii) **Home Occupation** (6);

- (iii) **Private Home Daycare** (9);
  - (iv) **Residential Care Home** (5);
  - (v) **Respite Care Facility** (12);
  - (vi) **Retail Store** (13);
  - (vii) **Retirement Home** (7);
  - (viii) **Secondary Suite** (15); and
  - (ix) **Seniors Community House** (16);
- (E) despite Clause 15.10.20.40, a **dwelling unit** is permitted in an **apartment building**;
- (F) despite regulation 15.10.40.40(1), the permitted maximum **gross floor area** for Blocks 6B, 6C, 9, 11 and 12, as shown on Diagram 5 of By-law 1214-2019(LPAT), is:
- (i) 10,000.0 square metres on Block 6B;
  - (ii) 32,250.0 square metres on Block 6C;
  - (iii) 16,300.0 square metres on Block 9;
  - (iv) 18,250.0 square metres on Block 11; and
  - (v) 97,250.0 square metres on Block 12;
- (G) in addition to the provisions of regulation 15.5.40.40(1), the **gross floor area** of an **apartment building** is also reduced by the area in a **building** used for:
- (i) Parking; and
  - (ii) Indoor amenity space;
- (H) despite regulation 5.10.1.30(3) a **dwelling unit** may not be entirely below-ground;
- (I) the permitted maximum number of **dwelling units** on Blocks 6B, 6C, 9, 11 and 12 as shown on Diagram 5 of By-law 1214-2019(LPAT) is:
- (i) 140 on Block 6B;
  - (ii) 500 on Block 6C;
  - (iii) 220 on Block 9;
  - (iv) 251 on Block 11; and
  - (v) 1,304 on Block 12;
- (J) despite Clause 15.10.40.10, the permitted maximum height for a **building** or **structure** in metres is the numerical value in metres following the HT symbol on Diagrams 8, 9 and 11 of By-law 1214-2019(LPAT);
- (K) for the purpose of this Exception, **established grade** for the Blocks shown on Diagram 5 of By-law 1214-2019(LPAT) is the Canadian Geodetic Datum elevation of:
- (i) 128.80 metres for Block 6B;
  - (ii) 127.30 metres for Block 6C;
  - (iii) 131.55 metres for Block 9;
  - (iv) 133.59 metres for Block 11; and
  - (v) 128.63 metres for Block 12;
- (L) despite Clause 15.5.40.10 the following **structures** may exceed the permitted maximum **building** height:
- (i) 0.9 metres for skylights, green roof elements and roof access hatch;
  - (ii) 1.5 metres for architectural features and design elements, parapets, railings and guard railings;
  - (iii) 1.8 metres for terrace dividers, privacy screens and window washing equipment;
  - (iv) 3.0 metres for wind screens, wind and mitigation **structures**, canopies, trellises, awnings and/or other similar shade devices and associated **structures**, outdoor amenity space elements including outdoor kitchens;
  - (v) 7.5 metres for elevator overruns, mechanical equipment and associated enclosures, stairs, stair enclosures, vents, stacks, flues and chimneys;

- (vi) despite (v) above, where the entire above-ground portion of a **building** is four **storeys** or less, the following **structures** may exceed the permitted maximum **building** height as follows:
  - (a) 3.2 metres for elevator overruns, mechanical equipment and associated enclosures, stairs, stair enclosures and rooftop vestibules; and
  - (b) 1.5 metres for vents, stacks, flues and chimneys; and
- (vii) The elements listed in (Q) below;
- (M) the permitted maximum number of **storeys** in a **building** is the numerical value following the ST symbol on Diagrams 8, 9 and 11 of By-law 1214-2019(LPAT);
- (N) despite (M) above, the following are not a **storey**:
  - (i) Vestibules providing rooftop access and having a **gross floor area** of not more than 12.0 square metres;
  - (ii) Mechanical penthouses;
  - (iii) Stair enclosures; and
  - (iv) Elevator overruns;
- (O) where the front door to a **dwelling unit** leads directly outside the **building**, the finished floor elevation of the front door sill must be no greater than:
  - (i) 1.2 metres above the level of the ground adjacent the front entrance to a **dwelling unit**, for 80 percent of the **dwelling units** on a Block shown on Diagram 5 of By-law 1214-2019(LPAT) which face a **street** or a **park**; and
  - (ii) 1.5 metres above the level of the ground adjacent the front entrance to a **dwelling unit**, for all other **dwelling units** on the same Block;
- (P) despite Clause 15.10.40.70, the required minimum **building** setbacks for the portion of a **building** or **structure** above-ground is as shown on Diagrams 8, 9 and 11 of By-law 1214-2019(LPAT). A **building setback** is not required from a corner rounding at the intersection of two **streets**;
- (Q) despite regulation 5.10.40.70(1) and Clause 15.5.40.60, the following may encroach into a required **building** setback as follows:
  - (i) 0.9 metres for architectural features such as cornices, piers, eaves, roof overhangs, mouldings, sills, scuppers, rain water leaders, window washing equipment, lighting fixtures and bay windows;
  - (ii) 1.5 metres for balconies and guard rails;
  - (iii) 2.0 metres for stoops, decks, porches, canopies, trellises, privacy screens, awnings and/or other similar shade devices and their associated structural elements, utility meters and associated enclosures, railings, vents and **structures** for wind mitigation;
  - (iv) 2.4 metres for retaining walls and stairs;
  - (v) Covered bicycle storage enclosures, bike-sharing station, ramps, garage ramps and associated **structures** shall be permitted to project into any required **building setback**; and
  - (vi) The elements listed in (L) above;
- (R) despite regulation 15.10.40.80(2), the required minimum above-ground separation distance between the **main walls** of two or more **buildings** is:
  - (i) 5.5 metres if there are no windows and/or doors to **dwelling units** in one or more those **main walls**;
  - (ii) 11.0 metres if each **main wall** has a window and/or a door to a **dwelling unit**; and
  - (iii) Light standards, eaves, roof overhangs, rainwater leaders, gutters, scuppers balconies, may encroach into a required separation distance;
- (S) despite (R) above and (U) below, if the total height of a **building** above-ground is 14 metres or less, an above-ground **main wall** of that **building** must be separated from the above-ground **main wall** of another **building** by at least:
  - (i) 2.0 metres between side **main walls**;
  - (ii) 15.0 metres between front **main walls**;
  - (iii) 15.0 metres between rear **main walls**; and

- (iv) Light standards, eaves, roof overhangs, rainwater leaders, gutters, scuppers balconies, may encroach into a required separation distance;
- (T) despite (R) above and (U) below, above a height of 22.0 metres, as measured from **established grade**, a minimum separation distance of 25.0 metres must be provided between the **main wall** of a **building** and/or portions of a **building** containing residential uses and the **main wall** of any other **building** and/or portion of a **building**, excluding the permitted encroachments listed in (Q) of this Exception;
- (U) despite regulation 15.10.40.80(1), if a **building** has **main walls** from which a line projected outward at a right angle from one of the **main walls** intercepts another **main wall** of the same **building**, the required above-ground separation distance between those **main walls**, excluding **main walls** around architectural recesses in a **main wall** having a depth of 1.0 metres or less, inset balconies, and recessed **building** entrances, is a minimum of:
  - (i) 5.5 metres if there are no windows and/or doors to **dwelling units** in one or more those **main walls**;
  - (ii) 11.0 metres if each **main wall** has a window and/or a door to a **dwelling unit**; and
  - (iii) Light standards, eaves, roof overhangs, rainwater leaders, gutters, scuppers balconies, may encroach into a required separation distance;
- (V) regulations 5.10.40.1(3), 5.10.40.70(6) and Clause 5.10.40.80 do not apply to **buildings** as located on Block 12 if existing on the date of the passing of By-law 1214-2019(LPAT), or additions, alterations or replacements if the additions, alterations or replacements are no closer to the stable top-of-bank than the existing **building**;
- (W) the permitted maximum tower floor plate is 750 square metres for:
  - (i) The **storeys** of a **building** on Block 6C, as shown on Diagram 5 of By-law 1214-2019(LPAT), that are more than 22.0 metres above **established grade**;
  - (ii) The **storeys** of a **building** on Block 12, as shown on Diagram 5 of By-law 1214-2019(LPAT), that are more than 18.0 metres above **established grade** and have a permitted maximum **building** height of more than 26.8 metres as shown on Diagram 8 of By-law 1214-2019(LPAT); and
  - (iii) For the purpose of this Exception, tower floor plate means the area of a floor of a **building** measured from the **main walls**, but excluding inset and projecting balconies;
- (X) subject to permitted encroachments:
  - (i) Excluding a **building** on Block 12, if a **building** has more than 10 **storeys** above **established grade**, the portion of the **main wall** of the **building** facing a **street** or **park**, above the 6th **storey**, must set back at least 5.0 metres from the **main wall** of the **building** at or below the 6th **storey** and facing the same **street** or **park**; and
  - (ii) If a **building** has 10 **storeys** or less above **established grade**, the portion of the **main wall** of the **building** facing a **street** or a **park**, above the 6th **storey**, must set back at least 3.0 metres from the **main wall** of the **building** at or below the 6th **storey** and facing the same **street** or **park**;
- (Y) despite (Q)(ii) above, on Block 12 balconies are only permitted to project beyond the **main walls** of **buildings** with permitted maximum **building** heights of 103.0 metres and 109.0 metres, as shown on Diagram 8 of By-law 1214-2019(LPAT), in the locations identified with the label "Projecting Balconies Permitted";
- (Z) despite regulation 15.10.40.50(1), in a **building** containing 20 or more **dwelling units**, amenity space must be provided at a minimum rate of 3.5 square metres for each **dwelling unit**, of which:
  - (i) At least 1.5 square metres for each **dwelling unit** is indoor amenity space, located at or above-ground;
  - (ii) A minimum of 40 square metres is outdoor amenity space in a location adjoining or directly accessible to the indoor amenity space; and
  - (iii) No more than 25 percent of the outdoor component of the amenity space may be a **green roof**;
- (AA) amenity space means indoor or outdoor space on a Block that is communal and available for use by the occupants of a **building** on the Block for recreational or social activities, except that:

- (i) For Blocks 6B and 6C as shown on Diagram 5 of By-law 1214-2019(LPAT), amenity space may be provided on Block 6B and/or 6C;
- (BB) despite regulation 15.5.50.10(1)(A) the required minimum **landscaped** area for Blocks 6B, 6C, 9, and 12 as shown on Diagram 5 of By-law 1214-2019(LPAT) is:
  - (i) 30 percent of the combined area of Blocks 6C and 6B;
  - (ii) 37 percent of Block 9; and
  - (iii) 48 percent of Block 12;
- (CC) despite Chapter 200, **parking spaces** must be provided in accordance with Section 12 of By-law 1214-2019(LPAT); **parking space**;
- (DD) **parking spaces** for car-sharing must be provided on the Blocks shown on Diagram 5 of By-law 1214-2019(LPAT) as follows:
  - (i) 3 on one of or a combination of Blocks 6B and 6C;
  - (ii) 1 on Block 9;
  - (iii) 1 on Block 11; and
  - (iv) 7 on Block 12;
- (EE) for each car-sharing **parking space** provided in excess of the required minimum in Regulation (CC) above, the minimum number of resident **parking spaces** required on a Block in accordance with Section 12 of By-law 1214-2019(LPAT) may be reduced by four **parking spaces**, up to a maximum reduction as calculated by the following formula:  $4 \times (\text{the total number of dwelling units on a Block divided by } 60)$ , rounded down to the nearest whole number;
- (FF) despite regulation 15.5.80.10(1), a **parking space** must be on the same Block as the use for which the **parking space** is required, except for Blocks 6B and 6C, as shown on Diagram 5 of By-law 1214-2019(LPAT), for which:
  - (i) **Parking spaces** and associated **driveway** access and ramps may be provided on one of Blocks 6B and 6C, or a combination of both; and
  - (ii) Despite regulation 15.5.80.1(1), residential visitor **parking spaces** may be provided within a shared underground parking facility on Blocks 1A, 1B, 4 and 7, as shown on Diagram 5 of By-law 1214-2019(LPAT), and regulation 15.5.80.1(2) will apply to such residential visitor **parking spaces**;
- (GG) regulation 15.5.100.1(1) does not apply with respect to the width of a **driveway**;
- (HH) despite regulation 15.5.100.1(2), on Blocks 6B and 6C as shown on Diagram 5 of By-law 1214-2019(LPAT), if an **apartment building** in the RA Zone category has 25 **dwelling units** or more, an unobstructed **vehicle** access must be provided between the **street** and the principal pedestrian entrance to the **building** so that a **vehicle** can enter and leave the Block while driving forward;
- (II) a **parking garage**, excluding **driveway** access ramps and stairs, must be located below-ground, with the exception that on Block 12 as shown on Diagram 5 of By-law 1214-2019(LPAT), a **parking garage** may be located at or above-ground provided:
  - (i) The above-ground portion of a **parking garage** is located behind the Existing Walls shown on Diagram 8 of By-law 1214-2019(LPAT); and/or
  - (ii) No more than one level of a **parking garage** facing Wynford Drive may be located above-ground;
- (JJ) despite Chapter 230, **bicycle parking spaces** must be provided in accordance with Section 14 of By-law 1214-2019(LPAT);
- (KK) despite Chapter 220, **loading spaces** must be provided in accordance Section 13 of By-law 1214-2019(LPAT), with the exception that with respect to Blocks 6B and 6C, as shown on Diagram 5 of By-law 1214-2019(LPAT);
  - (i) The minimum number of **loading spaces** required for Blocks 6B and 6C is calculated based on the total combined number of **dwelling units** on Blocks 6B and 6C;
  - (ii) **Loading spaces** required for **buildings** on either of Blocks 6B and 6C may be provided for the shared use of Blocks 6B and 6C and may be located on either Block 6B and Block 6C; and
  - (iii) Associated **driveways** and access ramps may be provided on either Blocks 6B and 6C;

- (LL) regulation 15.10.30.10(1) does not apply;
- (MM) despite regulation 15.10.30.20(1), the required minimum frontage of a Block is as shown on Diagram 5 of By-law 1214-2019(LPAT);
- (NN) despite any severance or division of the lands subject to this Exception, the regulations of this Exception shall continue to apply to the whole of the lands as if no severance or division had occurred;
- (OO) despite regulation 5.10.30.1(1), no **building** or **structure** may be erected or used on the lands unless:
- (i) The lands abut an existing **street**, or is connected to an existing **street** by a **street** or **streets** constructed to a minimum base curb and base asphalt or concrete; and
  - (ii) All Municipal water mains and Municipal sewers, and their appurtenances, are installed to a **lot** line of the property and are operational; and
- (PP) for the purpose of regulation 5.10.30.1(2) a **street** may include a **street** or **streets** that have been dedicated to the Municipality but may not be assumed.

- (i) it must be on the first **storey**; and
  - (ii) its **interior floor area** may be no greater than 40 percent of the **gross floor area** of the first **storey** of the **building**;
- (H) Despite Regulation 15.10.40.40(1), the permitted maximum **gross floor area** on Blocks 3, 4, and 5 as shown on Diagram 3 of By-law 959-2021 is as follows:
- (i) 13,250.0 square metres on Block 3;
  - (ii) 6,250.0 square metres on Block 4; and
  - (iii) 9,400.0 square metres on Block 5;

- (I) Despite (H) above, should the (H) symbol be removed from Blocks 3 and 7 as described in Section 11 and as shown on Diagram 3 of By-law 959-2021 to permit a **public school**, the combined maximum permitted **gross floor area** on Blocks 3 and 7 is 6,500.0 square metres;
- (J) Despite Regulation 15.5.40.40(1), the **gross floor area** of a **building** is reduced by the area in the **building** used for:
- (i) **parking spaces, drive aisles, loading spaces and bicycle parking spaces** at, below, and above ground;
  - (ii) storage rooms, washrooms, electrical, utility, mechanical and ventilation rooms in the **basement**;
  - (iii) shower and change facilities for required **bicycle parking spaces**;
  - (iv) all indoor **amenity space**;
  - (v) elevator shafts;
  - (vi) garbage shafts;
  - (vii) mechanical penthouse; and
  - (viii) exit stairwells in the **building**;
- (K) The provision of **dwelling units** on the lands identified in Diagram 1 of By-law 959-2021 is subject to the following:
- (i) a minimum of 15 percent of the total number of **dwelling units** must have two bedrooms;
  - (ii) a minimum of 10 percent of the total number of **dwelling units** must have three or more bedrooms; and
  - (iii) once (i) and (ii) above are complied with, of the remaining total number of **dwelling units** a minimum 15 percent of **dwelling units** must have two or more bedrooms;
- (L) Despite Regulation 15.5.40.10(1), the height of a **building** or **structure** is measured from the following Canadian Geodetic Datum elevations to the highest point of the **building** or **structure**:
- (i) 126.59 metres on Block 3 as shown on Diagram 3 of By-law 959-2021;
  - (ii) 127.74 metres on Block 4 as shown on Diagram 3 of By-law 959-2021;
  - (iii) 128.94 metres on Block 5 as shown on Diagram 3 of By-law 959-2021; and
  - (iv) should the (H) symbol be removed from Blocks 3 and 7 as described in Section 11 and as shown on Diagram 3 of By-law 959-2021, to permit a **public school**, 126.59 metres on Blocks 3 and 7 as shown on Diagram 3 of By-law 959-2021;
- (M) Despite Regulation 15.10.40.10(1) and (2), the permitted maximum height of a **building** or **structure** is shown in metres following the HT symbol and in **storeys** following the ST symbol on Diagrams 5, 6 and 7 of By-law 959-2021;
- (N) In determining compliance with (M) above, the following are not a **storey**:
- (i) vestibules providing rooftop access and having a **gross floor area** of not more than 20.0 square metres;
  - (ii) mechanical penthouses;
  - (iii) stair enclosures; and
  - (iv) elevator overruns;
- (O) Despite (M) above and Regulation 15.5.40.10(2), (3), (4), (5) and (6), the following elements of a **building** or **structure** may exceed the permitted maximum height as follows:
- (i) Wind and privacy screens, awnings, roof overhangs, cornices, canopies, balconies and associated guards, lighting fixtures, ornamental elements, such as decorative architectural features, vents, stacks, eaves, cladding, pilasters and window sills;
  - (ii) mechanical equipment including heating, cooling and ventilating equipment, gas and electrical equipment and vibration dampening equipment, communications equipment, penthouses, enclosures and **structures** around elements listed above including roofing membranes and **green roofs** on such enclosures, roof access vestibules, elevator overruns, trellises, **structures** used for outside or open air recreation, and stairs and stair enclosures may project above the permitted maximum heights shown on Diagrams 5, 6 and 7 of By-law 959-2021 to a maximum of 7.0 metres;

- (iii) guards and railings, safety equipment, ramps, fences, outdoor furniture, underground garage ramps and associated **structures**, **bicycle parking spaces**, community mailboxes as well as **structures** enclosing such elements, garbage chutes and associated enclosures, landscape elements, retaining walls and planters, chimneys, elements associated with outdoor amenities such as barbecues, fireplaces and seating, bollards, and porches and decks, either excavated or unexcavated may project above the permitted maximum heights shown on Diagrams 5, 6 and 7 of By-law 959-2021 to a maximum of 3.0 metres;
  - (iv) parapets, window washing and **building** maintenance equipment, decking, skylights, and roof access hatches, and below grade parking **structures** including any associated membranes or waterproofing materials may project above the permitted maximum heights shown on Diagrams 5, 6 and 7 of By-law 959-2021 to a maximum of 1.8 metres; and
  - (v) terraces, thermal insulation, roofing membranes, pavers, **green roof** elements and roof ballasts may project above the permitted maximum heights shown on Diagrams 5, 6 and 7 of By-law 959-2021 to a maximum of 0.9 metres;
- (P) Despite Clause 15.10.40.70, the required minimum **building setbacks** are as shown on Diagrams 5, 6 and 7 of By-law 959-2021;
- (Q) A **building setback** is not required from a corner rounding at the intersection of two **streets**;
- (R) Despite (P) above, Regulation 15.5.40.50(2) and Clause 15.5.40.60, the following building elements may encroach into a required minimum **building setback** as follows:
- (i) mechanical equipment including heating, cooling and ventilating equipment, gas and electrical equipment and vibration dampening equipment, communications equipment, penthouses, enclosures and **structures** around elements listed above, including roofing membranes and **green roofs** on such enclosures, roof access vestibules, elevator overruns, lighting fixtures, trellises, vents, stacks, **structures** used for outside or open air recreation, stairs and stair enclosures, wind and privacy screens, guards and railings, safety equipment, ramps, fences, outdoor furniture, chimneys, underground garage ramps and associated **structures**, **bicycle parking spaces**, community mailboxes as well as **structures** enclosing such elements, landscape elements, retaining walls and planters, elements associated with outdoor amenities such as barbecues, fireplaces and seating, parapets, window washing and **building** maintenance equipment, bollards, decking, skylights, roof access hatches, including any associated membranes or waterproofing materials, terraces, thermal insulation, roofing membranes, pavers, **green roof** elements and roof ballast and porches and decks, either excavated or unexcavated;
  - (ii) awnings, roof overhangs, cornices, canopies, balconies and associated guards, ornamental elements such as decorative architectural features and garbage chutes and associated enclosures to a maximum of 2.5 metres;
  - (iii) eaves, cladding and pilasters to a maximum of 1.2 metres; and
  - (iv) windowsills to a maximum of 0.6 metres;
- (S) Despite (M) and (P) above, should the (H) symbol be removed from Blocks 3 and 7 as described in Section 11 and as shown on Diagram 3 of By-law 959-2021, to permit a **public school**, the permitted maximum **building** height for a **public school** on Blocks 3 and 7 shall be 20.0 metres and the required minimum **building setbacks** for Blocks 3 and 7 are as follows:
- (i) a minimum **front yard setback** from the **lot line** abutting Street A identified on Diagram 3 of By-law 959-2021 of 3.0 metres;
  - (ii) a minimum exterior **side yard setback** from the **lot line** abutting Street B identified on Diagram 3 of By-law 959-2021 of 3.0 metres;
  - (iii) a minimum **interior side yard** setback of 7.0 metres; and
  - (iv) a minimum **rear yard setback** of 30.0 metres;
- (T) Despite Regulations 15.10.40.80(1) and 15.10.40.80(2), if a **building** has **main walls** from which a line projected outward at a right angle from one of the **main walls** intercepts another **main wall** of the same **building** or a different **building** on the same Block, the required minimum above-ground separation distance between those **main walls**, excluding **main walls** around architectural recesses in a **main wall** having a depth of 1.0 metres or less, inset balconies, and recessed **building** entrances, is:

- (i) for any portion of a **building** with a height equal to or less than 12.0 metres, 2.4 metres if there is an opening on one or both of the **main walls**;
  - (ii) for any portion of a **building** with a height greater than 12.0 metres, 5.5 metres if there is an opening on one or both of the **main walls** of the same **building**; and
  - (iii) for any portion of a **building** with a height greater than 12.0 metres, 15.0 metres if there is an opening on one or both of the **main walls** of a different **building**;
- (U) Despite Regulation 15.5.50.10(1), a **lot** in the Residential Apartment Zone category must have:
  - (i) a minimum of 25 percent of the area of the **lot** for **landscaping**; and
  - (ii) A minimum of 50 percent of the **landscaping** area required in (i) above must be **soft landscaping**;
- (V) Despite Regulation 15.5.150.1(1), on Block 4 identified on Diagram 3 of By-law 959-2021, all waste and recyclable material must be stored within a **building, structure**, or enclosure;
- (W) Despite Regulation 15.10.40.50(1)(A), an **apartment building** on Block 3 identified on Diagram 3 of By-law 959-2021 must provide **amenity space** at a minimum rate of 4.0 square metres per **dwelling unit**, of which at least 1.5 square metres for each **dwelling unit** is indoor **amenity space**;
- (X) Despite Regulation 15.10.40.50(1), an **apartment building** on Block 5 identified on Diagram 3 of By-law 959-2021 must provide **amenity space** at a minimum rate of 4.0 square metres per **dwelling unit**, of which at least 2.0 square metres for each **dwelling unit** is indoor **amenity space**;
- (Y) Despite Regulation 15.10.40.50(1), no **amenity space** is required for **dwelling units** on Block 4 identified on Diagram 3 of By-law 959-2021;
- (Z) A **parking space** must be available for the use for which it is required;
- (AA) Despite Regulation 15.5.80.10(1), a visitor **parking space** required on Block 3 identified on Diagram 3 of By-law 959-2021 may be provided on any or all of Blocks 1, 2 and 3 identified on Diagram 3 of By-law 959-2021;
- (BB) Regulation 15.5.80.10(2), with respect to the location of **parking spaces**, does not apply for **apartment buildings** located on Block 4 identified on Diagram 3 of By-law 959-2021;
- (CC) Regulation 15.5.100.1(1)(B) with respect to maximum **driveway** width does not apply;
- (DD) Regulation 15.5.100.1(2) with respect to **driveway** access to **apartment buildings** does not apply;
- (EE) Despite Regulation 200.5.1.10(2)(A)(iv), 200.5.1.10(2)(B)(iv), and 200.5.1.10(C)(iv), up to 10 percent of the required **parking spaces** may have a minimum length of 5.2 metres;
- (FF) Despite Regulation 200.5.1.10(2)(A)(iv), 200.5.1.10(2)(B)(iv), and 200.5.1.10(C)(iv), up to 10 percent of the required **parking spaces** may have a minimum width of 2.6 metres if they are obstructed on one or both sides by a fixed object such as a wall, column, bollard, fence or pipe situated within 0.3 metres of the side of the **parking space**, measured at right angles, and more than 1.0 metre from the front or rear of the **parking space**;
- (GG) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, parking must be provided and maintained on the lands in accordance with the following minimum requirements:
  - (i) for Block 3 identified on Diagram 3 of By-law 959-2021, 0.6 **parking spaces** per **dwelling unit** for residents and 0.1 **parking spaces** per **dwelling unit** for visitors;
  - (ii) for Block 4 identified on Diagram 3 of By-law 959-2021, 0.5 **parking spaces** per **dwelling unit** for residents and no **parking spaces** for visitors; and
  - (iii) for Block 5 identified on Diagram 3 of By-law 959-2021, 0.25 **parking spaces** per **dwelling unit** and no **parking spaces** for visitors;
- (HH) Regulation 200.15.1(4) and 200.15.15.4(2), with respect to the location of accessible **parking spaces**, does not apply;
- (II) Despite Regulation 200.15.1(1) and 200.15.15.4(1), an accessible **parking space** must have the following minimum dimensions:
  - (i) length of 5.6 metres;
  - (ii) width of 3.4 metres;
  - (iii) vertical clearance of 2.0 metres; and

- (iv) the entire length of an accessible **parking space** must be adjacent to a 1.5 metre wide accessible barrier free aisle or path;
- (JJ) Despite Regulation 230.5.1.10(6), "long-term" **bicycle parking spaces** on Block 4 identified on Diagram 3 of By-law 959-2021 must be located within a **building, ancillary building or ancillary structure**;
- (KK) Regulation 230.5.1.10(9), with respect to "long-term" **bicycle parking space** location does not apply;
- (LL) Despite Regulation 230.5.1.10(4), if a **stacked bicycle parking space** is provided in a mechanical device where any portion of a bicycle is situated above or below any portion of an adjacent bicycle, the minimum required width of each such **stacked bicycle parking space** is 0.2 metres;
- (MM) Despite Regulation 230.5.1.10(10), "long-term" and "short-term" **bicycle parking spaces** may be located in a **stacked bicycle parking space**;
- (NN) Regulation 230.10.1.20(2), with respect to the location of "short-term" **bicycle parking spaces**, does not apply;
- (OO) Despite Regulation 5.10.1.30(3), a **dwelling unit** may not be entirely below-ground;
- (PP) Despite Regulation 5.10.30.1(1), no **building or structure**, except for below ground construction or foundations and/or a retaining wall or earth berm, may be erected or used on the lands unless:
  - (i) the lands abut an existing **street**, or are connected to an existing **street** by a **street or streets** constructed to a minimum base curb and base asphalt or concrete; and
  - (ii) all Municipal water mains and Municipal sewers, and their appurtenances, are installed to a **lot line** of the property and are operational; and
- (QQ) For the purpose of Regulation 5.10.30.1(2) a **street** may include a **street or streets** that have been dedicated to the Municipality but may not be assumed.

Prevailing By-laws and Prevailing Sections: (None Apply)  
[ By-law: 959-2021 ]

(161) Exception RA 161

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) On 80 Dale Avenue, if the requirements of Section 9 and Schedule A of By-law 931-2021 are complied with, an **apartment building** may be constructed in accordance with (B) through (L) below;
- (B) Despite Regulation 15.5.40.10(1), the height of a **building or structure** is measured as the vertical distance between the Canadian Geodetic Datum elevation of 146.1 metres and the highest point of the **building or structure**;
- (C) Despite Regulation 15.10.40.10(1), the permitted maximum height of a **building or structure** is the numerical value, in metres, following the letters "HT" as shown on Diagram 6 of By-law 931-2021;
- (D) Despite Regulation 15.10.40.10(2), the permitted number of **storeys** of a **building or structure** is the numerical value following the letters "ST" as shown on Diagram 6 of By-law 931-2021;
- (E) Despite Clause 15.5.40.10 and (B) and (C) above, the following elements of a **building or structure** may project above the permitted maximum **building** heights shown on Diagram 6 of By-law 931-2021:
  - (i) elements of a **green roof**, parapets, awnings, guard rails, railings and dividers, balustrades, eaves, roof drainage and assemblies, scuppers, fall-arrest systems, chimneys, stacks, vents, windowsills, insulation and **building** envelope membranes, decking, pavers, bollards, and built-in planter boxes, bollards, columns, architectural features, screens, and weather vanes may project to a maximum of 1.5 metres;
  - (ii) wind, noise or privacy screens or other unenclosed **structures**/mitigation measures, balustrades, railings and dividers, pergolas, trellises, eaves, skylights, light fixtures, access hatches, window washing equipment, lightning rods, stair enclosures, terraces, ancillary mechanical equipment, and **landscaping** elements and **structures** located on the roof used for outside or open air recreation may project to a maximum of 3.0 metres; and
  - (iii) solar panels may project to a maximum of 5.0 metres;
- (F) Despite Regulation 15.10.40.40(1), the permitted maximum floor space index is 1.6;

- (G) Despite Regulation 15.10.40.70, the required minimum **building setbacks** are as shown on Diagram 6 of By-law 931-2021;
- (H) Despite Regulation 15.5.40.60 and (G) above, the following **building** elements and **structures** are permitted to encroach into the required minimum **building setbacks** shown on Diagram 6 of By-law 931-2021:
- (i) Terraces and privacy screens located at grade to a maximum of 4.0 metres;
  - (ii) Safety railings located at grade to a maximum of 4.5 metres;
  - (iii) Canopies located at building entrances to a maximum of 3.6 metres;
  - (iv) Stairs to a maximum of 7.0 metres;
  - (v) light fixtures, fences, ornamental elements, ventilation shafts, mechanical equipment, guardrails, balconies, balcony dividers, bollards, accessibility ramps or other elevating devices, site servicing features, window washing equipment, building envelope membranes, screening, fences, pergolas, trellises, and **landscaping** elements and features to a maximum of 2.5 metres; and
  - (vi) vents, pipes, eaves, cornices, roof overhangs, roof drainage, parapets, balustrades, windowsills, pilasters, chimney breasts, bay windows, columns, stair enclosures and other minor architectural elements to a maximum of 1.5 metres;
- (I) Despite Regulation 15.10.40.80(2), the required minimum above-ground separation distance between the **main walls** of the **buildings** on the lands are as shown on Diagram 6 of By-law 931-2021;
- (J) The permitted maximum number of **dwelling units** is 285 and the provision of **dwelling units** is subject to the following:
- (i) a minimum of 15 percent of the total number of **dwelling units** on the **lot** must have two bedrooms; and
  - (ii) a minimum of 5 percent of the total number of **dwelling units** on the **lot** must have three or more bedrooms;
- (K) Despite Regulation 200.15.1(1) and (3), an accessible **parking space** must have the following minimum dimensions:
- (i) length of 5.6 metres;
  - (ii) width of 3.4 metres;
  - (iii) vertical clearance of 2.1 metres; and
  - (iv) a 1.5 metre wide accessible barrier-free aisle or path is required along the entire length of one side of an accessible **parking space**; and
- (L) Despite Regulation 220.5.10.1(3), a minimum of 1 Type "B" **loading space** and 1 Type "G" **loading space** is required.

Prevailing By-laws and Prevailing Sections: (None Apply)  
[ By-law: 931-2021 ]

(162) Exception RA 162

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) n lands municipally known in the year 2020 as 3268 Finch Avenue East, shown on Diagram 1 to By-law 1045-2022, if the requirements of Section 6 and Schedule A are complied with, a **building** or **structure** may be erected and used in compliance with (B) to (M) below;
- (B) For the purposes of this exception, Finch Avenue East shall be the **front lot line**;
- (C) Despite Regulations 15.5.40.60(1) 15.5.40.60(2) and 15.5.40.60(3), window projections, architectural features, canopies and exterior stairs are permitted to encroach into the required **building setback** a maximum of 2.0 metres;
- (D) Regulation 15.10.30.10(1)(B) does not apply;
- (E) Despite Clause 15.10.30.20(1)(B), the required minimum **lot frontage** is 72 metres;
- (F) Despite Regulation 15.10.30.40(1)(B), the permitted maximum **lot coverage** is 55 percent;
- (G) The permitted maximum number of **dwelling units** on the **lot** is 300;

- (H) Despite Regulation 15.10.40.10(1)(B), the permitted maximum height for a **building** or **structure** is 13 **storeys** and 42 metres, excluding the mechanical penthouse;
- (I) Despite Clause 15.10.40.70, the required minimum **building setbacks** are shown in metres on Diagram 4 of By-law 1045-2022;
- (J) Despite Regulations 15.10.40.50 (1)(A) and (B) the following minimum **amenity space** requirements apply:
  - (i) a minimum of 500 square metres of indoor **amenity space** is required; and
  - (ii) a minimum of 365 square metres of outdoor **amenity space** is required;
- (K) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, off street **parking spaces** must be provided at the following minimum rates:
  - (i) 0.8 **parking space** for each one bedroom **dwelling unit** for residents;
  - (ii) 0.9 **parking space** for each two bedroom **dwelling unit** for residents;
  - (iii) 1.1 **parking spaces** for each three or more bedroom **dwelling unit** for residents; and
  - (iv) 2.0 **parking spaces** plus 0.05 per **dwelling unit** for visitors;
- (L) Despite Regulation 230.5.10.1(5), a minimum of 206 **bicycle parking spaces** is required, of which:
  - (i) 186 **bicycle parking spaces** must be "long-term" **bicycle parking spaces**; and
  - (ii) 20 **bicycle parking spaces** must be "short-term" **bicycle parking spaces**;
- (M) Despite Regulation 220.5.10.1(2), one Type "G" **loading space** must be provided.

Prevailing By-laws and Prevailing Sections: (None Apply)  
[ By-law: 1045-2022 ]

(163) Exception RA 163

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions: (None Apply)

Prevailing By-laws and Prevailing Sections:

- (A) Former City of North York by-law 30481.

(164) Exception RA 164

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) On 91-101 Raglan Avenue, as shown on Diagram 1 of By-law 1050-2022, if the requirements of Section 8 and Schedule A of By-law 1050-2022 are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with (B) to (R) below;
- (B) For the purpose of this exception, the **lot** comprises the lands delineated by heavy lines on Diagram 1, attached to By-law 1050-2022;
- (C) Despite Regulation 15.5.40.10 (1), the height of a **building** or **structure** is the distance between the Canadian Geodetic Datum of 160.86 metres and the elevation of the highest point of the **building** or **structure**;
- (D) Despite Regulation 15.10.40.10(1), no portion of any **building** or **structure** on the **lot** shall have a height in metres greater than the height limits specified by the numbers following the letters "HT" on Diagram 3 as shown on By-law 1050-2022;
- (E) Despite Regulations 15.5.40.10(2) to (6) and (D) above, the following equipment and **structures** may project beyond the permitted maximum height shown on Diagram 3 of By-law 1050-2022:
  - (i) equipment used for the functional operation of the **building** including electrical, utility, mechanical and ventilation equipment, enclosed stairwells, roof access, maintenance equipment storage, chimneys, and vents, by a maximum of 6.0 metres;
  - (ii) elevator shafts and overruns, by a maximum of 11.0 metres;

- (iii) **structures** that enclose, screen or cover the equipment, **structures** and parts of a **building** listed in (i) above, and an indoor **amenity space** with an area that is a maximum of 67 square metres, inclusive of a mechanical penthouse and indoor **amenity space**, by a maximum of 7.0 metres;
  - (iv) architectural features, parapets, and elements and **structures** associated with a **green roof**, by a maximum of 3.0 metres;
  - (v) **building** maintenance units and window washing equipment, by a maximum of 3.0 metres;
  - (vi) planters, **landscaping** features, guard rails, and divider screens on a balcony and/or terrace, by a maximum of 3.0 metres; and
  - (vii) trellises, pergolas, and unenclosed **structures** providing safety or wind protection to rooftop **amenity space**, by a maximum of 3.0 metres;
- (F) Despite Regulation 15.10.40.40(1)(A) and (B), the permitted maximum **gross floor area** of all **buildings** and **structures** on the **lot** is 19,510 square metres, of which:
- (i) the permitted maximum **gross floor area** for residential uses is 19,490 square metres;
  - (ii) the permitted maximum **gross floor area** for non-residential uses is 20 square metres;
- (G) Despite Regulation 15.10.40.50(1)(A) and (B), a building with 20 or more **dwelling units** must provide **amenity space** on the **lot** at the following rate:
- (i) at least 2.0 square metres for each **dwelling unit** as indoor **amenity space**;
  - (ii) at least 1.7 square metres of outdoor **amenity space** for each **dwelling unit**;
- (H) Despite Clauses 15.10.40.70 and 15.10.40.80, the required minimum **building setbacks** and required **main wall** separation distances are as shown in metres on Diagram 3 of By-law 1050-2022;
- (I) Despite Clause 15.5.40.60 and (H) above, the following elements may encroach into the required minimum **building setbacks** and **main wall** separation distances as follows:
- (i) balconies, provided that balconies which are located at a height equal to or greater than 26.37 metres must be located at least 10 metres from the centerline of the public **lane** to the east of the **lot** as shown on Diagram 3 of By-law 1050-2022;
  - (ii) balconies are not permitted in the "Balcony Exclusion Area" as shown on Diagram 3 of By-law 1050-2022;
  - (iii) balconies not included in (I)(i) and ii) above, to a maximum of 1.5 metres;
  - (iv) cornices, lighting fixtures, window washing equipment, awnings, canopies, finials, parapets, terraces, terrace guards, platforms, ornamental or architectural elements, trellises, eaves, window sills, bay windows, canopies, guardrails, balustrades, railings, wind mitigation screens and features, piers, arbours, patios, decorative features, stairs, supportive columns, wheel chair ramps, vents, stacks, acoustic screens and features, underground garage ramps and their associated **structures**, underground garage stair enclosures, retaining walls, fences, and landscape and public art features, to a maximum of 3.0 metres;
- (J) Despite regulation 15.5.50.10(1) a minimum of 90 square metres of **landscaping** must be provided on the **lot**, of which a minimum of 30 square metres of the required **landscaping** must be comprised of **soft landscaping**;
- (K) In addition to the uses permitted with conditions listed in Regulation 15.10.20.20(1), an **eating establishment** and **take-out eating establishment** are also permitted provided the combined **interior floor area** of an **eating establishment** or **take out eating establishment** in the **building** does not exceed 20 square metres;
- (L) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided in accordance with the following:
- (i) a minimum of 0.14 residential occupant **parking spaces** for each **dwelling unit**;
  - (ii) a minimum of 0.05 residential visitor **parking spaces** for each **dwelling unit**; and
  - (iii) a minimum of 2 "car-share parking spaces";
  - (iv) No **parking spaces** are required for non-residential uses;
- (M) Despite regulation 200.5.1.10.(2) a maximum of 5 **parking spaces** can be obstructed on one or both sides without the requirement to increase the minimum width on each obstructed side by 0.3 metres;

- (N) Despite regulation 200.15.10(1) a minimum of 2 of the required **parking space** in (L) above must be accessible **parking spaces**;
- (O) Despite regulation 200.15.1(1) to (4) and By-law 579-2017, accessible **parking spaces** must be provided and maintained in accordance with the following:
  - (i) An accessible **parking space** must have the following minimum dimensions:
    - (a) Length of 5.6 metres;
    - (b) Width of 3.4 metres; and
    - (c) Vertical clearance of 2.1 metres;
  - (ii) The entire length of an accessible **parking space** must be adjacent to a 1.5 metre wide accessible barrier free aisle or path as shown on Diagram 1 and Diagram 2 of By-law 579-2017;
  - (iii) Accessible **parking spaces** must be located within 16 metres of a barrier free entrance to the **building** or passenger elevator that provides access to the first **storey** of the **building**;
- (P) Despite regulation 230.5.1.10.(9) required "long-term" **bicycle parking spaces** may be provided in **stacked bicycle parking spaces** and may be located in a storage room and/or a below ground parking garage in a **building** on the **lot**;
- (Q) Despite regulation 230.5.10.1(1), no **bicycle parking spaces** are required for non-residential uses;
- (R) The provision of **dwelling units** is subject to the following:
  - (i) A minimum of 20 percent of the total number of **dwelling units** must have two or more bedrooms;
  - (ii) A minimum of 10 percent of the total number of **dwelling units** must have three or more bedrooms;
  - (iii) Any **dwelling units** with three or more bedrooms provided to satisfy (ii) above are not included in the provision required by (i) above; and
  - (iv) If the calculation of the number of required **dwelling units** with two or three bedrooms results in a number with a fraction, the number shall be rounded down to the nearest whole number.

Prevailing By-laws and Prevailing Sections: (None Apply)  
[ By-law: 1050-2022 Enacted ]

(165) Exception RA 165

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On 253 Markham Road and 12, 20 and 30 Dunelm Street, if the requirements of By-law 988-2022 are complied with, **apartment buildings** may be constructed, used or enlarged in compliance with Sections (B) to (CC) below;
- (B) For the purpose of this exception, the **lot** comprises the lands outlined by heavy lines with the zone label RA (165), as shown on Diagram 2, attached to By-law 988-2022;
- (C) Despite Regulations 15.10.20.10(1) and 15.10.20.20(1), **public parking** is permitted only for the purposes of "car-share" and "car-share parking spaces", as defined in (O) below;
- (D) Despite Regulation 15.10.20.40(1)(A), a **dwelling unit** is permitted in the following residential building types:
  - (i) **Apartment Building**;
- (E) A maximum of 783 **dwelling units** are permitted on the **lot**;
- (F) For the purposes of this exception the Canadian Geodetic Datum elevation of 157.63 must be used for **established grade**;
- (G) Despite regulation 15.5.40.10(1), the height of a **building** or **structure** is the vertical distance between the Canadian Geodetic Datum elevation of 157.63 to the highest point of a **building** or **structure**;
- (H) Despite regulation 15.10.40.10(1), the permitted maximum height of **buildings** or **structures** on the **lot** is the numerical value in metres shown following the symbol "HT" on Diagram 3 of By-law 988-2022;

- (I) Despite (H) above and regulations 15.5.40.10(2) to (5), the following elements of a **building** may exceed the permitted maximum height as shown on Diagram 3 of By-law 988-2022:
- (i) **Structures** used for safety, noise or wind mitigation purposes, railings, lightning rods, lighting fixtures, cornices, sills, eaves, railings, rail safety crash walls, privacy screens, stairs, window washing equipment, ornamental or architectural features, landscape features, patios, decks, planters, gas and hydro meters, transformers and associated enclosures, garbage enclosures, community mail boxes, balconies and air conditioners;
  - (ii) Roof assembly, including water proofing, insulation, drainage layers and surface finish, may exceed the permitted maximum **building** height by a maximum of 0.7 metres;
  - (iii) Parapets, elements of a **green roof** and elevator overruns may exceed the permitted maximum **building** height by a maximum of 1.5 metres;
  - (iv) **Structures** for outdoor **amenity space** or open air recreation, including terraces, may exceed the permitted maximum **building** height by a maximum of 3.0 metres;
  - (v) Enclosed stairs may exceed the maximum **building** height by a maximum of 4.0 metres;
  - (vi) Chimneys, vents stacks and flues and associated enclosures may exceed the maximum **building** height by a maximum of 5.0 metres;
  - (vii) Ramps to underground parking areas and associated **structures**, guards, guardrails, bollards and wheelchair ramps, subject to a maximum vertical projection of 1.5 metres above the finished ground surface;
  - (viii) Canopies and awnings, including structural supports, subject to a maximum vertical projection of 6.0 metres above the finished ground surface;
- (J) In addition to the elements in (I) above, the following equipment and **structures** are also permitted to exceed the permitted maximum heights for Building E and Building F as shown on Diagram 3 of By-law 988-2022 by 3.0 metres:
- (i) Equipment used for the functional operation of the **building**, such as electrical, utility, mechanical and ventilation equipment;
  - (ii) Roof access hatches and elevator shafts; and
  - (iii) **Structures** that enclose, screen or cover the elements listed in (i) and (ii) above;
- (K) Despite regulation 15.10.40.40(1), the permitted maximum **gross floor area** on the **lot** is 55,000 square metres;
- (L) Despite regulation 15.10.30.40(1)(A), **lot coverage** requirements do not apply;
- (M) Despite Clauses 15.10.40.70 and 15.10.40.80, the required minimum **building setbacks** and the required minimum separation distances between **main walls** of **buildings** or **structures** above finished ground are shown on Diagram 3 of By-law 988-2022;
- (N) Despite (M) above and regulations 5.10.40.70(1) and 15.5.40.50(2), 15.5.60.30(1), clauses 15.5.40.60 and 15.5.60.20 the following elements of a **building** or **structure** may encroach into a required minimum **building setback** and a required minimum **main wall** separation distance shown on Diagram 3 of By-law 988-2022 as follows:
- (i) lighting fixtures, railings, rail safety crash walls, privacy screens, stairs, enclosed stairs, ornamental or architectural features, landscape features, patios, decks, terraces, planters, bollards, window washing equipment, vents, garbage enclosures, community mail boxes, air conditioners, chimneys, flues, structures for safety, noise or wind mitigation purposes, parapets, elements of a **green roof** and **structures** for outdoor **amenity space** or open air recreation, railings lightning rods; ramps to underground parking areas and associated **structures**, guards, guardrails, wheelchair ramps, bicycle racks and related weather protection, gas and hydro meters, transformers and associated enclosures;
  - (ii) cornices, sills, eaves, to a maximum of 0.5 metres; and
  - (iii) Canopies and awnings, including structural supports, to a maximum of 3.0 metres;
  - (iv) Balconies to a maximum depth of 1.8 metres.
- (O) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided and maintained in accordance with the following rates:
- (i) A maximum of 0.96 **parking spaces** per **dwelling unit** for residential occupants;

- (ii) A minimum of 2 **parking spaces** plus 0.05 **parking spaces** per **dwelling unit**, to a maximum of 0.15 **parking spaces** per **dwelling unit**, for residential visitors;
  - (iii) a reduction of 4 resident occupant **parking spaces** will be permitted for each "car-share parking space" provided and that the maximum reduction permitted be capped by the application of the following formula:
    - (a) 4 multiplied by (total number of dwelling units divided by 60), rounded down to the nearest whole number
  - (iv) for the purpose of this exception, "car-share" means the practice whereby a number of people share the use of one or more motor **vehicles** and such "car-share" motor **vehicles** are made available to at least the occupants of the **building** for short-term rental, including hourly rental; and
  - (v) for the purpose of this exception, "car-share parking space" means a **parking space** exclusively reserved and signed for a **vehicle** used only for "car-share" purposes;
- (P) Regulation 15.5.80.30(1) with respect to surface **parking space** separation from an **apartment building** does not apply;
- (Q) Despite Regulations 200.5.1.10(2) and 200.10.1(3), a maximum of 25 **parking spaces**, may have the following minimum dimensions and may be obstructed as described in Regulation 200.5.1.10(2)(D) without being required to provide additional width for the obstructed sides of the **parking space**:
  - (i) a minimum width of 2.6 metres; and
  - (ii) a minimum length of 5.0 metres;
- (R) Despite 200.5.1.10(2)(C)(ii), the minimum width of a **parking space** that is adjacent and parallel to a **drive aisle** from which **vehicle** access is provided is 2.5 metres;
- (S) Regulation 200.5.1.10(3) regarding maximum dimensions of a **parking space** does not apply;
- (T) Despite regulation 200.5.1.10(12)(C), a **vehicle** entrance or exit to an **apartment building** is permitted to be closer than 6 metres from the **lot line** abutting the **street**;
- (U) Despite Article 200.15.1, accessible **parking spaces** must be provided in accordance with the following:
  - (i) An accessible **parking space** must have the following minimum dimensions:
    - (a) Length of 5.6 metres;
    - (b) Width of 3.4 metres; and
    - (c) Vertical clearance of 2.1 metres;
  - (ii) The entire length of an accessible **parking space** must be adjacent to a 1.5 metre wide accessible barrier free aisle or path; and
  - (iii) Accessible **parking spaces** may be a maximum of 30 metres from a passenger elevator that provides access to the first **storey** of the **building**;
- (V) Regulations 15.5.100.1(1) and (2) regarding **driveway** width and **driveway** access to **apartment buildings** do not apply to the **lot**;
- (W) Despite Clause 220.5.10.1, a minimum of one (1) Type G **loading space** must be provided in Building A and one (1) Type G **loading space** must be provided in Building C as shown on Diagram 3 of By-law 988-2022 and such **loading spaces** may be provided for the shared use of any **buildings** on the **lot**;
- (X) Despite regulation 15.10.40.50(1), **amenity space** is only required for **dwelling units** in Building A, Building B, Building C and Building D as shown on Diagram 3 of By-law 988-2022 and must be provided in accordance with the following:
  - (i) indoor **amenity space** must be provided for Building A at a minimum rate of 1.6 square metres for each **dwelling unit**;
  - (ii) indoor **amenity space** must be provided for Building B at a minimum rate of 1.9 square metres for each **dwelling unit**;
  - (iii) indoor **amenity space** must be provided for Building C at a minimum rate of 1.4 square metres for each **dwelling unit**;

- (iv) indoor **amenity space** must be provided for Building D at a minimum rate of 1.8 square metres for each **dwelling unit**;
- (v) outdoor **amenity space** must be provided for Building A, Building B, Building C and Building D at a minimum rate of 2.3 square metres for each **dwelling unit**; and
- (vi) No more than 25 percent of the required outdoor **amenity space** may be a **green roof**;
- (Y) **Amenity space** is not required for **dwelling units** in Building E and Building F, as shown on Diagram 3 of By-law 988-2022;
- (Z) Despite Regulation 230.5.10.1(1)(5), **bicycle parking spaces** must be provided in accordance with the following minimum rates:
  - (i) 0.68 "long-term" **bicycle parking spaces** for each **dwelling unit**; and
  - (ii) 0.07 "short-term" **bicycle parking spaces** for each **dwelling unit**;
- (AA) Despite Regulation 230.5.1.10(4), a **stacked bicycle parking space** must have the following minimum dimensions:
  - (i) length of 1.8 metres;
  - (ii) width of 0.45 metres; and
  - (iii) vertical clearance from the ground of 1.2 metres;
- (BB) Despite Regulation 230.5.1.10(9)(B), a **bicycle parking space** for a **dwelling unit** in an **apartment building** may be located:
  - (i) on the first **storey** of the **building**;
  - (ii) on the second **storey** of the **building**; and
  - (iii) on levels of the **building** below-ground commencing with the first level below-ground and moving down, in one level increments when at least 50 percent of the area of that level is occupied by **bicycle parking spaces**, until all required **bicycle parking spaces** have been provided;
- (CC) Despite Clause 15.5.50.10, **landscaping** requirements do not apply to the **lot**.

Prevailing By-laws and Prevailing Sections: (None Apply)  
[ By-law: 988-2022 ]

(166) Exception RA 166

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions: (None Apply)

Prevailing By-laws and Prevailing Sections:

- (A) Former City of North York by-law 27382.

(168) Exception RA 168

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On the lands municipally known as 63 – 73 Widdicombe Hill Boulevard in the year 2021, shown on Diagram 1, if the requirements of By-law 977-2022 are complied with, a **building** or **structure** may be erected and used on the lot in compliance with (B) to (U) below;
- (B) The **lot** comprises the lands outlined by heavy lines as shown on Diagram 1 of By-law 977-2022;
- (C) The only **buildings** and **structures** permitted on the **lot** are Building A, Building B and the Existing Buildings as shown on Diagram 3 of By-law 977-2022 as follows:
  - (i) For the purpose of this exception, "Existing Buildings" means the **buildings** and **structures** municipally known as 63 Widdicombe Hill Boulevard and 73 Widdicombe Hill Boulevard as shown on Diagram 1 of By-law 977-2022, as well as **ancillary structures**, including an underground parking garage and garage entry ramps, located on the lot as of April 1, 2022, and alterations and additions permitted in accordance with this exception; and

- (ii) For the purpose of this exception, "Building A" and "Building B" are shown as "BLDG. A" and "BLDG. B" on Diagram 3 of By-law 977-2022, as well as **ancillary structures** and portions below ground;
- (D) Despite Regulation 15.5.40.10 (1), for the purpose of this Exception, **established grade** is the Canadian Geodetic Datum elevation of 157.45;
- (E) Despite Regulations 15.5.40.10(2), (3), (4), (5) and (6), 15.5.60.40(2), and 15.10.40.10(1), the permitted maximum **building** and **structure** height for Building A and Building B, is the numerical value in metres following the symbol "HT" shown on Diagram 3 of By-law 977-2022 with the exception of the following permitted projections:
  - (i) Lighting fixtures, railings, retaining walls, wheel chair ramps, stairs, ornamental or architectural features, cornices, sills, eaves, and balconies;
  - (ii) Planters, ramps to underground parking areas and associated **structures**, bollards, guards, guardrails, bicycle racks, gas and hydro metres and associated enclosures to a maximum vertical projection of 1.5 metres above the finished ground surface;
  - (iii) Parapets on Building B, vents, stacks and their associated enclosures, elements of a **green roof** and window washing equipment may exceed the permitted maximum building height by 1.5 metres;
  - (iv) Parapets on Building A, structures used for safety, noise or wind mitigation purposes, privacy screen, **structures** for outdoor **amenity space** or open air recreation, terraces and landscape features may exceed the permitted maximum building height by a maximum of 3.0 metres;
  - (v) Enclosed stairs to a maximum vertical projection of 3.5 metres above the finished ground surface;
  - (vi) Patios to a maximum vertical projection of 0.8 metres above the finished ground surface; and
  - (vii) Canopies and awnings to a maximum vertical projection of 4.5 metres above the finished ground surface;
- (F) Despite Regulation 15.10.40.10(2), the permitted maximum number of storeys in Building A and Building B is the numerical value following the letters "ST" on Diagram 3 of By-law 977-2022;
- (G) Despite Regulation 15.10.40.40(1)(A), the permitted maximum **gross floor area** of **buildings** on the **lot** is:
  - (i) 9,200.0 square metres for Building A;
  - (ii) 21,000.0 square metres for Building B; and
  - (iii) the **gross floor area** that existed in the Existing Buildings on April 1, 2022, plus an additional 200.0 square metres;
- (H) Despite Clauses 15.10.40.70 and 15.10.40.80, the required minimum **building setbacks** and the required minimum separation distances between **main walls of buildings** or **structures** above finished ground are shown in metres on Diagram 3 of By-law 977-2022;
- (I) Despite Regulations 15.5.40.50(2), 15.5.60.30(1), Clauses 15.5.40.60, 15.5.60.20 and (H) above, the following elements of a **building** or **structure** may encroach into a required minimum **building setback** and a required minimum **main wall** separation distance as follows:
  - (i) Lighting fixtures, railings, retaining walls, privacy screens, stairs, enclosed stairs, landscape features, patios, terraces, structures used for safety, noise or wind mitigation purposes, chimneys, vents, stacks and their associated enclosures, parapets, elements of a **green roof** and window washing equipment, **structures** for outdoor **amenity space** or open air recreation, planters, ramps to underground parking areas and associated **structures**, bollards, guards, guardrails, wheelchair ramps, bicycle racks, gas and hydro metres and associated enclosures;
  - (ii) Cornices, ornamental or architectural features, sills, and eaves, to a maximum of 0.5 metres;
  - (iii) Canopies and awnings to a maximum of 3.5 metres; and
  - (iv) Balconies to a maximum of 2.0 metres.
- (J) Despite Clause 15.10.40.10, the permitted maximum height of the Existing Buildings, is the height of those **buildings** existing as of April 1, 2022, subject to the following permitted projections:
  - (i) **Structures** for wind or noise mitigation to a maximum projection of 3.0 metres;

- (K) Despite Clause 15.10.40.50, **amenity space** is only required to be provided for **dwelling units** in Building A and Building B in accordance with Clause 15.10.40.50 and such **amenity space** may also be used by residents of the Existing Buildings;
- (L) The permitted maximum number of **dwelling units** on the **lot** must not exceed the following:
  - (i) A combined total of 461 **dwelling units** in the Existing Buildings; and
  - (ii) A combined total of 340 **dwelling units** in Building A and Building B;
- (M) **Dwelling units** provided in each of Building A and Building B must comply with the following:
  - (i) A minimum of 45 percent of the total number of **dwelling units** must contain two bedrooms; and
  - (ii) A minimum of 13 percent of the total number of **dwelling units** must contain three or more bedrooms;
- (N) The portion of a building labelled "MPH" on Diagram 3 of By-law 977-2022 located above the permitted maximum **building** height of 23.8 metres for Building A and above the permitted maximum **building** height limit of 60.2 metres for Building B must only be used for equipment and **structures** for the functional operation of a **building** including structures that enclose, screen or cover such equipment and **structures**;
- (O) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, a minimum of 0.15 residential visitor **parking spaces** must be provided for each **dwelling unit**;
- (P) Despite any provisions of this exception or By-law 569-2013, as amended, **parking spaces, drive aisles, driveways**, ramps and any **vehicle** entrance to a **building**, existing on the **lot** as of April 1, 2022 may be maintained and are deemed to comply with the provisions of By-law 569-2013, as amended, and such existing parking spaces may be used for the purpose of determining compliance with Regulation (O) above, Regulation 200.5.10.1(1) and Table 200.5.10.1;
- (Q) Despite Regulations 200.15.1(1) and (3), an accessible **parking space** must have the following minimum dimensions:
  - (i) Length of 5.6 metres;
  - (ii) Width of 3.4 metres;
  - (iii) Vertical clearance of 2.1 metres; and
  - (iv) A 1.5 metre wide accessible barrier-free aisle or path is required along the entire length of one side of an accessible **parking space**, and such aisle or path may be shared by 2 accessible **parking spaces**;
- (R) Despite Regulation 200.15.1(4), accessible **parking spaces** must be located a minimum of 40.0 metres to a barrier free:
  - (i) Entrance to a **building**; or
  - (ii) Passenger elevator that provides access to the first **storey** of the **building**;
- (S) Despite Regulation 230.5.10.1(5), **bicycle parking spaces** are only required for **dwelling units** in Building A and Building B;
- (T) Clause 15.10.30.40 with respect to **lot coverage** does not apply;
- (U) Despite Regulation 15.5.100.1(2) an unobstructed **vehicle** access must be provided between the **street** and a principal pedestrian entrance to the Existing Buildings and Building B, so that a **vehicle** can enter and leave the **lot** while driving forward in one continuous motion.

Prevailing By-laws and Prevailing Sections: (None Apply)  
[ By-law: 977-2022 ]

(170) Exception RA 170

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) On 765 Steeles Avenue West, as shown on Diagram 1 of By-law 1089-2022, if the requirements of Sections 5 and 8 and Schedule A are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with to (R) below;

- (B) Despite Regulation 15.5.50.10(1), a minimum of 5,400 square metres of **landscaping** must be provided of which 2,500 square metres of the required **landscaping** must be comprised of **soft landscaping**;
- (C) Regulation 15.5.100.1(1)(B), with regards to the permitted maximum **driveway** width, does not apply;
- (D) Regulation 15.5.100.1(2), with regards to **driveway** access to **apartment buildings**, does not apply;
- (E) Clause 15.10.30.40, with regards to **lot coverage**, does not apply;
- (F) Despite Regulation 15.10.40.10(1) and (2), the permitted maximum height of a **building** or **structure** is the number following the "HT" symbol in metres and the permitted maximum **storeys** is the number following the "ST" symbol as shown on Diagram 3 of By-law 1089-2022, and for the purpose of this exception a mechanical penthouse is not a **storey**;
- (G) Despite Regulation 15.5.40.10(3), a mechanical penthouse may exceed the permitted maximum **building** height by 5.5 metres, provided it is located in the area labelled "rooftop mechanical" as shown on Diagram 3 of By-law 1089-2022;
- (H) Regulation 15.5.40.10(4), with regards to horizontal limits for the functional operation of a **building**, does not apply;
- (I) Despite Clause 15.10.40.40, the permitted maximum floor space index is 3.59;
- (J) Despite Clause 15.10.40.70, the required minimum **building setbacks** are as shown in metres on Diagram 3 of By-law 1089-2022;
- (K) Despite Regulation 15.10.40.50(1)(A) and (B), the minimum rate of **amenity space** must be provided in accordance with the following:
  - (i) a minimum of 1.7 square metres of indoor **amenity space** per **dwelling unit** except for the "existing apartment building" which shall not require any indoor residential **amenity space**; and
  - (ii) a minimum of 2.0 square metres of outdoor **amenity space** per **dwelling unit** except for the "existing apartment building" which shall not require any outdoor residential **amenity space**.
- (L) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided in accordance with the following:
  - (i) a minimum of 0.56 **parking spaces** per **dwelling unit** for residential occupants;
  - (ii) a minimum of 0.05 **parking spaces** per **dwelling unit** for resident visitors;
  - (iii) a minimum of 2 "car-share parking spaces";
  - (iv) a minimum of 3 **parking spaces** for a **day nursery** which may be accommodated in the required residential visitor **parking spaces**;
  - (v) required **parking spaces** shall provide minimum of 39 electric **vehicle parking spaces**;
  - (vi) for the purpose of this exception, "car-share" means the practice whereby a number of people share the use of one or more motor **vehicles** and such "car-share" motor **vehicles** are made available to at least the occupants of the **building** for **short-term rental**, including hourly rental; and
  - (vii) for the purpose of this exception, "car-share parking space" means a **parking space** exclusively reserved and signed for a **vehicle** used only for "car-share" purposes.
- (M) Despite Regulation 200.5.1.10 (2)(A)(ii), the required minimum width of a **parking space** for a maximum of 2 **parking spaces** is 2.0 metres;
- (N) Despite Regulation 15.10.40.80(2), the minimum above-ground separation distance between the **main wall** of the **buildings** on the subject site shall apply as shown on Diagram 3 attached to By-law 1089-2022;
- (O) Despite Regulation 150.45.40.1(1), a minimum 790 square metre **day nursery** shall be provided an **apartment building** as follows:
  - (i) a minimum of 45 square metres must be provided on the first **storey**;
  - (ii) a minimum of 745 square metres must be provided on the second **storey**.
- (P) Despite Regulation 150.45.50.1(1), a children's play area for a **day nursery** is permitted to have a 0 metre setback from a **lot line** abutting a **street**;
- (Q) Despite Regulation 15.5.40.50(2), 15.5.40.60(2) and (D) above, a second **storey** platform associated with a children's play area for a **day nursery** may encroach into a required minimum **building setback** a maximum of 5.0 metres from the east **main wall** of the **building**;

(R) Despite Regulation 230.5.10.1(5), the minimum number of **bicycle parking spaces** must be provided in accordance with the following:

- (i) a minimum of 0.42 "long term" **bicycle parking spaces** per **dwelling unit**;
- (ii) a minimum of 0.04 "short term" **bicycle parking spaces** per **dwelling unit**.

Prevailing By-laws and Prevailing Sections:

- (A) Former City of North York By-law 21781, except for Section 2(C), for the "existing apartment building".

(177) Exception RA 177

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On 63-91 Montclair Avenue, if the requirements of Section 7 and Schedule A of By-law 1181-2022(OLT) are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with Regulations (B) to (AA) below;
- (B) For the purposes of Regulation 5.10.30.20(2), the **lot line** abutting Montclair Avenue is the **front lot line**;
- (C) The provision of **dwelling units** is subject to the following:
  - (i) a minimum of 10 percent of the total number of **dwelling units** must contain three or more bedrooms;
  - (ii) a minimum of 20 percent of the total number of **dwelling units** must contain at least two bedrooms;
  - (iii) any **dwelling units** with three or more bedrooms provided to satisfy (ii) above are not included in the provision required by (i) above; and
  - (iv) if the calculation of the number of required **dwelling units** with two or three bedrooms results in a number with a fraction, the number shall be rounded down to the nearest whole number;
- (D) For the purposes of this exception, **established grade** is the Canadian Geodetic Datum elevation of 152.30 metres in the year 2022;
- (E) Despite Regulation 15.10.40.40(1), the permitted maximum **gross floor area** on the **lot** is 33,039 square metres;
- (F) Despite Regulation 5.10.1.30(3), a maximum of two **dwelling units** may be located entirely below **established grade**;
- (G) Despite Regulation 15.5.40.10(1), the height of a **building** or **structure** is the distance between the Canadian Geodetic Datum of 152.30 metres and the elevation of the highest point of the **building** or **structure**;
- (H) Despite Regulation 15.10.40.10(1), the height of any **building** or **structure** must not exceed the maximum height in metres specified by the numbers following the symbol "HT" on Diagram 3 of By-law 1181-2022(OLT);
- (I) Despite (H) above and Regulations 15.5.40.10(2), (3), (4), (5) and (6), the following elements of a **building** or **structure** may project above the maximum **building** heights shown on Diagram 3 of By-law 1181-2022(OLT) as follows:
  - (i) architectural cages, parapets, and elements and **structures** associated with **green roof**, lightning rods, and window washing equipment, chimneys, vents, and roof access, by a maximum of 3.0 metres;
  - (ii) elevator overrun and elevator shafts, by a maximum of 7.0 metres;
  - (iii) lightning rods, and window washing equipment, by a maximum of 3.0 metres;
  - (iv) trellis, pergolas, and unenclosed **structures** providing safety or wind protection to rooftop **amenity space**, by a maximum of 3.5 metres;
  - (v) planters, landscape features, guardrails, and divider screens, by a maximum of 2.5 metres;
  - (vi) mechanical penthouses, equipment used for the functional operation of the **building**, such as electrical, utility, mechanical and ventilation equipment, enclosed stairwells, building maintenance units, and water supply facilities, and **structures** that enclose, cover or screen these elements, by a maximum of 5.2 metres; and
  - (vii) elements listed in (I)(iii) may exceed the maximum height projection of mechanical penthouses stated in (I)(vi), by a maximum of 3.0 metres;
- (J) In addition to the requirements of (I) above, structures or parts of a **building** listed in (I)(vi) may cover no more than 455 square metres of the roof area, measured horizontally, inclusive of the areas used as an elevator overrun;

- (K) Despite Clauses 15.10.40.70 and 15.10.40.80, the required minimum **building setbacks**, and the required separation of **main walls** are as shown in metres on Diagram 3 of By-law 1181-2022(OLT);
- (L) Despite Clause 15.5.40.60 and Regulation 15.5.40.50(2) and (K) above, the following are permitted to encroach into the required **building setbacks** shown on Diagram 3 of By-law 1181-2022(OLT):
- (i) balconies by a maximum of 2.0 metres;
  - (ii) pillars by a maximum of 2.3 metres;
  - (iii) architectural, art and landscape features, window sills, cornices, light fixtures, pilasters and eaves by a maximum of 0.6 metres;
  - (iv) railings, stairs, stair enclosures, doors, wheelchair ramps, fences, screens, site servicing features, awnings and canopies, underground ramps and associated **structures** by a maximum of 3.0 metres;
  - (v) grade-related patios providing access to a **dwelling unit**; and
  - (vi) an inclined ramped walkway connecting the western ends of the **front lot line** and the **rear lot line**;
- (M) Notwithstanding (L)(i) above, no balcony encroachments into the required **building setbacks** or projections beyond the **main walls** as shown by heavy black lines on Diagram 3 of By-law 1181-2022(OLT), are permitted on:
- (i) the west **main wall** of the "east tower";
  - (ii) the east **main wall** of the "west tower";
  - (iii) the west **main wall** of the "west tower" below a height of 25.0 metres;
  - (iv) the west **main wall** of the "west tower" above a height of 25.0 metres, save and except for the middle of the west **main wall**, which may contain a co-joined balcony projection that is no wider than 5.0 metres and no deeper than 2.0 metres;
  - (v) the west and east **main walls** of the **building** below 21.3 metres; and
  - (vi) the south **main wall** of the "east tower", save and except for the southerly corners of the "east tower";
- (N) For the purposes of this exception:
- (i) "west tower" means the portion of the **building** above 21.3 metres, on the west portion of the lands, as indicated on Diagram 3 of By-law 1181-2022(OLT);
  - (ii) "east tower" means the portion of the **building** above 21.3 metres, on the east portion of the lands, as indicated on Diagram 3 of By-law 1181-2022(OLT);
- (O) The required minimum setbacks of the mechanical penthouses, are as follows:
- (i) 2.1 metres from the north **main wall** of the "west tower"; and
  - (ii) 3.5 metres from the most southerly portion of the north **main wall** of the "east tower";
- (P) Despite Clause 15.10.40.80, the required minimum distance between **main walls** of the **building** is 10.5 metres;
- (Q) Regulations 15.5.50.10(1)(A) and (B), with respect to **landscaping** requirements for an **apartment building**, do not apply;
- (R) Regulation 15.5.50.10(2), as it relates to **soft landscaping** requirements for an **apartment building** abutting another **lot** in the Residential Zone category, does not apply;
- (S) Despite Regulation 15.10.40.50(1), **amenity space** must be provided at a minimum rate of 3.8 square metres for each **dwelling unit**, of which:
- (i) at least 2.0 square metres for each **dwelling unit** is indoor **amenity space**; and
  - (ii) at least 40.0 square metres is outdoor **amenity space** in a location adjoining or directly accessible to the indoor **amenity space**;
- (T) Despite Regulations 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided and maintained on the lands in accordance with the following:
- (i) a minimum of 0.29 **parking spaces** per **dwelling unit** for the use of residential occupants;
  - (ii) a minimum of 12 **parking spaces** for the use of residential visitors; and

- (iii) a minimum of 2 "car-share parking spaces";
- (U) For each "car-share parking space" provided on the **lot**, up to a maximum of 8 "car-share parking spaces", the minimum number of required **parking spaces** for residential uses in (T)(i) may be reduced by four **parking spaces**;
- (V) For the purposes of this exception:
  - (i) "car-share" means the practice whereby a number of people share the use of one or more motor **vehicles** that are owned and operated by a profit or non-profit organization, and such "car-share" motor **vehicles** are made available to at least the occupants of the **building** for short term rental, including hourly rental; and
  - (ii) "car-share parking space" means a **parking space** exclusively reserved and signed for a car used only for "car-share" purposes;
- (W) Despite Regulation 200.5.1.10(2)(A)(iv), a maximum of 5 percent of the required parking spaces may be obstructed as described in Regulation 200.5.1.10(2)(D) without being required to provide additional width for the obstructed sides of the parking space;
- (X) Despite Regulation 200.5.1.10(2)(D), Electric Vehicle Infrastructure, including electrical vehicle supply equipment, does not constitute an obstruction to a **parking space**;
- (Y) Despite Regulations 200.15.1(1) to (4) and By-law 579-2017, accessible **parking spaces** must be provided and maintained in accordance with the following:
  - (i) an accessible **parking space** must have the following minimum dimensions:
    - (a) length of 5.4 metres;
    - (b) width of 3.4 metres;
    - (c) vertical clearance of 2.1 metres; and
    - (d) the entire length of an accessible **parking space** must be adjacent to a 1.5-metre-wide accessible barrier free aisle or path as shown on Diagram 1 and Diagram 2 of By-law 579-2017;
  - (ii) accessible **parking spaces** must be located within 25 metres of a barrier free entrance to the **building** or passenger elevator that provides access to the first **storey** of the **building**;
- (Z) Despite Regulations 230.5.1.10(10) and 230.5.1.10(4):
  - (i) both "long-term" and "short-term" **bicycle parking spaces** may be located in a **stacked bicycle parking space** arrangement, with a minimum width of 0.35 metres;
  - (ii) the minimum width of a **bicycle parking space** if placed in a vertical position on a wall, **structure** or mechanical device is 0.5 metres; and
  - (iii) "short-term" **bicycle parking spaces** may be located indoors or outdoors in an enclosed or secured room or enclosure;
- (AA) Despite Regulation 230.40.1.20(2), "short-term" **bicycle parking spaces** may be located more than 30 metres from a pedestrian entrance to the **building**.

Site Specific Provisions:

- (A) On 240 Markland Drive, if the requirements of By-law 1153-2022(OLT) are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with Regulations (B) to (P) below;
- (B) For the purpose of this exception, the **lot** shall refer to those lands delineated by a heavy black line on Diagram 1 of By-law 1153-2022(OLT);
- (C) The **buildings** and **structures** permitted on the **lot** include the "Existing Apartment Building" and "Building A" as shown on Diagram 4 of By-law 1153-2022(OLT) as follows, and:
  - (i) For the purpose of this exception, "Existing Apartment Building" means the existing apartment **building** on the lands municipally known as 240 Markland Drive and any **ancillary structures**, including an underground **parking garage** and enclosed garage entry ramp located on the lands in the year 2021;
  - (ii) For the purpose of this exception, "Building A" is the new **apartment building**;
- (D) Despite Regulation 15.10.30.40(1)(A), the permitted maximum **lot coverage** is 40 percent of the **lot area**; [ By-law: 66-2023 ]
- (E) Despite Regulation 15.10.40.40(1)(B), the permitted maximum **gross floor area** of "Building A" as shown on Diagram 4 of By-law 1153-2022(OLT) is 17,800 square metres and the permitted maximum **gross floor area** of the "Existing Apartment Building" is 12,800 square metres;
- (F) Despite Regulation 15.10.40.1(2), a maximum of 234 **dwelling units** are permitted in "Building A" and a maximum of 113 **dwelling units** are permitted in the "Existing Apartment Building".
- (G) Despite Regulation 15.5.40.10(1), the height of a **building** or **structure** is measured from the Canadian Geodetic Datum elevation of 127.75 metres to the highest point of the **building** or **structure**;
- (H) Despite Regulation 15.10.40.10(1)(A), the permitted maximum height for "building A" is shown in metres after the letters "HT" on Diagram 4 of By-law 1153-2022(OLT) and the permitted maximum height of the "Existing Apartment Building" is that which is existed on May 4, 2022;
- (I) Despite Regulations 15.5.40.10(2) to (6) and (H) above, the following equipment and **structures** may project beyond the permitted maximum height shown on Diagram 4 of By-law 1153-2022(OLT) or the existing height of the "Existing Apartment Building":
  - (i) Equipment for the functional operation of the **building** including but not limited to electrical, utility, heating, cooling or ventilation equipment mechanical equipment, stair enclosures, ladders, mechanical penthouses, elevator overruns, vents, stacks, thermal insulation, roof finishing materials and roof ballast, water supply facilities, flues, roof access, chimneys, maintenance equipment storage, solar panels or a fence, wall or **structure** enclosing such elements by a maximum of 6.0 metres.
  - (ii) Fences, wind or privacy screens, landscape elements (including **green roofs**), retaining walls, terraces, cornices, canopies, balconies, lighting fixtures, awnings, ornamental elements, parapets, trellises, eaves, window sills, ramp enclosures, guardrails, balustrades, safety railings, stairs, outdoor furniture, bollards and wheel chair ramps by a maximum of 2.0 metres;
  - (iii) Skylights by a maximum of 1.0 metre;
  - (iv) Window washing equipment on the roof in a stored position by maximum of 4.0 metres;
  - (v) Parapets and roofguards above the roofline of the mechanical penthouse permitted by (i) above by an additional maximum of 0.8 metres; and
  - (vi) Mechanical vents and flues extending above the roofline of the mechanical penthouse permitted by (i) above by an additional maximum of 1.5 metres;
- (J) Despite Clauses 15.10.40.70 and 15.10.40.80, the required minimum **building setbacks** and **main wall** separation distances are as shown in metres on Diagram 4 of By-law 1153-2022(OLT);
- (K) Despite Clause 15.5.40.60 and (J) above the following elements of a **building** are permitted to encroach into the required minimum **building setbacks** and **main wall** separation distances shown on Diagram 4 of By-law 1153-2022(OLT), as follows:
  - (i) Balconies by a maximum of 2.5 metres;

- (ii) Exterior stairways, roof overhangs and cornices, canopies, chimneys, wheelchair ramps, balconies, lighting fixtures, awnings, ornamental elements, cladding, parapets, trellises, eaves, window sills, window washing equipment, guardrails, balustrades, safety railings, stairs, bollards, vents, pipes, utility equipment, fences, wind or privacy screens, landscape elements (including **green roofs**), terraces, decorative architectural features, bay windows, ramps, **parking garage** ramps and associated **structures**, retaining walls, columns, cornices, heating and cooling and ventilating equipment, pilasters and sills, and porches and decks, either excavated or unexcavated;
  - (iii) Despite (i) above no balconies shall be permitted in the location shown hatched as 'area of balcony restriction' on Diagram 4 of By-law 1153-2022(OLT) where a balcony would extend from a terrace with a top of slab height of between 145 and 146.5 metres or from a terrace with a top of slab height between 151 and 152.5 metres.
- (L) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1 **parking spaces** must be collectively provided and maintained for "Building A" and the "Existing Apartment Building" on the **lot** in accordance with the following:
  - (i) a minimum of 0.8 **parking spaces** for each bachelor **dwelling unit**;
  - (ii) a minimum of 0.9 **parking spaces** for each 1-bedroom **dwelling unit**;
  - (iii) a minimum of 1.0 **parking spaces** for each 2-bedroom **dwelling unit**;
  - (iv) a minimum of 1.2 **parking spaces** for **dwelling units** with 3-bedrooms or greater; and
  - (v) a minimum of 0.2 **parking spaces** for each **dwelling unit** for the use of residential visitors;
- (M) Despite Regulation 220.5.10.1(2), a minimum of one Type 'G' **loading space** is required for "Building A" and the **loading space** in the "Existing Apartment Building" must be maintained;
- (N) Despite Regulation 220.5.20.1(1)(A) a **driveway** to a **loading space** must have a minimum width along its entire length of 5.0 metres;
- (O) Despite Regulation 230.5.10.1(1) and (5) **bicycle parking spaces** must be provided and maintained on the **lot** in accordance with the following:
  - (i) A minimum of 0.68 "long-term" **bicycle parking spaces** for each **dwelling unit** within "Building A" ;
  - (ii) A minimum of 0.07 "short-term" **bicycle parking spaces** for each **dwelling unit** within "Building A";
  - (iii) A minimum of 77 "long-term" **bicycle parking spaces** for the "Existing Apartment Building";
  - (iv) A minimum of 8 "short-term" **bicycle parking spaces** for the "Existing Apartment Building";
- (P) Despite Regulation 15.10.40.50(1)(A) and (B), **amenity space** must be provided and maintained in accordance with the following:
  - (i) A minimum of 2.0 square metres per **dwelling unit** in "Building A" must be provided as indoor **amenity space**;
  - (ii) A minimum of 2.0 square metres per **dwelling unit** in "Building A" must be provided as outdoor **amenity space** of which a minimum of 40 square metres must be provided in a location directly adjoining or directly accessible to an area containing indoor **amenity space**; and
  - (iii) The **amenity space** provided with Regulations (i) and (ii) above must be available and accessible to the residents of the "Existing Apartment Building"; and
  - (iv) No indoor or outdoor **amenity space** is required in the "Existing Apartment Building".

Prevailing By-laws and Prevailing Sections: (None Apply)

[ By-law: 1153-2022(OLT) ]

(187) Exception RA 187

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) On 386-394 Symington Avenue, 485 Perth Avenue, and 17 Kingsley Avenue, as shown on Diagram 1 of By-law 1156-2022(OLT), if the requirements of By-law are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with Regulations (B) to (Q) below:

- (B) In addition to the **residential building** types listed in Regulation 15.10.20.40(1), a **detached house** is also permitted.
- (C) Despite Regulation 15.5.40.10(1), the height of a **building** or **structure** is the distance between the Canadian Geodetic Datum of 120.9 metres and the elevation of the highest point of the **building** or **structure**.
- (D) Despite Regulations 15.10.40.10(1) and (2), the permitted maximum height of any **building** or **structure** is the number following the "HT" symbol in metres and the permitted maximum number of storeys is the numerical value following the "ST" symbol as shown on Diagram 3 of By-law 1156-2022(OLT).
- (E) Despite (D) above and Regulations 15.5.40.10(2) to (6), the following equipment and **structures** may project beyond the permitted maximum height of a **building** as shown on Diagram 3 of By-law 1156-2022(OLT), in accordance with the following:
- (i) parapets, planters, and guardrails by a maximum of 2.2 metres;
  - (ii) parapets for a **green roof** or any associated elements by a maximum of 2.0 metres;
  - (iii) **structures** located on any area of the **building** as shown on Diagram 3 of By-law 1156-2022(OLT) used for elevators overruns and related structural elements as well as **structures** on any roof used exclusively for the enclosure or storage of mechanical, electrical, or other equipment used for the functional operation of the **building**, inclusive of a mechanical penthouse, by a maximum of 6.6 metres and may cover no more than 60 percent of the area of the roof of the **building**, measured horizontally;
  - (iv) exhaust flues, window washing equipment, and lightning rods by a maximum of 3.0 metres;
  - (v) pool decks and fences by a maximum of 2.5 metres; and
  - (vi) stair structures or ladders and their associated walls for access to the roof of the building by a maximum of 3.7 metres.
- (F) Despite Regulation 15.10.40.40(1), the permitted maximum **gross floor area** of all **buildings** and **structures** on the **lot** is as follows:
- (i) The **gross floor area** of "Building A" as shown on Diagram 3 of By-law 1156-2022(OLT) must not exceed 31,300 square metres; and
  - (ii) The **gross floor area** of "Building B" as shown on Diagram 3 of By-law 1156-2022(OLT) must not exceed 200 square metres.
- (G) The provision of **dwelling units** on the **lot** is subject to the following percentages, rounded up to the nearest whole number:
- (i) a minimum of 20 percent must be two-bedroom **dwelling units**; and
  - (ii) a minimum of 10 percent must be three-bedroom or greater **dwelling units**.
- (H) Despite Clauses 15.10.40.70 and 15.10.40.80, the required minimum **building setbacks** and the required separation of **main walls** of a **building** are as shown in metres on Diagram 3 of By-law 1156-2022(OLT).
- (I) Despite (H) above and Clause 15.5.40.60, the following elements of a **building** or **structure** are permitted to encroach into the required **building setbacks** shown on Diagram 3 of By-law 1156-2022(OLT):
- (i) a balcony and its guard by a maximum of 2.2 metres;
  - (ii) a canopy and its support by a maximum of 2.3 metres;
  - (iii) cornices, lighting fixtures, architectural elements by a maximum of 2.0 metres; and
  - (iv) crash wall and structures associated with rail safety mitigation.
- (J) Regulations 15.5.50.10(1) and (2) with respect to **landscaping** requirements for an **apartment building** do not apply.
- (K) Despite Regulations 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided in accordance with the following:
- (i) a minimum of 0.25 **parking spaces** for each **dwelling unit** for residents;
  - (ii) a minimum of 0.1 **parking spaces** for each **dwelling unit** for residential visitors; and
  - (iii) a minimum of three "car-share parking spaces".

- (L) For each "car-share parking space" provided on the **lot**, the minimum number of required **parking spaces** for residents required in (K)(i) above, may be reduced by four **parking spaces** up to a maximum of 12 **parking spaces**. For the purposes of this exception:
- (i) "car-share" means the practice whereby a number of people share the use of one or more motor **vehicles** and such "car-share" motor **vehicles** are made available to at least the occupants of the **building** for short term rental, including hourly rental; and
  - (ii) "car-share parking space" means a **parking space** exclusively reserved and signed for a **vehicle** used only for "car-share" purposes.
- (M) Despite Regulations 200.5.1.10(2)(A) and (2)(D), a maximum of five percent of the total number of **parking spaces** provided on the **lot** may have a minimum width of 2.6 metres, despite being obstructed on one or both sides.
- (N) Despite Regulation 200.5.1.10(2)(D), Electric Vehicle Infrastructure including electrical **vehicle** supply equipment, does not constitute an obstruction to a **parking space**.
- (O) Despite Regulation 200.15.1(4), accessible **parking spaces** must be located with 25 metres of a barrier free entrance to a **building** or passenger elevator that provides access to the first **storey** of the **building**.
- (P) Despite Clause 220.5.10.1, one Type "G" **loading space** is required on the **lot**.
- (Q) Despite Regulation 230.5.1.10(4)(B), the minimum dimension of a **bicycle parking space** if placed in a vertical position on a wall, **structure**, or mechanical device is:
- (i) minimum length or vertical clearance of 1.2 metres;
  - (ii) minimum width of 0.6 metres; and
  - (iii) minimum horizontal clearance of 0.3 metres from a wall.

(206) Exception RA 206

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On 65-83 Raglan Avenue, as shown on Diagram 1 of By-law 1172-2022(OLT), if the requirements of Section 8 and Schedule A of By-law 1172-2022(OLT) are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with (B) to (Q) below;
- (B) For the purpose of this Exception, the **lot** comprises the lands delineated by heavy lines on Diagram 1, attached to By-law 1172-2022(OLT);
- (C) Despite Regulation 15.5.40.10 (1), the height of a **building** or **structure** is the distance between the Canadian Geodetic Datum of 160.51 metres and the elevation of the highest point of the **building** or **structure**;
- (D) Despite Regulation 15.10.40.10(1), no portion of any **building** or **structure** on the **lot** shall have a height in metres greater than the height limits specified by the numbers following the letters "HT" on Diagram 3 as shown on By-law 1172-2022(OLT);
- (E) Despite Regulations 15.5.40.10(2) to (6) and (D) above, the following equipment and **structures** may project beyond the permitted maximum height shown on Diagram 3 of By-law 1172-2022(OLT):
  - (i) equipment used for the functional operation of the **building** including electrical, utility, mechanical and ventilation equipment, elevator shafts and overruns, enclosed stairwells, roof access, maintenance equipment storage, chimneys, and vents, by a maximum of 7.0 metres;
  - (ii) architectural features, parapets, **building** maintenance units and window washing equipment, planters, public art features, **landscaping** features, guard rails, and divider screens on a balcony and/or terrace, trellises, pergolas, and unenclosed **structures** providing safety or wind protection to rooftop **amenity space** and elements and **structures** associated with a **green roof**, by a maximum of 3.0 metres;
- (F) Despite Regulation 15.10.40.40(1)(A) and (B), the permitted maximum **gross floor area** of all **buildings** and **structures** on the **lot** is 23,550 square metres;
- (G) Despite Regulation 15.10.40.50(1)(A) and (B), a **building** with 20 or more **dwelling units** must provide **amenity space** on the **lot** at the following rate:
  - (i) at least 1.9 square metres for each **dwelling unit** as indoor **amenity space**;
  - (ii) at least 1.9 square metres of outdoor **amenity space** for each **dwelling unit**;
- (H) Despite Clauses 15.10.40.70 and 15.10.40.80, the required minimum **building setbacks** and required **main wall** separation distances are as shown in metres on Diagram 3 of By-law 1172-2022(OLT);
- (I) Despite Clause 15.5.40.60 and (H) above, the following elements may encroach into the required minimum **building setbacks** and **main wall** separation distances as follows:
  - (i) balconies, provided that balconies which are located at a height equal to or greater than 26.9 metres must be located at least 10 metres from the centerline of the public **lane** to the east of the **lot** as shown on Diagram 3 of By-law 1172-2022(OLT);
  - (ii) balconies are not permitted to encroach into the east **building setback** if located at a height less than 26.9 metres;
  - (iii) balconies, not included in (I)(i) or (ii), to a maximum of 1.5 metres;
  - (iv) cornices, light fixtures, ornamental elements, parapets, public art and landscape features, patios, decks, pillars, trellises, terraces, eaves, window sills, bay windows, planters, ventilation shafts, guardrails, balustrades, railings, stairs and stair enclosures, doors, wheelchair ramps, fences, screens, site servicing features, awnings and canopies, to a maximum of 2.5 metres;

- (J) Despite regulation 15.5.50.10(1) a minimum of 130 square metres of **landscaping** must be provided on the **lot**, of which a minimum of 50 square metres of the required **landscaping** must be comprised of **soft landscaping**;
- (K) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided in accordance with the following:
- (i) a minimum of 0.43 residential occupant **parking spaces** for each **dwelling unit**;
  - (ii) a minimum of 0.06 residential visitor **parking spaces** for each **dwelling unit**;
  - (iii) For each "car-share parking space" provided on the lands, a reduction of four (4) residential occupant **parking spaces** is permitted, and that the maximum reduction permitted by this means be capped by the following formula:  
  
$$4 \times (\text{total no. of dwelling units} / 60), \text{ rounded down to the nearest whole number;}$$
    - (a) For the purposes of this exception: "car-share" means the practice whereby a number of people share the use of one or more motor **vehicles** that are owned and operated by a profit or non-profit organization, and such "car-share" motor **vehicles** are made available to at least the occupants of the **building** for short term rental, including hourly rental; and
    - (b) "car-share parking space" means a **parking space** exclusively reserved and signed for a car used only for "car-share" purposes;
- (L) Despite Regulation 200.5.1.10.(2) a maximum of 18 **parking spaces** can be obstructed on one or both sides without the requirement to increase the minimum width on each obstructed side by 0.3 metres;
- (M) Despite Regulation 200.15.10(1) a minimum of 6 of the required **parking space** in (K) above must be accessible **parking spaces**;
- (N) Despite Regulation 200.15.1(1) to (4), accessible **parking spaces** must be provided and maintained in accordance with the following:
- (i) An accessible **parking space** must have the following minimum dimensions:
    - (a) Length of 5.6 metres;
    - (b) Width of 3.4 metres; and
    - (c) Vertical clearance of 2.1 metres;
  - (ii) The entire length of an accessible **parking space** must be adjacent to a 1.5 metre wide accessible barrier free aisle or path as shown on Diagram 3;
  - (iii) Accessible **parking spaces** must be located within 16 metres of a barrier free entrance to the **building** or passenger elevator that provides access to the first **storey** of the **building**;
- (O) Despite Regulation 230.5.1.10.(9) required "long-term" **bicycle parking spaces** may be provided in **stacked bicycle parking spaces** and may be located in a storage room and/or a below ground parking garage;
- (P) The provision of **dwelling units** is subject to the following:
- (i) a minimum of 10 percent of the total number of **dwelling units** must contain three bedrooms;
  - (ii) a minimum of 20 percent of the total number of **dwelling units** must contain two bedrooms;
  - (iii) of the required three bedroom **dwelling units** in (i) above, 100 percent may be provided as two bedroom **dwelling units** as follows:
    - (a) 50 percent shall have a minimum **interior floor area** of 81.7 square metres;
    - (b) 50 percent shall have a minimum **interior floor area** of 91.5 square metres;
  - (iv) any **dwelling units** with three or more bedrooms or two bedrooms provided to satisfy (i) above are not included in the provision required by (ii) above;
- (Q) Despite regulation 800.50(820), and for the purposes of this By-law, any portion of a **building** that is located within 6.5 metres in height from established grade shall be considered as 1- **storey**;

Prevailing By-laws and Prevailing Sections:

- (A) Former City of North York by-law 25538.

(209) Exception RA 209

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) On 10-32 Raglan Avenue, if the requirements of the By-law 1174-2022(OLT) are complied with, a **building or structure**, may be constructed, used or enlarged in compliance with regulations (B) to (AA) below;
- (B) Despite Regulation 15.5.40.10(1), the height of a **building or structure** is the distance between the Canadian Geodetic Datum elevation of 159.57 metres and the elevation of the highest point of the **building or structure**;
- (C) Despite Regulations 15.5.40.10(2) to (6) and 15.10.40.10(1)(A), no portion of any **building or structure** on the **lot** shall have a height in metres greater than the height limits specified in metres by the numbers following the symbol HT on Diagram 3 of By-law 1174-2022(OLT), except for the following elements which may exceed the permitted maximum height:
  - (i) mechanical penthouse, mechanical **structures** or elements, cooling tower, generator and mechanical equipment, flues, stair overruns, elevator overruns, by a maximum of 6.0 metres;
  - (ii) a parapet, roof drainage, thermal insulation or roof ballast, and roof construction assembly elements, located at each of the roof levels of the **building**, by a maximum of 1.8 metres;
  - (iii) safety railings, wind screens, trellises and fences, by a maximum of 4.0 metres;
  - (iv) **structures** on the roof of any part of the **building** used for outside or open air recreation, **green roof** elements, wind mitigation elements, landscape features, architectural elements, public art features, telecommunications equipment and antennae, window washing equipment, stair towers, stair enclosures and pop-ups, partitions dividing outdoor recreation areas, planters, landscape features, walls or **structures** enclosing such elements, lightning rods and exhaust flues, swimming pools (elevated or otherwise), **structures** housing pool or spa maintenance or operational equipment, by a maximum of 5.0 metres;
- (D) Regulation 15.10.40.10(2)(A), regarding permitted maximum **storeys**, does not apply;
- (E) Despite Regulation 15.10.40.40(1), the permitted maximum **gross floor area** of all **buildings** and **structures** on the **lot** is 29,665 square metres of which:
  - (i) the permitted maximum **gross floor area** for residential uses is 29,400 square metres;
  - (ii) the permitted maximum **gross floor area** for non-residential uses is 265 square metres, of which a minimum of 245 square metres of **interior floor area**, located on the ground floor, must be a **community centre** or **club**;
  - (iii) the required minimum **interior floor area** for a **retail store** or **take-out eating establishment** is 8.0 square metres, which must be located on the ground floor of the **building**;

- (F) In addition to the elements which reduce **gross floor area** in an **apartment building** listed in Regulation 15.5.40.40(1), **gross floor area** is also reduced by storage rooms, rooms exclusively containing **bicycle parking spaces**, and surplus **amenity space**;
- (G) A minimum of 10 percent of the **dwelling units** in the **building** must be 3 bedroom or greater **dwelling units**;
- (H) Despite Regulation 15.10.40.50(1)(A) and (B), a **building** with 20 or more **dwelling units** must provide **amenity space** on the **lot** in accordance with the following:
- (i) at least 2.0 square metres for each **dwelling unit** as indoor **amenity space**, and which for the purpose of this exception, may include guest suites;
  - (ii) at least 565 square metres as outdoor **amenity space**;
  - (iii) a maximum of 25 percent of the outdoor component may be a **green roof**;
- (I) Despite Clauses 15.10.40.70 and 15.10.40.80, the required minimum **building setbacks** and distances between **main walls** are as shown in metres on Diagram 3 of By-law 1174-2022(OLT);
- (J) Despite Clause 15.5.40.60, and (I) above, the following elements may encroach into the required minimum **building setbacks** and **main wall** separation distances as follows:
- (i) Cornices, lighting fixtures, window washing equipment, awnings, canopies, finials, parapets, terraces, terrace guards, platforms, ornamental or architectural elements, masonry elements, fins, trellises, eaves, window sills, bay windows, canopies, guardrails, balustrades, railings, wind mitigation screens and features, piers, planters, monuments, arbours, patios, decorative features, stairs, stair enclosures, stair landings, supportive columns, wheel chair ramps, vents, stacks, wind screens and features, acoustic screens and features, underground garage ramps and their associated **structures**, underground garage stair enclosures, retaining walls, fences, screens, weather protection canopies, and landscape and public art features, by a maximum of 3.0 metres;
- (K) Despite Regulation 15.5.50.10(1), **landscaping** must be provided in accordance with the following:
- (i) A minimum of 15 percent of the area of the **lot** is required to be **landscaping**; and,
  - (ii) A minimum of 10 percent of the **landscaping** area required in (i) above, is required to be comprised of **soft landscaping**;
- (L) Despite 15.10.20.100(2), a **community centre** or a library is not required to be on a **lot** that abuts a major **street** on the Policy Areas Overlay Map;
- (M) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided on the **lot** in accordance with the following rates:
- (i) A minimum of 0.29 **parking spaces** per **dwelling unit** for residents, up to a maximum of 116 **parking spaces**, of which 6 must be accessible **parking spaces**;
  - (ii) The minimum required **parking spaces** for residents may be reduced by up to 4 **parking spaces** for each "car-share parking space" provided on the **lot**; and
    - (a) for the purpose of this exception, "car-share" means the practice where a number of people share the use of one or more cars that are owned by a profit or non-profit car-sharing organization and where such organization may require that use of cars be reserved in advance, charge fees based on time and/or kilometers driven, and set membership requirements of the car-sharing organization, including the payment of a membership fee that may or may not be refundable; and
    - (b) "car-share parking space" means a **parking space** that is exclusively reserved and actively used for "car-share";
  - (iii) A minimum of 6 visitor **parking spaces**;
  - (iv) No **parking spaces** are required for non-residential uses;
  - (v) In the event that the calculation of the number of required **parking spaces** results in a number with a fraction, the number is rounded down to the nearest whole number;
- (N) Despite Regulation 200.5.1.10(2), a maximum of 10 **parking spaces** may have a minimum width of 2.4 metres, a minimum length of 5.4 metres, and a minimum height of 1.7 metres, with or without obstructions;

- (O) Despite Regulation 200.5.1.10(12)(C), the requirement for a minimum setback for a **vehicle** entrance and exit from the **lot line** abutting the **street** does not apply;
- (P) Despite Regulation 200.15.1(4) and By-law 579-2017, accessible **parking spaces** must be located within 16.0 metres of a barrier free entrance to the **building** or passenger elevator that provides access to the ground floor of the **building**;
- (Q) Despite Regulation 230.5.10.1(1), no **bicycle parking spaces** are required for non-residential uses;
- (R) Despite Regulation 230.5.1.10(4), if a **stacked bicycle parking space** is provided in a mechanical device where any portion of a bicycle is situated above or below any portion of an adjacent bicycle, the minimum required width of each such **stacked bicycle parking space** is 0.25 metres and the minimum vertical clearance for each **stacked bicycle parking space** is 1.0 metres;
- (S) Despite Regulation 230.5.1.10(10), both a "short-term" and "long-term" **bicycle parking space** may be located in a **stacked bicycle parking space**;
- (T) Despite regulations 150.5.20.1(1)(A)(B) and (D), a **home occupation** is permitted to:
  - (i) sell, rent or lease physical goods directly from the **dwelling unit**;
  - (ii) be a **personal service shop**;
  - (iii) be an office or medical office for a professional regulated under the Regulated Health Professions Act, 1991, S.O. 1991, c. 18, as amended;
- (U) Despite Regulation 150.5.20.1(2), a **home occupation** is permitted to have clients or customers attending the premises for:
  - (i) consultations;
  - (ii) receiving services; or
  - (iii) obtaining physical goods;
- (V) Despite regulation 150.5.20.1(3), a **home occupation** is permitted to have outdoor activities, services, a service window, or displays, provided they are limited to 20 percent of the **interior floor area** of the **home occupation** it is **ancillary** to; and
  - (i) **open storage** is not permitted;
- (W) Despite regulation 150.5.20.1(6), a **home occupation** is permitted to have employees working in the **dwelling unit** who are not the business operator, provided the **home occupation** is located on the ground floor of the building;
- (X) For the purpose of this exception, regulations 150.5.20.1(7) and (8) also apply to the RA zone.
- (Y) Despite regulation 150.5.40.40(1), the floor area for a **home occupation** may not exceed the lesser of:
  - (i) 50 percent of the total **interior floor area** of the **dwelling unit** the **home occupation** is located in; or
  - (ii) 100 square metres;
- (Z) For the purpose of this exception, a **home occupation** is not permitted to contain an obnoxious use;
- (AA) Despite regulations 150.5.20.1(1), 15.10.20.100(13), and in addition to the permitted uses listed in Clause 15.10.20.10 and 15.10.20.20, an **art gallery, artist studio, custom workshop, education use, massage therapy, day nursery, eating establishment, retail store, retail service, and take-out eating establishment** are also permitted in a **home occupation** located within a **dwelling unit** located on the ground floor of the **building**.

  - (iii) **nursing home**;
  - (iv) **respite care facility**;
  - (v) **retirement home**; and
  - (vi) **veterinary hospital**;
- (C) Despite Regulation 15.20.20.100(1), only 15.20.20.100(1)(A) applies;
- (D) Despite Regulation 15.5.40.10(1), the height of the **building** is the distance between a Canadian Geodetic Datum elevation of 182.08 metres and the elevation of the highest point of the **building**;
- (E) Despite Clause 15.20.40.10, any **building** or **structure** erected on the lands must not exceed the height in metres and storeys specified by the numbers following the symbols HT and ST, as shown on Diagram 5 of By-law 1120-2017(OMB);
- (F) Despite Regulation 15.5.40.10(2), railings and parapets for any purpose on the roof of the **building** may exceed the maximum permitted height shown on Diagram 5 attached to By-law 1120-2017(OMB) by 1.5 metres;
- (G) Despite Regulations 15.5.40.10(3) and (4), equipment and **structures** used for the functional operation of the **building** may exceed the maximum permitted height shown on Diagram 5 attached to By-law 1120-2017(OMB) in accordance with the following:

- (i) vents and chimneys located in the area labeled MPH shown on that Diagram 5 may exceed the maximum permitted height by 6.7 metres;
  - (ii) a mechanical penthouse no larger than 360 square metres, and all other equipment and **structures** used for the functional operation of the **building** housed within the mechanical penthouse, may exceed the maximum permitted height by 5.5 metres if located in the area labeled MPH shown on that Diagram 5; and
  - (iii) equipment and **structures** used for the functional operation of the **building** and not located in the area labeled MPH shown on that Diagram 5 may exceed the maximum permitted height by 3.0 metres;
- (H) Despite Regulation 15.5.40.10(5), unenclosed **structures** providing privacy, safety or wind protection for any purpose on the roof of the **building** may exceed the maximum permitted height shown on Diagram 5 attached to By-law 1120-2017(OMB) by 3.0 metres, and may be located anywhere on the roof of the **building** except in the area labeled MPH shown on that Diagram 5;
- (I) The minimum floor to floor height of the first **storey** must be 5.3 metres;
- (J) Despite Clause 15.20.40.70, required minimum **building setbacks** are as shown on Diagram 5 of By-law 1120-2017(OMB);
- (K) In addition to encroachments permitted in Clause 15.5.40.60, the following are permitted to extend beyond the areas delineated by heavy lines on Diagram 5 attached to By-law 1120-2017(OMB):
  - (i) awnings, canopies and window washing equipment may encroach a maximum of 2.0 metres beyond the heavy lines shown on that Diagram 5;
  - (ii) balconies may encroach beyond the heavy lines shown on that Diagram 5 a maximum of:
    - (a) 0.75 metres along the east and west **building** faces;
    - (b) 0.75 metres along the north **building** face above a height of 24.0 metres and seven **storeys**, whichever is the lesser; and
    - (c) 1.5 metres in all other locations;
- (L) The maximum depth of all balconies is 1.5 metres;
- (M) Despite (L) above, a maximum balcony depth of 1.8 metres is permitted along the north **building** face at or below a height of 24.0 metres or seven storeys, whichever is the greater, if the balcony does not encroach more than 0.75 metres beyond the heavy lines shown on Diagram 5 of By-law 1120-2017(OMB);
- (N) The total length of balconies on each **storey**, along each of the north, west and east **building** faces at or below a height of 24.0 metres or 7 **storeys**, whichever is the greater, must not exceed 50 percent of the respective **building** face on each storey;
- (O) The maximum length of all individual balconies above a height of 24.0 metres or 7 **storeys**, whichever is the lesser, must be no more than 3.4 metres;
- (P) Despite (O) above, a maximum of one balcony along each of the north and south **building** faces on each **storey** may have a maximum length of 6.4 metres;
- (Q) No portion of a **building** or **structure** below a height of 24.0 metres or 7 **storeys**, whichever is the greater, may penetrate a 45 degree angular plane along the south **lot line**;
- (R) A minimum of 12 **dwelling units** must be 3-bedroom **dwelling units** or larger;
- (S) In addition to Clause 15.20.40.40, the total **gross floor area** of all **buildings** and **structures** must not exceed 23,107 square metres, comprised as follows:
  - (i) residential uses must not exceed 21,770 square metres; and
  - (ii) non-residential uses must not exceed 1,337 square metres;
- (T) The permitted maximum floor plate size of each **storey** above the height of 24.0 metres or 7 **storeys**, whichever is the lesser, is 750 square metres;
- (U) Despite the parking requirements in Table 200.5.10.1, for non-residential uses permitted by (B) above and Clause 15.20.20.10, a minimum of 1.0 **parking space** per 100 square metres of **gross floor area** must be provided, except that:
  - (i) for **education uses** and **financial institutions**, a minimum of 2.0 **parking spaces** per 100 square metres of **gross floor area** must be provided; and

- (ii) for medical offices, a minimum of 1.5 **parking spaces** per 100 square metres of **gross floor area** must be provided;
- (V) Despite Regulation 200.5.10.1(6), required visitor **parking spaces** and **parking spaces** for non-residential uses may be shared;
- (W) A maximum of 29 at-grade **parking spaces** are permitted and must not be located in the Sheppard Avenue East and Pharmacy Avenue **street yards**;

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On 65, 75, 85, 87, 89, 91, 93, 95, 97 and 99 Silver Springs Boulevard, as shown on Diagram 1 of By-law 831-2022, if the requirements of By-law 831-2022 are complied with, a **building**, or **structure**, may be constructed, used or enlarged in compliance with (B) to (W) below;

- (B) The **buildings** identified as Building A and Building B are as shown on Diagram 4 attached to By-law 831-2022;
- (C) Building A and Building B are the **apartment buildings** municipally known as 65, 75 and 85 Silver Springs Boulevard, and **ancillary structures**, including an underground **parking garage** and garage entry ramp located on the **lot** as of the date of passing By-law 831-2022, as shown on Diagram 3 of By-law 831-2022, subject to internal alterations, additions and modifications;
- (D) "East Parcel" means the lands on the east side of New Street A, and "West Parcel" means the lands on the west side of New Street A, as shown on Diagram 4 of By-law 831-2022;
- (E) The total **gross floor area** located within Building A and Building B must not exceed 49,000 square metres;
- (F) The permitted maximum **gross floor area of buildings**, excluding Building A and Building B, is 48,000 square metres;
- (G) Despite Regulation 15.5.40.10(1), the height of a **building** or **structure** is the distance between the Canadian Geodetic Datum of 185.0 metres and the elevation of the highest point of the **building** or **structure**;
- (H) Despite Regulation 15.5.50.10(1), a minimum of 50% of the area of the **lot** must be used for **landscaping**, of which a minimum of 25% must be for **soft landscaping**;
- (I) Despite Regulation 15.20.30.40(1), the permitted maximum **lot coverage**, as a percentage of the **lot area**, is 45%;
- (J) Despite Regulation 15.20.40.10(1), the permitted maximum height of a **building** or **structure** is the number following the HT symbol in metres as shown on Diagram 3 of By-law 831-2022;
- (K) Despite Regulations 15.5.40.10(2), (3), (4), (5) and (6) and (J) above, the following equipment and **structures** may project beyond the permitted maximum height of a **building**:
  - (i) **Structures** on any roof used for chimneys, vents, stacks, mechanical fans, cooling towers, roof assemblies, maintenance, safety, wind or **green roof** purposes, including architectural screens, stairs and related enclosures, lightning rods, trellises, pergolas, wind screens and light stands may project above the height limits to a maximum of 3.0 metres;
  - (ii) **Structures** on any roof used for mechanical equipment, elevators and related structural elements may project above the height limits to a maximum of 5.0 metres;
- (L) The height of Building A and Building B must not exceed the height of such **buildings** as it existed as of the date of passing By-law 831-2022;
- (M) Despite Regulation 15.20.40.50(1), **amenity space** must be provided at a minimum rate of 4.0 square metres for each **dwelling unit**, excluding dwelling units in Building A and Building B, of which:
  - (i) at least 2.0 square metres per **dwelling unit** is provided as indoor **amenity space**;
  - (ii) at least 40 square metres must be provided in a location directly accessible from an area containing indoor **amenity space**;
  - (iii) no more than 25% of the outdoor component may be a **green roof**; and
  - (iv) the **amenity space** required in (M)(i) and (ii) above may be provided collectively in any **buildings** on the **lot** excluding Building A and Building B;
- (N) Regulation 15.20.40.50(1) does not apply to Building A or Building B;
- (O) Despite Regulations 15.20.40.70(1), (2), (3) and (4), the required minimum **building setbacks** are as shown in metres on Diagram 3 of By-law 831-2022;
- (P) Despite regulation 15.20.40.80(1) and (2), the required separation distances of **main walls** are shown in metres on Diagram 3 of By-law 831-2022;
- (Q) Despite Clause 15.5.40.60 and Regulation (O) and (P) above, the following elements may encroach into the required **building setbacks** and **main wall** separation distances as follows:
  - (i) Architectural features, awnings, balconies, canopies, chimneys, cornices, eaves, gas or hydro metres, **green roof**, **structures** and elements associated with green energy and renewable energy, ornamental elements, wind mitigation elements, window sills, window washing equipment to a maximum extent of 2.0 metres; and
  - (ii) Air intakes, bicycle racks, bike share facilities, bollards, elevator enclosures and overruns, fences, guardrails, landscape and art features, lighting fixtures, outdoor **amenity space** elements, parapets, pipes, planters, platforms, safety railings, retaining walls, privacy screens,

stacks, stairs, stair enclosures, terraces, trellises, underground garage ramps and their associated **structures**, vents, ventilating equipment, walkways, wheel chair ramps;

(R) Despite Regulation 200.5.10.1(1) **parking spaces** must be provided in accordance with the following:

- (i) A minimum 0.67 residential occupant **parking spaces** for each **dwelling unit**; and
- (ii) A minimum of 0.10 residential visitor **parking spaces** for each **dwelling unit**.

(S) Despite Regulation 200.5.10.1(1), "car-share parking spaces" may replace **parking spaces** otherwise required for residential occupants, subject to the following:

- (i) a reduction of 4 resident occupant **parking spaces** will be permitted for each "car-share parking space" provided and that the maximum reduction permitted be capped by the application of the following formula:
  - (a) 4 multiplied by (total number of dwelling units divided by 60), rounded down to the nearest whole number;
- (ii) for the purpose of this exception, "car-share" means the practice whereby a number of people share the use of one or more motor vehicles and such "car-share" motor vehicles are made available to at least the occupants of the building for short-term rental, including hourly rental; and
- (iii) for the purpose of this exception, "car-share parking space" means a **parking space** exclusively reserved and signed for a vehicle used only for "car-share" purposes;

(T) Despite Regulation 220.5.10.1(2), **loading spaces** must be provided as follows:

- (i) a minimum of one Type "G" **loading space** and one Type "C" loading space is required on the West Parcel; and

(U) A minimum of one Type "G" **loading space** is required on the East Parcel;

(V) Despite any provision of this Exception any **parking spaces, drive aisles, driveways** and ramps existing on the **lot**, as of the date of passing By-law 831-2022 may be maintained and are deemed to comply with the requirements of By-law 569-2013;

(W) Regulation 230.5.10.1(5), with respect to **bicycle parking spaces**, does not apply to **dwelling units** in Building A and Building B; and

(X) Despite Regulation 230.5.10(4), any **bicycle parking spaces** existing or relocated on the **lot** as of the date of passing By-law 831-2022 may be maintained are deemed to comply with the requirements of By-law 569-2013.

(77) Exception RAC 77

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) The minimum **building setback** from a **lot line** that abuts Finch Ave. is 18.0 metres;
- (B) The minimum **building setback** from a **lot line** that abuts a **street** is 9.0 metres;
- (C) The minimum **building setback** from a **side lot line** or **rear lot line** is a distance of half the height of the **building**;
- (D) The minimum separation between the **main walls** of two **residential buildings** on the same **lot** is a distance equal to half the total combined height of the two **buildings**;
- (E) **Parking spaces** must be provided at a minimum rate of 1.1 **parking spaces** per **dwelling unit**;
- (F) Of the required **parking spaces**:
  - (i) a minimum of 66% must be below grade; and
  - (ii) a minimum of 11% must be surface **parking spaces** for visitors;
- (G) Indoor **amenity space** must be provided at a minimum rate of 46 square metres for the first **dwelling unit**, and plus an additional 0.9 square metres for each unit over 50;
- (H) The maximum **lot coverage** is 15%;

- (I) A minimum **landscaping** strip of 1.5 metres must be provided along the **lot line** abutting Finch Ave.;
- (J) All parts of a **building** below grade must be set back from a **lot line** that abuts a **street** a distance equal to the full depth of the **structure** measured from the floor of the **structure** to the grade at the **street** line;
- (K) An area equal to no less than 45% of the **gross floor area** of all **buildings** on the **lot**, minus the **gross floor area** of enclosed malls used for walkway purposes, must be landscaping;
- (L) For the purpose of this Site Specific Provision, landscaping means open, unobstructed space on the **lot**, and any part of the **lot** occupied by recreational **ancillary buildings**, any surfaced walk, patio or similar areas, any sports or recreational area, any ornamental or swimming pool, and the roof or other part of a **building** or **structure** open to the air and used as a recreational area; excluding any **driveway** or ramp, whether surfaced or not, any curb or retaining wall, and any area used for parking;
- (M) The maximum height for a **building** or **structure** is 54.0 metres; and
- (N) Swimming pools are permitted in the **rear yard** and **side yards**, if:
  - (i) the yard is not abutting a **street**;
  - (ii) the water surface area does not exceed 15% of the **lot area**; and
  - (iii) the swimming pool is no closer to a **lot line** than 1.2 metres.

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) The maximum floor space index is 1.5. For the purpose of this Site Specific Provision, floor space index means the ratio of the total floor area to the site area, and total floor area means the aggregate of the areas of each floor above grade measured between the exterior faces of the exterior walls of the **building** or **structure** at the level of each floor including any part of the **building** or **structure** above grade used for the storage or parking of **vehicles**, locker storage and laundry facilities, excluding any part of the **building** or **structure** used for retail commercial purposes open to the public and any areas used for recreational or mechanical purposes;
- (B) The minimum **building setback** from a **lot line** that abuts Finch Ave. and Warden Ave. is 18.0 metres;
- (C) The minimum **building setback** from a **lot line** that abuts a **street** is 9.0 metres;
- (D) The minimum **building setback** from a **side lot line** or **rear lot line** that does not abut a **street** is a distance of half the height of the **building**;

- (E) The minimum separation between the **main walls** of two **residential buildings** on the same **lot** is a distance equal to half the total combined height of the two **buildings**;
- (F) **Parking spaces** must be provided at a minimum rate of 1.1 **parking spaces** per **dwelling unit**;
- (G) Of the required **parking spaces**:
  - (i) a minimum of 66% must be below grade; and
  - (ii) a minimum of 11% must be surface **parking spaces** for visitors;
- (H) The maximum **lot coverage** is 40%;
- (I) All parts of a **building** below grade must be set back from a **lot line** that abuts a **street** the greater of 3.0 metres or a distance equal to the full depth of the **structure** measured from the floor of the **structure** to the grade at the **street** line;
- (J) An area equal to no less than 45% of the **gross floor area** of all **buildings** on the **lot**, minus the **gross floor area** of enclosed malls used for walkway purposes, must be landscaping;
- (K) For the purpose of this Site Specific Provision, landscaping means open, unobstructed space on the **lot**, and any part of the **lot** occupied by recreational **ancillary buildings**, any surfaced walk, patio or similar areas, any sports or recreational area, any ornamental or swimming pool, and the roof or other part of a **building** or **structure** open to the air and used as a recreational area; excluding any **driveway** or ramp, whether surfaced or not, any curb or retaining wall, and any area used for parking;
- (L) The maximum height for a **building** or **structure** is 54.0 metres;
- (M) Swimming pools are permitted in the **rear yard** and **side yards**, if:
  - (i) the yard is not abutting a **street**;
  - (ii) the water surface area does not exceed 15% of the **lot area**; and
  - (iii) the swimming pool is no closer to a **lot line** than 1.2 metres; and
- (N) A **day nursery** with a maximum **gross floor area** is 372 square metres is permitted; and
- (O) A free-standing recreation **building** for the purpose of servicing the entire development must be provided, and the conditions in regulation 15.20.20.100(1) do not apply to the **recreation use**.

Site Specific Provisions:

- (A) The minimum **building setback** from a **lot line** that abuts a **street** is:
  - (i) 36.0 metres, measured from the original centerline of the **street**, if the **lot line** abuts Pharmacy Ave.; and
  - (ii) from any other **street**:
    - (a) 12.0 metres to any wall of the **building** 20 metres or more in length; and
    - (b) 7.5 metres to any wall of the **building** less than 20 metres in length;
- (B) The maximum **lot coverage** is 15%;
- (C) No part of a **building** may be less than 18.0 metres from a **lot line** that abuts a **lot** in a different zone, except that one corner of the **building** may be a minimum of 15.0 metres from the **lot line**;
- (D) **Parking spaces** must be provided at a minimum rate of 1.125 for each **dwelling unit**, of which 1.0 **parking space** for each **dwelling unit** must be for resident parking and the remaining **parking spaces** must be for visitors;
- (E) A minimum of 50% of the **lot area** must be **landscaping**;
- (F) The minimum **building setback** for a below grade parking **structure** from a **lot line** is a distance equal to the vertical distance from the surface of the lowest floor of the **structure** to the average elevation of grade at the **front lot line**;
- (G) **Amenity space** must be provided at the minimum rate of 0.9 square metres for each **dwelling unit** and must be located in the **residential building**;
- (H) An **ancillary building** or recreational **building** may be no closer to a **lot line** that abuts a **lot** in a different zone than half the height of the **building**; and
- (I) The minimum distance between the **main walls** of **residential buildings** is equal to half the sum of the height of the two **buildings**, except where the overlap is less than 100% the minimum distance may be reduced proportionately by the amount of **building** that is not overlapped, provided the distance is no less than:
  - (i) 24 metres, if there are no openings to **dwelling units** in one or both of the **main walls**;
  - (ii) 30 metres, if both **main walls** facing each other are less than 19.5 metres in length; and
  - (iii) 45 metres in all other cases; and
- (J) For the purpose of this Site Specific Provision, overlap means the greater of two distances, measured along the **main walls** of the **building**, between two lines extended perpendicularly from each **building** to the corners of an opposite **building**.

(82) Exception RAC 82

The lands, or portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On 25 Thunder Grove, if the requirements in Section 4 and Schedule A of By-law 496-2018 are complied with then an **apartment building** may be constructed in compliance with (B) to (S) below;
- (B) Despite Regulation 15.5.40.10(1), the height of the **building** is the distance between a Canadian Geodetic Datum of 180.48 metres and the elevation of the highest point of the **building**;
- (C) Despite Clause 15.20.40.10, any **building** or **structure** erected on the lands must not exceed the height in metres and **storeys** specified by the numbers following the symbols HT and ST, as shown on Diagram 3 of By-law 496-2018;
- (D) In addition to the exceptions permitted in Clause 15.5.40.10(2), parapets associated with an architectural feature on the south side of Building A on Diagram 2 of By-law 496-2018 may exceed the permitted maximum height shown on Diagram 3 of By-law 496-2018 by 1.7 metres;

- (E) In addition to 15.5.40.10(3) and (4), a mechanical penthouse with a maximum floor area of 200 square metres may exceed the maximum permitted height shown on Diagram 3 of By-law 496-2018 by 6.0 metres;
- (F) Despite Clause 15.20.40.70, required minimum **building setbacks** are as shown on Diagram 3 of By-law 496-2018;
- (G) Despite Clause 15.20.40.80, the required minimum separation distance between the **main walls** of Building A and Building B as shown on Diagram 2 of By-law 496-2018 at and above a **height** of 7 **storeys** is 19.5 metres; [ By-law: 801-2020 ]
- (H) In addition to encroachments permitted in Clause 15.5.40.60, the following are permitted to extend beyond the areas delineated by heavy lines on Diagram 3 of By-law 496-2018:
  - (i) balconies on the north, east and west **main walls** of Building A on Diagram 2 of By-law 496-2018 at and above a **height** of 8 **storeys** may encroach beyond the heavy lines shown on that Diagram 3 a maximum of 0.75 metres;
  - (ii) balconies on the south **main walls** of Building A on Diagram 2 of By-law 496-2018 at and above a **height** of 8 **storeys** may encroach beyond the heavy lines shown on that Diagram 3 a maximum of 1.5 metres;
  - (iii) pilasters or columns flanking or supporting balconies on the south **main wall** of Building A on Diagram 2 of By-law 496-2018 may encroach beyond the heavy lines shown on that Diagram 3 a maximum of 0.6 metres at and below a **height** of 6 **storeys**, and a maximum of 2.1 metres at and above a **height** of 7 **storeys**;
  - (iv) a trellis on the north **main wall** of Building A on Diagram 2 of By-law 496-2018 may encroach beyond the heavy lines shown on that Diagram 3 a maximum of 11.1 metres; and
  - (v) a trellis on the westerly portion of the south **main wall** of Building A on Diagram 2 of By-law 496-2018 may encroach beyond the heavy lines shown on that Diagram 3 a maximum of 4.9 metres;
- (I) Building A as shown on Diagram 2 of By-law 496-2018 may not penetrate a 45 degree **angular plane**, measured at a line parallel to and at a height above the **lot line** abutting Finch Avenue East, equal to 80 percent of the width of the **street** right-of-way, except for parapets in (D) and balconies and pilasters or supporting balconies in (H)(ii) and (iii) above to a maximum height of 1.8 metres;
- (J) The number of **dwelling units** in the **buildings** on Diagram 2 of By-law 496-2018 must not exceed:
  - (i) 188 **dwelling units** in Building A, of which a minimum of 15 **dwelling units** must be 3-bedroom **dwelling units** or larger; and
  - (ii) 247 **dwelling units** in Building B, of which a minimum of 17 **dwelling units** must be 3-bedroom **dwelling units** or larger;
- (K) The total **gross floor area** of all **buildings** and **structures** must not exceed 41,725 square metres;
- (L) The gross floor area of a **day nursery** must not exceed 325 square metres;
- (M) Despite Regulation 15.20.40.50(1), **amenity space** must be provided as follows:
  - (i) minimum of 2.0 square metres of indoor **amenity space** for each **dwelling unit** in Building A on Diagram 2 of By-law 496-2018;
  - (ii) for Building B on Diagram 2, a minimum of 46 square metres of indoor **amenity space** for the first 50 **dwelling units**, plus 0.9 square metres of indoor **amenity space** for each **dwelling unit** in excess of the first 50 **dwelling units**; and
  - (iii) a minimum of 2.2 square metres of outdoor **amenity space** for each **dwelling unit**;
- (N) Despite Regulation 15.5.50.10(1), a minimum area of 55 percent of the **lot** must be used for **landscaping**;
- (O) Despite Clause 15.20.30.40, the maximum **lot coverage** is 23 percent;
- (P) Despite the parking requirements in Table 200.5.10.1, **parking spaces** must be provided as follows:
  - (i) a minimum of 275 **parking spaces** for residents;
  - (ii) a minimum of 70 **parking spaces** for visitors; and
  - (iii) a maximum of 34 surface **parking spaces** located only in the north yard as shown on Diagram 3 of By-law 496-2018;

- (Q) Despite (F) above, the required minimum **building setback** for parking **structures** that are fully below ground is 3.0 metres from each **lot line** that abuts a **street** and 0 metres from any other **lot line**;
- (R) Despite Regulation 230.5.10.1(2) and (5), a minimum of 0.75 **bicycle parking spaces** per **dwelling unit** in Building A as shown on Diagram 2 of By-law 496-2018, allocated as 0.68 "long-term" **bicycle parking space** per **dwelling unit** and 0.07 "short-term" **bicycle parking space** per **dwelling unit**; and
- (S) Nothing in this By-law will prevent the use of a building or structure which existed on the lands on or prior to May 1, 2016 (including an **apartment building** and a **day nursery**).

  - (vi) window projections, including bay windows and box windows, by a maximum of 1.0 metres.
- (O) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided in accordance with the following:
  - (i) a minimum of 699 residential occupant **parking spaces** shall be provided and maintained for "Building 1," "Building 2," "Building 3" and "Building 4" as shown in Diagram 2 of By-law 1199-2022(OLT);
  - (ii) a minimum of 141 **parking spaces** for residential visitors of "Building 1," "Building 2," "Building 3," "Building 4" and the "Community Centre" as shown in Diagram 2 of By-law 1199-2022(OLT);
  - (iii) a minimum of 0.7 residential occupant **parking spaces** for all **dwelling units** for the "New Building" as shown on Diagram 2 of By-law 1199-2022(OLT); and
  - (iv) a minimum of 0.15 residential visitor **parking spaces** for each **dwelling unit** for the "New Building" as shown on Diagram 2 of By-law 1199-2022(OLT).
- (P) despite (O)(iii) and (iv) above, "car-share parking spaces" may replace **parking spaces** required for residential occupants in the "New Building", subject to the following:
  - (i) a reduction of four residential occupant **parking spaces** will be permitted for each "car-share parking space" provided and that the maximum reduction permitted be capped by the application of the following formula:
    - (a) four multiplied by the total number of **dwelling units** provided in "New Building" as shown on Diagram 2 of By-law 1199-2022(OLT), divided by 60, and rounded down to the nearest whole number.
  - (ii) for the purpose of this exception, "car-share" means the practice whereby a number of people share the use of one or more motor **vehicles** and such "car-share" motor **vehicles** are made available to at least the occupants of the **building** for short-term rental, including hourly rental; and
  - (iii) for the purpose of this exception, "car-share parking space" means a **parking space** exclusively reserved and signed for a **vehicle** used only for "car-share" purposes.
- (Q) Despite Regulations 200.15.1(1) and 200.15.10(1) and (2), a minimum of four of either of the required residential occupant or residential visitor **parking spaces** for the "New Building" as shown in Diagram 2 must be accessible **parking spaces** and must have the following minimum dimensions:
  - (i) length of 5.6 metres;
  - (ii) width of 3.4 metres, and
  - (iii) a vertical clearance of 2.1 metres.

(R) Despite regulation 230.5.10.1(5), **bicycle parking spaces** for the "New Building" shall be provided and maintained as follows:

- (i) a minimum of 0.68 "long-term" **bicycle parking spaces** per **dwelling unit**; and
- (ii) minimum of 0.07 "short-term" **bicycle parking spaces** per **dwelling unit**.

(S) Despite Regulation 220.5.1(2) and Clause 220.5.10.1, one Type "G" **loading space** and one Type "B" **loading space** must be provided and maintained for the use of the "New Building" as shown in Diagram 2;

(T) Regulation 15.5.100.1(2), regarding **driveway** access to **apartment buildings**, does not apply.

- (i) enclosures or vestibules providing rooftop access, lighting fixtures, trellises, canopies, awnings or other similar shade devices and associated **structures**, stairs, stair enclosures, vents, stacks, window washing equipment, wind or privacy screens, **structures** on the roof used for outside or open air recreation, heating, cooling or ventilating equipment or a wall or **structure** enclosing such elements, may project above the height limits by no more than 3.0 metres;
  - (ii) architectural features, parapets, and guard railings, balustrades, safety railings, privacy screens, ornamental elements, bollards, **green roof** elements, and associated **structures** may project above the height limits by no more than 1.8 metres;
  - (iii) skylights, roof access hatch may project above the height limits by no more than 4.0 metres;
  - (iv) parapets may project about the height limits and the maximum height of the mechanical penthouse by 0.8 m; and
  - (v) mechanical penthouses having maximum heights of 7.5 metres and covering no more than 70 percent of the roof on which it is located;
- (K) Despite Clause 15.20.40.70 and regulations 15.20.40.80(1)(B) and (2)(B), required minimum **building setbacks** and minimum separation distances are shown in metres on Diagram 4 of By-law 767-2020(LPAT);
- (L) Despite (K) above, and in addition to those elements listed in Clause 15.5.40.60, the following may encroach into the required minimum **building setbacks** and separation distances:
- (i) roof overhangs and cornices, parapets, canopies, balconies, lighting fixtures, awnings, ornamental elements, trellises, eaves, utility meters and associated enclosures, safety railings, stairs, stair enclosures, bollards, wheelchair ramps, vents, wind or privacy screens, landscape elements, terraces, decorative architectural features, bay windows, ramps and associated structures, by a maximum of 2 metres; and
  - (ii) despite (i) above, balconies are not permitted to encroach into the required minimum **building setbacks** facing Eglinton Avenue West;
- (M) Despite regulation 15.20.40.50(1), **amenity space** must be provided as follows:

- (i) a minimum of 1.6 square metres of indoor **amenity space** for each **dwelling unit**;
  - (ii) for the first 600 **dwelling units**, outdoor **amenity space** must be provided at an interim rate of 1.25 square metres per **dwelling unit**;
  - (iii) if the number of **dwelling units** exceeds a total of 600, outdoor **amenity space** must be provided at a combined total rate of 2.0 square metres per **dwelling unit**; and
  - (iv) no more than 25 percent of the outdoor component may be a **green roof**;
- (N) Despite regulation 15.5.50.10(1), no **landscaping** is required;
- (O) Despite regulation 200.5.10.1(1), **parking spaces** must be provided and maintained on the **lot** as follows:
- (i) a minimum of 0.7 **parking spaces** for each bachelor **dwelling unit**;
  - (ii) a minimum of 0.8 **parking spaces** for each one bedroom **dwelling unit**;
  - (iii) a minimum of 0.9 **parking spaces** for each two bedroom **dwelling unit**;
  - (iv) a minimum of 1.1 **parking spaces** for each three bedroom **dwelling unit**;
  - (v) a minimum of 0.15 visitor **parking spaces** for each **dwelling unit**; and
  - (vi) a minimum of 1.0 **parking space** for each 100 square metres of commercial and non-residential **gross floor area**;
- (P) Despite 200.15.10. (1) (C), 22 accessible **parking spaces** must be provided and maintained on the **lot**.
- (Q) Despite regulations 230.5.10.1(1), (2) and (5), **bicycle parking spaces** must be provided as follows:
- (i) a minimum of 0.68 **bicycle parking spaces** per **dwelling unit** must be allocated as long-term **bicycle parking spaces** for the **dwelling units**;
  - (ii) a minimum of 0.07 **bicycle parking spaces** per **dwelling unit** must be allocated as short-term **bicycle parking spaces** for the **dwelling units**;
  - (iii) a minimum of 0.13 **bicycle parking spaces** per 100 square metres of non-residential **interior floor area** must be allocated for long-term **bicycle parking spaces** for commercial and non-residential uses; and
  - (iv) a minimum 3 plus 0.25 **bicycle parking spaces** for each 100 square metres of **interior floor area** must be allocated for short-term **bicycle parking spaces** for commercial and non-residential uses;
- (R) Despite regulation 230.5.1.10(4), if a **stacked bicycle parking space** is provided, the minimum vertical clearance for each **stacked bicycle parking space** is 1.2 metres, the minimum width is 0.38 metres and the minimum length is 1.9 metres and if a double **stacked bicycle parking space** is provided, the minimum vertical clearance for each **bicycle parking space** is 1.2 metres, the minimum width is 0.19 metres and the minimum length is 1.2 metres.
- (S) Despite Clause 220.5.10.1:
- (i) for the first 600 **dwelling units**, at least one (1) Type "G" **loading space** must be provided;
  - (ii) if the number of **dwelling units** exceeds a total of 600, a combined total of one (1) Type "C" **loading space** and one (1) Type "G" **loading space** must be provided.
- (T) None of the provisions of By-law 569-2013 apply to prevent a sales office on the lands.

Prevailing By-laws and Prevailing Sections: (None Apply)  
[ By-law: 767-2020(LPAT) ]

(181) Exception RAC 181

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On lands municipally known as 25 St. Dennis Drive, if the requirements of By-law 326-2022(OLT), Section 6 and Schedule A together with Sections (B) to (O) of By-law 326-2022(OLT) are complied with, a **residential building** may be constructed and used;
- (B) In addition to the areas listed in Regulation 15.5.40.40(1), the **gross floor area** of a **building** is also reduced by parking, loading and bicycle parking at and above the first **storey**;

- (C) The permitted maximum **gross floor area** for all uses on the **lot** is 74,824 square metres, of which:
- (i) a maximum **gross floor area** of 28,572 square metres is permitted on "Parcel 1", as shown on Diagram 3 of By-law 326-2022(OLT);
  - (ii) a maximum **gross floor area** of 12,262 square metres is permitted on "Parcel 2", as shown on Diagram 3 of By-law 326-2022(OLT); and
  - (iii) a maximum **gross floor area** of 33,990 square metres is permitted on "Parcel 3", as shown on Diagram 3 of By-law 326-2022(OLT);
- (D) Despite Regulation 15.20.40.70, the minimum required **building setbacks** in meters are as shown on Diagram 3 of By-law 326-2022(OLT);
- (E) Despite Regulation (D) above and Regulation 15.20.40.60, the following elements may encroach into a required **building setback**:
- (i) architectural features, awnings, balconies, balustrades, canopies, cornices, doors, eaves, guardrails, light fixtures, ornamental elements, parapets, trellises, railings, stairs, stair enclosures, underground garage ramps, ventilation shafts, walls of an underground garage, wheelchair ramps, window sills and associated **structures**, to a maximum of 2.1 metres;
- (F) For the purpose of this By-law 326-2022(OLT), **established grade** is the Canadian Geodetic Elevation of 127.15 metres on "Parcel 1", 127.7 metres on "Parcel 2" and 127.25 metres on "Parcel 3";
- (G) Despite Regulation 15.20.40.10, the permitted maximum height of each **building** or **structure** is the numerical value, in metres, following the letters "HT" and the permitted maximum number of **storeys** is the number following the letters "ST" as shown on Diagram 3 of By-law 326-2022(OLT);
- (H) Despite Regulation (G) above and 15.5.40.10(2) to (6) inclusive, the following elements may project beyond the permitted maximum height:
- (i) Roof access, enclosed stair wells, elevators overruns, elevator shafts, elevator machine room, maintenance equipment storage, mechanical and ventilation equipment and water supply facilities, which may project beyond the roof up to 5.0 metres; and
  - (ii) parapets, electrical, utility, vents, chimneys, flues, **green roof** elements, vent stacks, roof assemblies and any ornamental roof **structures**, which may project up to a maximum height of 2.1 metres beyond the height of the roof or the elements listed in Section H(i) above;
- (I) Despite Regulation 15.5.50.10(1), a minimum of 6,800 square metres of **landscaping** must be provided as follows:
- (i) a minimum of 3,400 square metres on "Parcel 1";
  - (ii) a minimum of 1,900 square metres on "Parcel 2"; and
  - (iii) a minimum of 1,500 square metres on "Parcel 3";
- (J) Despite regulation 15.20.40.50(1), **amenity space** must be provided in accordance with the following standards:
- (i) a minimum of 1.31 square metres per **dwelling unit** of indoor **amenity space** per **dwelling unit** for the use of residents on "Parcel 2" and "Parcel 3";
  - (ii) as part of the requirement in (J) i. above, a minimum of 100 square metres of "common indoor amenity space" must be provided on the ground floor of the **building** having a maximum height of 37 **storeys** and 108.5 metres on "Parcel 3", a minimum of 96 square metres of "common indoor amenity space" must be provided on the ground floor of the **building** having a maximum height of 12 **storeys** and 36.5 metres on "Parcel 2" and a minimum of 490 square metres of "common indoor amenity space" must be provided on the ground floor of the **building** on "Parcel 1";
  - (iii) a minimum of 1.30 square metres per **dwelling unit** of outdoor **amenity space** for the use of residents on "Parcel 2" and Parcel 3;
  - (iv) as a component of (J)iii. above, a minimum of 550 square metres of "common outdoor amenity space" must be provided; and
  - (v) **amenity space** may be provided on "Parcel 1", "Parcel 2" and "Parcel 3";
- (K) **Parking spaces, drive aisles and driveways** located below ground within the area identified on Diagram 4 of By-law 326-2022(OLT), existing on the date of approval of By-law 326-2022(OLT) are deemed to comply with the requirements of By-law 569-2013;

(L) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided on the **lot** in accordance with the following standards:

- (i) a minimum of 335 **parking spaces** for residents;
- (ii) a minimum of 60 **parking spaces** for residential visitors;
- (iii) a maximum of 69 **parking spaces** may be located on the surface of the **lot**;
- (iv) the minimum parking requirements noted in (L)i., ii. and iii. above may be provided on "Parcel 1", "Parcel 2" and "Parcel 3";
- (v) a minimum of 4 dedicated "car share parking spaces" at grade; and
- (vi) a minimum of 25 "electric vehicle parking spaces" ;

(M) Despite Regulation 230.5.10.1(1), **bicycle parking spaces** must be provided on the **lot** for **dwelling units** constructed after the issuance of the Order of the Local Planning Appeal Tribunal approving By-law 326-2022(OLT), in accordance with the following standards:

- (i) a minimum total of 500 "long-term" **bicycle parking spaces** on "Parcel 2" and "Parcel 3";
- (ii) a minimum of 91 "short-term" **bicycle parking spaces**, of which a minimum of 30 "short-term" **bicycle parking spaces** must be provided on "Parcel 1";
- (iii) a minimum of 2 bicycle repair stations must be provided, including one within a secure bicycle parking area; and
- (iv) the minimum **bicycle parking space** requirements noted in (M)i., ii, and iii above may be provided on "Parcel 1", "Parcel 2" and/or "Parcel 3", unless stated otherwise.

(N) Despite Regulation 220.5.10.1(2), **loading spaces** must be provided in accordance with the following standards:

- (i) a minimum of one Type "G" **loading space** must be provided on "Parcel 2"; and
- (ii) a minimum of one Type "G" **loading space** must be provided on "Parcel 3"; and

(O) For the purpose of this exception, the following definitions apply:

- (i) "car-share parking space" shall mean a **parking space** reserved for the practice whereby a number of people share the use of one or more **vehicles** that are owned by a profit or non-profit "car-sharing" organization and such "car-share" motor **vehicles** are made available to at least the occupants of the **building** for short term rental, including hourly rental. A "car-share **parking space**" is a **parking space** exclusively reserved for a car used only for "car-share" purposes.
- (ii) "common indoor amenity space" shall mean areas set aside on the ground floor of the **building** having a maximum height of 37 **storeys** and 108.5 metres ("Parcel 3") and the **building** having a maximum height of 12 **storeys** and 36.5 metres ("Parcel 2") and the **building** having a maximum height of 17 **storeys** ("Parcel 1"), as shown on Diagram 3, for social and/or recreational purposes such as exercise rooms, meeting or party rooms and other similar uses, which are accessible to all residents and tenants residing in **buildings** located on "Parcel 1", "Parcel 2" and "Parcel 3". Common indoor **amenity space** forms part of **amenity space**.
- (iii) "common outdoor amenity space" shall mean outdoor areas at grade set aside for social and/or recreational purposes such as playgrounds, seating areas, publicly accessible privately owned and maintained areas which are accessible to all residents and tenants of the **buildings** on "Parcel 1", "Parcel 2" and "Parcel 3". Common outdoor **amenity space** forms part of **amenity space**.
- (iv) "electric vehicle parking space" shall mean a **parking space** that is enhanced for future electric **vehicle** charging consisting of empty raceways or conduits starting in a junction box in the electrical room and terminating in a junction box central to each **parking garage** floor. For clarity, conduits may be empty to accommodate future wiring of an electric **vehicle** charging space. Electric **vehicle** charging equipment may encroach within the required dimensions of a **parking space**, up to a maximum of 0.3 metres.
- (v) "Parcel 1" shall mean the area identified as "Parcel 1" on Diagram 3 of By-law 326-2022(OLT).
- (vi) "Parcel 2" shall mean the area identified as "Parcel 2" on Diagram 3 of By-law 326-2022(OLT).
- (vii) "Parcel 3" shall mean the area identified as "Parcel 3" on Diagram 3 of By-law 326-2022(OLT).

(183) Exception RAC 183

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) On lands municipally known in the year 2021 as 3051 to 3079 Pharmacy Avenue, identified on Diagram 1 of By-law 161-2023, a **building, structure**, addition, or enlargement may be constructed or used if it complies with (B) to (W) below;
- (B) For the purposes of this exception, **established grade** is the Canadian Geodetic Datum elevation of 183.5 metres;
- (C) Regulations for an **apartment building** in Clause 15.5.40.40, Regulations 15.5.50.10(1), 15.5.80.10(2), 15.20.20.100(1), 15.20.20.100(4), 15.20.20.100(12), 15.20.20.100(13), 15.20.40.50(1), and 15.20.40.70(4) can also be applied to **mixed use buildings** and **townhouses**;
- (D) Despite regulation 15.5.50.10(1), a minimum of 1600 square metres of **landscaping** is required on the **lot** of which 900 square metres must be comprised of **soft landscaping**;
- (E) Regulation 15.5.80.30(1), with regards to **parking space** separation from an **apartment building** does not apply;
- (F) Regulation 15.5.100.1(2) with regards to **driveway** access does not apply;
- (G) In addition to the permitted **building** types listed in Clause 15.20.20.40, a **mixed use building** or **townhouse** are also permitted **building** types;
- (H) Despite Clause 15.20.20.10, the only permitted uses are:
  - (i) **Dwelling units** in a permitted **residential building** type in Clause 15.20.20.40;
  - (ii) **Education use**;
  - (iii) **Financial institution**;
  - (iv) **Massage therapy**;
  - (v) **Medical office**;
  - (vi) **Personal service shop**;
  - (vii) **Pet services**;

- (viii) **Retail service;**
  - (ix) **Veterinary hospital;** and
  - (x) **Wellness centre.**
- (I) Despite Clause 15.20.20.20, the only permitted uses subject to condition are:
- (i) **Automated banking machine**, provided it complies with Regulation 15.20.20.100(2);
  - (ii) **Day nursery**, provided it complies with the specific use Regulations in Section 150.45;
  - (iii) **Retail store**, provided it complies with Regulations 15.20.20.100(1) (A), (D), (E) and (F); and
  - (iv) **take- out eating establishment**, provided it complies Regulations 15.20.20.100(1) (A), (D), (E) and (F);
- (J) Despite regulation 15.20.40.10(1)(A) and 15.20.40.10(2)(A), no portion of any **building** or **structure** may exceed the height in metres and number of **stories** specified by the number following the "HT" and "ST" symbol as shown on Diagram 3 attached to By-law 161-2023;
- (K) Despite (J) above and Regulations 15.5.40.10(3) and (4), the following **building** elements may project above the permitted maximum height:
- (i) Stairs and stair enclosures, enclosures or vestibules providing rooftop access, rooftop mechanical equipment, trellises, terraces, guard rails, pergolas, eaves, parapets, columns and beams, screens, roof drainage, skylights, vents, antennae, and a mechanical/electrical room may exceed the permitted maximum height up to a maximum of 2.5 metres;
- (L) Despite regulation 15.20.40.40(1) (B), the permitted maximum **gross floor** area of all **buildings** and **structures** on the **lot** is 12,100 square metres, of which a minimum non-residential **gross floor area** of 265 square metres is required;
- (M) In addition to the areas identified in Regulation 15.5.40.40(1), the **gross floor area** of an **apartment building**, **mixed use building** or **townhouse** is also reduced by the area in a **building** used as a **parking garage**;
- (N) Despite Clauses 15.20.40.70 and 15.20.40.80, the required minimum **building setbacks** and the required minimum separation distances between **main walls** of **buildings** or **structures** are as shown on Diagram 3 of By-law 161-2023, except that the required minimum aboveground separation distance between those **main walls** facing each other is 10.0 metres at the second and third **storeys** and 11.0 metres at the fourth **storey**;
- (O) In addition to the permitted encroachments into a required **building setback** listed in Clause 15.5.40.60, the following **building** elements are also permitted to encroach into the required minimum **building setbacks**:

(185) Exception RAC 185

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-law and Prevailing Sections.

Site Specific Provisions:

- (A) On 1184 Wilson Avenue, as shown on Diagram 1 of By-law 985-2022, if the requirements of By-law 985-2022 are complied with, a **building or structure**, may be constructed, used or enlarged in compliance with (B) to (T) below;
- (B) For the purpose of this exception, **established grade** is the Canadian Geodetic Datum elevation of 172.00 metres;
- (C) Despite Regulation 15.5.50.10 (1), there is no minimum area of the **lot** required for **landscaping** or **soft landscaping**;
- (D) Despite Regulation 15.5.50.10 (2), a strip of land for **soft landscaping** along a **lot line** abutting a **lot** in an RD zone, may include a raised planter and a retaining wall;
- (E) Despite Clause 15.20.20.100 all non-residential uses must be located on the ground floor of an **apartment building** and must not exceed a total **gross floor area** of 375.0 square metres;
- (F) Despite Regulation 15.20.40.10(1), the permitted maximum height of a **building or structure** is the number in metres following the letters "HT" symbol as shown on Diagram 5 of By-law 985-2022;
- (G) Despite Regulation 15.20.40.10(2), the permitted maximum number of **storeys** of a **building or structure** is the number following the letters "ST" as shown on Diagram 5 of By-law 985-2022;
- (H) Despite Clause 15.5.40.10 and (F) above, the following equipment and **structures** may project beyond the permitted maximum height shown on Diagram 5 of By-law 985-2022:
  - (i) Roof drainage components, or thermal and waterproofing assemblies located at each roof level;
  - (ii) Planters, railings and privacy screens located at each roof level, by a maximum of 1.5 metres;
  - (iii) A parapet by a maximum of 1.5 metres;
  - (iv) **Structures** on the roof of any part of the **building** used for, **green roofs**, wind mitigation features, landscape features, partitions dividing outdoor balconies, telecommunications equipment and antennae, window washing equipment, lighting rods and exhaust flues, by a maximum of 2.5 metres; and
  - (v) **Structures** or equipment used for the functional operation of the **building**, such as electrical, utility, mechanical and ventilation equipment, enclosed stairwells, mechanical penthouses, roof accesses, elevator shafts, vents and or water supply facilities, by a maximum of 5.0 metres.
- (I) The maximum permitted **gross floor area** on the **lot** is 17,814 square metres;
- (J) A maximum of 262 **dwelling units** are permitted;
- (K) Despite Regulation 15.20.40.50(1), **amenity space** must be provided on the **lot** at the following rate:
  - (i) A minimum of 2.18 square metres for each **dwelling unit** as indoor **amenity space**; and
  - (ii) A minimum of 2.20 square metres for each **dwelling unit** as outdoor **amenity space**.
- (L) Despite Clause 15.20.40.70, the required minimum **building setbacks** are as shown in metres on Diagram 5 of By-law 985-2022;
- (M) Despite Regulation 15.20.40.80 (1), the required minimum separation of **main walls** are as shown in metres on Diagram 5 of By-law 985-2022;
- (N) Despite Regulation 15.20.40.80 (4), the required minimum distance between an **apartment building** in the RAC zone and a **lot** in a RD zone is 5.5 metres;

- (O) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided in accordance with the following:
- (i) Minimum of 0.8 resident **parking spaces** per one-bedroom **dwelling unit**;
  - (ii) Minimum of 0.8 resident **parking spaces** per one-bedroom plus den **dwelling unit**;
  - (iii) Minimum of 0.9 resident **parking spaces** per two-bedroom **dwelling unit**;
  - (iv) Minimum of 1.1 resident **parking spaces** per three-bedroom **dwelling unit**;
  - (v) Minimum of 0.15 visitor **parking spaces** per **dwelling unit**;
  - (vi) Minimum of one (1) "car-share" **parking space**; and
  - (vii) No additional **parking spaces** will be required for non-residential uses on the ground floor of an **apartment building**.
- (P) For the purposes of this Exception:
- (i) "Car-share" means the practice whereby a number of people share the use of one or more motor **vehicles** and such "car share" motor **vehicles** are made available to at least the occupants of the **building** for short-term rental, including hourly rental;
  - (ii) "Car-share **parking space**" means a **parking space** exclusively reserved and signed for a vehicle used only for "car-share" purposes; and
  - (iii) "Type G Loading Space" means a **loading space** that is a minimum of 4.0 metres wide, 13.0 metres long and has a minimum vertical clearance of 6.1 metres.
- (Q) Despite Clause 220.5.10.1:
- (i) one (1) Type "G " **loading space** is required; and
  - (ii) no additional **loading space** will be required for any non-residential uses on the ground floor of an **apartment building**.
- (R) Despite Regulations 230.5.10.1(1) and (4) and Table 230.5.10.1(1), **bicycle parking spaces** must be provided in accordance with the minimum rates:
- (i) 0.07 "short term" **bicycle parking spaces** per **dwelling unit**;
  - (ii) 0.68 "long term" **bicycle parking spaces** per **dwelling unit**; and
  - (iii) No additional **bicycle parking spaces** are required for non-residential uses on the ground floor of an **apartment building**.
- (S) Despite Regulation 230.5.1.10 (7), no change and shower facilities are required;
- (T) The provision of **dwelling units** is subject to the following:
- (i) a minimum of 15 percent of the total number of **dwelling units** must have two or more bedrooms;
  - (ii) a minimum of 10 percent of the total number of **dwelling units** must have three or more bedrooms;
  - (iii) any **dwelling units** with three or more bedrooms provided to satisfy (ii) above are not included in the provision required by (i) above; and
  - (iv) if the calculation of the number of required **dwelling units** with two or three bedrooms results in a number with a fraction, the number shall be rounded down to the nearest whole number.

(186) Exception RAC 186

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) On 5950 Bathurst Street, if the requirements of By-law 983-2022 are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with Regulations (B) to (Y) below;
- (B) The **buildings** and **structures** permitted on the **lot** include the "Existing Building" and "New Building" as shown on Diagram 3 of By-law 983-2022;

- (i) For the purposes of this exception, "Existing Building" means the existing **apartment building** located on the lands municipally known as 5950 Bathurst Street in the year 2021 as shown on Diagram 3 of By-law 983-2022, subject to alterations, additions and internal modifications that do not result in any additional **gross floor area**;
  - (ii) For the purposes of this exception, "New Buildings" means the proposed **apartment building** and **townhouses** on the lands as shown on Diagram 3 of By-law 983-2022;
- (C) Despite Regulation 15.20.20.40(1), **dwelling units** are permitted within an **apartment building** or **townhouse**;
- (D) Despite Regulation 15.5.40.10(1), the height of a **building** or **structure** is the distance between the Canadian Geodetic Datum of 186.70 metres and elevation of the highest point of the **building** or **structure**;
- (E) Despite Regulation 15.20.30.40 (1)(A), the permitted maximum **lot coverage**, as a percentage of the **lot area**, is 45 percent;
- (F) Despite Regulation 15.20.40.40(1), the "New Buildings" must not exceed a total **floor space index** of 2.49;
- (G) Despite Regulation 15.5.40.40(1), the total **gross floor area** located within the "Existing Building" must not exceed the **gross floor area** existing therein as of September 1, 2019;
- (H) A maximum of 260 **dwelling units** are permitted in the "New Buildings" of which:
  - (i) a minimum of 25 percent must be two-bedroom **dwelling units**;
  - (ii) a minimum of 10 percent must be three-bedroom **dwelling units**; and
  - (iii) any **dwelling units** with three or more bedrooms provided to satisfy (ii) above are not included in the provision required by (i) above;
- (I) A maximum of 129 **dwelling units** are permitted in the "Existing Building";
- (J) Despite Regulation 15.20.40.10(1), the permitted maximum height of a **building** or **structure** is the number following the "HT" symbol in metres as shown on Diagram 3 of By-law 983-2022;
- (K) Despite Regulations 15.5.40.10 (3) to (6) and (I) above, the following equipment and **structures** may project beyond the permitted maximum height of a **building**;
  - (i) equipment used for the functional operation of the **building** including electrical, utility, mechanical and ventilation equipment, enclosed stairwells, roof access, maintenance equipment storage, elevator shafts, chimneys, and vents to a maximum of 6.0 metres;
  - (ii) **structures** that enclose, screen or cover the equipment, **structures** and parts of a **building** listed in (i) above, inclusive of a mechanical penthouse, to a maximum of 6.0 metres;
  - (iii) architectural features, parapets, elements and **structures** associated with a **green roof**, planters, bollards, fences, retaining walls, vents, **landscaping** features, guard rails, and divider screens on a balcony and/or terrace by a maximum of 2.5 metres;
  - (iv) **building** maintenance units and window washing equipment, by a maximum of 5.5 metres;
  - (v) trellises, pergolas, lighting fixtures and unenclosed **structures** providing safety or wind protection to rooftop **amenity space**, by a maximum of 3.5 metres; and
  - (vi) additional equipment and **structures** not identified in (i) to (v) above that existed above the height of the "Existing Building" as shown on Diagram 3 as of September 1, 2019;
- (L) Despite Regulation 15.20.40.50(1), a **building** with 20 or more **dwelling units** must provide **amenity space** at the following rate:
  - (i) At least 2.0 square metres for each **dwelling unit** in the "New Buildings" as indoor **amenity space**;
  - (ii) At least 2.0 square metres of outdoor **amenity space** for each **dwelling unit** in the "New Buildings" of which 40.0 square metres must be in a location adjoining or directly accessible to the indoor **amenity space**;
  - (iii) The 3.0 metre wide strip of lands shown as "Trail Connection" on Diagram 3 of By-law 983-2022 cannot be counted towards the achievement of the required outdoor **amenity space** in (ii);
  - (iv) The **amenity space** provided in accordance with Regulations (i) and (ii) above must be available and accessible to the residents of the "Existing Building";

- (M) Despite Clause 15.20.40.70, the required minimum **building setbacks** are as shown in metres on Diagram 3 of By-law 983-2022;
- (N) Despite Clause 15.20.40.80, the required separation of **main walls** are as shown in metres on Diagram 3 of By-law 983-2022;
- (O) Despite Clauses 15.5.40.60 and (M) and (N) above, the following elements may encroach into the required minimum **building setbacks** and **main wall** separation distances as follows:
- (i) decks, porches, terraces, exterior stairs and stair enclosures, access ramps, elevating devices, lighting fixtures, and bicycle racks, by a maximum of 6.25 metres at the **first floor**;
  - (ii) canopies, awnings and screens by a maximum of 3.0 metres;
  - (iii) balconies and guardrails, by a maximum of 2.0 metres;
  - (iv) architectural features, such as a pilaster, decorative column, cornice, sill, belt course, or chimney breast and cladding added to the exterior surface of the **main wall** of a **building**, by a maximum of 1.5 metres;
  - (v) eaves, dormers, cornices, chimneys, vents, pipes, windowsills, stacks, by a maximum of 1.0 metres; and
  - (vi) fences, planters, and retaining walls;
- (P) Regulations 15.5.50.10(1) and (3), with respect to minimum **landscaping** requirements does not apply;
- (Q) Despite Regulation 15.5.100.1(1) a **driveway** within 4.5 metres of a **lot line** abutting a **street** must have:
- (i) A minimum width of 3.0 metres for each **lane**; and
  - (ii) A maximum width of 6.0 metres;
- (R) Regulation 15.5.100.1(2), with respect to **driveway** access to **apartment buildings**, does not apply;
- (S) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided in accordance with the following:
- (i) a minimum of 0.61 residential occupant **parking spaces** for each **dwelling unit**;
  - (ii) a minimum of 0.09 residential visitor **parking spaces** for each **dwelling unit**; and
  - (iii) a minimum of 3 **parking spaces** for the **Day Nursery** use;
- (T) Despite (S) above, "car-share **parking spaces**" may replace **parking spaces** required for residential occupants, subject to the following:
- (i) a reduction of four (4) resident occupant **parking spaces** will be permitted for each "car-share **parking space**" provided and that the maximum reduction permitted be capped by the application of the following formula:
    - (a) four (4) multiplied by (total number of **dwelling units** divided by 60), rounded down to the nearest whole number;
  - (ii) for the purpose of this exception, "car-share" means the practice whereby a number of people share the use of one or more motor **vehicles** and such "car-share" motor **vehicles** are made available to at least the occupants of the **building** for short-term rental, including hourly rental; and
  - (iii) for the purpose of this exception, "car-share **parking space**" means a **parking space** exclusively reserved and signed for a **vehicle** used only for "car-share" purposes;
- (U) Despite Regulation 200.5.1(1), within the "Existing Building" a minimum **drive aisle** width of 5.0 metres is permitted;
- (V) Despite Regulation 200.5.1.10(2), within the "Existing Building" a maximum of 20 **parking spaces** may have the following minimum dimensions:
- (i) length of 5.6 metres;
  - (ii) width of 2.2 metres; and
  - (iii) vertical clearance of 2.0 metres;
- (W) Despite Regulations 200.15.1(1) and (3), an accessible **parking space** must have the following minimum dimensions:

- (i) length of 5.6 metres;
  - (ii) width of 3.4 metres;
  - (iii) vertical clearance of 2.1 metres; and
  - (iv) a 1.5 metre wide accessible barrier-free aisle or path is required along the entire length of one side of an accessible **parking space**, and such aisle or path may be shared by 2 accessible **parking spaces**;
- (X) Despite Regulation 230.5.1.10(4)(B)(i), the required minimum length or vertical clearance of a **bicycle parking space** if placed in a vertical position on a wall, **structure** or mechanical device is 1.2 metres;
- (Y) Despite Regulation 230.5.1.10(4)(C), if a **stacked bicycle parking space** is provided, the minimum width for each **bicycle parking space** is 0.4 metres and the minimum vertical clearance for each **bicycle parking space** is 1.0 metres.

Prevailing By-laws and Prevailing Sections: (None Apply)

(187) Exception RAC 187

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On the lands shown on Diagram 1 of By-law 828-2022, if the requirements of this By-law are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with Regulations (B) to (Q) below;
- (B) For the purposes of this exception:
- (i) "lot" is defined as the lands outlined by black lines collectively comprising Block 1, Block 2, Block 4, Block 5, Block 7A, Block 7B, Existing Block 1 and Existing Block 2 as identified on Diagram 1 of By-law 828-2022;
  - (ii) "lot line" is defined to include the boundary of any of Block 1, Block 2, Block 4, Block 5, Block 7A, Block 7B, Existing Block 1 and Existing Block 2 as identified on Diagram 1 of By-law 828-2022;
  - (iii) "existing buildings" are the **buildings** and **structures** lawfully existing on the **lot**, labelled as "Existing Building" as shown on Diagram 3 of By-law 828-2022; and
  - (iv) "average grade" means the average elevation of the finished ground surface, around all sides of a **building** or **structure**, measured where the **building** or **structure** meets the ground surface;
- (C) In addition to the building types permitted in 15.20.20.40(1), a **townhouse** is a permitted **residential building** type;
- (D) Despite Regulation 15.5.50.10(1)(B), no **soft landscaping** is required;
- (E) Despite Regulation 15.20.30.10(1), the minimum **lot area** is 600.0 square metres;
- (F) Despite Regulation 15.20.30.20(1), the minimum **lot frontage** is 15.0 metres;
- (G) Regulation 15.20.30.40(1), with respect to **lot coverage** does not apply
- (H) Despite Regulation 15.5.40.10(1), the height of a **building** or **structure** is the distance between the "average grade" and elevation of the highest point of the **building** or **structure**;
- (I) Despite Regulations 15.20.40.10(1) and (2), the permitted maximum height and number of **storeys** of a **building** or **structure** is the numerical value in metres, following the letters "HT" and the number of **storeys**, following the letters "ST" on Diagram 3 of By-law 828-2022;
- (J) The buildings labelled as Existing Building on Diagram 3 of By-law 828-2022, and the **structures** and uses on Existing Block 1 and Existing Block 2 shown on Diagram 1 of By-law 828-2022 on the **lot** as of June 1, 2022, are permitted on the **lot**;
- (K) Despite Regulation 15.20.40.40(1), the maximum permitted **gross floor area**, excluding Existing Block 1 and Existing Block 2 as shown on Diagram 1 of By-law 828-2022 is 115,000.0 square metres, of which the maximum permitted **gross floor area** for Block 4, Block 5, Block 7A and Block 7B as shown on Diagram 1 of By-law 828-2022 is as follows:
- (i) 30,500.0 square metres for Block 4;
  - (ii) 7,200.0 square metres for Block 5;

- (iii) 14,100.0 square metres for Block 7A; and
  - (iv) 14,700.0 square metres for Block 7B;
- (L) Despite Clause 15.20.40.70, the required minimum **building setbacks** are as specified in Regulations (i) to (vi) below;
- (i) On Block 1, as identified on Diagram 1 of By-law 828-2022:
    - (a) the portions of a **building** or **structure** located between "average grade" and a height of 30.0 metres must be setback a minimum of 2.0 metres and a maximum 6.0 metres from the "lot line";
    - (b) the **main wall** of a **building** or **structure** located above a height of 18.0 metres, must be setback a minimum of 3.0 metres from the exterior of a **main wall** of any **storey** of the same **building** or **structure** located below a height of 18.0 metres, excluding the elements permitted by (O) below; and
    - (c) the portions of a **building** or **structure** located above a height of 18.0 metres must not exceed a maximum floor area, measured from the exterior of the **main wall** of each floor level and inclusive of the entire floor, of 850.0 square metres;
  - (ii) On Block 2, as identified on Diagram 1 of By-law 828-2022:
    - (a) the portions of a **building** or **structure** located between "average grade" and a height of 30.0 metres must be setback a minimum of 2.0 metres and a maximum 6.0 metres from the "lot line";
    - (b) the portions of a **building** or **structure** located between "average grade" and a height of 30 metres must be setback a minimum of 0.0 metres and a maximum of 6.0 metres from the "lot line" abutting Jane Street;
    - (c) the **main wall** of a **building** or **structure** located above a height of 30.0 metres, must be setback a minimum of 3.0 metres from the exterior of a **main wall** of any **storey** of the same **building** or **structure** located below a height of 30 metres, excluding the elements permitted by (O) below;
    - (d) no portion of a **building** or **structure** located above a height of 30.0 metres may be erected more than 35.0 metres from the "lot line" fronting onto Jane Street excluding the elements permitted by Regulation (O) of By-law 828-2022; and
    - (e) the portions of a **building** or **structure** located above a height of 22.0 metres must not exceed a maximum floor area, measured from the exterior of the **main wall** of each floor level and inclusive of the entire floor, of 800.0 square metres;
  - (iii) On Block 4, as identified on Diagram 1 of By-law 828-2022:
    - (a) the portions of a **building** or **structure** located between **average grade** and a height of 30.0 metres must be setback a minimum of 2.0 metres and a maximum 6.0 metres from the "lot line";
    - (b) the portions of a **building** or **structure** located between "average grade" and a height of 30.0 metres must be setback a minimum of 0.0 metres and a maximum of 6.0 metres from the "lot line" abutting Jane Street;
    - (c) the **main wall** of a **building** or **structure** located above a height of 22.0 metres, must be setback a minimum of 3.0 metres from the exterior of a **main wall** of any **storey** of the same **building** or **structure** located below a height of 22.0 metres, excluding the elements permitted by (O) below;
    - (d) no portion of a **building** or **structure** above a height of 30.0 metres may be erected more than 55.0 metres from the "lot line" fronting onto Jane Street, excluding the elements permitted by (O) below; and
    - (e) the portions of a **building** or **structure** located above a height of 22.0 metres must not exceed a maximum floor area, measured from the exterior of the **main wall** of each floor level and inclusive of the entire floor, of 750.0 square metres;
  - (iv) On Block 5, as identified on Diagram 1 of By-law 828-2022:
    - (a) the portions of a **building** or **structure** located between "average grade" and a height of 30 metres must be setback a minimum of 2.0 metres and a maximum 6.0 metres from the "lot line"; and

- (b) no portion of a **building** or **structure** above a height of 15.0 metres may be erected more than 35.0 metres from the "lot line" fronting onto Street C as shown on Diagram 1 of By-law 828-2022, excluding the elements permitted by (O) below;
- (v) On Block 7A, as identified on Diagram 1 of By-law 828-2022:
  - (a) the portions of a **building** or **structure** located between "average grade" and a height of 30 metres must be setback a minimum of 2.0 metres and a maximum 6.0 metres from the "lot line";
  - (b) the portions of a **building** or **structure** located between "average grade" and a height of 30 metres must be setback a minimum of 2.5 metres and a maximum 14.0 metres from the "lot line" abutting Firgrove Crescent; and
  - (c) the **main wall** of a **building** or **structure** located above a height of 12.0 metres must be setback a minimum 1.5 metres from the exterior of a **main wall** of any **storey** of the same **building** or **structure** located below a height of 12.0 metres, excluding the elements permitted by (O) below;
- (vi) On Block 7B, as identified on Diagram 1 of By-law 828-2022:
  - (a) the portions of a **building** or **structure** located between "average grade" and a height of 30.0 metres must be setback a minimum of 2.0 metres and a maximum of 6.0 metres from the "lot line";
  - (b) the portions of a **building** or **structure** located between "average grade" and a height of 30.0 metres must be setback a minimum of 2.5 metres and a maximum of 8.0 metres from the "lot line" abutting Firgrove Crescent;
  - (c) the **main wall** of a **building** or **structure** located above a height of 18.0 metres, must be setback a minimum of 3.0 metres from the exterior of a **main wall** of any **storey** of the same **building** or **structure** located below a height of 18.0 metres, excluding the elements permitted by (O) below; and
  - (d) the portions of a **building** or **structure** located above a height of 18.0 metres must not exceed a maximum floor area, measured from the exterior of the **main wall** of each floor level and inclusive of the entire floor, of 750.0 square metres;
- (M) In addition to the requirements of Regulation 15.20.40.80(2)(B) and Regulation (L) above, every **building** with a height greater than 30.0 metres must be separated by at least 25.0 metres from each other **building** with a height greater than 30.0 metres, measured only for the portions of the **buildings** that collectively enclose the entirety of a **storey** with a height greater than 30.0 metres, excluding the elements permitted by (O) below;
- (N) In addition to the requirements of Regulation 15.20.40.80(1) and Regulation (L) above, if a line projected at a right angle from a **main wall** of a **building** with a height greater than 30.0 metres intercepts another **main wall** of the same **building**, those **main walls** must be separated by a minimum 25.0 metres, measured only for the portions of the **building** that collectively enclose the entirety of a **storey** with a height greater than 30.0 metres, excluding the elements permitted by (O) below;
- (O) Despite Clause 15.5.40.60 and Regulation (L) above, the following elements may encroach into the required minimum **building setbacks** as follows:
  - (i) Balconies, cornices, lighting fixtures, awnings, ornamental elements, commercial or wayfinding signage, parapets, trellises, eaves, window sills and projections, guardrails, balustrades, railings, wheel chair ramps or other accessibility features, stairs, stair enclosures, vents, underground garage ramps and their associated **structures** or equipment, fences, screens, planter boxes, intake and exhaust vents, to a maximum of 2.0 metres;
  - (ii) Wind mitigation features including canopies, awnings and glazed entry vestibules to a maximum of 3.0 metres;
- (P) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided and maintained in accordance with the following:
  - (i) For 'assisted housing' **dwelling units**, **parking spaces** must be provided for each **dwelling unit** in accordance with the following minimum rates:
    - (a) A minimum of 0.36 **parking spaces** for each two bedroom **dwelling unit**;

- (b) A minimum 0.71 **parking spaces** for each three bedroom **dwelling unit**; and
- (c) A minimum of 0.1 visitor **parking spaces** for each **dwelling unit**;
- (ii) For **dwelling units** in an **apartment building**, **parking spaces** must be provided for each **dwelling unit** in accordance with the following minimum rates:
  - (a) A minimum 0.74 **parking spaces** for each one bedroom **dwelling unit**;
  - (b) A minimum of 0.81 **parking spaces** for each two bedroom **dwelling unit**;
  - (c) A minimum 1.0 **parking spaces** for each three bedroom **dwelling unit**; and
  - (d) A minimum of 0.1 visitor **parking spaces** for each **dwelling unit**;
- (iii) For non-residential uses, **parking spaces** must be provided in accordance with the following minimum rates:
  - (a) **Parking spaces** must be provided at a ratio of 1.5 **parking spaces** per 100 square metres of **gross floor area**;

(Q) Required **parking spaces** for non-residential uses may be provided on Block 1, Block 2, Block 3, Block 4, Block 5, Block 6, Block 7A and/or Block 7B, as shown on Diagram 1 of By-law 828-2022 and may be shared on a non-exclusive basis.

(188) Exception RAC 188

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections.

Site Specific Provisions:

- (A) On 30 Gilder Drive, if the requirements of By-law 896-2022 are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with Regulations (B) to (U) below;
- (B) The **buildings** and **structures** permitted on the **lot** include the "Existing Building" and "New Building" as shown on Diagram 3 of By-law 896-2022:
  - (i) For the purposes of this exception, "new building" means the **apartment building** labelled as "New Building" as shown on Diagram 3 attached to By-law 896-2022;
  - (ii) For the purposes of this exception, "existing building" means the **apartment building** labelled as "Existing Building" as shown on Diagram 3 attached to By-law 896-2022 and existing **ancillary buildings** or **structures**, including portions below finished ground level, an underground **parking garage** and garage entry ramp, all as existing on the **lot** as of July 6, 2021.
- (C) The permitted maximum residential **gross floor area** in the "new building" is 19,200 square metres;
- (D) The total **gross floor area** of the "existing building" must not exceed the **gross floor area** existing therein as of July 6, 2021;
- (E) A maximum of 263 **dwelling units** are permitted in the "new building";
- (F) A maximum of 192 **dwelling units** are permitted in the "existing building";
- (G) Despite Regulation 15.5.40.10(1), the height of a **building** or **structure** is the distance between the Canadian Geodetic Datum of 166.15 metres and the elevation of the highest point of the **building** or **structure**;
- (H) Despite Regulation 15.20.40.10(1), the permitted maximum height of a **building** or **structure** is the number following the HT symbol in metres as shown on Diagram 3 attached to By-law 896-2022;
- (I) Despite Regulation 15.20.40.10(2), the permitted maximum number of **storeys** in the "new building" is 25 **storeys**; and
  - (i) for the purpose of this exception, a mezzanine, mechanical penthouse or enclosed roof access does not constitute a **storey**;
- (J) Despite Regulations 15.5.40.10(2), (3), (4), (5) and (6) and (H) above, the following equipment and **structures** may project beyond the permitted maximum height shown on Diagram 3 of By-law 896-2022:

- (i) Elevator overruns, mechanical penthouse, enclosure for mechanical equipment, and stair enclosures to a maximum of 7.0 metres;
  - (ii) Terraces and balcony guards, elements of a **green roof** and insulation and roof surface materials, planters, railings, parapets, and ornamental architectural features to a maximum of 3.0 metres;
  - (iii) Window washing equipment to a maximum of 8.0 metres; and
  - (iv) Ladder for maintenance purposes to a maximum of 1.2 metres;
- (K) Despite Regulation 15.20.30.40(1), the permitted maximum **lot coverage**, as a percentage of the **lot area**, is 22 percent;
- (L) Regulation 15.20.40.50(1), with respect to **amenity space**, does not apply to the "existing building" and any **amenity space** existing as of July 6, 2021 must be maintained;
- (M) Despite regulation 15.20.40.50(1), **amenity space** for the "new building" must be provided as follows:
  - (i) A minimum of 544 square metres of indoor **amenity space** for use by the residents of the **dwelling units** in the "new building" which may be located in a combination of stand-alone or interconnected indoor spaces; and
  - (ii) A minimum of 816 square metres of outdoor **amenity space** for the residents of the **dwelling units** for the "new building" which may be located in a combination of stand-alone or interconnected outdoor spaces;
- (N) Despite Clause 15.20.40.70, the required minimum **building setbacks** are as shown in metres on Diagram 4 of by-law 896-2022;
- (O) Despite Regulations 15.20.40.80(1) and (2), the required minimum separation of **main walls** are as shown in metres on Diagram 4 of By-law 896-2022;
- (P) Despite Clause 15.5.40.60 and (N) and (O) above, the following elements may encroach into the required minimum **building setbacks** and **main wall** separation distances as follows:
  - (i) Eaves, cornices, columns, landscape features, wheelchair ramps, light fixtures, stairs and stair enclosures, balustrades, guardrails, bollards, awnings, arcades, canopies, raised planters, patios, retaining walls, fences, vents, screens, wind mitigation screens and features, underground parking ramp and associated **structures**, damper equipment, window washing equipment by a maximum of 4.0 metres;
  - (ii) Enclosures housing mechanical elements and ducts, elevators, elevator enclosures and overruns, and associated **structures** by a maximum of 1.2 metres;
  - (iii) Elements or **structures** on any roof used for outside or open air recreation, including **amenity space**, and for maintenance, safety, wind protection or **green roof** purposes by a maximum of 1.2 metres; and
  - (iv) Balconies by a maximum of 2.0 metres.
- (Q) Despite regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** must be provided in accordance with the following:
  - (i) A minimum of 0.53 residential occupant **parking spaces** for each **dwelling unit**;
  - (ii) A minimum of 0.07 residential visitor **parking spaces** for each **dwelling unit**;
  - (iii) A minimum of 5 "car-share parking spaces"; and
- (R) Despite Regulation 200.5.10.1(1), "car-share parking spaces" may replace **parking spaces** otherwise required for residential occupants, subject to the following:
  - (i) a reduction of four resident occupant **parking spaces** will be permitted for each "car-share parking space" provided and the maximum reduction permitted is capped by the application of the following formula:
  - (ii) for the purpose of this exception, "car-share" means the practice whereby a number of people share the use of one or more motor **vehicles** and such "car-share" motor **vehicles** are made available to at least the occupants of the **building** for short-term rental, including hourly rental; and
  - (iii) for the purpose of this exception, "car-share parking space" means a **parking space** exclusively reserved and signed for a vehicle used only for "car-share" purposes;

- (S) Despite Regulation 220.5.10.1(2), two (2) Type "G" **loading spaces** must be provided and maintained on the lands for the "new building";
- (T) Despite regulation 230.5.10.1(1) and Table 230.5.10.1(1), **bicycle parking spaces** must be provided for the "new building" in accordance with the following minimum rates:
  - (i) 0.68 "long-term" **bicycle parking space** for each **dwelling unit**; and
  - (ii) 0.07 "short-term" **bicycle parking space** for each **dwelling unit**.
- (U) Despite regulation 230.5.10.1(1), the required **bicycle parking spaces** rates do not apply to the "existing building" as shown on Diagram 3 of By-law 896-2022.

- (B) Despite Regulations 15.5.40.10(1) and 15.20.40.10(1), the height of a **building or structure** is the distance between the Canadian Geodetic Datum of 190.7 metres and the elevation of the highest point of the **building or structure**;
- (C) Despite Regulation 15.20.30.40(1), the permitted maximum **lot coverage** for all the **buildings** on the lands, is 68 percent of the **lot area**;
- (D) Despite Regulation 15.20.40.10(1), the permitted maximum height of a **building or structure** is the number in metres following the letters "HT" as shown on Diagram 3 of By-law 1179-2022(OLT);
- (E) Despite Regulation 15.20.40.10(2), the permitted maximum number of **storeys** in a **building** is the number following the letters "ST" as shown on Diagram 3 of By-law 1179-2022(OLT);
- (F) Despite Regulation 15.5.40.10(2) to (5) and (D) above, the following equipment and **structures** may project above the maximum height shown on Diagram 3 of By-law 1179-2022(OLT):
  - (i) parapets, trellises, window washing equipment, guardrails, safety railings, stairs, stair enclosures, vents, stacks, fences, wind or privacy screens, landscape elements (including **green roofs**), skylights, flues, access roof hatch, chimneys, structures on the roof used for outside or open air recreation, ramp enclosures, heating, cooling or ventilating equipment or a fence, wall or structure enclosing such elements which may project above the height limits to a maximum of 3.5 metres;
  - (ii) mechanical penthouses, elevator overruns and associated enclosures, which may project above the height limits to a maximum of 7.0 metres;
- (G) Despite Regulation 15.20.40.40(1), the total **gross floor area** of all **buildings** and **structures** must not exceed 20,400 square metres;
- (H) Despite Clause 15.20.40.70 the required minimum **building** setbacks are shown on Diagram 3 of By-law 1179-2022(OLT);
- (I) Despite Regulations 15.5.40.50(2), 15.5.40.60(1) and (3) and (H) above, the following elements may encroach into the required minimum **building** setbacks as follows:
  - (i) exterior stairways, cornices, canopies, waste storage and loading space enclosures, wheelchair ramps, balconies, lighting fixtures, awnings, ornamental elements, eaves, window sills, window washing equipment, balustrades, terraces, decorative architectural features, bay windows, retaining walls, pilasters and sills, and porches and decks, either excavated or unexcavated, to a maximum of 2.5 metres;
- (J) Despite Regulation 15.5.50.10(1), a minimum of 24 percent of the area of the **lot** must be for **landscaping**;
- (K) Regulation 15.5.100.1(2) does not apply;
- (L) Despite Regulation 15.20.40.1(2), the maximum number of **dwelling units** on the **lot** shall not exceed 259;
- (M) Despite Clause 15.20.40.50, **amenity space** shall be provided as follows:

- (i) a minimum rate of 2.0 square metres of indoor **amenity space** per new apartment **dwelling unit**; and
  - (ii) a minimum rate of 2.0 square metres of outdoor **amenity space** per new apartment **dwelling unit**;
- (N) Despite Regulation 200.5.10.1(1) and Table 200.5.10.1, **parking spaces** for **dwelling units** shall be provided and maintained as follows:
- (i) a minimum rate of 0.7 **parking spaces** per apartment **dwelling unit** for residents and visitors; and
  - (ii) a minimum of 1 **parking space** per 100 square metres for non- residential use;
- (O) Regulation 200.15.1(4) with respect to the location of accessible **parking spaces** does not apply;
- (P) Despite Regulation 220.5.10.1(2), a minimum of one Type "G" **loading space** shall be provided on the lands;
- (Q) Despite Regulations 230.5.10.1(1),(3) and (5) and Table 230.5.10.1(1), **bicycle parking spaces** must be provided and maintained in accordance with the following minimum rates:
- (i) a minimum of 0.68 "long-term" **bicycle parking spaces** for each dwelling unit; and
  - (ii) a minimum of 0.07 "short-term" **bicycle parking spaces** for each dwelling unit;

(200) Exception RAC 200

The lands, or a portion thereof as noted below, are subject to the following Site Specific Provisions, Prevailing By-laws and Prevailing Sections:

Site Specific Provisions:

- (A) On 4500 Jane Street, if the requirements of By-law 557-2023 are complied with, a **building** or **structure** may be constructed, used or enlarged in compliance with Regulations (B) to (U) below;
- (B) For the purpose of this exception:
  - (i) "Building A" means the proposed **building** on the **lot** as shown on Diagram 3 of By-law 557-2023
  - (ii) "Building B" means the proposed **building** on the **lot** as shown on Diagram 3 of By-law 557-2023;
  - (iii) "Existing Building" means the **apartment building lawfully existing** on the lands in the year 2022 as shown on Diagram 3 of By-law 557-2023;
- (C) Despite Regulations 15.5.40.10(1), the height of a **building** or **structure** is the distance between the Canadian Geodetic Datum of 186.47 metres and the elevation of the highest point of the **building** or **structure**;
- (D) Despite Regulation 15.20.40.10(1), the permitted maximum height of "Building A" and "Building B" is the number in metres following the letters "HT" as shown on Diagram 3 of By-law 557-2023;
- (E) The required minimum height of the first **storey** for "Building A" and "Building B," as measured between the floor of the first **storey** and the ceiling of the first **storey**, excluding any ceiling mechanical equipment, is 3.5 metres;
- (F) Despite Regulations 15.5.40.10(2), (3), (5) and (E) above, the following equipment and **structures** may project beyond the permitted maximum height shown on Diagram 3 of By-law 557-2023:
  - (i) equipment used for the functional operation of the building including electrical, utility, mechanical and ventilation equipment, enclosed stairwells, roof access, maintenance equipment storage, elevator shafts, chimneys, and vents, by a maximum of 3.0 metres;
  - (ii) **structures** that enclose, screen or cover the equipment, **structures** and parts of a **building** listed in (i) above, inclusive of a mechanical penthouse, by a maximum of 5.0 metres;
  - (iii) architectural features, parapets, and elements and **structures** associated with a **green roof**, by a maximum of 3.0 metres;
  - (iv) building maintenance units and window washing equipment, by a maximum of 3.0 metres;
  - (v) planters, **landscaping** features, guard rails, and divider screens on a balcony and/or terrace, by a maximum of 2.5 metres; and
  - (vi) trellises, pergolas, and unenclosed structures providing safety or wind protection to rooftop **amenity space**, by a maximum of 3.5 metres;
- (G) Despite Regulation 15.20.40.40(1), the permitted maximum **gross floor area** on the **lot** is 29,800 square metres, of which:
  - (i) the permitted maximum **gross floor area** for residential uses in "Building A" and "Building B" is 14,300 square metres; and
  - (ii) the permitted maximum residential **gross floor area** for the "Existing Building" is 15,500 square metres;
- (H) A maximum of 164 **dwelling units** are permitted in the "Existing Building";
- (I) **Dwelling units** provided in "Building A" and Building B" must comply with the following

- (i) a minimum of 23 percent of the total number of **dwelling units** must contain two bedrooms; and
  - (ii) a minimum of 27 percent of the total number of **dwelling units** must contain three or more bedrooms
- (J) **Dwelling units** provided in the "Existing Building" must comply with the following:
  - (i) a minimum of 68 percent of the total number of **dwelling units** must contain two or more bedrooms and these **dwelling units** must have an **interior floor area** ranging in size from 76.0 square metres and 142.0 square metres;
- (K) Despite Regulation 15.20.40.50(1), **amenity space** must be provided for "Building A" and "Building B" at the following minimum rates:
  - (i) At least 2.0 square metres of indoor **amenity space** for each **dwelling unit**;
  - (ii) At least 2.0 square metres of outdoor **amenity space** for each **dwelling unit**;
  - (iii) No new **amenity space** is required in the "Existing Building";
  - (iv) No more than 25 percent of the outdoor component may be a **green roof**;
  - (v) In addition to (i) above, the use of ground-floor indoor **amenity space** in "Building A" and "Building B" must be provided to residents of the "Existing Building" as shown on Diagram 3 of By-law 557-2023; and
  - (vi) A minimum of 2,000 square metres of outdoor **amenity space** must be provided in the yard between "Building A" and "Building B" and the "Existing Building" for the use of residents of "Building A," "Building B," and the "Existing Building" as shown on Diagram 3 of By-law 557-2023;
- (L) Despite Clause 15.20.40.70, the required minimum **building setbacks** are as shown in metres on Diagram 3 of By-law 557-2023;
- (M) Despite Regulation 15.20.40.80(2), the required distance between **residential buildings** on the same **lot** are as shown in metres on Diagram 3 of By-law 557-2023;
- (N) Despite Clause 15.5.40.60, (L) and (M) above, the following elements may encroach into the required minimum **building setbacks** and **main wall** separation distances as follows:
  - (i) decks, porches, and balconies, by a maximum of 1.8 metres
  - (ii) canopies and awnings, by a maximum of 2.0 metres;
  - (iii) exterior stairs, access ramps and elevating devices, by a maximum of 3.0 metres;
  - (iv) architectural features, such as a pilaster, decorative column, cornice, sill, belt course, or chimney breast, by a maximum of 1.0 metres;
  - (v) air conditioners, satellite dishes, antennae, vents, and pipes, by a maximum of 0.5 metres; and
