## Laneway Reconstruction On Rosemarie Popham Lane

**Contract #: 18ECS-TI-105LR**

**Expected Start Date: Summer 2018**

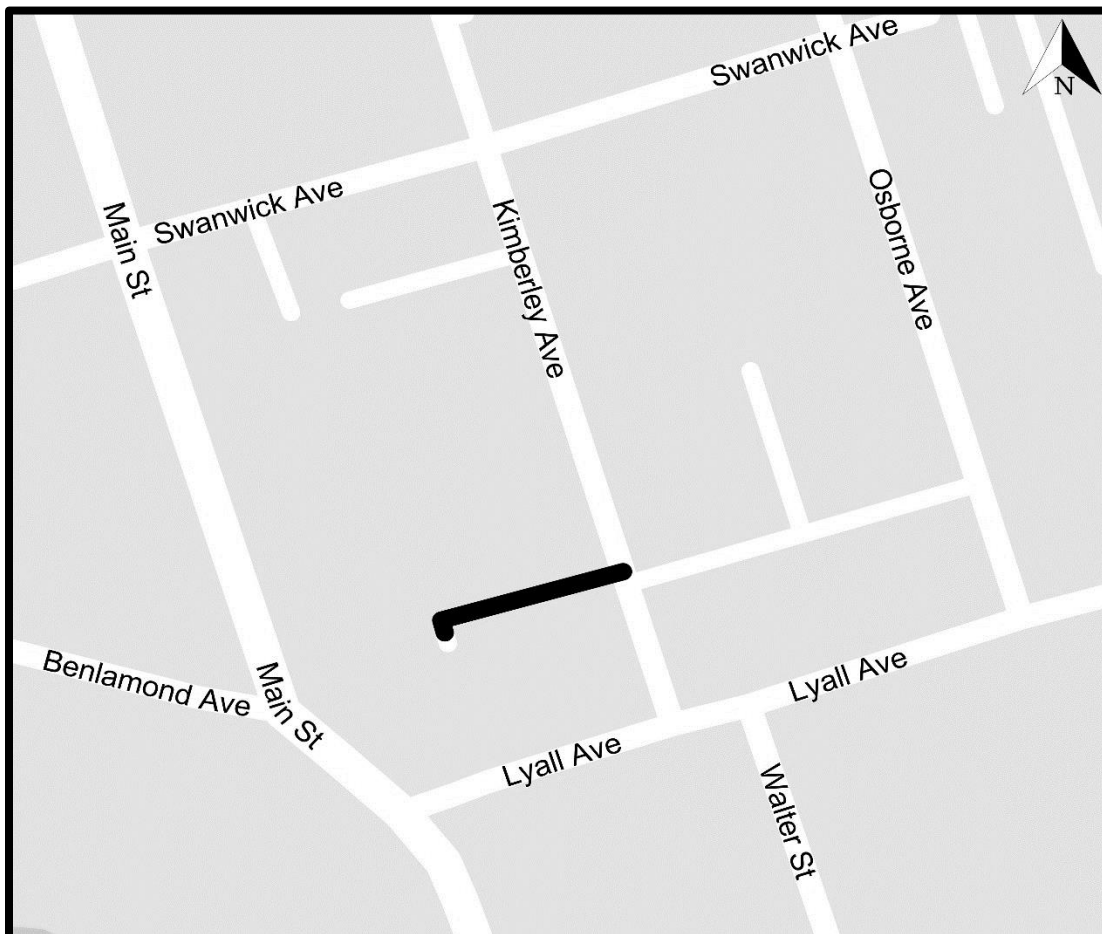

**Expected End Date: Winter 2018**

*\*Timeline is subject to change. Future notice to be provided.*

The City of Toronto is planning to reconstruct 65m of a laneway in your area. The work will also include installing a new storm sewer within the laneway. The Rosemarie Popham lane is located from Kimberley Avenue to 48m west of Kimberley Avenue, north of Lyall Avenue. Our inspection of the laneway shows that it needs reconstruction to bring it to a state of good repair.

This work is part of the Council-approved 2018 Capital Works Program to renew aging city roads and laneways for current and future needs.

### MAP OF WORK AREA

## WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
- Property owners should remove items located within City property limits (boulevard), such as landscaping and or decorative objects before work starts. If you have a sprinkler system within the boulevard, please contact the Field Ambassador listed below.

	<p><b>Pre-Construction Inspection:</b> The contractor will survey all properties within 30 metres the construction area before construction starts. Participation in the survey is voluntary; however, participating is important in determining if the construction caused damage. The inspection will look at both the interior and exterior of all properties to verify existing conditions. All inspection staff will be wearing photo identification and carrying photographic equipment during their work.</p>
	<p><b>Accessible Accommodation:</b> Residents who require accommodation (level entry, longer notice, etc.) must contact the <b>Field Ambassador</b> to arrange for access during the construction period.</p>
