

Traffic Management and Mitigation Study in the Leslieville Community

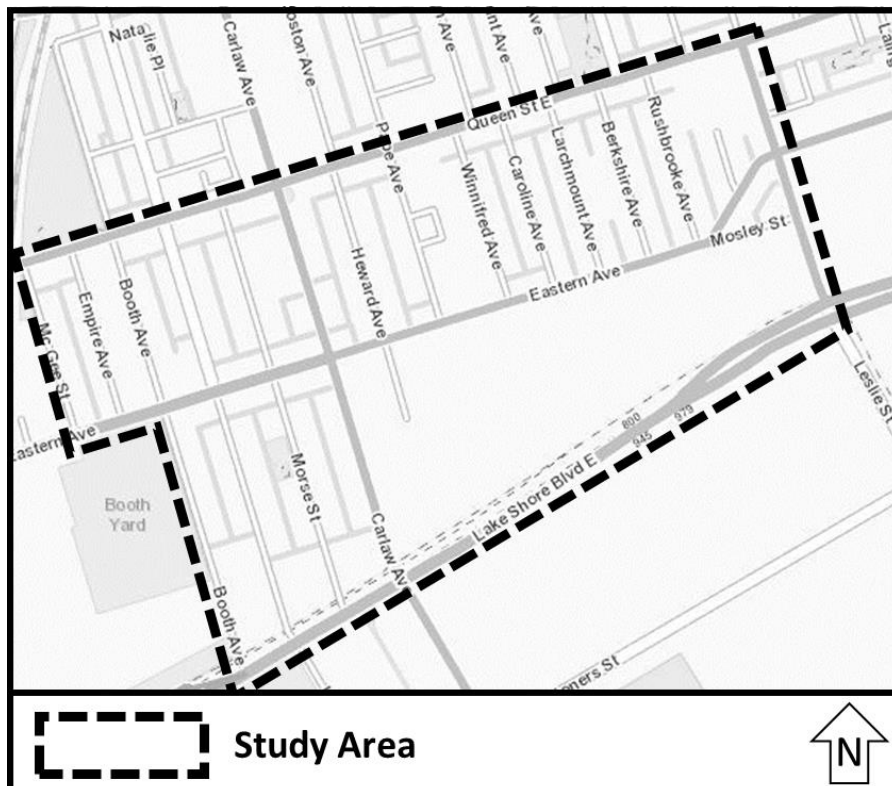

The City is hosting the first Public Open House for the Traffic Management and Mitigation Study within the Leslieville Community where you can learn more about the project, ask questions, and share your comments.

Details are as follows:

Date: Wednesday, July 18, 2018
Time: 4:00 pm to 8:00 pm
Presentation by the City and IBI Group at 6:00 pm
Place: Morse Street Junior Public School
180 Carlaw Avenue
Toronto, ON M4M 2R9

Proposal

IBI Group has been retained by the City of Toronto to undertake the Traffic Management and Mitigation Study within the Leslieville Community. The study area is bound by Queen Street East to the north, Leslie Street to the east, Lake Shore Boulevard East to the south and McGee Street (Booth Avenue south of Eastern Avenue) to the west.

The first Public Open House is being held to receive your input, comments, and concerns on this study. Information presented will include existing traffic conditions, alternatives being considered, and mitigation measures.

Information will be displayed in an open house format, with a formal presentation followed by an interactive workshop. Representatives from the City and the Consultant will be present to answer questions and discuss next steps.

If you would like to provide us with your comments, require additional information, or would like to join the project mailing list, please contact the Project Manager as noted below. You can also visit the study website for more information and updates at: www.toronto.ca/leslievilletrafficstudy.
