

August 10, 2018

Installation of Cycle Tracks on Shoreham Drive from The Pond Road to the Black Creek Bridge

Contract #: 400PM
Delivered by: Cycling Infrastructure
Start Date: August 20, 2018
End Date: August 31, 2018

****Timeline is heavily weather dependent and subject to change.**

Toronto is a Cycling City

Cycling is one of the fastest growing transportation modes in Toronto. The City is working to make travel by bike safer and more inviting. Making it easier for people to choose to cycle helps ease congestion on the streets and transit, creates a cleaner environment, and promotes a healthier public. The City supports cycling by building and maintaining bike lanes and multi-use trails, installing bike parking facilities, distributing bike network maps, and carrying out other campaigns and projects to promote cycling confidence and safe road use behaviour.

SHOREHAM DRIVE CYCLE TRACK INSTALLATION AND SCHEDULE

The City of Toronto will be installing protected cycle tracks on Shoreham Drive from The Pond Road / Ian MacDonald Boulevard to the Black Creek Bridge starting on August 20, 2018. This is part of the York University and Downsview Cycling Connections Project, which was approved by Toronto City Council in June 2018. The City's Cycling Network Plan identifies existing, planned, and proposed cycling facilities near York University – Keele campus.

The Shoreham Drive cycle tracks will provide a significant new route for cyclists travelling to and from the campus and connecting with the Black Creek Trail. Motor vehicle lanes will be reduced to one lane in each direction along this portion of Shoreham Drive during and after installation. The Shoreham Drive cycle tracks will also be extended from Black Creek Bridge to Jane Street, once scheduled sewer rehabilitation work is completed (anticipated in 2018-2019).

Phase	Location	Date
Shoreham Drive	Pond Road to Black Creek Bridge	August 20 – 31**
Shoreham Drive	Black Creek Bridge to Jane Street	Timing will coincide with sewer work (2018-2019)

MAP OF WORK AREA AND DETAILS

WHAT TO EXPECT DURING CONSTRUCTION

Crews will be working on Shoreham Drive to remove some existing pavement markings, and add new pavement markings and flexi-post bollards. You may experience noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.

	<p>Work Hours: Work will take place overnight and during the day. Work with significant noise impacts will be limited to daytime hours as much as possible. Work will take place in the evenings and other off-peak hours to limit traffic disruptions as much as possible.</p>
	<p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be minimal sidewalk closures within the installation work zone. Access for emergency vehicles will be maintained at all times.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.</p>
	<p>Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, pedestrians, road users and residents.</p> <p>No significant delays are expected during cycle track installation.</p>
	<p>Cyclists: If travelling by bicycle in the area, please share the traffic lane in the active work zones until the installation of the new cycle track is complete.</p>
	<p>Parking: Parking is not permitted on Shoreham Drive. This will continue through the installation period and after the installation of the cycle tracks. If your parked vehicle affects the installation work, it may be towed. If your vehicle is moved, please contact parking control for its location at 416-808-2222.</p>
