

TTC Track Intersection Renewal at Dundas Street West and Lansdowne Avenue

Keeping Dundas Street West and Lansdowne Avenue Moving During Construction

September 2, 2018 – October 5, 2018

Please Continue to Support your Local Businesses during Construction

Road users should expect delays and increased traffic on nearby main and side streets.

Traffic Management: Motorists are reminded to abide by traffic/construction signs posted in local areas to ensure the safe travel of all local road users, pedestrians and cyclists.

Efforts will be made to manage traffic and closures in the area for the safety of workers, road users and residents. Road users should expect delays and increased traffic on nearby main and side streets during this work.

Local access will be provided up to the intersection closure for property owners and businesses.

No Frills Plaza south of Dundas should be accessed from Lansdowne Avenue.

Through traffic motorists should consider:

- **Using Bloor Street West or Queen Street West for East-West movement**
- **Using Roncesvalles or Ossington for North-South movement**
- TTC track staff will use the track area on Dundas Street West beyond the Dundas/Lansdowne intersection to store new rail being used for the intersection

Pedestrian Access: In order to complete the work in a safe manner, there will be sidewalk restrictions within the established work zone. Sidewalk access will be maintained, and pedestrians are able to walk around the fenced work zone.

TTC Service: TTC service of the 505 Dundas Street West and 47 Lansdowne routes will be affected.

- **505 Dundas:** Buses are operating on the route and will be diverted both ways via: Dundas, Dufferin, College and Dundas.
- **47 Lansdowne:** Buses will be diverted both ways via: Lansdowne, College, Dufferin and Queen, (looping at the south end for the return northbound trip via: MacDonell, Seaforth, Lansdowne and Queen). Stops not served on Lansdowne between College and Queen.
- **402 Parkdale Community Bus:** Buses will be diverted both ways via: College Street, Dundas Street West, Howard Park Avenue, Roncesvalles Avenue on Queen Street West.

Visit: ttc.ca for accurate schedule information.
