Watermain Replacement on Finch Avenue West and Humber College Boulevard

Contract: 18ECS-LU-19SU
Start Date: Mid-August 2018
End Date: Spring 2019
**Timeline is subject to change.*

The City of Toronto will replace the watermain and the City-owned portion of substandard water services on Finch Avenue West from Woodbine Downs Boulevard to Humberline Drive, and on Humber College Boulevard from Finch Avenue West to Mattari Court (see map).

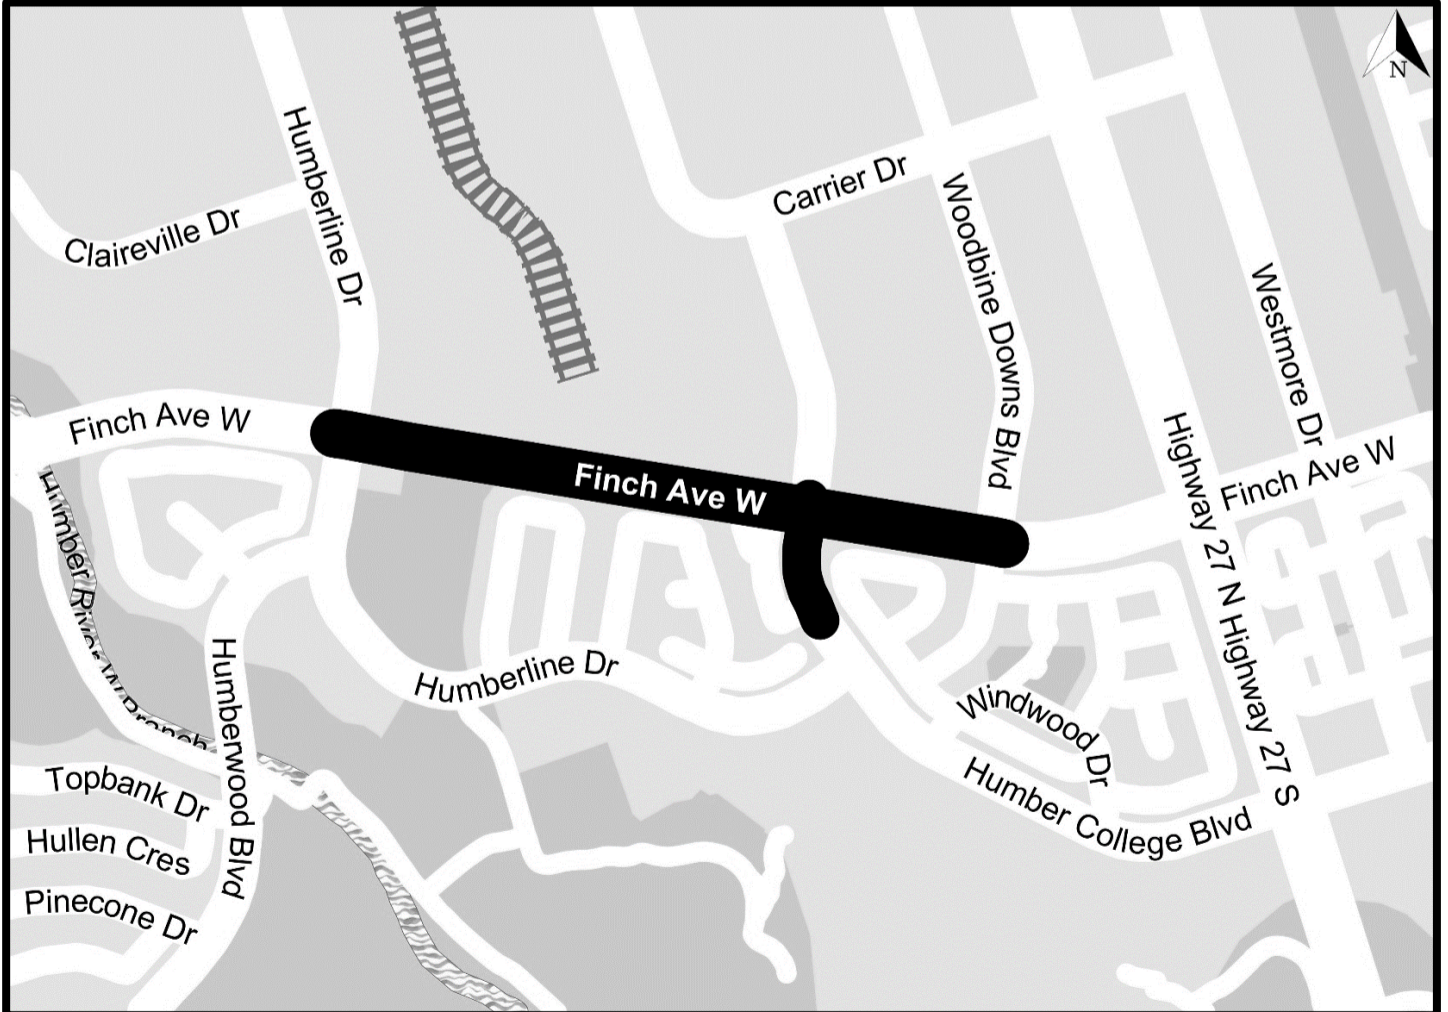

The water service is the underground pipe that brings water to your water meter and is owned by you and by the City. The part you own is from your house to the end of your property, the part the City owns is from the end of your property to the watermain.

This project is part of the Council-approved 2018 Capital Works Program to renew our aging infrastructure, improve water distribution and reduce the risk of watermain breaks.

IMPORTANT INFORMATION ABOUT LEAD WATER SERVICES

If you have a property in the area depicted in the map that was built before the mid-1950s, your water service may be made of lead. Please read the attached fact sheet with important information about the risks of lead in drinking water, especially if someone in your house is pregnant, there are children under six years old, or there is an infant drinking formula made using tap water.

MAP OF WORK AREA

WORK DETAILS

The City's contractor will:

- Excavate the road and dig a trench to access and install the new watermain
- Replace any City-owned water service pipes that do not meet City standards from the watermain to the private property line
- Resurface watermain trench and restore areas affected by construction

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- Property owners should remove items located within City property limits (boulevard), such as landscaping and / or decorative objects. If you have a sprinkler system within the boulevard, please contact the Field Ambassador.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>This contract includes work hours for days and nights.</p> <p>Work Hours Days: Work will take place from 7 a.m. to 11 p.m. Monday to Friday and from 9 a.m. to 11 p.m. Saturday, with work after hours as required.</p> <p>Work Hours Nights: Work will take place from 8 p.m. to 5:30 a.m. Monday to Friday and from 9 a.m. to 11 p.m. Saturday, with work after hours as required.</p> <p>When the new watermain is being commissioned, it must be chlorinated and disinfected. During this time crews may not be required on site.</p>
	<p>Pre-Construction Inspection: OZA Inspections Ltd., under contract to the City of Toronto, will survey all properties within 30 metres of the construction area before construction starts. Participation in the survey is voluntary; however, participating is important in determining if the construction caused damage. The inspection will look at both the interior and exterior of all properties to verify existing conditions. The company will deliver a separate notice requesting time to set up appointments. All inspection staff will be wearing photo identification and carrying photographic equipment during their work.</p>
	<p>Water Service Disruptions: From time-to-time, the water supply to your property will be shut-off to complete construction; the contractor will provide at least 24-hour advance notice. Throughout the work, it is recommended that you temporarily disconnect any water treatment systems (i.e. softeners or filters), water-cooled air conditioners or similar plumbing fixtures. Automatic lawn sprinkler systems may also be affected, therefore, you may need to water manually. In the event you did not receive advanced notice, an emergency water shut off could have been necessary.</p>
	<p>Substandard Water Service Replacement: Please take the time to read the attached fact sheet carefully as it contains important information on lead in drinking water and how to prepare for replacement. If you want to replace your part of the water service pipe, contact the City's contractor for one of your quotes.</p> <p>Water Service Replacement Contractor: Company/Contractor: JV 2489960 Ontario Inc. Contact Person: Frank D'Amico Phone: 416-953-8071 Contract No.: 18ECS-LU-19SU</p> <p>PLEASE NOTE: any contract entered into to replace water services is between the home owner and the contractor.</p>

	<p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work zone. Access for emergency vehicles will be maintained at all times.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times. If your driveway access will be restricted beyond work hours, the contractor will notify you in advance and alternative parking arrangements will be made.</p>
	<p>Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Road users should expect delays.</p> <p>Traffic on Finch Avenue West and Humber College Boulevard will be reduced to one lane in each direction during construction working hours.</p> <p><u>Additional lanes will be closed for short durations and short sections in order to complete hydrant crossings on Finch Avenue and watermain connections on Mattari Court, Humber Line, Humber College, and Woodbine Downs.</u></p>
	<p>Parking: Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located with no charge to the owner. If your vehicle is moved, please contact parking control for its location at 416-808-2222.</p> <p>In the event you receive a traffic ticket for on-street parking during this period of construction, you may choose to dispute your ticket following the process listed on the reverse side of the parking infraction notice. <i>You may use this notice as part of your defence for parking consideration during construction; however, the Field Ambassador does not have the authority to cancel any parking tickets.</i></p>
	<p>Garbage & Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. <i>Please ensure that you label your bins with your address.</i></p>
	<p>Restoration: The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).</p>
