Intersection Improvements at Casimir Street and Dundas Street West

Contract: 18ECS-TI-03SP Start Date: October 29, 2018 End Date: November 5, 2018 *Timeline is subject to change.

The City of Toronto will improve the intersection at Casimir Street and Dundas Street West starting November 5, 2018. This work is a part of the Dundas Street West Watermain Replacement & Road Resurfacing project. **The intersection will be fully closed during this time.** This project is a part of the City's Vision Zero Road Safety Plan which aims to eliminate collisions that result in death and serious injury.

Intersection safety improvements provide a number of benefits:

- Improved sight lines for motorists and pedestrians
- Reduced vehicle speeds
- Improved accessibility and user experience for all pedestrians

This project is part of the Council-approved 2018 Capital Works Program.

MAP OF WORK AREA

WORK DETAILS

The City's contractor will:

- Reconstruct and improve the intersection at Casimir Street and Dundas Street West to minimize conflicts among road users and meet Accessibility requirements.
- This work results in an interception with closer crossing points to minimize conflicts between vehicles, cyclists and pedestrians.

DA TORONTO

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- Property owners should remove items located within City property limits (boulevard), such as landscaping and / or decorative objects. If you have a sprinkler system within the boulevard, please contact the Project Manager.
- The City will not be responsible for damage to any privately owned items on City property.

	Work Hours : Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and on weekends as required.
÷	Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work zone. Access for emergency vehicles will be maintained at all times. Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.
8	 Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Road users should expect delays and increased traffic on nearby main and side streets. Traffic should access Casimir Street through alternate routes, such as Carlyle Street, Casimir Street (the laneway) and Wales Avenue. Traffic on Dundas Street West will remain one lane each direction.
(\mathbb{R})	Parking: Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located with no charge to the owner. If your vehicle is moved, please contact parking control for its location at 416-808-2222 .
	Garbage & Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. <i>Please ensure that you label your bins with your address.</i>
	Restoration: The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed.
