

Toronto 2018 BUDGET

CAPITAL PROGRAM SUMMARY

Economic Development and Culture

2018 – 2027 CAPITAL BUDGET AND PLAN OVERVIEW

Economic Development and Culture's (EDC) 10-Year Capital Plan supports the Program's mission to advance the City's prosperity, opportunity and liveability by fostering employment and investment, cultural expression and experiences and engaging partners in the planning and development of the City's cultural and economic resources.

The 2018-2027 Capital Plan of \$200.197 million focuses on maintaining EDC's heritage buildings in a state of good repair (SOG), revitalizing neighbourhoods and generating economic growth through capital works such as BIA Streetscape Improvement and the maintenance of public art.

The Economic Development and Culture Division's 10-Year Capital Plan also includes service improvement and growth initiatives such as the Guild Revitalization, renovations to Montgomery's Inn, Fort York Enhancements, Economic Competitiveness Data Management Systems, Commercial Façade Improvements, and public art development projects at various locations.

The 10-Year Capital Plan will increase future year Operating Budgets by a total of \$0.347 million net over the 2018 - 2027 period, primarily for the Guild Revitalization project.

CAPITAL SPENDING AND FINANCING

2018 - 2027 Capital Budget and Plan By Project Category

By Funding Source

Where the money goes:

The 2018 - 2027 Capital Budget and Plan totalling \$200.197 million provides funding of:

- \$141.525 million to continue state of good repair projects for BIA streetscape improvements, collections care, and maintenance & restoration work on various sites such as Fort York, St. Lawrence Centre for the Arts, and Alumnae Theatre;
- \$29.745 million to revitalize and rehabilitate the Guild Inn, Fort York's Visitor Centre Kitchen, Landscape, and Exhibits, as well as commencing a new Streetscape Master Plan Program;
- \$28.413 million in Health & Safety and Legislated projects to preserve and restore the Casa Loma exterior elements, and address any outstanding AODA deficiencies at various sites such as Theatre Passe Muraille and Lambton House; and
- \$0.514 million for one Growth Related public art project at TTC Leslie Barns.

Where the money comes from:

The 10-Year Capital Plan requires:

- Debt funding of \$132.477 million (66.2%), an increase in debt funding of \$35.515 million above the 2018-2027 debt funding to address the SOGR backlog at St. Lawrence Centre for the Arts, implement new IT initiatives and address AODA compliance.
- Reserve Fund contributions of \$18.727 million or 9.4% of the 10-Year Capital Plan's financing.
- Other revenues of \$48.493 million for 24.2% of the total funding, including matching funding from the BIAs for the BIA Streetscape projects and Section 37 and 45 funds.
- Subsidy of \$0.500 million (0.2%) from Canadian Cultural Spaces, Department of Canadian Heritage for St. Lawrence Centre Roof Replacement

State of Good Repair Backlog

The 10-Year Capital Plan's spending on State of Good Repair is \$141.525 million which will decrease the accumulated backlog from \$52.262 million in 2018 to an anticipated \$22.555 million by 2027. The SOGR backlog as a % of asset replacement value will decrease from 16.4% in 2018 to 7.0% in 2026, primarily due to providing additional debt funding to address the SOGR backlog at the St. Lawrence Centre for the Arts

OUR KEY ISSUES & PRIORITY ACTIONS

- **The State of Good Repair Backlog** is estimated to decrease from \$52.262 to \$22.555 million from 2018 to 2027. However, this figure does not include the SOGR backlog for Toronto Centre for the Arts.
 - ✓ The 10-Year Capital Plan includes debt funding for the St. Lawrence Centre 10-year SOGR backlog totalling \$26.510 million.
 - ✓ Toronto Centre for the Arts will complete its building condition audit to inform the SOGR backlog at the Theatre and report back through the 2019 Budget Process.
- **Review of Capital Projects and Spending** resulted in cash flow adjustments to the BIA Equal Share Funding program.
 - ✓ The Capital Program revised the cash flows for the BIA Equal Share Funding program to reflect historical actuals, and included a new Streetscape Master Plan Program to assist BIAs with planning for the streetscape improvement projects.

2018 CAPITAL BUDGET HIGHLIGHTS

The 2018 Capital Budget for Economic Development and Culture of \$19.175 million, excluding carry forward funding, will:

- Restore and preserve heritage elements including \$0.750 million for Casa Loma Exterior and \$0.175 million for Fort York Restorations.
- Continue the BIA Streetscape, Commercial Façade Improvement and Mural projects, and begin the Streetscape Master Plan Program to invest in BIAs for \$6.905 million.
- Complete the St. Lawrence Centre Roof replacement project for \$1.250 million and begin addressing the SOGR, Health and Safety, and AODA related projects at St. Lawrence Centre for \$0.600 million.
- Commence technology projects totaling \$0.800 million for Museum Sites POS Systems, and Digital Service Delivery.
- Commence Cultural Infrastructure Development projects including \$2.707 million for Guild Sitework and Revitalization, and \$1.038 million for Public Art development at 11 Wellesley St. West.

Council Approved Budget

City Council approved the following recommendations:

1. City Council approve the 2018 Capital Budget for Economic Development and Culture with a total project cost of \$25.300 million, and 2018 cash flow of \$26.463 million and future year commitments of \$11.241 million comprised of the following:
 - a) New Cash Flow Funds for:
 - i. 38 new / change in scope sub-projects with a 2018 total project cost of \$25.300 million that requires cash flow of \$15.059 million in 2018 and future year cash flow commitments of \$8.512 million for 2019, \$0.050 million in 2020, \$0.100 million in 2021 and \$1.579 million in 2022.
 - ii. 10 previously approved sub-projects with a 2018 cash flow of \$3.602 million; and future year cash flow commitments of \$1.000 million for 2019.
 - iii. 1 previously approved sub-project with carry forward funding from 2016 and prior years requiring 2018 cash flow of \$0.514 million that requires Council to reaffirm its commitment.
 - b) 2017 approved cash flow for 23 previously approved sub-projects with carry forward funding from 2017 into 2018 totalling \$7.288 million.
2. City Council approve the 2019 - 2027 Capital Plan for Economic Development and Culture totalling \$169.781 million in project estimates, comprised of \$10.907 million for 2019; \$20.938 million for 2020; \$20.016 million for 2021; \$20.399 million for 2022; \$20.875 million for 2023; \$16.122 million for 2024; \$17.881 million for 2025; \$21.789 million for 2026; and \$20.854 million in 2027.
3. City Council consider all operating costs of \$0.005 million net in 2018 arising from approval of the 2018 Capital Budget for inclusion in the 2018 Operating Budget.
4. City Council direct General Manager of Economic Development and Culture, President and Chief Executive Officer of Civic Theatres Toronto, General Manager of Facilities Management, and Executive Director of Financial Planning to report back on a plan to consolidate capital budgets for the three Civic Theatres into a single portfolio.
5. All sub-projects with third party financing be approved conditionally, subject to the receipt of such financing in 2018 and if such funding is not forthcoming, their priority and funding be reassessed by City Council relative to other City-financed priorities and needs.

Key Changes to the 2017 - 2026 Approved Capital Plan

The 2018 Capital Budget and the 2019 - 2027 Capital Plan reflects an increase of \$18.608 million in capital funding from the 2017 - 2026 Approved Capital Plan.

The chart and table below provide a breakdown of the \$18.608 million or 10.2% increase in the Capital Program on an annual basis from 2017 - 2027.

Chart 1
Changes to the 2017 - 2026 Approved Capital Plan (In \$000s)

(\$000s)	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027	10-Year Total

As made evident in Chart 1 above, the \$18.608 million increase in the Capital Plan reflects the addition of the St. Lawrence Centre's 10-Year SOGR project funding totalling \$26.510 million, new debt funding for AODA compliance projects at various sites such as St. Lawrence Centre, Goulding Estate and Alumnae Theatre totalling \$6.400 million.

The overall increase in the Capital Program is partially offset by reducing the debt funding of the *Restoration/Preservation of Heritage Elements* project including such sub-projects as *Casa Loma Exterior Restoration* and *Fort York Restoration*, as well as the completion of such projects as *BIA Equal Share Streetscape Improvements* which were carried forward to 2017 from 2016.

As reflected in Table 2 on the following page, changes to the 2017 - 2026 Approved Capital Plan, specifically the \$29.575 million increase in capital funding over the nine common years of the Capital Plans (2018 – 2026) arise from the level of increased investment in Economic Development and Culture's capital projects, based on the following factors:

- Planned phase-in of the additional BIA Streetscape Improvement projects.

- New debt funding for AODA compliance at various museums, heritage sites, and theatres.
- New debt funding to address the St. Lawrence Centre for the Arts' roof requiring full replacement and SOGR backlog of the Theatre.

A summary of project changes for the years 2018 - 2026 totalling \$29.575 million are provided in Table 2 below:

*These projects are fully funded by the Section 37 community benefit funds

Significant Capital Project Changes in Economic Development and Culture:

Cash flow funding for the following previously approved capital projects has been adjusted based on historical spending rates, capacity and expected progress and completion of the projects, as outlined below:

Changes to Previously Approved Projects' Future Year Commitments

Deferrals:

- *St. Lawrence Market Neighbourhood BIA* – \$1.000 million and associated Section 37 community benefit funding has been deferred to 2019. This streetscape improvement project was initially approved by City Council in 2017, but however, has been deferred to 2019 as the project is not ready to proceed and would be coordinated with other projects not yet advancing.
- *Public Art – TTC Leslie Barns* - The TTC transferred management of this public art project to EDC in late 2016. At the time of transfer, the project had already experienced delays and was re-tendered to enter into an agreement with a new artist to deliver. This project has begun in 2017, with an anticipated completion date of 2018, requiring a two-year carry forward debt funding of \$0.514 million to be re-budgeted.

Changes to Previously Approved Planned Project Estimates

- *BIA Equal Share Funding* – As a result of cash flow realignment to reflect historical spending rates, cash flow funding in each of the plan years in the 10-Year Capital Plan was partially deferred into future years with no changes overall project funding.

- *Cultural Infrastructure Development* – The *Guild Revitalization* project has reached a significant milestone with the restoration of the Bickford Residence as a focus of an expanded banquet facility and community centre. Following the most recent community consultation and a renewed study of the scope of work, additional debt funding of \$1.915 million is required for the project to repurpose Building 191 as an "arts hub".
- *Restoration/Preservation of Heritage Elements* – Future year project cost estimates have been revised for such sub-projects as the *Casa Loma Exterior Restoration*, *Montgomery's Inn Kitchen*, *Scarborough Museum Restoration*, *Zion Schoolhouse Roof & Masonry*, and *Spadina Restoration*.
- *Service Enhancements* – The *Fort York Landscape* and *Fort York Visitor Centre Façade Extension* projects were deferred to years 2021 and 2022 following a review of reassessing the current capital requirements to address AODA requirements and other critical projects as well as securing donations for the Façade project.

New to the 10-Year Capital Plan

The following capital projects are new to the 10-Year Capital Plan:

- *Economic Competitiveness Data Management System* – Two new technology projects have been added to the 10-Year Capital Plan to dedicate \$0.200 million to install new point of sale systems at museums and \$0.900 million to improve the museum and heritage sites' online IT infrastructure for staff and visitors.
- *Major Maintenance* – The majority of the new debt funding is allocated to:
 - The St. Lawrence Centre for the Arts' 10-Year SOGR backlog projects totalling \$26.510 million to maintain and preserve the building; and
 - The replacement work on the St. Lawrence Centre's roof at an additional cost of \$1.250 million. The *St. Lawrence Centre Roof* project began in 2017 and debt funding has been added to address the cost escalation issues. Please see Issues section of this report for more information.
- *Streetscape Master Plan Program* – Debt funding of \$1.000 million is dedicated to assist BIAs opting to pursue beautification and/or streetscape improvement projects by supporting the planning phase prior to project approval. This funding is made possible by reallocating debt funding allocations for the *BIA Equal Share Funding* program.

2018 – 2027 Capital Plan

Chart 2
2018 – 2027 Capital Plan by Project Category (In \$000s)

As illustrated in Chart 2 above, the 10-Year Capital Plan for Economic Development and Culture of \$200.197 million provides 70.7% of funding for State of Good Repair (SOGR) projects as priorities and 14.9% for Service Improvement projects. Health & Safety, Growth Related and Legislative mandated projects represent the remaining 14.4% of projects over the 10-year period.

- Health and Safety projects account for \$18.350 million primarily for *Casa Loma's Exterior Restoration* work to ensure a safe and stable condition of the site. Additional funding allocations are made in 2023 and 2026 of \$4.500 million each year to address major restoration work.
- Legislated projects account for 5.0% or \$10.063 million of the 10-Year Capital Plan for improving accessibility and addressing AODA deficiencies at various sites such as Gould Massey Estate and St. Lawrence Centre for the Arts and installing public art at 11 Wellesley Street West and John Street.
- Over half of all cash flow funding has been dedicated to State of Good Repair projects for restoration/preservation and maintenance of museums, historical and cultural sites, outdoor public art, and streetscape improvements.
- Cash flow funding of \$29.745 million has been allocated to Service Improvement projects to fund the *Mural, Commercial Façade Improvement, and Streetscape Master Plan Programs, Fort York Enhancements, Guild Revitalization, Mackenzie House Transformation & Refurbishments, Museums POS Systems and Digital Service Delivery*.
- Growth Related category includes *Public Art – TTC Leslie Barns* project. This project was transferred from TTC to EDC to manage the public art project. As unfavourable timing of the project transfer led to delays in moving forward with the contract with the designers. This project will be re-approved as part of the 2018 Capital Budget.

Table 3 below details all capital projects, by category, included in the 2018 - 2027 Capital Budget and Plan for Economic Development and Culture:

2018 - 2027 Capital Projects

The 10-Year Capital Plan supports Economic Development and Culture's objective of creating an environment in which business and culture can thrive, with capital budget priorities focussed on maintaining and supporting the heritage and culture sites and partnering with the BIAs on streetscape projects.

Health and Safety

- The Health and Safety category includes one project:
 - *Restoration/Preservation of Heritage Elements (\$18.350 million)* – This project is focussed on restoring the Casa Loma exterior elements to ensure that buildings are in a safe and stable condition.

Legislated

- Major Legislated projects total \$10.063 million or 5.0% of the total 10-Year Capital Plan's expenditures.
 - *Cultural Infrastructure Development (\$2.767 million)* – This project includes two public art projects at 11 Wellesley Street which is part of a parkland design for a Ward 27 site that is currently under development and John Street which is fully funded by Section 37 and 45 (Planning Act Reserve Fund).
 - *Major Maintenance (\$6.554 million)* – This project includes three sub-projects to address accessibility and AODA compliance at St. Lawrence Centre, Alumnae Theatre, and Theatre Passe Muraille, as well as two sub-projects to repair the mechanical and electrical systems at various museum sites.
 - *Restoration/Preservation of Heritage Elements (\$0.742 million)* – Three sub-projects are included here to address AODA deficiencies and accessibility issues at the Goulding Massey Estate, and Lambton House.

State of Good Repair (SOGR)

- SOGR projects account for \$141.525 million or 70.7% of the total 10-Year Capital Plan's investments dedicated to various SOGR project groupings that focus on required capital maintenance, including:
 - *Restoration/Preservation of Heritage Elements (\$19.820 million)* – This project includes small restoration and preservation works, spread throughout the 10-year period at museum and historical sites such as the Zion Church, Windfields Estate, and Fort York projects, as well as preventative maintenance and outdoor public art maintenance.
 - *Refurbishment and Rehabilitation (\$2.950 million)* – Funding for refurbishment work on the interiors of various museums and heritage sites such as the Montgomery's Inn, the Colborne Lodge and the Gibson House is included in this category.
 - *Collections Care (\$1.499 million)* – Collections Care supports the maintenance of the historical collection of artifacts, including outdoor items as well as the collection facilities.
 - *Major Maintenance (\$42.407 million)* – This project will provide maintenance at cultural sites that are owned by the City, such as St. Lawrence Centre for the Arts Theatre, Alumnae Theatre, Berkley Theatre, Young People's Theatre, Neilson Park Creative Centre and Franklin Carmichael Gallery. It also includes the full 10-Year Capital Plan required to address all outstanding SOGR backlog at St. Lawrence Centre for amounts totalling \$26.510 million.
 - *BIA Equal Share Funding (\$48.215 million)* – The Business Improvement Area (BIA) equal share funding model provides 50% debt funding towards streetscape improvement capital projects with the balance of funding provided by the BIAs.
 - *BIA Financed Funding (\$24.480 million)* – The BIA Financing Program supports larger streetscape improvements by providing 35% debt funding up to \$0.350 million and loans to the participating BIAs, repayable over 10 years, for the BIA's share of the project cost.

- *BIA Streetscape Improvements Projects (\$1.254 million)* – This includes one new sub-project, Village Islington BIA, and three continuing sub-projects for St. Lawrence Market Neighbourhood, Bloor West Village, and The Kingsway BIAs which are fully funded by secured Planning Act Revenues (Section 37 and 45) and will support the BIAs' existing streetscape improvement projects.
- *Economic Competitiveness Data Management System (\$0.900 million)* – This project will invest in IT on-line infrastructure to all museum and heritage sites to enhance the network security, internet accessibility, and telecommunication improvements for the benefit of the public and staff.

Service Improvements

- Service Improvement projects total \$29.745 million or 14.9% of the total 10-Year Capital Plan's expenditures.
 - *Cultural Infrastructure Development (\$8.225 million)* – This project includes the continuation of the *Guild Revitalization* project which will repurpose Building 191 as an arts hub as well as site servicing and landscaping projects.
 - *Service Enhancement (\$11.660 million)* – Improvements will be made to various heritage sites, a number of projects at Fort York such as exhibits and visitor centre façade extension, renovations to Montgomery Inn's Briary Room to expand the facilities and construct a more accessible washroom.
 - *Refurbishment and Rehabilitation (\$0.800 million)* – Refurbishment work will be performed at various museums and the interior of Mackenzie House.
 - *Collections Care (\$0.650 million)* – This project will address the building envelope needs at Atlantic Avenue and Chaplin Crescent, which also houses the Cultural Assets Storage Workshop.
 - *Economic Competitiveness Data Management System (\$1.700 million)* – EDC will install a new point-of-sale system to improve the operational efficiencies of the museum sites and revitalize the City's website to improve digital interaction with the public.
 - *Commercial Façade Improvement Program (\$5.210 million)* – This project provides funding for up to 50% toward the costs of restored and improved facades, assisting in the revitalization of commercial areas to lead to increased assessment values, presentation and enhancement of other building stock and economic benefits.
 - *Mural Program (\$0.500 million)* – This program will provide funding for grants of up to \$0.005 million to community groups to undertake murals promoting local themes in commercial or employment districts with preference given to City's under-served neighbourhoods and commercial neighbourhood identities.
 - *Streetscape Master Plan Program (\$1.000 million)* – This program will support BIAs for the initial design and planning phase of the streetscape improvement and beautification projects.

Growth Related

- A Growth Related project for \$0.514 million includes debt funding to install public art at the TTC Leslie Barns.

2018 Capital Budget and Future Year Commitments

Included as a sub-set of the 10-Year Capital Plan is the 2018 Capital Budget and Future Year Commitments, which consists of 2018 and future year cash flow funding estimates for projects previously approved by Council; adjustments (Scope Change) to those previously approved projects; as well as new projects which collectively, require Council approval to begin, continue or complete capital work.

Table 3a below lists the capital projects to be funded by the 2018 Capital Budget and associated Future Year Commitments for Economic Development and Culture:

Chart 3
2018 – 2027 Capital Plan by Funding Source (In \$000s)

The 10-Year Capital Plan of \$200.197 million will be financed by the following sources:

- Debt accounts for \$132.477 million or 66.2% of the financing over the 10-year period.
 - The debt funding is above the 10-year debt affordability target of \$96.962 million allocated to this Program by \$35.515 million, driven by 10 new sub-projects, added following a review of City-wide unmet needs:
 - AODA Compliance projects (\$6.400 million) including:
 - o Goulding Estate (\$0.200 million),
 - o Lambton House (\$0.400 million),
 - o St. Lawrence Centre for the Arts (\$4.000 million),
 - o Theatre Passe Muraille (\$0.600 million), and
 - o Alumnae Theatre (\$1.200 million).
 - IT Initiatives (\$1.100 million).
 - Restoration of St. Lawrence Centre for the Arts' Roof and including the full 10-year SOGR (\$27.760 million).
 - Public Art at TTC Leslie Barns (\$0.514 million).
- Federal subsidy of \$0.500 million or 0.2% of the financing over the 10-year period from the Canadian Cultural Spaces, Department of Canadian Heritage/Patrimoine Canadien will be used to fund the St. Lawrence Centre Roof Replacement.
- Reserve and Reserve Funds constitute \$18.727 million or 9.4% of required funding over 10 years for the following major projects:
 - The *Casa Loma Exterior Restoration* project is funded from the Casa Loma Capital Maintenance Reserve Fund (XR1501) for \$18.350 million.
 - The *John St. Roundhouse Machine Shop* sub-project is funded by the Land Acquisition Reserve Fund (XR1214) for \$0.200 million.

- *Major Maintenance* project which provides small maintenance work for Theatre Passe Muraille and Young People's Theatre totaling \$0.177 million, funded by 16 Ryerson Capital Maintenance Reserve Fund (XR3213) and Heritage Reserve Fund (XR1019).
- Other sources of funding, which account for \$48.493 million or 24.2% will be utilized for the following redevelopment/revitalization projects:
 - *BIA Streetscape Improvement* projects will receive \$43.456 or 89.6% of its total funding from the BIAs' share of funding requirements and Planning Act Revenues to complete the streetscape improvements.
 - Cash donations of \$2.270 million will contribute to the service enhancement work at Fort York's Visitor Centre for the planned façade extension and addition of a kitchen.
 - The *Cultural Infrastructure Development* project accounts for \$2.767 million or 5.7% of the other sources category and uses Section 37 community benefit funding for the public art project at 11 Wellesley Street West and Section 37 and 45 for the public art project at John Street.

State of Good Repair (SOGR) Backlog

Chart 4
SOGR Funding & Backlog (In \$000s)

The 10-Year Capital Plan dedicates \$141.525 million to SOGR spending over the 10-year period, which on average is \$14.153 million annually.

- The replacement value of Economic Development and Culture's assets is estimated at \$305.862 million at 2017 year-end.
 - Economic Development and Culture is responsible for over 200 public art installations, and 100 heritage buildings, many of which are over 100 years old, making it difficult to estimate their replacement value.
 - Maintenance of these assets requires a specialized understanding of the high conservation and restoration standards set out in nationally and internationally accepted charters such as the "Standards and Guidelines for the Conservation of Historic Places in Canada".
- At the end of 2017, Economic Development and Culture will have a backlog of state of good repair work for infrastructure renewal estimated at \$54.940 million, representing 18.0% of the asset replacement value.

- The SOGR funding included in the 10-Year Capital Plan is projected to bring down the SOGR backlog from \$52.262 million in 2018 to \$22.555 million or 7.0% of the asset replacement value by 2027. EDC's 10-Year Capital Plan prioritizes SOGR work and accounts for 70.7% of the total which will help bring the backlog down to 7.0% as illustrated in the above Chart 4.
- The total SOGR funding of \$141.525 million over the 10-year period also includes the SOGR backlog for St. Lawrence Centre for the Arts. The recent 2017 building condition assessment informed the debt funding required to repair and maintain this building on an annual basis.
- A building condition assessment is pending for Toronto Centre for the Arts (TCA). An estimate of \$3.000 million per year has been added to EDC's unmet needs list over the 10-year period although the TCA asset value has not been added to the SOGR backlog analysis at this time.

10-Year Capital Plan: Net Operating Budget Impact

The 10-Year Capital Plan will increase future year Operating Budgets by a total of \$0.347 million net over the 2018 - 2027 period, as shown in the table above.

This is comprised of estimates from completed capital projects:

- *Cultural Infrastructure Development* – Includes operating impacts of \$0.005 million in 2018, \$0.202 million in 2019, \$0.133 million in 2020, and (\$0.008) million in 2021, arising from completing the Guild Revitalization Project, to pay for additional staff required to administer the arts and culture programming, and maintenance of the site.
- *Economic Competitiveness Data Management System* – Includes operating impacts of \$0.015 million in 2019 to support two IT initiatives as they relate to installing new museum POS systems and improving the IT infrastructures.

These future operating impacts will be reviewed each year as part of the annual Operating Budget process.

Part 2

Issues for Discussion

Issues Impacting the 2018 Capital Budget

Review of Capital Projects and Spending

- City Council, at its meeting of May 25, 2017 considered the report entitled "*2018 Budget Process – Budget Directions and Schedule EX25.18*" and directed that City Programs and Agencies submit their 2018 – 2027 Capital Budget and Plans requiring that:
 - Submit their 2018 – 2027 Capital Budget and Plans requiring that annual cash flow funding estimates be examined to more realistically match cash flow spending to project activities and timing, especially in the first 5 years of the Capital Plan's timeframe.
<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2017.EX25.18>
- The 2018 – 2027 Capital Budget and Plan for Economic Development and Culture (EDC) has been established following a review of capital requirements based on the reprioritization of capital needs; a review of the Program's spending capacity and the readiness to proceed of planned projects; as well as the ability to reduce overall debt funding and/or leverage non-debt funding sources.
 - Cash flow funding for the *BIA Equal Share Funding* program has been adjusted to reflect historical spending rates. At 2016 year-end, EDC reported year-end spending rate of 11.6% attributed to delays in the planning and design phase of the streetscape improvement projects and co-ordination with other projects. EDC further reported its Q3'17 capital variance report with a projected year-end spending rate of 43.7%.
 - Following the historical spending trends, an additional 10% of the current year's Equal Share Funding program has been deferred into the following year which results in an overall debt funding reduction of \$0.259 million in 2018.
 - Although cash flow funds has been deferred, the overall project cost for the BIA Equal Share Funding remains the same to ensure streetscape improvement work can be committed and awarded.
 - The spending rates will be monitored annually to evaluate the effectiveness of the new *Streetscape Master Plan Program* and the cash flow adjustments.
 - Five new AODA compliance projects have been added to EDC's 10-Year Capital Plan including Goulding Estate, Lambton House, St. Lawrence Centre for the Arts, Theatre Passe Muraille, and Alumnae Theatre, totalling debt funding of \$6.400 million. These projects were originally submitted as 'unmet needs'.
 - Two new IT modernization and improvement projects, which previously were submitted as unmet needs, have been added to the 10-Year Capital Plan including the museums' POS systems (point-of-sale) and an IT infrastructure improvement project for museums and heritage sites.
 - Recent building condition assessment of the City-owned St. Lawrence Centre for the Arts was completed and informed the need of additional debt funding of \$26.510 million to address the full SOGR backlog at the Theatre. This project was originally submitted as 'unmet needs' and subsequently was added to the Capital Program for EDC to deliver on the Theatre's behalf.

- The following tables illustrate EDC's rate of spending from 2012 to 2016 as well as the projected year end spending rate for 2017.

* 2017 Projection based on the 2017 Q3 Capital Variance Report

- Factors contributing to the average 45.4% spend rate over the past five years, include:
 - Lower than budgeted capital spending rates for the BIA streetscape improvement programs drives the SOGR spending rates, as well as,
 - Unanticipated delays with several public art projects including the TTC Leslie Barns project in 2016 and 2017.
- Economic Development and Culture is currently actively monitoring the spending rates annually to identify the projects to defer or accelerate as required. In addition, the new Streetscape Master Plan Program will be introduced to provide funding that will assist the BIAs with the design and planning phase of the streetscape improvement work as it was the primary cause for delays in the *BIA Equal Share Funding* program.

2018 - 2027 Capital Plan vs Debt Targets

- As a result of the actions noted above, the Program's 2018 Capital Budget and 2019 - 2027 Capital Plan is over the debt target over the 10 years as a result of adding new debt funding to include the 10-year SOGR backlog at St. Lawrence Centre, address any outstanding AODA deficiencies and include two new IT initiatives:

(\$000s)	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027	Total

Reporting on Existing Major Capital Projects: Status Update

In compliance with the Auditor General's recommendations to strengthen accountability, additional status reporting on all major capital projects is required in order to strengthen accountability, manage risks, improve controls and ensure successful implementation/completion of major capital projects. The following projects have been reported on a quarterly basis during 2017:

St. Lawrence Centre Roof

(\$000s)	Total Project Cost			2017	2018	2019	2020	2021	2022	2024	2025	2026	2027	Projection to End of Project	End Date		On Budget	On Time

2015	2,573	132	2,573	1,500	1,250										2016	2018	Ⓢ	Ⓢ

* Based on 2017 Q3 Capital Variance Report

Project Scope:

- The *St. Lawrence Centre Roof* Project follows a specialized roof audit which identified the urgent need to replace the roof. The existing roof has never been replaced since the building was constructed and the temporary remediation and repair work is no longer viable to sustain the structure of the roof going forward.
- Roof replacement and clerestory windows were identified as the immediate priority. The project has been accelerated after repeated water infiltration resulted in serious interior damage, including the growth of mould.

Project Deliverables and Status:

- This project was initially planned and budgeted for 2015 and was subsequently deferred as there was a possibility of a full redevelopment of the site, which did not come to fruition.
- A building condition audit was completed in 2016 that identified additional urgent SOGR work, in addition to fully replacing the roof. Construction began in October 2017. Current plans within the 2017 Approved Capital Budget will only complete 4 out of the 10 roofs due to cost escalation.
- The 2018 Capital Budget request includes additional debt funding of \$1.250 million to respond to the increased scope of work including the remaining 6 out of the 10 roofs currently unaddressed.

Project Challenges:

- The costs have escalated over the years due to inflation, further roof deterioration and the engineers and contractors' detailed condition review which led to identifying more work to be done to repair the roof compared to the assessment provided in 2015.

Financial Update:

- As of December 31, 2017, total cumulative expenses incurred since the inception of the project is \$0.132 million with projected year-end spending of \$1.500 million compared to the 2017 Approved Capital budget of \$2.573 million.
- The total project cost will increase to \$3.8 million with the addition of new debt funding allocated to addressing the remaining 6 of the 10 roof structure at the Theatre.

* Based on 2017 Q3 Capital Variance Report

Project Scope:

- The City has entered into an operating agreement with Liberty Entertainment Group to run the castle as a heritage site and rental attraction. The recent building condition assessment identified the debt funding required to address the SOGR backlog and maintain the site.

Project Deliverables and Status:

- In response to tenant Liberty Entertainment Group's operational priorities, the scope of work was significantly changed from the original plan, which requires additional resources and time to complete. Relative to the revised schedule, the re-scoped project remains on budget and time.

Financial Update:

- As of December 31, 2017, total cumulative expenses since the inception of the project was \$0.080 million with a projected year-end spending of \$0.200 million compared to the 2017 Approved Capital budget of \$2.176 million.

* Based on 2017 Q3 Capital Variance Report

Project Scope:

- The Guild Revitalization project involves an agreement with a third-party organization to restore and operate the Bickford Residence as a focus of an expanded banquet facility and community centre. Investments will be made to the cultural infrastructure elements of the site, reviving the historic Guild of all Arts and positioning the Guild Inn as a central place in the community.

Project Deliverables and Status:

- EDC Capital Assets has begun working on site development and the design of the arts centre in Building 191. The current schedule calls for construction to start September 2018, dependant on site plan approvals.
- The Guild Inn opened to public with a Grand Opening on June 14, 2017 attended by the Mayor. The first wedding was held on April 28, 2017.
- The project has been generally delayed as a result of the extended focus on the development application and approvals for the banquet hall.

Financial Update:

- As of December 31, 2017, total cumulative expenses incurred since the inception of the project was \$0.161 million with a projected year-end spending of \$0.491 million compared to the 2017 Approved Capital budget of \$0.641 million.

2015	9,825	9,803	689	689										10,492	2016	2018	Ⓢ	Ⓢ

* Based on 2017 Q3 Capital Variance Report

Project Scope:

- Phase 1 of the project, the Stage Tower Theatre, was completed in April 2015 and has been hosting programming since that time. The completion of Phase 2, originally scheduled for September 2015, was substantially completed in the fall of 2016, with only minor deficiencies outstanding, and official opening scheduled for January 2017.

Project Deliverables and Status:

- Phase 1 of the project, the Stage Tower Theatre, was completed in April 2015 and the substantial completion of Phase 2, the Lyric Theatre, was achieved September 2016. In 2016, a budget increase of \$1.4 million, funded from the TCA capital reserve fund, was required due to cost escalation.

Project Challenges:

- Anomalies in the design build section of the theatre delayed the completion, and Civic Theatres Toronto is working to resolve final deficiencies and claims.

Financial Update:

- As of December 31, 2017, total cumulative expenses incurred since the inception of the project was \$9.803 million with a projected year-end spending of \$0.689 million compared to the 2017 Approved Capital budget of \$0.689 million.

2017 Performance

2017 Key Accomplishments

In 2017, Economic Development and Culture made significant progress and/or accomplished the following:

- ✓ Completed all of the 2017 Canada 150 Capital Projects (with the exception of the Fort York Visitor Centre Events Dock, to be delivered as part of the Bentway).
- ✓ Completed several related projects at Todmorden, including restoration of the historic landscape, most notably at the arrival to the site and the Paper Mill Gallery, improving visibility and accessibility.
- ✓ Completed the restoration of the original 1929 turntable at the John Street Roundhouse.
- ✓ Upgraded the lighting and safety measures and completed the window restoration at the Goulding Massey Estate.
- ✓ Commenced the re-roofing project at the St Lawrence Centre for the most deteriorated surfaces, with the work expected to be complete in early 2018.
- ✓ Completed Huron Square project in the Chinatown BIA, consisting of a public square and meeting space with decorative paving, artist sculptures, benches, and custom lighting, through Financed Funding (loan) provided to the BIA.
- ✓ Managed Equal Share (50/50) BIA streetscape improvement projects worth over \$6.3 million.
- ✓ Completed public art "Three Points Where Two Lines Meet" by Young and Giroux and installed it at the corner of Bathurst and Vaughan, and installed in Berczy Park "Jacob's Ladder" by Luis Jacob.
- ✓ Several Heritage Landscape projects were completed—some in partnership with Parks Forestry & Recreation. Most notably, restoration of the Alexander Muir Gates and the O'Connor Cemetery stone wall.
- ✓ Completed 70% of the circulation project at Montgomery's Inn. Completion is anticipated in early 2018. Once completed the museum will have a new entrance, office space, gift shop and updated accessibility lift.

Impact of the 2017 Capital Variance on the 2018 Capital Budget

- Economic Development and Culture reported its 2017 year end projected spending of \$20.085 million against the 2017 Approved Capital Budget of \$31.821 million, or 63.1% spending rate. The delays were primarily caused by the BIA Equal Share Funding program and the Casa Loma Restoration project.
- As a result of the delays in the capital projects, as described in the 2017 Q3 Capital Variance Report, funding of \$7.288 million is being carried forward to the 2018 Capital Budget to continue the capital work.
- A detailed review of the 2018 – 2027 Capital Budget and Plan has been conducted and the necessary adjustments has been made to the timing of cash flow funding for unique and major capital projects such as the BIA Equal Share Funding program which are the major contributors to annual under expenditures. By deferring the cash flow funding to future years, the 2018 Capital Budget reflects readiness to proceed and will lead to a higher rate of spending.
