## Mimico Creek Restoration at Royal York Road

**Contract: 18ECS-LU-03SM**

**Expected Start Date: February 4, 2019**

**Expected End Date: March 29, 2019**

*\*Timeline is subject to change.*

The City of Toronto is planning to restore a section of Mimico Creek at Royal York Road that has been damaged due to erosion. The work area is behind properties on Thompson Avenue and Royal York Road (see map).

The creek restoration will consist of installing a new storm sewer outfall and removing abandoned sanitary sewer and watermain infrastructure. The storm sewer outlet is part of the City's stormwater infrastructure system designed to collect stormwater and melting snow and release it into Mimico Creek. The removal of the abandoned sanitary sewer and watermain infrastructure is to address existing erosion conditions in the creek.

This restoration project is part of the Council-Approved 2018 Capital Works Program and the City's stormwater infrastructure program to improve water quality in Mimico Creek.

### MAP OF WORK AREA

## WORK DETAILS

The City's contractor will:

- Build construction access to the work area off of Royal York Road.
- Manage traffic at the construction access along Royal York Road to ensure construction equipment enters and exits safely with minimal traffic disruption.
- Work within Mimico Creek to remove abandoned infrastructure and build a new storm sewer outfall.

## WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews may mark underground utilities, such as gas, water and cable to ensure they are not affected by the proposed work.

	<p><b>Access to Your Home:</b> The City-hired contractor may need access to your home to complete a pre-construction survey. Affected properties will receive a pre-construction survey request to schedule a time to complete the survey.</p>
	<p><b>Trees Removal:</b> due to the nature of this project, the City will have to remove trees from private and public property in the ravine. Private and public property tree removal permits have been obtained in coordination with the City's Parks, Recreation &amp; Forestry Division. Trees removed for the project will be replaced using a replacement ratio of three trees planted for every one tree removed.</p>
	<p><b>Work Hours:</b> Work will take place from 7:00 am to 5:30 pm, Monday to Friday, with work after hours and on weekends as required.</p>
	<p><b>Sidewalk Access:</b> Efforts have been made to manage sidewalk use for the safety of pedestrians. Royal York Road sidewalk users should expect minor delays and increased construction traffic during the project.</p>
	<p><b>Traffic Management:</b> Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Royal York Road users should expect minor delays and increased construction traffic during the project.</p>
	<p><b>Parking:</b> Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located with no charge to the owner. If your vehicle is moved, please contact parking control for its location at <b>416-808-2222</b>.</p> <p>In the event you receive a traffic ticket for on-street parking during this period of construction, you may choose to dispute your ticket following the process listed on the reverse side of the parking infraction notice. <b><i>You may use this notice as part</i></b></p>

	<i>of your defense for parking consideration during construction; however, the Project Manager does not have the authority to cancel any parking tickets.</i>
	<b>Restoration:</b> The construction work area and staging area will be restored where required. Seeding will be done as needed during ideal growing seasons only – in the spring (March to April).
