Launched in October 2016, Don Mills Crossing is looking for ways to focus and shape anticipated growth around the intersection of Don Mills Road and Eglinton Avenue East, anchored by the transit infrastructure being constructed as part of the Eglinton Crosstown LRT.

In June 2018, City Council adopted a Proposals Report and Draft Secondary Plan for Don Mills Crossing and directed staff to undertake additional consultation.

The draft policy framework provides for a new connected network of streets, parks, open spaces and natural areas around which a complete community will develop. It reflects the outcomes of multiple phases of work and input provided by residents and stakeholders through a number of community meetings, open houses and pop-up events.

Join us on January 30, 2019 to learn about the proposed final Secondary Plan. This is your opportunity to provide feedback and ask questions of City staff. You are welcome to attend at any time during the open house.
