Sanitary Sewer, Watermain Replacement, Road Reconstruction and Sidewalk installation on Wells Hill Avenue

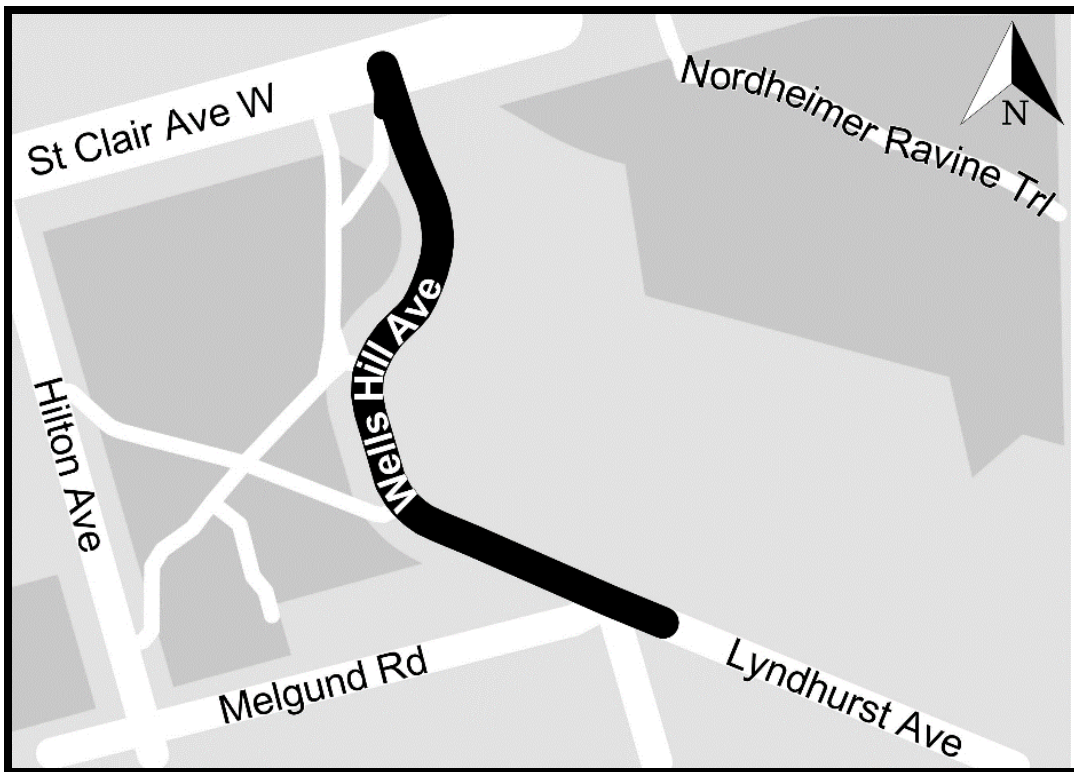

In June 2018, the City of Toronto distributed a Pre-Construction Notice about planned work on Wells Hill Avenue, from St. Clair Avenue West to Lyndhurst Avenue, which involved:

- Replacing the watermain and City-owned portion of substandard water services;
- Installing a new sanitary sewer and the City-owned portion of sanitary service laterals;
- Installing a new sidewalk
- Reconstructing the road

As a result of issues with securing funding for this work, the City will be deferring this project until spring 2019.

We apologize for the delay in this work and we appreciate your patience. The City will distribute a Construction Notice when the construction is rescheduled.
