Scarborough Centre

Scarborough Centre

Scarborough Centre is envisioned as evolving from a suburban, car-centered commercial hub into a **vibrant, urban, pedestrian friendly, mixed-use community, anchored by transit, an enhanced public realm and compact development.**

Scarborough Centre Focused Review

The key objective of the SCFR is to update the vision, planning framework and policies of the Secondary Plan; and to address and coordinate with related initiatives:

Scarborough Centre Transportation Master Plan:

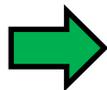

- New Road/Block/Cycling Network

New Subway & Relocated Bus Terminal:

- Change from SRT to Subway

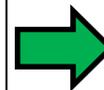

STC/Oxford Master Plan:

- New Vision for STC lands

A Revised Vision/Planning Framework to include:

- Conceptual Master Plan & Urban Design Guidelines
- Parks & Open Space Strategy
- Connections/Linkages Strategy
- Community Services Strategy
- Built Form Strategy
- 3D Massing Model
