

2019 - 2020 Ice Allocation Entitlements

The City of Toronto allocates ice time on a priority basis according to group classifications; the Ice Allocation Policy defines this process. Prime Time ice is allocated to the following groups as follows:

- Community Youth: 60%
- Competitive Youth: 25%
- Competitive Junior Hockey: 0.5%
- Community Adult: 14%
- Commercial: 0.5%

The total time allocated to a group in a single season is calculated using the following formula (results are rounded):

Weekly Time Allocation (hrs)

= Prime time ice available per week \times % of Ice allocated to classification type \times [League residents \div Total residents in category]

For example:

The total prime time ice available city-wide each week is 2,657 hours. ABC Hockey League is classified as a Community Youth Group. Community Youth are allocated 60% of prime time ice according to the Ice Allocation Policy.

ABC Hockey League has a total of 1000 participants on their roster.
920 participants are residents.

The total number of residents in the Community Youth classification based on applications is 22,270.

The formula would be applied as follows:

Weekly Time Allocation in Hours to ABC Hockey League

= 2,657 hrs \times 60% \times [920 residents in ABC Hockey \div 22,270 Community Youth residents] = 66 hours

The tables below provide the ice allocation entitlements calculated using this formula for all 2019 - 2020 seasonal applicants.

Column Definitions:

Res – Total number of Toronto residents submitted on the roster

Non-Res – Total number of non-residents of Toronto submitted on the roster

Total – Total number of participants listed on the roster

Percentage – The percentage of residents on the roster (Residents/Total Participants \times 100%)

Formula – Total entitlement of hours allocated to the group each week of the upcoming season.
