Storm Sewer and Sidewalk Installation, Road Reconstruction on Highland Crescent from Doon Road to Bayview Avenue

Contract: 18ECS-TI-17LR

Expected Start Date: March 14, 2019

Expected End Date: August 2019

**Timeline is subject to change. Future notice to be provided.*

The City of Toronto is planning to install a storm sewer (replacing ditches), new sidewalk re-construct the road and replace substandard water services on Highland Crescent from Doon Road to Bayview Avenue.

Our inspection of the road shows that it needs reconstruction; to meet City standards providing pedestrian connection throughout the neighbourhood, crews will install a new sidewalk on the south side of the street. **This work will not affect any trees.**

The new storm sewer is an underground pipe designed to collect stormwater and melting snow and release it into a nearby creek or river. The water service is the underground pipe that brings water to your water meter and is owned by you and by the City. The part you own is from your house to the end of your property, the part of the City owns is from the end of your property to the watermain.

This work is part of the Council-approved 2019 Capital Works Program that will improve water distribution and renew aging city roads and sidewalk for current and future needs.

MAP OF WORK AREA

IMPORTANT INFORMATION ABOUT LEAD WATER SERVICES

If you live on this section Highland Crescent in a house that was built before the mid-1950s, your water service may be made of lead. Please read the attached fact sheet with important information about the risks of lead in drinking water, especially if someone in your house is pregnant, there are children under six years old, or there is an infant drinking formula made using tap water.

WORK DETAILS

The City's contractor will:

- Excavate trench and install storm sewers and maintenance holes
- Dig up the road surface
- Re-align maintenance holes and catch basins
- Repair curbs, gutters and driveways

- Repave the road surface

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- Property owners should remove items located within City property limits (boulevard), such as landscaping and / or decorative objects. If you have a sprinkler system within the boulevard, please contact the Project Manager.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and on weekends as required.</p>
	<p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work zone. Access for emergency vehicles will be maintained at all times.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.</p>
	<p>Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Road users should expect delays and increased traffic on nearby main and side streets.</p> <p>Traffic on Highland Cres will be reduced to one lane.</p>
	<p>Parking: Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located with no charge to the owner. If your vehicle is moved, please contact parking control for its location at 416-808-2222.</p> <p>In the event you receive a traffic ticket for on-street parking during this period of construction, you may choose to dispute your ticket following the process listed on the reverse side of the parking infraction notice. <i>You may use this notice as part of your defence for parking consideration during construction; however, the Project Manager does not have the authority to cancel any parking tickets.</i></p>
	<p>Garbage & Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. <i>Please ensure that you label your bins with your address.</i></p>
	<p>Restoration: The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).</p>
