## **Sidewalk Construction on Barse Street from Brookdale Avenue to Cranbrooke Avenue**

**Expected Start Date: August 2019**

**Expected End Date: December 2019**

*\*Timeline is subject to change. Future notice to be provided.*

The City of Toronto is planning to install a new sidewalk on the east side of Barse Street from Brookdale Avenue to Cranbrooke Avenue.

The new sidewalk will improve accessibility and pedestrian safety in the area.

This work is part of the Council-approved 2019 Capital Works Program to install the sidewalk for current and future needs.

### **MAP OF WORK AREA**

## WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark limits of new sidewalks, existing sidewalks and curbs requiring replacement and the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
- Work in the boulevard in front of homes and commercial properties is expected. This work includes removing and replacing driveways, municipal sidewalks and grassed boulevards, where necessary.

|   | <p><b>Accessible Accommodation:</b> Residents who require accommodation (level entry, longer notice, etc.) must contact the <b>Project Manager</b> to arrange for access during the construction period.</p>  |
|  | <p><b>Important information for owners of sprinkler systems / heated driveways and private landscaping features.</b> Property owners should remove items located within City property limits (boulevard) to avoid damage.</p> <p>This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. If you have a sprinkler system or heated driveway, please contact the <b>Project Manager</b> listed below.</p> |
