Basement Flooding Protection Program Storm Sewer Replacement and Road Resurfacing on Weston Road from Clouston Avenue to Wright Avenue

Contract 19ECS-TI-13SP

Expected Start Date: August 2019 Expected End Date: November 2019

**Timeline is subject to change. Future notice to be provided.*

The City of Toronto is planning to modify and upgrade the storm sewer system on Weston Road in order to reduce surface and basement flooding. This work also involves replacing the City-owned portion of substandard water services on Weston Road from Clouston Avenue to Lippincott Street and from Sykes Avenue to Wright Avenue. The contractor will also resurface Weston Road from Clouston Avenue to Wright Avenue.

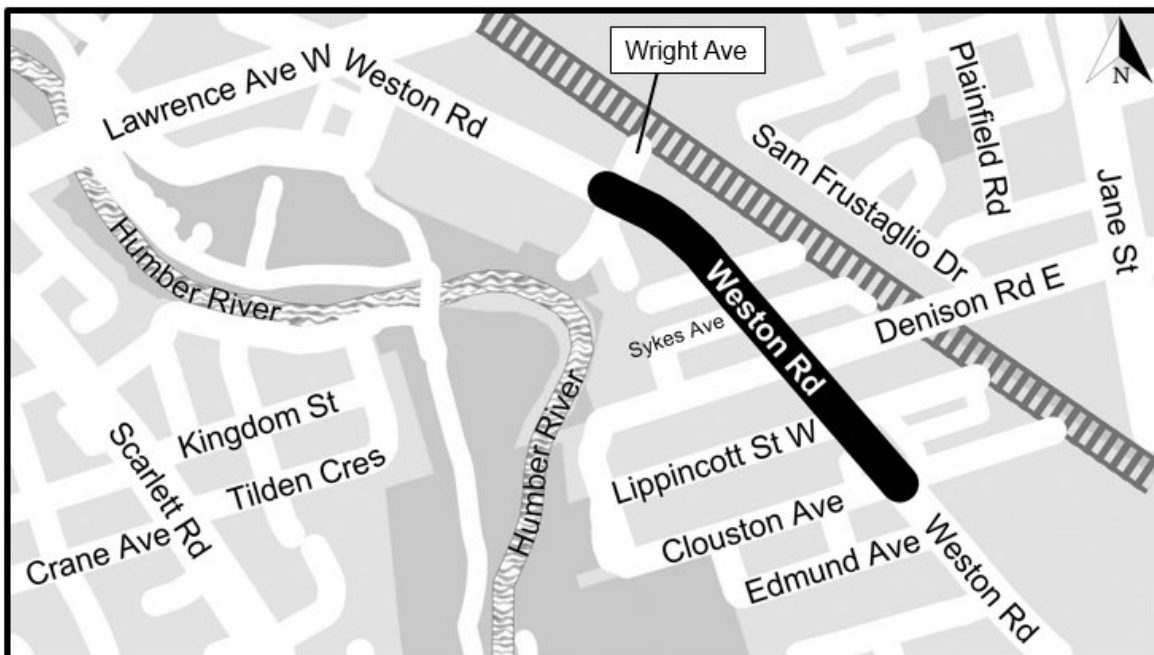

The storm sewer is an underground pipe designed to collect stormwater and melting snow and release it into a nearby creek or river. The water service is the underground pipe that brings water to your water meter and is owned by you and by the City. The part you own is from your house to the end of your property, the part the City owns is from the end of your property to the watermain.

This project is part of the Council-approved 2019 Capital Works Program that will improve water distribution and the City's aging infrastructure.

IMPORTANT INFORMATION ABOUT LEAD WATER SERVICES

If you have a property on Weston Road that was built before the mid-1950s, your water service may be made of lead. Please read the attached fact sheet with important information about the risks of lead in drinking water, especially if someone in your house is pregnant, there are children under six years old, or there is an infant drinking formula made using tap water.

MAP OF WORK AREA

WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark sidewalks and curbs and the locations of underground utilities, such as gas, water and cable to ensure they are not affected by the work.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.

- Work in the boulevard in front of homes and commercial properties is expected. This work includes removing and replacing driveways, municipal sidewalks and grassed boulevards, where necessary.

|  | <p>Substandard Water Service Replacement: Please read the attached fact sheet as it contains important information about lead in drinking water and water service replacement. First, you need to find out if your water service is lead – a licensed plumber can help you with this. If it is lead, the City of Toronto encourages you to replace it. We recommend you obtain several quotes and you can contact the City's contractor for one of your quotes. Approximately two weeks prior to construction, you will receive a "Construction Notice" with the name and phone number of the City contractor. Learn more at www.toronto.ca/leadpipes</p> |
|  | <p>Accommodation: Residents who require accommodation (level entry, longer notice, etc.) must contact the Project Manager to arrange for access during the construction period.</p> |
|  | <p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday and from 9 a.m. to 7 p.m. on Saturdays, including some extended hours or additional weekend work as approved by the City.</p> |
|  | <p>TTC Service: Service on the 89 Weston Bus may be delayed due to lane restrictions. Temporary stop changes may be required depending on the work being completed. Visit ttc.ca for more details.</p> |
|  | <p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work area. A minimum of one sidewalk will be provided at all times.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times. Access for emergency vehicles will be maintained at all times.</p> |
|  | <p>Access to Your Home: The City-hired contractor may need access to your home to complete a pre-construction survey. Affected properties will receive a pre-construction survey request to schedule a time to complete the survey.</p> |
|  | <p>Important information for owners of sprinkler systems / heated driveways and private landscaping features. Property owners should remove items located within City property limits (boulevard) to avoid damage.</p> <p>This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. If you have a sprinkler system or heated driveway, please contact the Project Manager listed below.</p> |
