

How are we incorporating input from Phase 1 and Phase 2?

“Keele and Finch should be a destination. The area should be beautiful”

THE PLAN ENVISIONS a destination at Keele and Finch that includes new stores and restaurants, new parks and public squares. The Plan seeks to build on area assets such as Fountainhead Park, while improving the area’s look and feel, and enhancing area identity.

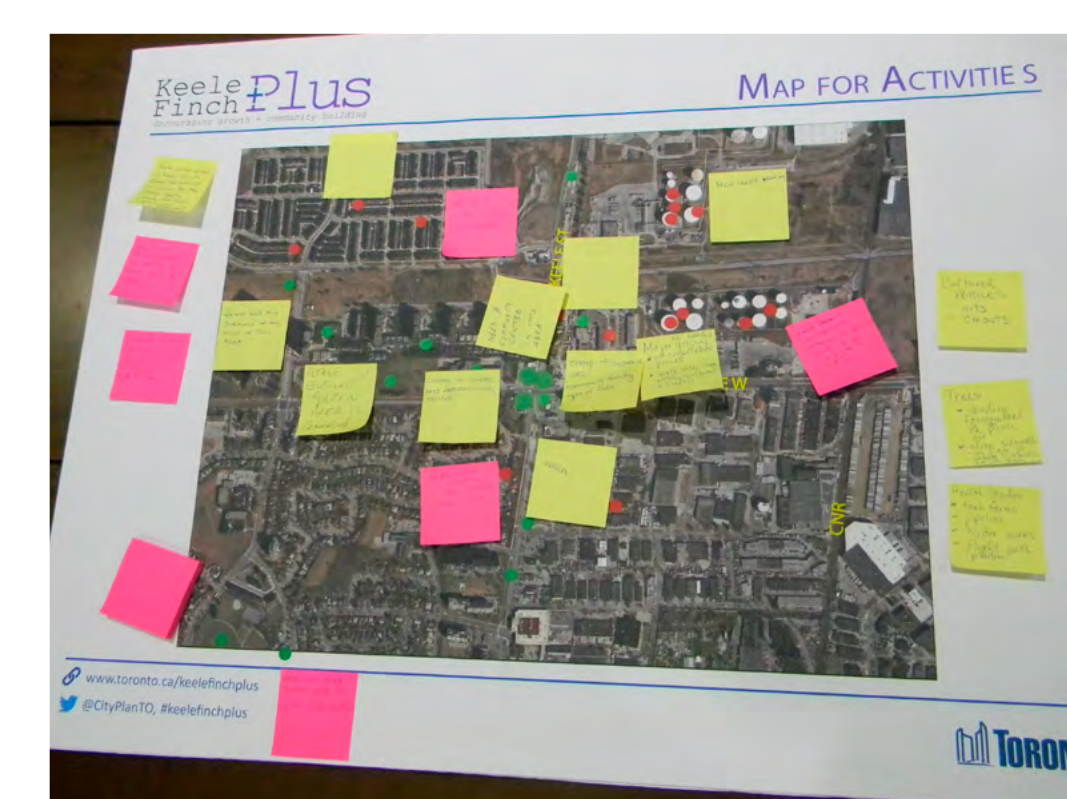

THE PLAN INCLUDES space for more housing, retail and jobs in buildings that are tallest near to transit infrastructure. Most new buildings are planned to be no taller than the adjacent street is wide.

“Some new development is good, but don’t inundate the area”

“There should be more connections. Streets should be safe and comfortable.”

THE PLAN IMAGINES a highly connected community with reduced block sizes that fosters walkability, high pedestrian amenity and places to gather and socialize.

THE PLAN ENVISIONS a mixed-use community where day-to-day needs can be met on foot, with more housing options that accommodate a diverse population. The plan makes building new housing easier, and existing policy protects affordable rental.

“Daily needs should be met nearby. Housing should be affordable”
