Road Resurfacing on Carson Street from Horner Avenue to Staffordshire Place

Contract: 19ECS-TI-103LR
Start Date: September 2019
End Date: August 2020
**Timeline is subject to change.*

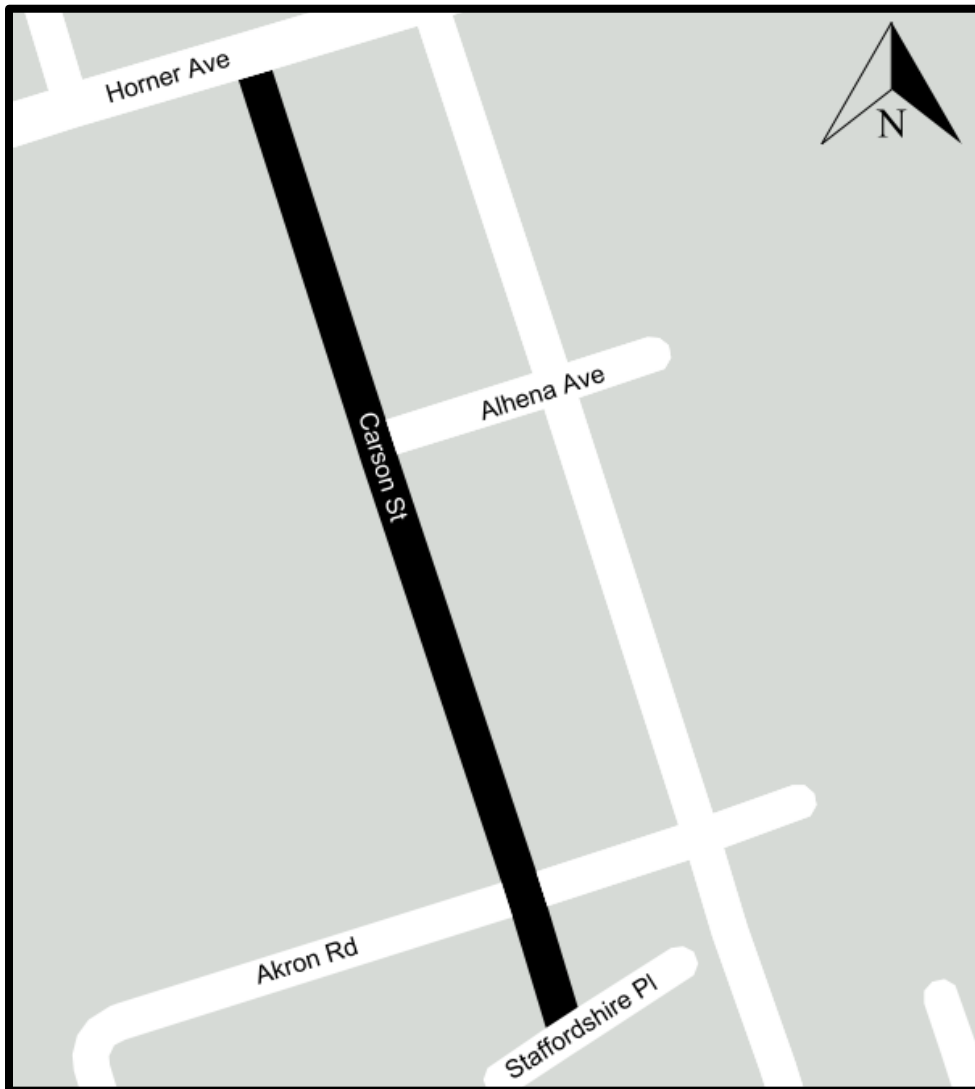

The City of Toronto is planning to resurface the road on Carson Street from Horner Avenue to Staffordshire Place. Our inspection of the road shows that it needs repaving and sections of damaged curb and sidewalk need to be replaced to bring them to a state of good repair.

This project is part of the Council-approved 2019 Capital Works Program to renew aging City roads and sidewalk for current and future needs.

WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark sidewalks and curbs requiring replacement and the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
- Work in the boulevard in front of homes and commercial properties is expected. This work includes removing and replacing driveways, municipal sidewalks and grassed boulevards, where necessary.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Accessible Accommodation: Residents who require accommodation (level entry, longer notice, etc.) must contact the Field Ambassador to arrange for access during the construction period.</p>
	<p>Important information for owners of sprinkler systems / heated driveways and private landscaping features. Property owners should remove items located within City property limits (boulevard) to avoid damage.</p> <p>This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. If you have a sprinkler system or heated driveway, please contact the Field Ambassador listed below.</p>
