28	11	Rockcliffe-Smythe	2490 St. Clair Avenue West Residents Eco-Chic Collective.	As far as describing our event / activity, what we want to do is the following, based on developing a theme related to 'building friendships' with additional entities. In our community we are disproportionately impacted by violences from Police profiling, violences from governance and violence in way to not be able to access and also affordable 100% natural organic products and opportunities. So what the incubation group decided collectively was to have a 4 day workshop in the week close to back to school for the kids, youth, adults and Boomer persons in the community, as well as reach out the hearing impaired (Deaf) and sight impaired (Blind) to partake in a workshop about Eco-Breadmaking, Eco-Quilt making and developing Eco-Entrepreneurship. This is part of also doing economic and environmental problem solving by intersecting the very chic eco world with our poverty community as part of framing and forming new friendships. Of this friendship we envision is a partnership to develop credence to nature, ecology and eco versions of economic empowerment, otherwise called Eco Economic-Development. We would like to host a four day workshop to also ensure that the kids in the community and surrounding community have access to what it is like to experience versions of what is called Environmental Justice Problem solving. Thank you.	Social Development	\$1,000.00
29	11	Rockcliffe-Smythe	Black Creek Alliance	For this event, we would like to host a guided trail walk through our community's green space where local groups and individuals (e.g. TRCA, Water Keeper, etc.) will share information (e.g. history, etc.) about the area. This is family-friendly activity will also offer a nature scavenger hunt for children. There will be one stop along the route where the group will have a brainstorming and envisioning session of the possibilities for the area which will potentially be accompanied by a live local band.
