Notes:

- 1** - Cycling Service is the proportion of street kilometres in the neighbourhood (excluding highways) that have cycling routes (cycle tracks, bike lanes, trails, quiet street sharrows), represented as a percentage (out of 100). The more cycling routes that exist, the higher the score.
- 2** - Neighbourhood Equity Index Scores (out of 100) are those identified by City of Toronto Social Development, Finance & Administration Division for the Toronto Strong Neighbourhoods Strategy 2020. The scores are based on five domains: economic opportunities, social development, participation in decision-making, physical surroundings, and healthy lives. The greater the opportunities and services, the higher the score. Details at toronto.ca/neighbourhoods
