## Ashbridges Bay Treatment Plant

**Contract #: 18ECS-MI-01DC**

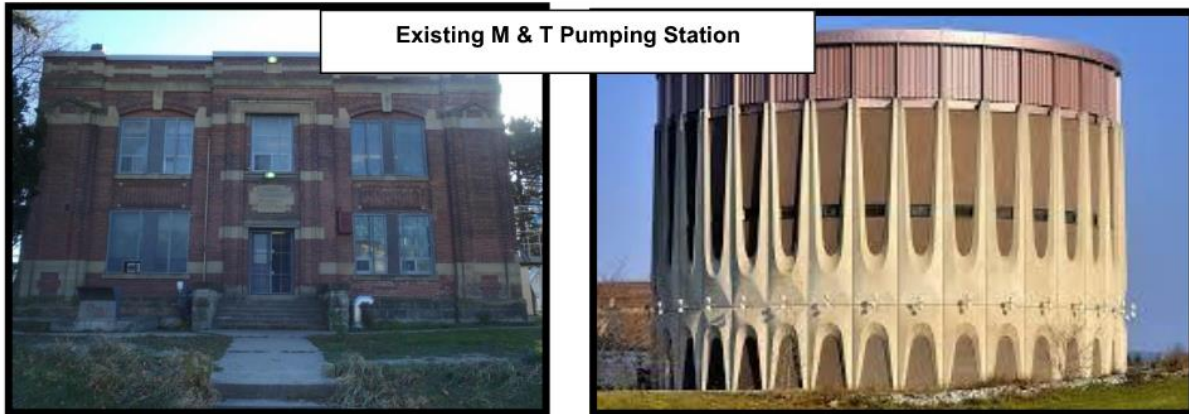

**Start Date: October 2019**

**End Date: September 2022**

*\*Timeline is subject to change.*

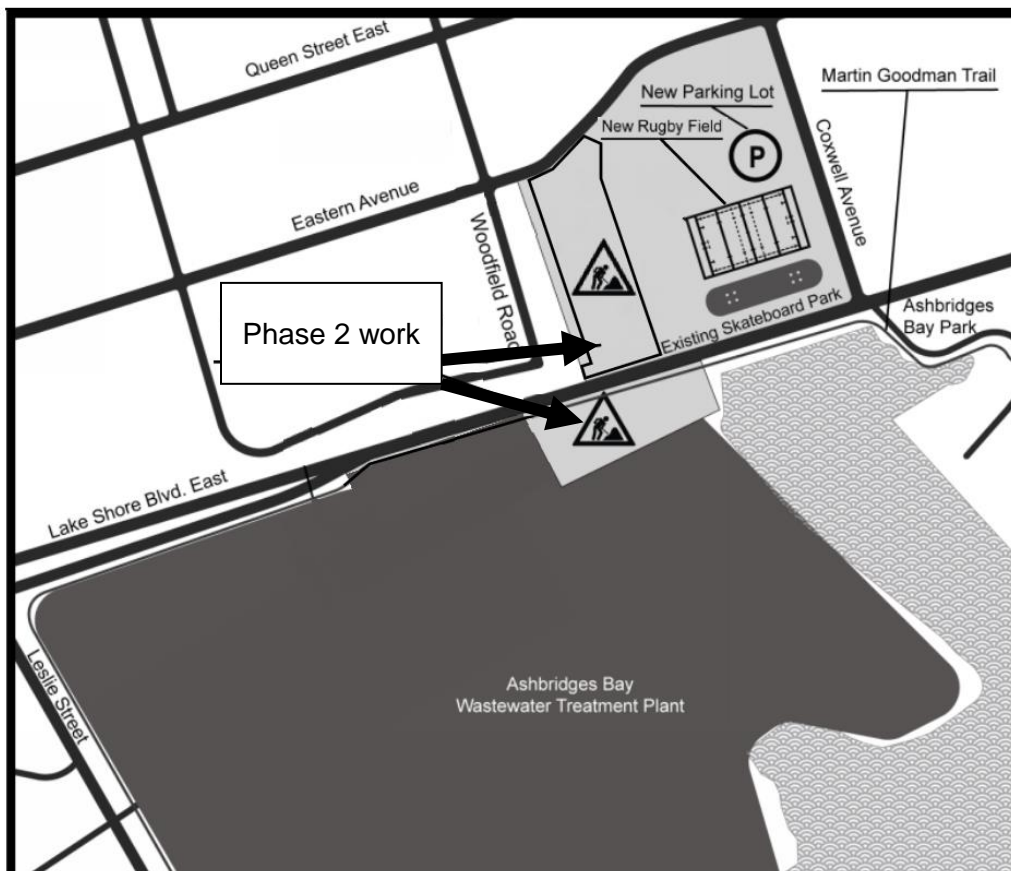

The City of Toronto will be constructing a new Integrated Pumping Station (IPS) at the Ashbridges Bay Treatment Plant (ABTP). Since Phase 1 work was completed earlier this year, Phase 2 work will construct new trunk sewers to convey sewage and connect the new IPS to the ABTP for treatment. Upon completion of the new Integrated Pumping Station, the M&T Pumping Station buildings will be decommissioned as they will have reached their useful life expectancy, but will remain in place.

This project is part of the Council-approved 2018-2029 Capital Works Program.

Phase	Timing	Work
1	Completed	Site preparation work
2	October 2019 to September 2022	Screen building excavation, substructure construction, shafts and tunneling
3	January 2021 to December 2026	Pump house excavation, substructure construction and commissioning of new Pumping Station

### MAP OF WORK AREA

## WORK DETAILS

During construction at Ashbridges Bay Treatment Park (North Site):

- Relocation of the Martin Goodman Trail
- Fencing and hoarding will be erected around the work site
- Selected tree removals
- Excavation will take place to install the new sewers

During construction at the Ashbridges Bay Treatment Plant (South Site):

- Excavation of the concrete shafts for the new Integrated Pumping Station
- Underground tunneling across Lake Shore Boulevard to connect the new sewers to the Integrated Pumping Station
- Demolition of the water tower

## WHAT TO EXPECT DURING CONSTRUCTION

You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. Your patience is appreciated.

	<p><b>Work Hours:</b> Work will take place from 7:00 a.m. to 7:00 p.m., Monday to Friday. Work on weekends as required and approved (Saturdays is 9:00 a.m. to 7:00 p.m.) with No Sundays.</p>
	<p><b>Park Access:</b> In order to complete the work in a safe manner, the west side of the park will be closed during construction. The Skateboard Park and Rugby Field will remain open.</p> <p><b>Ashbridges Bay Park (North Site) Access:</b> Construction vehicles will access the site from Eastern Avenue, west of Coxwell Avenue only.</p>
	<p><b>Traffic Management:</b> Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. No significant delays are expected during construction.</p> <p><b>This work will not impact traffic on Lake Shore Boulevard East.</b></p> <p>Vehicular access to Ashbridges Bay parking lot will be maintained.</p>
	<p><b>Tree Removal:</b> The City has worked to preserve as many trees as possible and trees will be preserved through tree protection measures; however, 72 City-owned trees within the construction area at Ashbridges Bay Park will be removed. New trees will be planted when construction is complete.</p>
	<p><b>Restoration:</b> Areas affected by construction will be restored as required.</p>
	<p><b>Cycling:</b> The Martin Goodman Trail located near the North Site will be relocated before construction hoarding is installed to maintain access at all times.</p>
