Watermain Replacement on Valleymede Road from Kennedy Avenue to Ellis Park Avenue

NEW Start Date: November 20, 2019

End Date: Summer 2020

**Timeline is subject to change.*

As you are aware, the City is replacing the watermain and the City-owned portion of substandard water services on Valleymede Road from Kennedy Avenue to Ellis Park Avenue. **Please find updated information on page 2 regarding the project timeline.**

This project is part of the Council-approved 2019 Capital Works Program to renew our aging infrastructure, improve water distribution and reduce the risk of watermain breaks.

We appreciate your patience and understanding during this entire project.

MAP OF WORK AREA

WORK DETAILS

The following provides an overview of the planned work on Valleymede Road:

November 20 to December 6, 2019:

- Replacement of the watermain on Valleymede Road from Kennedy Avenue to Ellis Park Avenue.
- Horizontal Directional Drilling methodology will be utilized to minimize construction impacts to the area.

December 9 to December 20, 2019:

- Commission and connect the new watermain.

December 23, 2019 to January 13, 2020:

- Holiday break from project work and construction.

Mid-January to February 2020:

- Replace all substandard water services.
- Temporary site restoration, leave site.

Spring - Summer 2020:

- Return to complete permanent site restoration.

NOTE: timeline is subject to change and work is weather dependent.

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and on weekends as required.</p>
	<p>Pre-Construction Inspection: Wristen's Home and Specialties Inc. under contract to the City's Contractor (Gio Crete Construction Ltd.) will survey all properties within 30 metres of the construction area before construction starts. Participation in the survey is voluntary; however, participating is important in determining if the construction caused damage. The inspection will look at both the interior and exterior of all properties to verify existing conditions. The company will deliver a</p>

	<p>separate notice requesting time to set up appointments. All inspection staff will be wearing photo identification and carrying photographic equipment during their work.</p>
	<p>Water Service Disruptions: From time-to-time, the water supply to your property will be shut-off to complete construction; the contractor will provide at least 24-hour advance notice. Throughout the work, it is recommended that you temporarily disconnect any water treatment systems (i.e. softeners or filters), water-cooled air conditioners or similar plumbing fixtures. Automatic lawn sprinkler systems may also be affected, therefore, you may need to water manually. In the event you did not receive advance notice, the City may have needed to use an emergency water shut off to complete the work.</p>
	<p>Substandard Water Service Replacement: Please take the time to read the attached fact sheet carefully as it contains important information on lead in drinking water and how to prepare for replacement. If you want to replace your part of the water service pipe, contact the City's contractor for one of your quotes.</p> <p>Water Service Replacement Contractor: Company/Contractor: Gio Crete Construction Ltd Contact Person: Ken Giovannelli Phone: (416)-743-4100 Contract No.: 19ECS-LU-12SU</p> <p>PLEASE NOTE: any contract entered into to replace water services is between the home owner and the contractor.</p>
	<p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work zone. Access for emergency vehicles will be maintained at all times.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.</p>
	<p>Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Road users should expect delays and increased traffic on nearby main and side streets.</p>
	<p>Parking: Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located with no charge to the owner. If your vehicle is moved, please contact parking control for its location at 416-808-2222.</p> <p>In the event you receive a traffic ticket for on-street parking during this period of construction, you may choose to dispute your ticket following the process listed on the reverse side of the parking infraction notice. You may use this notice as part</p>

	<i>of your defence for parking consideration during construction; however, the Field Ambassador does not have the authority to cancel any parking tickets.</i>
	Garbage & Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. Please ensure that you label your bins with your address.
	Restoration: The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).
	<p>Important information for owners of sprinkler systems / heated driveways and private landscaping features. Property owners should remove items located within City property limits (boulevard) to avoid damage.</p> <p>This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. For details on removal of such items, please contact the Field Ambassador listed below.</p>
