## Watermain Replacement on Coulter Avenue and King George Road

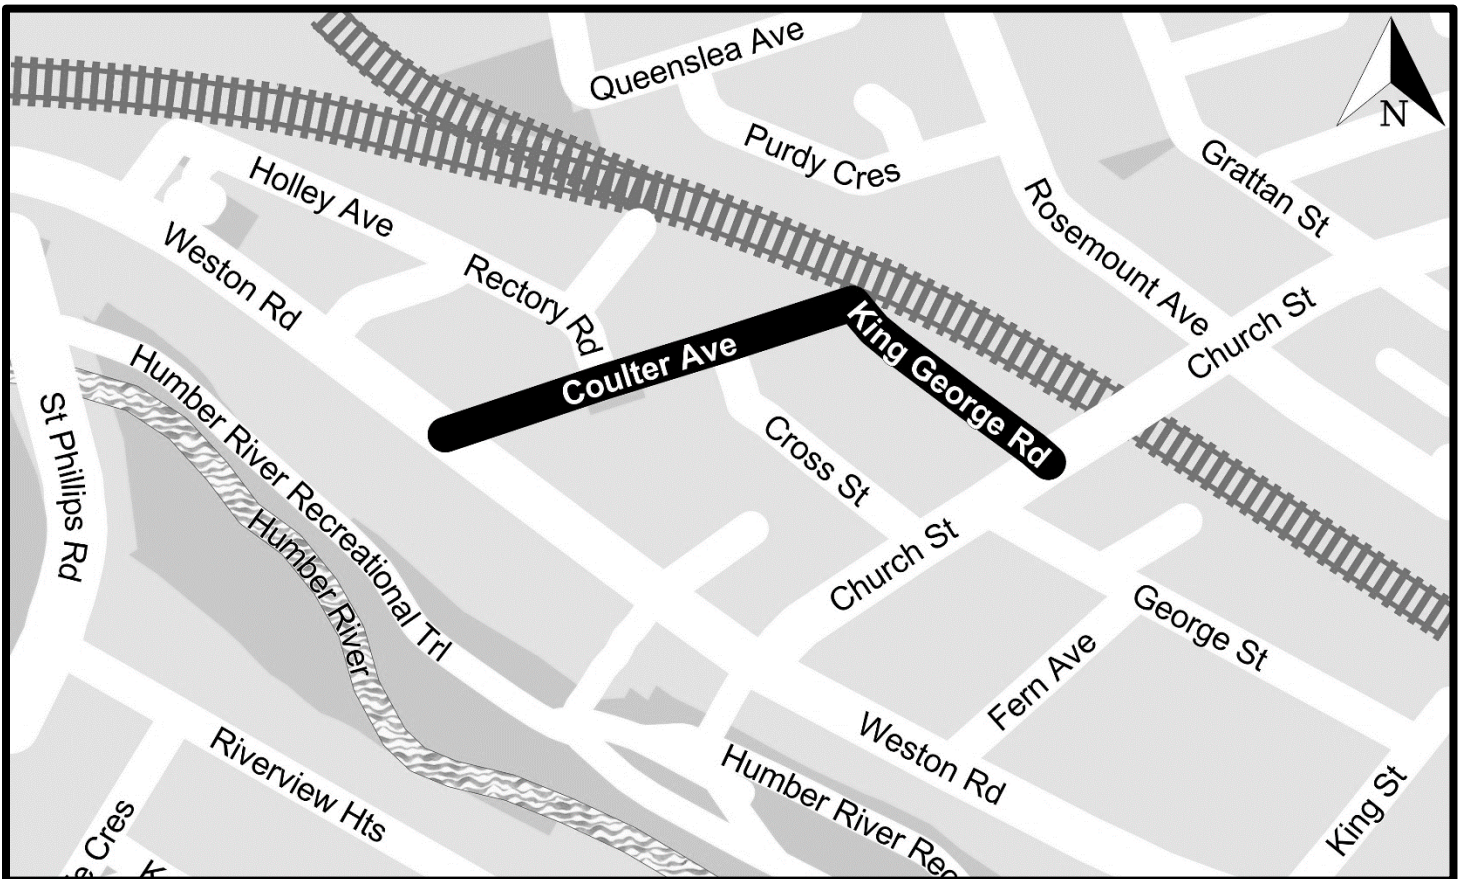

**Contract: 19ECS-TI-12LR**

In May 2019, the City of Toronto notified you about planned watermain replacement work on Coulter Avenue and King George Road. At the time, the work was expected to start in spring 2019; however due to a delay in tendering and awarding the contract, the City's contractor was unable to start work at these locations in 2019.

As warmer temperatures are needed to complete this type of construction, the project will now start in the spring of 2020.

We apologize for the delay in this work and we appreciate your patience. The City will distribute a Construction Notice before the work starts in the spring.

### MAP OF WORK AREA
