AUCTION SALE

THREE BEAUTIFUL

BUILDING LOTS

IN THE

VILLAGE OF WESTON

WILL BE PUT UP AT PUBLIC AUCTION AT THE CENTRAL HOTEL, WESTON,
2 P. M. MARCH 19, 1901

These Lots are admirably suited for the location of suburban houses, where pure air, pure water, good health, and freedom from city taxes may be enjoyed. They have a choice situation in the prettiest part of the village, and are within three minutes walk of the Toronto Suburban Street Railway cars, which run every half hour during the day, and carry passengers to and from the city at the ordinary street car fares. The C. P. R. and G. T. R. Stations, Parks and High Schools, Post Office, Town Hall, Public Library, and four churches, etc., are also in close proximity.

Weston is now possessed of an Electric Light System and Telephone Service. It has good local stores, as well as regular city deliveries, and is in many other ways an ideal residential suburb.

TERMS OF SALE. Only ten per cent of the purchase money will be required at the time of sale. The balance may be paid in six equal monthly instalments, or as may be otherwise arranged to suit purchasers.
