

December 16, 2019

Intersection Improvements at Steeles Avenue East and Birchmount Road

Contract: 19ECS-TI-13MR

Original Start Date: July 31, 2019

Winter break: December 14, 2019 to April 30, 2020

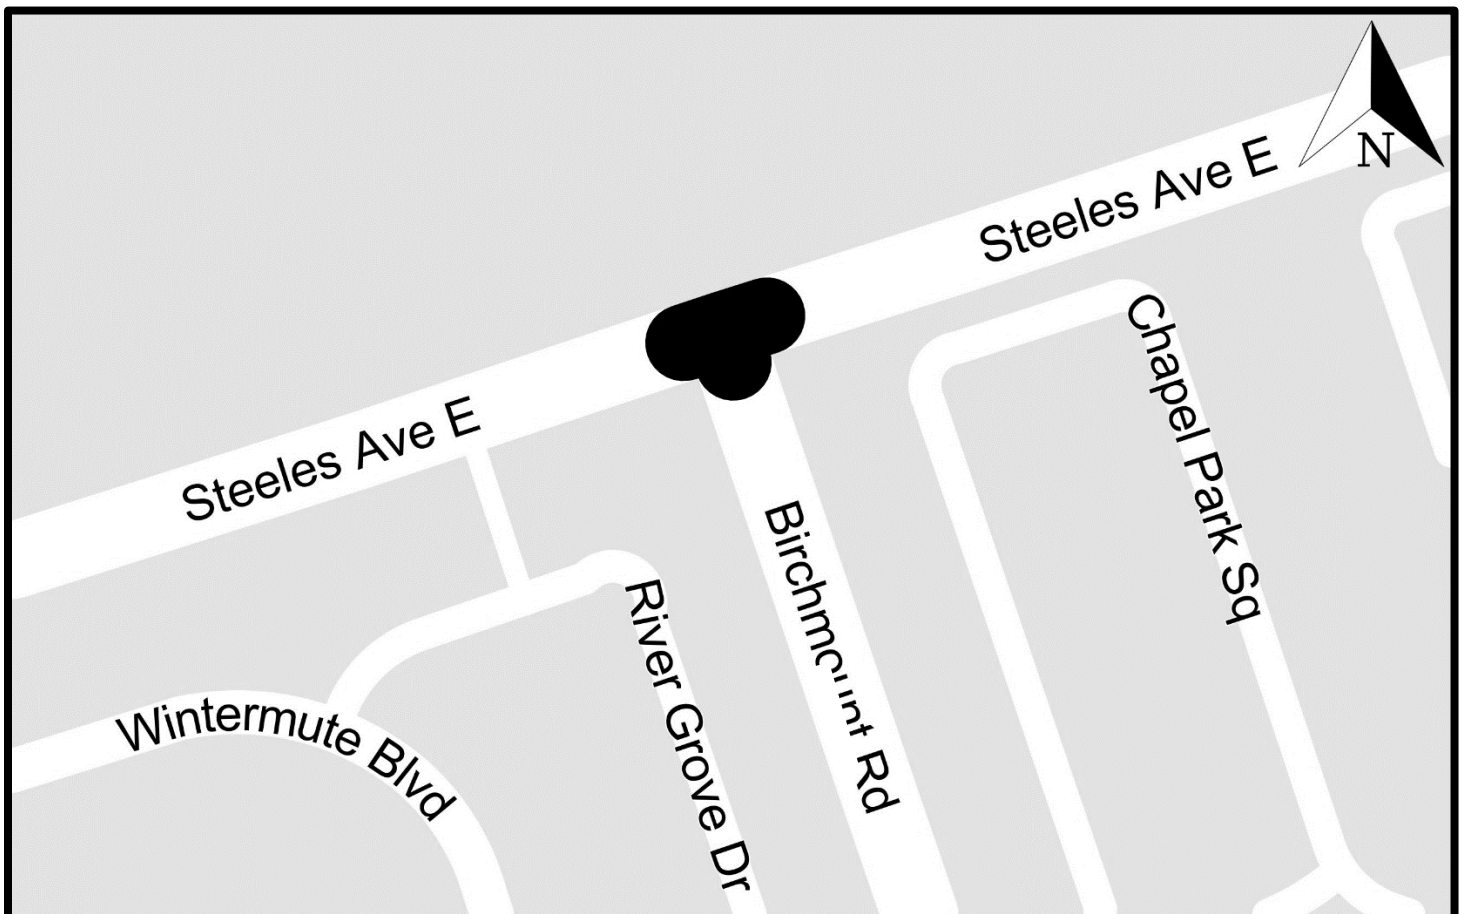

NEW End Date: June 2020

**Timeline is subject to change.*

In July, the City of Toronto started intersection improvement at at Steeles Avenue East and Birchmount Road. Delays were caused by the unavailability of Paid Duty Officers which are required when doing signal work and because of the cold weather. Therefore, the remaining work will be completed after the winter break in spring 2020.

Prior to the winter shut down, the road will be restored to a safe condition, lanes have been re-opened and TTC service will resume. Update Notice #2 will be distributed before construction re-starts in 2020. Thank you for your patience.
