Program Grant Funding

This program is available to owners and tenants of buildings used for commercial uses at street level, of multiunit strip plazas, and of industrial properties located in the City's Business Improvement Areas (BIAs). Under the program the City funding is equal to one-half of the costs of approved improvements to a maximum grant of \$12,500 for a minimum of \$25,000 of improvements. A minimum of three eligible improvements must be made.

In addition, for multiunit strip plazas under single ownership or adjoining buildings on separate properties under one ownership, the applicant will be eligible for an additional matching grant of up to \$2,500 per unit or building, improved to a maximum grant of \$25,000 including the \$12,500 "base" grant. A minimum of three eligible improvements must be made to each unit or building.

For accessibility improvements such as the installation of ramps, handrails and other exterior accessibility devices which meet AODA design standards, the applicant will be eligible for up to \$2,500 in bonus matching grant funding in addition to the \$12,500 "base" grant for façade and property improvements.

Applications for work totaling less than \$5,000 are ineligible.

For assistance in calculating the maximum potential funding for your project, please call 416-392-1005.

The façade improvement and property improvement grant program is not a maintenance program to fix broken windows or signs, remove or clean bird droppings from signs and window ledges, or replace chipped driveway pavers etc. The intent of the program is to change the appearance of the front of the commercial or industrial building (or the side of a building facing a public road on a corner property) and the appearance of commercial properties, multiunit strip plazas and industrial properties.

Program Guidelines

Please read the Guidelines below carefully and direct any questions to the Economic Partnership Advisor at 416-392-1005 or email to Michael.Saunders@toronto.ca. Decisions regarding eligible work and grant amounts, and other program considerations, are subject to final decision by the Manager, BIA Office.

- 1) The Commercial and Industrial Façade and Property Improvement Grant Program is available only to improve the front building façade (face) of commercial, multiunit strip plazas and industrial properties (and the side of a building façade facing a public road for corner properties), and the property appearance for commercial, industrial and multiunit strip plazas in the City's BIAs. The program is not to cover maintenance costs of existing building façades and property elements.
- 2) Eligible properties must have a commercial or an industrial use at grade at the front of a building facing a public road.
- 3) Places of worship, institutional buildings, and residential buildings are ineligible for the program.
- 4) Properties with outstanding infractions and or work orders from City of Toronto Municipal Licensing and Standards are ineligible until all outstanding infractions and work orders are resolved, and properties with outstanding municipal taxes and or levies are ineligible until the outstanding taxes and levies are paid.

2020 Commercial - Industrial Façade and Property Improvement Grant Program

- 5) Stucco work, door and window banners, door and window decals, sidewalk cafes or patios, and painting of brick are ineligible and should not form part of the submitted application.
- 6) The cost of an accredited design professional (architect or architectural technologist) may be included as a component of eligible grant expenses. Reimbursable expenses for these design services will not exceed 10% (ten per cent) of the total eligible grant.
- 7) Applications must include a minimum of three (3) of the eligible façade, accessibility and or property improvements listed below:

Building Façade

- a) Brick cleaning treatments such as power washing
- b) Re-pointing of brick masonry
- c) Exterior painting (not including painting of brick) as part of other façade improvements
- d) Replacement of doors or windows (on any level on the front facade of the building)
- e) Replacement or repair of cornice, parapets and other architectural features
- f) Installation or replacement of awnings or canopies
- g) Installation and improvement of signage
- h) Installation or upgrading of exterior lighting features
- i) Storefront redesign

Accessibility

- j) Installation of wheelchair ramps, handrails and other exterior accessibility devices which meet AODA design standards

Property Improvements

- k) Exterior decorative or security lighting
- l) Outdoor shipping/loading docks
- m) Solar panels
- n) Security fencing
- o) Ground mounted signage-pylons
- p) Lighting for on-site parking areas
- q) On-site landscaping features visible from a public road

Other Improvements

- r) Other improvements as agreed to by the Manager, BIA Office.

2020 Commercial - Industrial Façade and Property Improvement Grant Program

- 8) Façade and Property Improvement Grants are allocated on the basis of individual property ownership, with one grant per property parcel owner. Adjoining business premises under the same ownership are eligible for only one grant. For example, if there are two or more adjacent or attached store fronts which are owned by the same owner or company, under the Program this is considered as one property, and is eligible for one grant. If needed, please refer any questions to staff on this or other grant details.
- 9) Under the Program, a corner property must be located immediately adjacent to the intersection of two public roads within the eligible BIA area. Buildings adjacent to driveways, public or private laneways are not corner properties.
- 10) To obtain grant approval and commence work under the Program, the property owner must receive, sign and return the "Letter of Understanding" issued by the Manager, BIA office. Work already begun or completed on the property prior to this occurrence is ineligible.
- 11) Two quotes covering each component of the proposed work must be submitted with the application. Applicants are permitted to submit two quotes from each of two contractors that cover all components of the work. (Using one general contractor for all the components of the work can be more effective and efficient because the contractor assumes responsibility to organize and coordinate the different trades and components of the work).
- 12) Incomplete applications will not be reviewed.
- 13) Applications received after the deadline, or when there are no longer any funds available, will not be reviewed.
- 14) The owner of a property that was the subject of the maximum façade or property improvement grant in the previous 10 years and their tenants, are ineligible to apply for the same building or on the same property.
- 15) Applicants must determine if the property is listed in the City's inventory of heritage properties. (see page 8).

Property Heritage Status

1. Applicants must determine if the property is included on the City's Inventory of Heritage Properties. To determine if the property is listed or designated, first visit the web site www.toronto.ca/heritage-preservation or call 416-392-1975.

2. Answer the following question by checking the appropriate box below:

Is the property included on the City's Inventory of Heritage Properties? Yes ☐ No ☐

3. If the answer to the above question is "No", then no further action is required.
4. If the answer to the above question is "Yes", you must contact the City's Heritage Preservation Services (HPS) to obtain a review of the proposed scope of work prior to obtaining quotes from contractors. The scope of work for heritage buildings must include the following:
 - a. A clear description of the project including proposed conservation methods and techniques, accompanied by specifications and/or architectural drawings. (Note: an architect or an architectural technologist can prepare the scope of work/specification and the cost of this service is an eligible expense; see page 3, item 6.)
 - b. Recent photographs providing an overall view of the main façade.
 - c. Recent photographs clearly illustrating the areas of the building that are the subject of the proposed work, e.g. photographs of masonry units, windows/doors, etc.
5. To arrange a review by HPS staff of the scope of work, contact Erin Smith at telephone number 416-338-1089 or email her at Erin.Smith@toronto.ca for applications east of University Avenue, and contact Nathan Bortolin at telephone number 416-392-5072 or email him at Nathan.Bortolin@toronto.ca for applications west of University Avenue. HPS staff must sign in the space provided beneath the solid line on this page to certify their review and approval of the proposed scope of work. The HPS staff member must also initial page 5 of the application, "Description and Scope of Proposed Improvements".
6. If required, Building Permit application drawings must also be approved and stamped by HPS staff.
