Data extracted from iPHIS May 1, 2020 at 11:00 am

Includes only those outbreaks that are currently active. The number of resident and staff cases, as well as deaths, are cumulative for each outbreak.

The hospitalizations are current

Numbers reported may differ from others publicly available due to differing reporting sources and download times

Please note these numbers are preliminary, and will continue to change as new information is received, and quality assurance work takes place
