1. Do you have any of the following new or worsening symptoms or signs?

- Fever or chills
- Cough
- Trouble breathing
- Decrease or loss of taste or smell
- Nausea, vomiting or diarrhea (age <18 only)
- Very tired, sore muscles or joints (age 18+ only)
- Cough
- Trouble breathing

If you have an existing health condition that gives you the symptoms, select “No,” unless the symptom is new, different or getting worse.

*If mild tiredness, sore muscles or joints occur within 48 hours after getting a COVID-19 vaccine, select “No” and continue to follow all public health measures. If symptoms last longer than 48 hours or worsen, select “Yes.”

2. Has a doctor, health care provider, public health unit, or Canadian Border Services Agency told you that you should currently be isolating (staying at home)?
   - This can be because of an outbreak, contact tracing, or travel outside of Canada in the last 14 days.

3. Do you live with someone who has been told by a doctor, health care provider, or public health unit that they should currently be isolating?
   - If you are fully vaccinated* or have tested positive for COVID-19 in the last 90 days and since been cleared, select “No.”

If “YES” to any questions above:
- Do not enter this location
- Follow Toronto Public Health advice

Developed in accordance with recommendations and instructions issued by the Office of the Chief Medical Officer of Health

*Fully vaccinated means 14 days or more after a second dose of a COVID-19 vaccine series, or as defined by the Ontario Ministry of Health.
