

COVID-19 Monitoring Dashboard

June 12, 2020

- The Province of Ontario developed *A Framework for Reopening Our Province*, outlining principles to reopen businesses, services, and public spaces based on the following four criteria:

1. Virus Spread and Containment

2. Health System Capacity

3. Public Health System Capacity

4. Incidence Tracking Capacity

Status: **Green**

Monitoring Dashboard – Virus Spread Indicators

Virus Spread and Containment

Status: YELLOW - Indicators in this category need attention

New COVID-19 cases, 7 day moving average¹

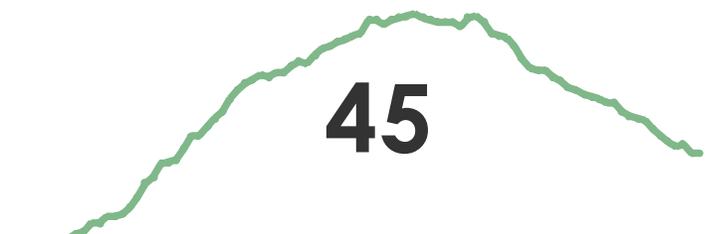

7-day moving average ending on June 8th
Goal: sustained decrease over 14 day period

New Hospitalizations, 7 day moving average¹

Goal: sustained decrease over 14 day period

Active daily COVID-19 outbreaks in institutions¹

Goal: sustained decrease in active outbreaks

As of June 11, 2020

Laboratory Testing

Status: YELLOW - Indicators in this category need attention

Percent of new COVID-19 tests with a turnaround time of 24hrs¹

24%

within 24 hours
(7 day moving average)

Goal: $\geq 60\%$ within 24 hours

As of June 11, 2020

Percent of new COVID-19 tests with a turnaround time of 48hrs¹

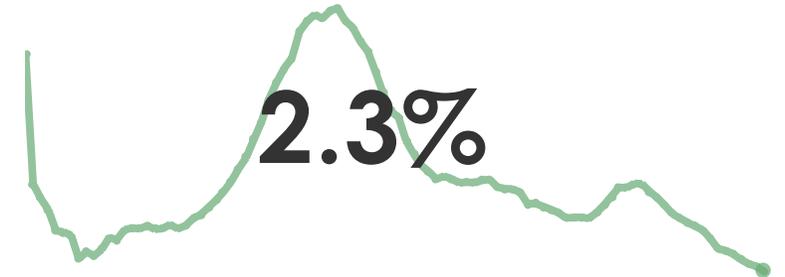

63%

within 48 hours
(7 day moving average)

Goal: $\geq 80\%$ within 48 hours

As of June 11, 2020

COVID-19 Laboratory Tests Percent Positivity, 7 day moving average³

Goal: $< 10\%$ positivity

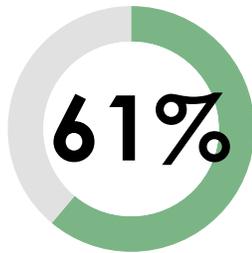

As of June 6, 2020

Monitoring Dashboard – Health System Indicators

Health System Capacity

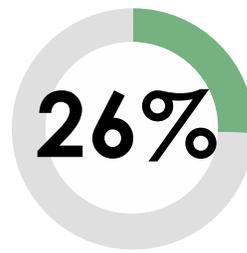

Status: GREEN - All indicators at goal

ICU bed occupancy rate²

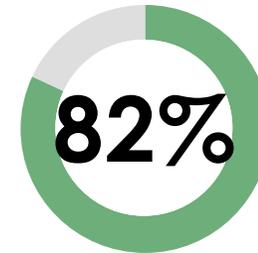

Goal: <70% occupancy

ICU-ventilator bed occupancy rate²

Goal: N/A

Acute bed occupancy rate²

Goal: <85% occupancy

Estimated number of days of PPE available, Toronto Hospitals²

N95 Masks

533

Surgical Masks

213

PPE Eyewear

246

Gloves

78

As of June 7, 2020

Monitoring Dashboard – Public Health Capacity Indicators

Public Health System Capacity

Status: GREEN - All indicators at goal

Percent of newly reported confirmed COVID-19 cases reached within 24 hours

92.6%

June 6 to June 8, 2020

Goal: > 90% contacted

Percent of newly reported contacts attempted to be reached within 24 hours

100%

June 1, 2020

Goal: >90% attempted to reach
