STOP COVID-19 Screening
Please complete before entering the child care/day camp/school setting

1. Does the child/student have any of the following new or worsening symptoms?*

- Fever > 37.8°C
- Cough
- Difficulty breathing
- Decrease or loss of taste/smell
- Sore throat or pain swallowing
- Stuffy or runny nose
- Nausea, vomiting or diarrhea
- Headache**
- Feeling unwell, muscle aches or tired**

If "YES" to any symptom: Stay home & self-isolate + Get tested Or Contact a health care provider

2. Does anyone in your household have one or more of the above symptoms and/or are waiting for test results after experiencing symptoms?***

3. Has the child/student travelled outside of Canada in the past 14 days?

4. Has the child/student been notified as a close contact of someone with COVID-19 or been told to stay home and self-isolate?

*Children who have an existing health condition identified by a health care provider that gives them the symptoms should not answer YES, unless the symptom is new, different or getting worse. Look for changes from the child/student's normal symptoms.

**If the child/student is 12+ years old and has a mild headache, tiredness, sore muscles or joints within 48 hours after getting a COVID-19 vaccine, they should select “No” and wear a fitted mask when at child care/day camp/school. If symptoms last longer than 48 hours or worsen, they are to stay home, self-isolate and get tested.

***If the household member received a COVID-19 vaccination in the last 48 hours and is experiencing mild headache, fatigue, muscle aches and/or joint pain that only began after vaccination, select “No.”
