Danforth Road Culvert Replacement over West Highland Creek

Contract: 20ECS-TI-04BE

Start Date: July 20, 2020 End Date: June 30, 2021

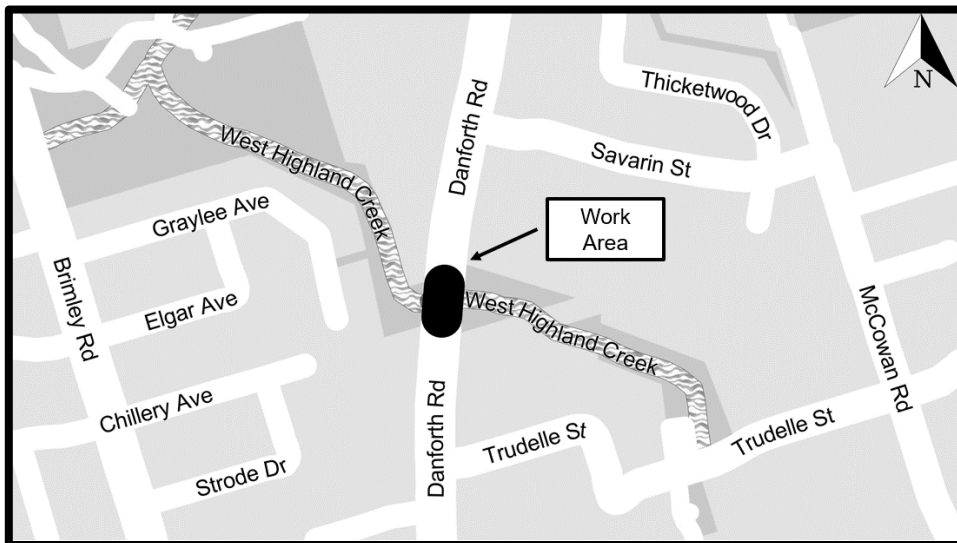

**Timeline is subject to change.*

The City of Toronto will replace the Danforth Road culvert over West Highland Creek. This work will ensure that the new structure meets today's standards and remain safe for vehicles and pedestrians in the future. The project is part of the Council-approved 2020 Capital Works Program.

IMPORTANT INFORMATION ABOUT COVID-19 AND CONSTRUCTION WORK IN TORONTO

As restrictions on construction have been lifted by the Province of Ontario, City-led infrastructure will continue to proceed. During construction, the contractor is responsible for the Health & Safety on site under the Ontario Occupational Health and Safety Act and is expected to implement COVID-19 mitigation practices. For more information on the City's response to COVID-19 please visit toronto.ca/covid-19.

MAP OF WORK AREA

WORK DETAILS

The City's contractor will:

- Remove the existing roadway and sidewalks;
- Replace the existing culvert below Danforth Road;
- Reconstruct the roadway and sidewalks; and
- Restore the surrounding environment.

The work will be completed in three phases:

Phase/Area	Dates	Traffic Management
Phase 1 East half of culvert	July 2020 to November 2020	<ul style="list-style-type: none"> • Traffic on Danforth Road will be reduced to one lane in each direction during during all phases of the work.
Phase 2 West half of culvert	November 2020 to March 2021	
Phase 3 Final road paving	By June 30, 2021	

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce impacts. We appreciate your patience.

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and weekend work as required.</p>
	<p>Road and Sidewalk Access: Sidewalk access along both sides of Danforth Road will be maintained at both stages of the work. Temporary signage will direct pedestrians to safely cross the construction zone.</p> <p>Access to driveways along Danforth Road in close proximity to the project will be maintained during the work, but may be impacted during concrete sidewalk construction and/or asphalt paving activities. Alternate parking arrangements will be made for residents impacted by this work.</p> <p>Turns to/from driveways may be restricted due to the traffic control devices erected during the work. Residents impacted by this will receive additional notice prior to the work.</p>
	<p>Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Road users should expect delays and increased traffic on nearby main and side streets.</p> <p>The traffic management plan is shown in a table on page one of this Construction Notice.</p>
	<p>Physical Distancing</p> <p>There are times when contractors need to communicate with property owners about the work happening nearby. This could be about driveway or sidewalk access, exterior pre-construction inspections, and site restoration work (landscaping, installing pavers etc.). Contractor's staff will be identifiable by their high-visibility clothing.</p> <p>Where possible, a phone number for a contact person on-site will be provided on notices, to answer questions about work near your property. At other times, the contractor may knock on your door, but will then step away the required distance to discuss the work that is taking place and what can be expected that day. Please practice physical distancing with workers so everyone can remain safe. If you have questions, call the contact provided on this notice.</p>
	<p>TTC Impacts: The TTC stops for routes 16 and 302 on Danforth Road will be impacted during the work. Follow signs and visit ttc.ca. Signage will be erected to direct bus users to temporary bus stop locations.</p>
	<p>Accessible Accommodation: Residents who require accommodation (level entry, longer notice, etc.) must contact the Field Ambassador to arrange for access during the construction period.</p>
	<p>Restoration: The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).</p>
