

WHAT TO DO IF SOMEONE IN YOUR WORKPLACE HAS COVID-19:

The employer should confirm that the employee is self-isolating

Send any employees with symptoms home immediately

Call TPH at 416-338-7600 for instructions & contact tracing

Clean & disinfect surfaces the sick employee may have been in contact with

Work with TPH to identify staff or customers who may have been in contact with the person who is sick

Communicate with staff while maintaining employee privacy

Toronto Public Health will advise on actions to prevent COVID-19 spread in your workplace & answer questions.
